237.005 Public Employees' Retirement System. A system of retirement and of benefits at retirement or death for employes of public employers hereby is established and shall be known as the Public Employees' Retirement System. Any similar system being operated by a public employer on April 8, 1953, may be integrated into this system as hereinafter provided [1953 c 200 §3]

237.010 [Repealed by 1953 c.180 §18]

237.011 Membership generally. No person may become a member of the system unless he is in the service of a public employer and has completed six months' service uninterrupted by a total of more than 30 working days during the six months' period. Membership shall begin at the beginning of the first pay period following the six months' period. All public employers participating in the Public Employees' Retirement System established by chapter 401, Oregon Laws 1945, as amended, at the time of repeal of that chapter, and all school districts of the state, shall participate in, and their employes shall be members of, the system, except as follows:

(1) An employe who is a member of, or eligible for membership in, a retirement system established by a public employer prior to April 8, 1953, or who is a member of, or eligible to membership in, an association established pursuant to ORS chapter 239, may not become a member of the system established by this chapter until the previously established system or the system of the association is integrated with the system established by this chapter pursuant to the procedure provided by ORS 237 051. As a member of the system established by this chapter he shall receive no credit for service during such time as he heretofore excluded or hereafter excludes himself from the previously established system or from the association, and shall receive only such credit for service during the time he is a member of the previously established system or of the

association as the contract of integration provides, except that any teacher who has been continuously employed by a school district of this state from July 1, 1929, to July 1, 1951, in which an association has been established pursuant to ORS chapter 239, and who has not been a member of such association at any time from July 1, 1929, to September 1, 1953, shall receive credit for prior service as provided by ORS 237 081 upon payment prior to December 1, 1953, to the board by such teacher of such contributions as would have been deducted from his salary from July 1, 1946, to the date of becoming a member of this system if he had become a member of this system on July 1, 1946, and the school district by which said teacher is employed shall transmit to the board, at such time as the board designates, such sums as the school district would have been required to transmit under the provisions of ORS 237 081 if such teacher had become a member of this system on July 1, 1946, and, upon such payments, such teacher shall be deemed to have been a member of the system established by this chapter for the purposes of ORS 237.001 to 237 315 continuously from July 1, 1946.

(2) Any member of the Public Employees' Retirement System who, through the annexation of a political subdivision employing him or by change of employment, becomes the employe of another political subdivision which is participating in the Public Employees' Retirement System and has also a separate retirement system for its employes, shall remain a member of the Public Employees' Retirement System unless, within 60 days after the effective date of the annexation or change of employment or April 8, 1953, he shall by written notice to the Public Employees' Retirement Board and to the administrative body of his new public employer elect to relinquish membership in the Public Employees' Retirement System and become a member of the separate retirement system of his employer, if eligible for membership in that retirement system, and he shall be so carried by his new employer. Immediately upon such annexation of any political subdivision or such change of employment, the new public employer shall inform such employe in writing of his right to exercise an election as in this section provided.

(3) A political subdivision (other than a school district) not participating in the retirement system established by chapter 401, Oregon Laws 1945, as amended, which em-

ploy five employes or more, each of whose position requires 600 hours of service per year, may, through its governing body, notify the board in writing, that it elects to include its employes in the system hereby established. Such public employer may request the board to make a study and estimate of the cost of including it and its eligible employes, other than volunteer fire-fighters, in the system, which the board thereupon shall cause to be made and the cost of which the employer shall bear. Upon completion of the study and estimate the employer may apply for admission to the system, whereupon it shall begin to participate therein and its eligible employes other than volunteer fire-fighters shall become members of the system.

(4) Except as subsection (7) of this section provides otherwise with reference to volunteer fire-fighters, no employe whose position with one public employer or concurrent positions with two or more public employers normally require less than 600 hours of service per year may become a member of the system.

(5) No inmate of a state institution and no person enrolled full time in a state institution principally for purposes of training, even though he received compensation for services performed for the institution, may become a member of the system.

(6) A person holding an elective office or an appointive office with a fixed term or an office as head of a department to which he is appointed by the Governor may become a member of the system only by giving the board written notice of his desire to do so within 30 days after he takes the office or, in the event that he takes the office before April 8, 1953, within 30 days after October 1, 1953, or, in the event that he is not eligible to become a member of the system at the time he takes the office, within 30 days after he becomes so eligible. Membership so established shall not be discontinued during the appointive or elective term of the officer except upon his separation from service.

