A municipal corporation created under this chapter shall have and exercise within and without its boundaries the same rights and powers of eminent domain and of purchasing, selling, condemning and appropriating real property, water, water rights and riparian rights, which cities or other corporations have, to be exercised in any manner now or hereafter authorized. The corporation shall also have the right to purchase or obtain from other cities or like corporations, water or water rights, or an interest in water or water rights, or an interest in a water pipe line owned or operated by any such city or like corporation, or to obtain jointly with any such city or like corporation, any right, or to lay and own individually or jointly with any city or like corporation, any water pipe line for the purposes specified in ORS 264.110.

(3) If the corporation has within its corporate limits a population of 300 or over, it shall be permitted to issue bonds in an amount which shall not exceed in the aggregate 10 percent of the actual valuation of all property by law assessable for state and county purposes within its limits. The amount of such valuation shall be determined by using as a basis of computation the percentage of actual value at which property within the county in which the corporation is located was last assessed for state and county purposes, as determined by the State Tax Commission.

(4) For the purpose of additionally securing the payment of the principal and interest on general obligation bonds issued under this section, the corporation shall have the power, by resolution of its governing body, which resolution shall constitute part of the contract with the holders of the bonds, to pledge all or any part of the net income or revenue of its water system. The revenue bonds shall not be subject to the percentage limitation applicable to general obligation bonds and shall not be a lien upon any of the taxable property within the corporate limits of such corporation, but shall be payable solely from such part of the revenues of the corporation as remain after payment of obligations having a priority and of all expenses of operation and maintenance of the corporation, including any taxes hereafter levied against it. All revenue bonds shall contain a clause reciting that both the principal and interest are payable solely from operating revenues of the corporation remaining after paying such obligations and expenses.

264.270 Issuance of refunding bonds. vided in ORS 264.420 for the calling and holding of special elections of the electors of the district. Notice of any such bond election shall be posted or published as provided in ORS 264.420 for special elections of the electors of the district.

264.300 Tax assessment, levy and collection. (1) The corporation may assess, levy and collect taxes upon all property situate within its boundaries and by law taxable for state and county purposes, and each year not to exceed one percent. The proceeds of the tax shall be applied by it in carrying out the objects and purposes of ORS 264.110 to 264.170 and 264.210 to 264.290.

(2) The corporation may annually also assess, levy and collect a special tax upon all such property in an amount sufficient to pay the yearly interest on bonds theretofore issued by the corporation and then outstanding, together with any portion of the principal of such bonds maturing within the year. The special tax shall be applied only in payment of interest and principal of bonds issued by the corporation, but the corporation may apply any funds it may have toward payment of principal and interest of any such bonds.

(3) Any such taxes needed shall be levied in each year and returned to the county officer whose duty it is to extend the tax roll by the time required by law for city taxes to be levied and returned.

(4) All taxes levied by the corporation shall become payable at the same time and be collected by the same officer who collects county taxes, and shall be turned over to the corporation according to law. The county officer whose duty it is to extend the county levy shall extend the levy of the corporation in the same manner as city taxes are extended.

(5) Property shall be subject to sale for nonpayment of taxes levied by the corporation in like manner and with like effect as in the case of county and state taxes.

264.306 Regulations concerning use of water and corporation property. (1) Any domestic water supply corporation may adopt and promulgate rules and regulations concerning the use of water and the property of the corporation. The board of commissioners may refuse to supply any building, place or premises with water where the user fails after five days' written notice to comply with the rules and regulations of said district. The written notice shall be by

registered mail and shall be deemed given when it is deposited in the United States Post Office properly addressed with postage prepaid.

(2) Whenever the household supply of water is being jeopardized by nonhousehold use of water, the corporation can order the nonhousehold use of water to be immediately discontinued. For the purposes of this subsection, nonhousehold use includes irrigation of lawns or fields. [1953 c.660 §3]

264.308 Requiring cash deposits of water users. Any domestic water supply corporation created pursuant to ORS 264.110, may require a reasonable cash deposit to insure payment for the use or rent of water to be furnished by the corporation to, in or upon any building, place or premises. [1953 c.660 §1]

264.310 Rates for water furnished; contracts to sell surplus water. The corporation shall charge consumers for the water furnished and fix and collect the rates therefor. Rates charged may be fixed and classified according to the type of use and according to the amount of water used. Any contract entered into by the corporation with individuals, corporations or associations other than domestic users shall provide for immediate cancelation whenever no surplus supply of water exists over and above any and all demands of domestic users. The corporation also may contract with other communities, water districts, individuals or corporations, private or municipal, to supply, furnish and sell them surplus water on such terms and conditions and at such rates as the commissioners may deem advisable.

264.314 Shutting off water if delinquent in payment of water bill. In case prompt payment of water rent or charge is not made, a domestic water supply corporation may shut off the water supply to the building, place or premises to which the corporation supplied the water. [1953 c.660 §2]

264.320 Refund of cost of water main extension. If any person is required by a municipal corporation incorporated pursuant to ORS 264.110 to pay the cost of extending a water main adjacent to property other than his own so that water service for domestic use is provided for such other property without further extension of the water main, the corporation shall require the owner of the other property, prior to providing

water service to that property, to refund to the person required to pay the cost of extending the water main, a pro rata portion of the cost of the extension. The right to require such refund shall not continue for more than 10 years after the date of installation of the extension of the water main. The amount to be refunded shall be determined by the water district and such determination shall be final.

264.330 Hydrants for fire protection; regulations and rates therefor. Any corporation created pursuant to ORS 264.110 may install hydrants for fire protection along its mains at such points as its board of commissioners may determine, and furnish water for such purpose. The board of commissioners of the corporation shall establish, from time to time, regulations governing such installations, and furnishing of water therefrom and any rates and charges thereon. No equipment other than the hydrants and water therefor shall be furnished at the general expense.

264.340 Purchase and maintenance of fire equipment; contracting for fire protection; elections to authorize; tax levy to defray expense; application of section. (1) Any corporation created pursuant to ORS 264.110, when authorized by the legal voters thereof as provided in this subsection, may purchase fire apparatus and equipment and maintain, service and operate the same, and may contract with any city, town, rural fire protection district or other municipal corporation for fire protection for its inhabitants, or to do either or any combination of the foregoing. Such power shall only be given the board of commissioners of the corporation by a majority of the votes cast by legal voters thereof at a special election called for such purpose by the board of commissioners.

(2) (a) When the power is so granted, the board of commissioners may levy a tax not exceeding six mills on the dollar per annum upon all assessable property within the district for defraying the expense of providing, maintaining, operating and servicing such fire apparatus and equipment, and of contracting with any city, town or rural fire protection district for the protection of its inhabitants from fire.

(b) Upon approval of the majority of the votes cast by legal voters of the district at a special election called for that purpose

by the board of commissioners, after due notice given in the manner provided in ORS 264.420, the district may levy a special tax not to exceed 10 mills on the dollar for defraying such expenses.

(2) Storage and use of combustibles and explosives.

(3) Construction, maintenance and regulation of fire escapes.

(4) Means and adequacy of exit in case of fires in factories, asylums, hospitals, churches, schools, halls, theaters, amphitheaters, all buildings, except private residences, which are occupied for sleeping purposes, and all other places where large numbers of persons work, live or congregate from time to time for any purpose.

264.346 Violation of code or failure to remove hazards prohibited. When a fire prevention code has been adopted as provided in ORS 264.342, no person shall violate the provisions of the code or fail to remove hazards found on inspection within the time set by the inspecting officer, after written notice to either the owner or occupant of such premises, or burn waste materials or trash in an unguarded manner without a permit, if a permit is required by the code. [1953 c.206 §3]

BOARD OF COMMISSIONERS

264.410 Powers of corporation in commissioners; qualifications and terms of office; election of commissioners. (1) The power and authority given to corporations organized under this chapter except as therein otherwise provided is vested in and shall be exercised by a board of commissioners of the number named in the petition for incorporation, but not more than five, each of whom shall be a qualified voter and freeholder within the corporation.

(2) Within 10 days after issuance of the proclamation provided under ORS 264.154, the number of commissioners named in the petition for incorporation who received the highest vote at the election for incorporation shall meet and organize, first taking and subscribing an oath of office to the effect that they will support the Constitutions of the United States and of this state and the laws thereof, and will discharge faithfully the duties of commissioner to the best of their ability. They shall determine by lot the length of term each shall hold office, the shortest term being until January 1 following, and the longest term being for the number of years after said January 1 equal to the number of commissioners less one, and the terms shall be so arranged that the term of one member expires each year.