(7) A public employer employing volunteer fire-fighters may apply to the board at any time for them to become members of the system. Upon receiving the application the board shall fix a wage at which, for purposes of ORS 237 001 to 237 315 only, they shall be considered to be employed and which shall be the basis for computing the amounts of the contributions which they pay into, and of the benefits which they and their beneficiaries receive from, the fund; and if the wage

so fixed is satisfactory to the employer, shall include the fire-fighters in the system

(8) In the event that an employe enters the service of a public employer which is participating in or later begins to participate in the system and in the event that at the time he enters that service or at the time that the employer begins to participate in the system he has commenced to purchase and is continuing to purchase a retirement annuity, if the employer deems the annuity adequate for the purposes of ORS 237 001 to 237.315 it may enter into an agreement with him and the board pursuant to which he may be exempted from contributing to the Public Employes' Retirement Fund, and the employer, in lieu of the contributions which it otherwise would make to the fund on his account, may make contributions toward the cost of purchasing the annuity. Such employe otherwise shall be subject to the provisions of ORS 237.001 to 237 315, except that neither he nor any person claiming under him shall receive any payments from the retirement fund as service or disability allowance [1953 c 200 §8]

would be eligible for membership in the system, may continue his membership in the system by giving written notification to the board and to the county disbursing officer who draws his salary warrants

(2) Notice shall be delivered to the board and to the county disbursing officer within 30 days after the certificated teacher takes office as county school superintendent or assistant county school superintendent or enters upon employment as a county school supervisor.

(3) The disbursing officer shall remit to the board, employe's contributions withheld from such certificated teacher's salary in conformance with the rate of employe contribution applicable to such certificated teacher as provided by ORS 237 001 to 237.315

237.051 Integration of other retirement systems. (1) Employes, other than certificated teachers employed by a school district in which an association has been organized pursuant to ORS chapter 239, whose membership in a previously established retirement system excludes them from membership in the system established by this chapter may apply to the board in writing for the former system to be integrated into the latter and for them to be allowed to become members of the latter. Whenever two-thirds of them and their employer, through its governing body, so apply, the board:

(a) May cause a financial and actuarial investigation of the proposed integration to be made, the cost of which shall be borne by the previously established system; and

(b) May upon such terms as are set forth in a contract between the board and the employer, intergrate the previously established system into the system established by this chapter. The contract shall have no effect, however, until notice and hearing regarding it are afforded in the manner prescribed by ORS 237 263 for rules promulgated by the board

(2) Nothing in ORS 237 001 to 237 315 nor any action taken pursuant thereto shall reduce or impair the benefits which employes who are receiving benefits from a retirement system integrated with the system provided by this chapter would have received had the intergration not been effected

(3) A retirement plan which has been adopted by an association organized pursuant to the provisions of ORS chapter 239, prior to April 8, 1953, and which exists on April 8, 1953, may be integrated into the retirement system established by this chapter in the manner hereinafter prescribed and not otherwise

(a) A proposed form of contract setting forth all the terms, conditions and provisions of the integration shall be prepared by, and adopted by a majority vote of, the board of trustees of the association and approved by the board of directors of the school district in which the association is organized

(b) The proposed contract so adopted and approved shall be submitted to a vote of the active members of the association. In submitting a proposed contract as aforesaid, an association shall follow the procedure provided in its by-laws for the promulgation and adoption of by-laws

(c) Adoption by the membership of an association of a proposed contract of integration shall be by an affirmative vote of not less than two-thirds of the active members of the association at the time of the election

(d) The proposed contract so formulated, approved and adopted shall be submitted to the retirement board created by ORS 237 251 for acceptance or rejection. In the event that the proposed contract is accepted by the board created hereunder, then the integration shall proceed in accordance with the provisions of the contract

(e) No contract of integration created as aforesaid shall in any way alter, impair or adversely affect any rights, benefits or privileges which have vested under the provisions of law in a member of an association by virtue of retirement, either on account of

disability or on account of having attained the retirement age, prior to the effective date of the contract of integration created as aforesaid.

(f) A contract of integration formulated, approved and adopted as aforesaid shall contain provisions whereby there will be provided to each active member of the association who becomes a member of the retirement system created by this chapter pursuant to a contract of integration, retirement benefits, in addition to the retirement benefits accruing for subsequent service under the Public Employes' Retirement Act of 1953, determined in compliance with sound actuarial practice and with the findings of an accredited actuary on the basis of the reserves of said members at the time of the integration

(g) A contract of integration as aforesaid shall likewise provide that any active member of an association which integrates with the retirement system herein created may elect at the time of the integration as to whether the member shall obtain a refund of the amount standing to the credit of the member on the books of the association at the time of the integration. In the event that a member so elects, then the amount standing to the credit of the member shall be refunded and the additional benefits hereinbefore provided for shall not be available to the member to whom the refund is made [1953 c.200 §9]

237.061 Withdrawal of political subdivisions other than school districts from system. (1) Except school districts, a political subdivision which has commenced to participate in the system may withdraw therefrom upon complying with the following conditions.

(a) Such public employer shall give written notice to the Public Employes' Retirement Board, by registered mail, on forms supplied by the board, of its election to withdraw from the system within not less than 60 days after the date of mailing the notice as shown by postal registration. The notice shall be accompanied by a copy of the resolution of withdrawal adopted by the governing body of the political subdivision, verified

by the affidavit of its principal executive officer. With it the employer shall submit a list, similarly verified, of all persons currently in its employment and a list of all persons in its employment during the five years next preceding the date of the resolution. The list of current employes shall show the date of employment of all persons who have not established membership in the Public Employees' Retirement System. On the date of mailing such notice the employer shall inform its employes that it has given notice of its election to withdraw.

(b) Upon receipt of such notice the board shall forward to the employer forms of employe petition for withdrawal. The employer shall at once distribute such forms to all its employes who are members of the retirement system. In order to preserve secrecy and prevent coercion, each employe who elects to withdraw shall sign a petition and shall mail it directly and separately to the board within 20 days following the date of the employer's notice. In order to effectuate the employer's withdrawal, it will be necessary that at least 75 percent of all current employes who are members of the retirement system submit such petitions properly executed; provided, however, that petitions of members who have attained voluntary retirement age shall not be considered by the board. Each employe's signature to such petition shall be attested by his affidavit, made before a notary public, wherein he shall state that he has signed the petition freely and voluntarily, that he has read this provision of the public employes' retirement law and that he knowingly waives and disclaims any right, for any purpose connected with the Public Employees' Retirement System, to claim credit or consideration thereafter for time spent in the service of the withdrawing public employer named in the petition.

(c) The signature of an employe on such petition shall, when his employer completes withdrawal, constitute a rescission and annulment of the reciprocal rights and obligations of and between such employe and the Public Employees' Retirement System. This result is declared to be necessary for the protection of the retirement fund and in no sense a penalty.

(2) When the conditions herein stated have been fully complied with, the net contributions of employes signing the petition may be withdrawn from the retirement fund. The employer also may withdraw such amount of its contributions made on behalf of such

employes as will leave a balance in the employer's account in the retirement fund sufficient to discharge its liability actuarially determined as of the date of withdrawal. No such employer shall be entitled to withdraw any contributions made in behalf of its employes who have been retired or who have entered the service of another participating public employer or who have not signed the petition.

(3) Employes of a withdrawing employer who do not sign such petition shall continue to be members of the system and their employer shall continue to deduct from payrolls and transmit their respective contributions, and make matching contributions to the retirement fund.

(4) The entire cost of the audit of the account and examination of the employment records of the withdrawing subdivision as made by the Public Employees' Retirement Board, as well as the cost of the actuarial work required to determine the status of the withdrawing subdivision, shall be charged against the contributions which have been made by the subdivision and shall be credited to miscellaneous income of the system.

(5) Until the entire obligation of a public employer as by ORS 237.001 to 237.315 provided shall be paid in full, such public employer shall remain liable for all contributions required by law to be made or transmitted by it to the retirement fund, together with interest thereon at the legal rate from the date of delinquency [1953 c 200 §8]

237.071 Objective of system regarding amount of service or disability retirement allowance; rate of contribution of employe.

(1) The objective of the Public Employees' Retirement Act of 1953 with reference to service after July 1, 1946, shall be to provide each employe who is a member of the system and who is ineligible for participation in the Old Age and Survivors Insurance program, a disability retirement allowance of the amount hereinafter provided for and a total service retirement allowance of approximately one-half his average salary during his last five years of service for police officers and firemen with 25 or more years of membership in the system and for other employes

with 30 or more years of membership in the system. For any employe ineligible for Old Age and Survivors Insurance coverage entering the system after the age of 35 years, the objective shall be to provide an allowance for service after July 1, 1946, proportionately reduced on the basis of his age at the time he first becomes a member of the system. For the purposes of this subsection no employe's compensation shall be deemed to exceed the first \$3,000 earned by him during the fiscal year.