(3) A general election shall be held in the corporation on the first Monday of December of each year for the election of one commissioner to succeed the commissioner whose term expires the following January 1, and to elect commissioners to fill any vacancy which then may exist. At all elections the voters shall have the qualifications of elec-

tors of this state and shall have resided in the territory embraced in the corporation for at least 90 days preceding the election. At the regular meeting of the commissioners in November, or, if the regular meeting is less than 15 days before the election, at a special meeting of the commissioners in November, they shall select three judges of election, who shall be electors at the election and who shall constitute a board of election of the corporation. At that meeting, the commissioners shall select the polling place for the regular election in the corporation, and shall cause to be given notice of the place of holding the election and the names of the judges of election. The notices shall be posted in three public places in the corporation at least 10 days prior to the day of election, or published at least once a week for two successive weeks, prior to the day of election, in at least one newspaper published or generally circulated in the corporation. The first publication shall be at least 14 days and the last publication at least seven days prior to the day of election. The secretary of the commissioners shall prepare sample and official ballots upon which shall be printed the names of all persons nominated for commissioners whose petitions contain the names of not less than 25 electors in the corporation, or 10 percent of the electors in the corporation, whichever is less, and which petitions have been filed with the secretary not less than 10 days before the election. The election shall be conducted and the votes counted and canvassed by the commissioners and certificates of election issued the same as in general, state and county elections, except as otherwise provided in this chapter. [Amended by 1955 c.213 §3]

264.420 Calling of special elections. The commissioners at any regular meeting of the board of commissioners may call a special election of the electors of the district. The commissioners shall cause notice of the special election to be posted in three conspicuous places within the district for a period of not less than 10 days prior to the date of holding the special election, or published at least once a week for two successive weeks, prior to the day of election, in at least one newspaper published or generally circulated in the district. The first publication shall be at least 14 days and the last publication at least seven days prior to the day of election.

264.430 Proceedings of board of commissioners; election of officers; employment of personnel; interest of officers in contracts prohibited. (1) The commissioners shall hold meetings at such time and place within the corporation as they may determine upon. They shall hold at least one regular meeting in each month on a day to be fixed by them, and may hold special meetings under such rules as they may make.

(2) The commissioners shall, at the time of their organization, choose from their number a chairman, a secretary and a treasurer, who shall hold their offices until the first regular meeting in January, or until their successors are elected and qualified. These officers shall have, respectively, the powers and shall perform the duties usual in such cases and shall be known as the president, secretary and treasurer of the corporation. A majority shall constitute a quorum to do business and, in the absence of the chairman, any other member may preside at any meeting. The treasurer as such shall give bonds to the corporation conditioned for the paying over by him of all moneys coming into his hands as such treasurer, the amount of which bonds shall be fixed by the commissioners, based upon the amount of money in the hands of the treasurer or likely to come into his hands as such. All expense incident to giving such bonds shall be paid by the corporation out of its general funds.

(3) The commissioners may employ such engineers, superintendents, mechanics, clerks or other persons as they may find requisite, necessary or convenient in carrying on any work of the corporation and at such rate of remuneration as they may deem just, and pay the expenses actually incurred by any one or more commissioners in the services of the corporation.

(4) No commissioner or other officer of the corporation shall be interested directly or indirectly in any contract with or on behalf of the corporation.

264.440 Increasing number of commissioners. (1) If the number of commissioners in a particular district is less than five, then, upon receipt of petitions containing the names of not less than 25 electors in the corporation and requesting that an election be held in the district on the proposition of increasing the number of commissioners to five and nominating a candidate or candidates for each additional position, each of

whom shall be a qualified voter and freeholder within the corporation, the commissioners may, at their discretion, call a special election of the electors of the district to vote on the proposition and on the candidates. The election shall be held in the same manner as the annual election of the district and with the same notice. If the proposition is approved by a majority of the electors voting at such election, the number of commissioners named in the petitions requesting the election, who received the highest vote at the election, shall take office as of the next regular meeting of commissioners following the election, after first taking and subscribing the oath of office.

(2) If only one additional commissioner is so elected he shall hold office for a term of one year longer than the longest remaining term of the then existing commissioners. If more than one additional commissioner is so elected, the newly elected commissioners shall at such meeting determine by lot the length of term each shall hold office, the shortest term being one year longer than the longest remaining term of the then existing commissioners and the longest term being for the number of years after the following January 1 equal to the number of commissioners less one, and the terms of all commissioners being so arranged that the term of one member expires each year.

264.450 Vacancies. A vacancy in the office of any commissioner for any cause, including removal from the corporation, shall be filled by the remaining commissioners until their first regular meeting in the January following, when that office shall be filled for the remaining part of the term of the commissioner who ceased to be such, by vote of the electors of the corporation at the regular election in December preceding.

264.460 Initiative and referendum. In the exercise of initiative and referendum powers reserved under the constitution of this state to the legal voters of every municipality and district as to all local, special and municipal legislation of every sort and character in and for their respective municipalities and districts, the general laws of the state as applied to cities and towns shall govern in these corporations, except that the measures referred by the commissioners shall be filed with the secretary not less than 30 days before the election at which they are to be voted upon. The chairman of the commissioners shall act as mayor and

perform his duties, the secretary shall perform the duties of auditor or recorder, the attorney shall perform the duties of city attorney, and if there is no attorney, the secretary shall perform the duties required of the attorney.

264.470 Deposit and withdrawal of moneys; annual reports; records. (1) All moneys of the corporation shall be deposited in one or more banks, to be designated by the commissioners; and shall be withdrawn or paid out only when previously ordered by vote of the commissioners, and upon checks signed by the treasurer and countersigned by the chairman, or in his absence or inability to act, by the secretary. A receipt or voucher, showing clearly the nature and items covered by each check drawn, shall be kept on file.

(2) Annual reports shall be made and filed by the chairman, secretary and treasurer, and at least once in each year a full and complete itemized statement of receipts and expenditures shall be published in a newspaper of general circulation, published in the county in which the corporation is situate.

ANNEXATION OF TERRITORY

264.505 Annexation of contiguous territory not within another corporation or a city. (1) Any territory contiguous to an existing domestic water supply corporation created pursuant to ORS 264.110, and not within the boundaries of such a corporation or of cities, may be included in and incorporated with such corporation by petition of 15 percent of the legal voters in the contiguous territory filed with the county clerk of the county in which the contiguous territory or the greater part thereof is located and by subsequent proceedings in the county court of the county in which the petition was filed. The proceedings and the rights and powers and duties of petitioners and objectors shall be the same as in an original

proceeding to incorporate the territory as a domestic water supply corporation.

(2) The petition shall be approved by the board of commissioners of the corporation by indorsement thereon before it is filed with the county clerk. Before such approval is given, the board of commissioners shall secure from their independent water supply source an agreement to supply such additional water as may be needed, but if the board is securing water from its own corporation plant such consent is not necessary.

(3) If the petition is signed and acknowledged by the owners of all lands to be included, specifically describing such lands, an election in the territory and a hearing on the petition shall be dispensed with and the county court shall enter its order incorporating the territory within the existing corporation. Otherwise, no order shall be entered incorporating additional territory as a part of an existing domestic water supply corporation until and unless the board of commissioners of the corporation certifies to the county court that an election has been held in the corporation on the question and that a majority of the votes cast favored inclusion of the contiguous territory.

(4) If the petition is signed and acknowledged by the owners of only a part of the lands to be included, the order of the county court shall not be entered until the board of commissioners of the corporation and the county clerk with whom the petition was filed shall each verify to the county court that an election has been held in the corporation and in the contiguous territory, on the question, and that a majority of the votes cast in the corporation and a majority of the votes cast in the contiguous territory, severally, favored inclusion of the contiguous territory.

(5) Upon entry of the order of the county court incorporating the contiguous territory with the existing corporation the territory shall become subject to the indebtedness, bonded or otherwise, of the corporation in like manner as the territory within the corporation. [1953 c.682 §§2,3,4,5,6]

264.510 [Repealed by 1953 c.682 §7]

264.520 Annexation of city to water district; when permitted; approval by city. Whenever any city has been incorporated and the territory included within the city, or the major portion thereof, was formerly within the boundaries of and a part of a corporation organized under this chapter,

and where the source of water supply for the city lies within that portion of the water district outside the city boundaries, or is owned and controlled by the district, such city upon the approval of the majority of the votes cast by its legal voters at an election called for the purpose, may elect to be annexed to and become a part of the corporation for the purpose of supplying water to the city's inhabitants. The election shall be called and held in the manner provided by the city charter. If the city has no charter provisions governing elections, such election may be called and conducted in accordance with an ordinance of the city specifying procedure in accordance with section 1a, Article IV, Oregon Constitution. [Amended by 1955 c.163 §3]

264.530 Approval of annexation of city by corporation; annexation order by county court; when withdrawal of city prohibited.