(2) The objective of the Public Employes' Retirement Act of 1953 with reference to service after July 1, 1951, shall be to provide each employe who is a member of the system and who is eligible to participate in the Old Age and Survivors Insurance program, a disability retirement allowance of the amount hereinafter provided for and a total service retirement allowance of approximately one-quarter of his average salary earned while a member of the system for police officers and firemen with 25 or more years of membership in the system and for other employes with 30 or more years of membership in the system. For any such employe entering the system after the age of 35 years, the objective shall be to provide an allowance for service after July 1, 1951, proportionately reduced on the basis of his age at the time he first becomes a member of the system. For the purposes of this subsection no employe's compensation shall be deemed to exceed the first \$3,600 earned by him during the fiscal year. Contributions shall be withheld from one-half of such earnings as shown on the payroll of the employer.

(3) Those employes who are qualified to contribute under the provisions of subsection (2) of this section and who had established an account with the system prior to July 1, 1951, shall also receive benefits from their contributions and the contributions of their employer made before July 1, 1951, as provided in subsection (1) of this section.

(4) Upon the basis of this objective and of actuarial tables approved by the board the actuary shall ascertain for each member of the system the percentage of his compensation earned after July 1, 1946, and before his compulsory service retirement age which with interest is necessary to provide approximately one-half of the benefits the Public Employes' Retirement Act of 1953 intends for him to receive on account of service during that period. From each payroll during the period, his employer shall deduct that

percentage of half the amount credited to him on the payroll and shall transmit the deduction to the board, which shall cause it to be credited to his account in the fund. An employe whose rate of contribution to the fund is fixed at more than five percent of his salary may elect to reduce his contribution rate to five percent by notifying the board to that effect, in which event his benefits shall be reduced accordingly; provided, that a member who has elected to reduce his contribution to five percent may increase his contribution to the fixed rate, subject to the approval of the board and in compliance with rules prescribed by it, by notifying the board in writing of his desire. No employe may elect to increase his rate from five percent to the fixed rate, nor reduce from the fixed rate to five percent, more than once in any fiscal year.

(5) The allowance of an employe who has been granted disability benefits will be computed at the rate at which the employe was contributing at the time of his termination because of his disability, except that an employe who has elected to raise his contribution rate from five percent to the fixed rate within 12 months immediately preceding his disability shall have his pension benefits computed on the five percent rate [1953 c 200 §13]

237.081 Employer's contributions for current and prior service; amount of prior service credit. (1) A public employer which is a member of the system shall, at intervals designated by the board, transmit to it such amounts as are actuarially computed, on the basis of the objective stated in ORS 237.071 and of actuarial tables approved by the board, to be necessary to match the benefits which will be provided its employes by accumulating their contributions for service after July 1, 1946. For the purpose of such actuarial computation only, the school districts of the state shall be regarded as constituting one employer. For purposes of this subsection no employe's compensation shall be deemed to exceed \$3,600 a fiscal year.

(2) In addition each such employer shall transmit to the board, at intervals which it designates, such amounts as are actuarially

determined, on the basis of an amount per month equal to \$4 for each year of prior service or major fraction thereof for a period not exceeding 20 years, except as provided in subsection (3) of this section, to be necessary to amortize within 30 years after the employer commences participating in the system all liabilities estimated by the actuary to accrue to the system on account of service by the employer's employees prior to the time it commences participating in the system, and all prior service pension included in retirement allowances, shall be computed on the basis hereby established; provided, however, that a political subdivision other than a school district may elect not to alter the basis of \$2 50 per month established by its agreement made when it began to participate in the system established by chapter 401, Oregon Laws 1945, as amended.

(3) Subject to the rules of the board and except as ORS 237.001 to 237.315 otherwise provide, credit shall be granted a member of the system for all continuous service which he renders to the state or to his employer prior to the time it commences to participate in the system. Within 60 days after his employer becomes a participant in the system the board shall issue the member entitled to such credit a certificate of the aggregate of such credit to which he is entitled. The certificate shall be final unless the board, for cause upon his or its own motion, modifies the certificate. The board may arrange with a political subdivision other than a school district for determining, on the basis of a formula agreed upon by the board and the governing body of the subdivision, the credit which an employe of the subdivision is to receive for service to it prior to the time that it commences to participate in the system, without limitation as to the number of years of such prior service, and any such employe may be given credit for accumulated seasonal employment for such subdivision if he has become a regular employe thereof.

(4) When such formula has been agreed upon and the amount of prior service credit has been determined, a political subdivision which desires to increase such credit to its employes may apply to the retirement board for a revision of the formula within the limitations of ORS 237 001 to 237.315. If the board agrees to such revision, the cost incurred in reviewing the records of such employer's employes and making any actuarial computation required to effect an increase

of prior service credit shall be borne by the political subdivision.

(5) Each school district employe who is a member of the system shall be granted full credit for his continuous service to all school districts of the state prior to July 1, 1946. Each school district shall transmit to the board, at intervals which it designates, such amounts as are actuarially determined, on the basis stated in subsection (2) of this section, to be necessary to amortize, within 30 years after April 8, 1953, all liabilities estimated by the actuary to accrue to the system on account of service by school district employes prior to July 1, 1946 [1953 c 200 §14]

237.091 Effect of service interruptions on membership. Within the limits hereinafter specified regarding absence from service, no leave of absence, sabbatical leave, illness, accident or emergency preventing or interrupting service by an employe to an employer participating in the system shall be deemed to break the continuity of the employe's membership in the system [1953 c 200 §16]

237.093 Credits for service in Armed Forces. (1) Any employe of an employer participating in the system who entered or reinstated in the Armed Forces of the United States after January 1, 1940, and prior to July 1, 1947, and who, within one year after being otherwise than dishonorably discharged therefrom returned or returns to the service of the employer shall be entitled, subject to the limitations of ORS 237 001 to 237 315, to credit for all his service to the employer prior to July 1, 1946, and to credit for all his service in the Armed Forces after January 1, 1940, as though he had been an employe of the employer throughout his service in the Armed Forces after that date.

(2) Any employe of an employer participating in the system who entered or reinstated in the Armed Forces of the United States during World War I and who, within one year after being otherwise than dishonorably discharged therefrom, returned to the service of his employer, shall be entitled, subject to the limitations of ORS 237 001 to 237 315, to credit for all his service in the Armed Forces during World War I, as

though he had been an employe of the employer throughout his service in the Armed Forces

(3) Any employe of an employer participating in the system who entered or reentered active service with the Armed Forces of the United States between June 25, 1950, and July 1, 1955, and who, within one year after being otherwise than dishonorably discharged therefrom, returned or returns to the service of the employer, may, within one year of the date of such return, pay to the retirement board in a lump sum the total amount of contributions he would have made based on his salary rate at the time of taking military leave, as though he had remained in the employment of his employer. Any lump sum contribution so made shall be added to the employe's account in the retirement fund and in all respects shall be considered as though made by payroll deduction [1953 c 200 §16]

237.101 Effect of transfer to other participating employer on accrued rights and credits. No transfer after July 1, 1946, by a member of the system from the service of one employer participating in the system to the service of another such employer shall impair any rights or deprive him of any credits accruing to him as a result of his membership in the system after July 1, 1946, and prior to the transfer. any reason other than death or disability, from all service entitling him to membership in the system, his account shall remain to his credit in the fund unless he elects to withdraw it and there shall be paid such death benefits as ORS 237.001 to 237.315 provide; or a disability retirement allowance or, after attaining his earliest retirement age, a service retirement allowance, either of which shall consist of:

(a) An annuity which shall be the actuarial equivalent of his accumulated contributions and interest thereon credited to him; and

(b) A pension provided by the contributions of his employers equal to the annuity provided by his accumulated contributions

(2) In the event that an employe who is a member of the system and has not attained his earliest service retirement age, is separated, for any reason other than death or disability, from all service entitling him to membership in the system, he may withdraw from the fund the amount credited to him in his account. Such withdrawal shall cancel all membership rights in the Public Employees' Retirement System, including the right to claim credit for any employments prior to withdrawal. If such employe has contributed to the fund in each of 10 fiscal years and terminates before reaching earliest retirement age, he may, within one year of the date of termination, but in no event after reaching earliest retirement age, elect to withdraw his account balance in the fund. Failing to make such election, his contribution plus equal employer contribution shall be used to purchase a deferred monthly life annuity payable at the employe's request after he reaches earliest retirement age.

(3) Whenever, within five years after so withdrawing the amount so credited to him, such employe re-enters the service of an employer participating in the system, his rights in the system which were forfeited by the withdrawal shall be restored upon his repaying to the board within six months after re-entering the service of his employer, the full amount so withdrawn. 237.122 [Repealed by 1953 c.180 §18]

(2) Any person reemployed as by this section provided shall resume making contributions to the retirement fund at the age rate applicable to him at the time he was separated from the service, and his employer shall match such contributions, as provided in ORS 237.081. Payments of retirement allowance received by such person during his separation from the service shall not be repaid into the retirement fund after he re-enters public employment; but the amount of such payment shall be deducted from such employe's reserve in the retirement fund and the remainder shall be credited pro rata to the funds from which it was derived

(3) Upon reentering public employment as by this section provided, the former retirement of such person and any election of option for payment of retirement benefits theretofore made by him shall be canceled; and thereafter upon retiring such person may elect any option for payment of retirement benefits authorized by ORS 237.001 to 237.315. (2) Any other employe who is a member of the system and who has attained the age of 65 years shall be retired from service and thereafter, except as ORS 237.001 to 237.315 otherwise provide, the date of his retirement shall be the first day of the calendar month next succeeding the one in which he attains that age [1953 c 200 §17]

237.133 Employment of persons beyond compulsory retirement age. (1) A police officer or fireman, who is a member of the system and reaches the age of 60 years and any other employe who is a member of the system and reaches the age of 65 years shall, upon his request in writing to the employer and to the Public Employes' Retirement Board, be continued in service until he reaches the age of 72 years, unless the administrative head of his employer determines, by written notice to the employe, that continued service after reaching the retirement age would not be in the public interest and states in the notice in what respects the employe is no longer considered able to perform his duties adequately. A copy of such notice shall forthwith be transmitted to the board. No employer or administrative head thereof shall adopt or enforce any general policy that all its employes affected by this subsection shall be or shall not be continued in service or shall grant or refuse to grant the requests of its employes to be continued in service; but each employer shall make its decision upon the merits of the case of each individual employe affected.

(2) Notwithstanding the provisions of ORS 237.129 or subsection (1) of this section, a person may be elected or appointed to, and hold, an office for a definite term even though at the time of such election or appointment he shall have reached, or subsequent to such election or appointment reaches, the compulsory service retirement age applicable to him; and a school teacher or other instructor serving under a contract or appointment for a definite term may continue in service until the end of the school or

academic year in which he reaches the compulsory service retirement age applicable to him, and any other employe of any school district, subject to the approval of the school board, may continue in service until the end of the school or academic year in which he reaches the compulsory service retirement age applicable to him. Nothing in ORS 237.001 to 237.315, however, shall be construed to prevent the board of any school district not subject to the Teachers' Tenure Law from applying to the retirement board for permission to employ a certificated teacher who has reached retirement age, whether or not said teacher has been previously employed by said school board; nor shall ORS 237.001 to 237.315 be construed to prevent the retirement board from granting such permission if it be in the public interest so to do. In the event such permission be granted, such teacher shall be a member of the system and, during the period of such employment, shall not be entitled to any pension or annuity provided by ORS 237.001 to 237.315, other than disability retirement benefits to which he may become entitled before the end of such period.

(3) Except as otherwise specifically provided by ORS 237.001 to 237.315, no person who has attained compulsory retirement age can be retained by any public employer other than the one in the employment of which he attained compulsory retirement age or be employed by any participating employer in a position which normally requires 600 hours of service per fiscal year.

(4) No person who is elected to a full-time salaried office of the state or one of the political subdivisions thereof, or who is appointed to a full-time salaried office having a term fixed by statute or charter, after he has attained compulsory retirement age but has not been retired, shall forfeit any rights accrued or accruing to him; provided, however, that for the period that such person holds such office he shall not be entitled to any pension or annuity provided by ORS 237.001 to 237.315. Upon ceasing to hold such office, his benefits shall be computed on the basis of his age then attained. If such person elects to remain or become a member of the system for the period that he holds such office, contributions of such person and of his participating employer shall be accepted by the retirement board.

(5) (a) Any person who has been retired by a public employer at any time between July 1, 1947, and August 1, 1953, because of

having attained compulsory retirement age, shall be deemed eligible, subject to civil service rules governing public employment, for reemployment by any public employer if he requests to be continued in service as provided in subsection (1) of this section.

(b) No public employer shall be required to reemploy such person in such manner as to displace any other person.

(c) Any person reemployed as by this subsection provided shall resume making contributions to the retirement fund at the rate applicable to him at the time that he was separated from the service, and his employer shall match such contributions, as provided in ORS 237.081.

(d) Payments of superannuation retirement allowance received by such person during his separation from the service shall not be repaid into the retirement fund after he reenters public employment; but the amount of such payments shall be deducted from such employee's reserve in the retirement fund, and the remainder shall be credited pro rata to the funds from which it was derived.

(e) Upon reentering public employment as by this subsection provided, the former retirement of such person and any election of option for payment of retirement benefits theretofore made by him shall be canceled; and thereafter upon retiring such person may elect any option for payment of retirement benefits authorized by ORS 237 001 to 237 315 [1953 c 200 §17]

Any public employer may employ any person receiving a service retirement allowance, if there is filed with the retirement board an affidavit of the administrative head of such employer, showing to the satisfaction of the board that an emergency exists and that such employment is in the public interest; and provided, that period or periods of employment of any such person by one or more public employers shall not exceed 600 hours in any fiscal year. Such emergency reemployment shall not affect the status of any such person as a pensioner of the Public Employees' Retirement System [1953 c 200 §17]

237.147 Service retirement allowance at compulsory retirement age. Upon retiring from service on account of superannuation at compulsory retirement age a person who is a member of the system shall receive a service retirement allowance which shall consist of:

(1) A refund annuity which shall be the actuarial equivalent of his accumulated contributions and interest thereon credited to him at the time he retires, which annuity shall provide an allowance payable during his life and at his death a lump sum equal in amount to the difference between his accumulated contributions at the time of his retirement and the sum of the annuity payments actually made to him during his life shall be paid to such person, if any, as he nominates by written designation duly acknowledged and filed with the board or shall otherwise be paid according to the provisions of ORS 237.001 to 237 315 for disposal of an amount credited to a member in his account at the time of his death in the event that he designates no beneficiary to receive the amount or that no such beneficiary is able to receive the amount; and

(2) A life pension (non-refund) provided by the contributions of his employers of the actuarial equivalent of the cash refund annuity provided by his accumulated contributions; and

(3) An additional life pension (non-refund) for prior service, including military service, credited to him at the time he first becomes a member of the system, as elsewhere provided in ORS 237 001 to 237 315, which pension shall be provided by the prior service contributions of his employer or, in case he is an employe of a school district, by a uniform rate of contribution by all school districts [1953 c 200 §18]

non-refund plan, is less than \$5 per month, shall be so notified in writing by the retirement board and within 30 days after the date of such notification may, by written notification to the retirement board, elect to receive as a cash refund in lieu of any and all retirement allowance the sum of his own net normal contributions to the retirement fund plus an equal amount contributed by his employer or employers to such fund, plus the sum of his own excess contributions

(2) A member of the system who has terminated after reaching earliest service retirement age but before having reached compulsory retirement age, whose total retirement allowance at compulsory retirement age, as computed by the retirement board in accordance with the non-refund plan on the basis of that rate of interest applicable at the time of such employee's request for refund of contributions, would be less than \$5 per month, may withdraw from the fund in a lump sum his own contributions plus interest earnings thereon in lieu of any and all retirement allowance and benefits. Any such member who, as of July 1, 1953, is drawing a service retirement allowance of less than \$5 per month in accordance with the non-refund plan, may, prior to January 1, 1954, request the retirement board for a computation of his account as of his compulsory retirement age. If his retirement allowance so computed would be less than \$5 per month on the non-refund plan, the member may, prior to July 1, 1954, elect to receive, as a cash refund in lieu of any and all further retirement allowance and benefits, the unused portion of his own net contributions to the retirement fund [1953 c.200 §15]

However, the beneficiary of a retired member who prior to July 1, 1953, elected an option but died prior to the effective date of such election, shall have a right to repay, before December 31, 1953, the amount of the lump sum refund made in lieu of the monthly life benefit elected and receive payment of such benefit, computed as of the date of the member's death and payable from such date [1953 c 200 §19]

(1) Whenever an employe who is a member of the system, who has been an employe for five years or more of an employer which is participating in the system, and who is under the voluntary service retirement age, is found, after being examined by one or more physicians selected by the board, to be mentally or physically incapacitated for an extended and uncertain duration, as determined by medical examination, by injury sustained while in actual performance of duty and not intentionally self-inflicted, he shall receive a disability retirement annuity based on the contributions credited to his account and a pension provided by the contributions of his employing agencies equal to the pension to which he would have been entitled if he had worked continuously until his earliest service retirement age as provided in ORS 237.001 to 237.315; provided, however, that payments under such disability retirement annuity and pension for the first 90-day period of such incapacity shall be withheld until such 90-day period has elapsed. The amount of the pension shall be reduced, however, by the amount of workmen's compensation, if any, which he is entitled to receive from the State Industrial Accident Commission.

(2) Whenever an employe who is a member of the system, who has been an employe for 15 years or more of an employer which is participating in the system, and who is under the voluntary service retirement age, is found, after being examined by one or more physicians selected by the board, to be mentally or physically incapacitated for an extended and uncertain duration, as determined by medical examination, from cause other than injury sustained while in actual performance of duty or intentionally self-inflicted, he shall receive a disability retirement annuity based on the contributions credited to his account and a pension provided by the contributions of his employing agencies equal to the pension to which he would have been entitled if he had worked

continuously until his earliest service retirement age as provided in ORS 237.001 to 237.315; provided, however, that payments under such disability retirement annuity and pension for the first 90-day period of such incapacity shall be withheld until such 90-day period has elapsed

(3) In computing years of employment for the purpose of subsections (1) and (2) of this section, the following schedule shall be used. For employment before the employee established membership in the Public Employees' Retirement System, a member shall be considered to have been employed for one year for each year of prior service credit allowed, and for any minor fraction of a year of continuous service as certified by his employer for which no prior service credit was granted. After having established membership in the Public Employees' Retirement System a member shall be considered to have been employed one year for each 12-month period or major fraction thereof during which time he received compensation for employment which entitled him to membership in the system, as evidenced by payroll records. For the purpose of determining a member's eligibility for disability benefits, no leave of absence after an employe ceases to work for any participating employer shall be considered other than accumulated sick leave not in excess of 90 days. The beginning date of the disability shall not in any event be determined by the board as prior to the last day for which the disabled member received compensation from a participating employer. Such election shall be effective immediately upon the member's retirement, and in the event of his death within the first 90-day period of incapacity, payment to his benefi-

Option 3 A reduced disability retirement allowance payable during the period of his incapacity, with the provision that after his death, if death shall occur during the period for which he is receiving a disability allowance, such allowance shall continue at one-half the rate paid to him and be paid for the life of the beneficiary whom he has designated in writing duly acknowledged and filed with the board at the time of election, should the beneficiary survive him.

(2) In order to facilitate financing the establishment and administration of the system the board may designate fiscal periods and may provide that extraordinary expenses incurred during one such period, such as expenses for equipment and actuarial studies, may, for purposes of equitably distributing part of the burden of the expenses, be apportioned to subsequent fiscal periods in such manner as to the board seems equitable.

(3) For each fiscal period designated by the board there shall be deducted from the interest earned by the retirement fund, the administrative expenses of the system for that period; provided, that if such interest be insufficient for such purpose, the excess expense shall be paid by deducting from the account of each employer participating in the system that fraction of the administrative expense of the system for that period which the employer's total contribution to the fund for the period is of the sum of all the employers' contributions to the fund for the period

(4) Amounts payable as refunds and retirement allowances shall not for any purpose be deemed expenses of the board and shall not be included in its biennial departmental budget [1953 c 200 §11]

A copy of such certification and request shall be furnished the delinquent officer or agency.

(3) The Director of the Department of Finance and Administration shall, within 10 days after receipt of request, then approve the payment of such amount by the delinquent officer or department from funds allocated to him or it for the current biennium and certify such approval to the Secretary of State, who shall draw his warrant for payment of the amount of contributions due out of funds in the State Treasury allocated to the use of such delinquent state officer or department [1953 c 523 §4]

If the default is not remedied within 30 days from the date of mailing such further request, the board may cause its own representative to make such examination and investigation of the employment records of the employer as may be necessary to obtain such information. The costs necessarily incurred in making such investigation, including reasonable travel expenses and the hiring of clerical assistance, shall be a charge against the account of such public employer in the Public Employees' Retirement Fund. If there is no account of such employer in the fund, the board may collect the amount of such costs and expenses by an action at law [Formerly 237 172]

237.311 Mandamus against defaulting employer; appeal. In addition to the remedies otherwise provided by ORS 237.305 the board may, by petition in usual form apply to the circuit court for the county in which is located the public employer concerned, or the principal office or place of business of such public employer, for, and if warranted, to have issued, writs of mandamus to compel such public employer to supply to the board a true and complete list and employment records of such employer's employes and all information concerning such employes that reasonably may be required and sought by said board in such petition. Such writs, among other things, shall direct the defendant therein to make such contributions to the retirement fund on account of such defendant's employes as may appear, from records and information concerning such defendant's employes, to be required by law. Either or both parties thereby aggrieved may appeal to the Supreme Court from, or from any part of, the judgment of the circuit court given and made in such proceeding, as in ordinary mandamus proceedings [Formerly 237 174]

The fees of other witnesses and mileage of any witness shall be the same as allowed by law to witnesses in civil cases in courts of record. Fees and mileage and all other necessary disbursements in connection with a hearing shall be paid by the public employer whose failure or refusal to supply any facts requested of it by the board made necessary such hearing [Formerly 237.176]