(1) Upon canvassing the vote on the question of annexing city territory to the water supply corporation, the city, through its appropriate officers, shall certify to the county court of the county in which the city lies, the fact of the approval by the legal voters of the proposition to include the territory of the city or town in the corporation and shall present such certificate to the board of commissioners of the corporation, who, if they approve the same, shall indorse on the certification the fact that the annexation of such territory is approved by the board of commissioners and shall call a special election in the corporation at which election the question of the annexation of the territory of the city to the corporation for water supply purposes shall be submitted to the legal voters of the corporation for their approval or rejection. Such election shall be held within 50 days of the receipt by the board of commissioners of the corporation of the certificate of the results of the election in the city.

(2) If the voters of the corporation approve the annexation, the board of commissioners shall attach to the certificate of the city their own certificate setting forth the results of the election and shall transmit both certificates to the county court. The county court shall thereupon at its next meeting make and enter an order to the effect that the territory included in such city is annexed to the corporation. Thereafter the city territory, together with any territory thereafter annexed to the city, shall be included in the boundaries of such

corporation and shall be subject to all liabilities of the corporation in the same manner and to the same extent as other territory included therein for the purpose of supplying water to the inhabitants.

(3) No other function of the city shall be deemed in any way limited or abated by the annexation.

(4) If after inclusion of such territory in the corporation it issues general obligation or revenue bonds of the corporation for improving its water supply or distribution system, the city or the inhabitants thereof may not, while any such bonds are outstanding and unpaid, withdraw said territory from the corporation.

264.540 Fire hydrants in city annexed to corporation; reversion of water system in city to corporation. (1) If a city has been annexed to a water supply corporation under ORS 264.520 and 264.530, the city may designate the location and type of fire hydrants to be installed within the territory of the city. The board of commissioners of the corporation shall establish the rates for the use of water therefrom as provided in ORS 264.330. The city and the corporation may by contract determine the entire matter of installation of hydrants and use of water therefrom and payment therefor.

(2) The ownership of the water supply system within the city boundaries shall revert to and be vested in the water supply corporation.

264.550 Contracts between corporation and city annexed to corporation. If a city has been annexed to a water supply corporation under ORS 264.520 and 264.530, the city and the water supply corporation may:

(1) Enter into contracts and agreements to do any act or thing which either could have done if the annexation had not occurred.

(2) Contract and agree for the collection by the water supply corporation of any water user tax or charge imposed by the city upon water users within the territory of the city, and the water supply corporation thereupon may provide for such collection according to its rules and regulations for the collection of amounts due the water supply corporation by water users, including but not limited to shutting off the water supply for nonpayment. [1955 c.692 §1]

264.560 to 264.600 [Reserved for expansion]

264.610 Determination to dissolve corporation; findings of fact; dissolution plan.

(1) Whenever the board of commissioners of any community incorporated pursuant to ORS 264.110 has determined that it is to the best interest of its inhabitants that the incorporated community be dissolved and liquidated, the board of commissioners shall make findings of fact as to the following:

(a) The amount of each outstanding bond, coupon and other indebtedness, together with a general description thereof and the holders and owners thereof, so far as known.

(b) The estimated cost of dissolution.

(c) The assets of the corporation, including domestic or municipal water works or systems and property, corporeal and incorporeal, incident thereto, including reservoirs, pumps, mains, stations, water, water rights, riparian rights and all appurtenances, equipment and appliances for the treatment, storage and distribution of a domestic or municipal water supply.

(d) A detailed statement of all lands acquired by the corporation for delinquent taxes or delinquent assessments and the amount of the taxes and assessments on each parcel of land sold.

(e) All taxes or assessments unpaid and the amount upon each lot or tract of land and all other assets of the incorporated community.

(2) The board of commissioners shall propose a plan of dissolution and liquidation which may include provision for transfer and conveyance of all assets of the incorporated community to any irrigation district which will assume all its outstanding indebtedness and undertake to continue to furnish water to the inhabitants of the incorporated community for domestic and municipal uses.

(3) The findings of fact and proposed plan of dissolution and liquidation shall be filed in the office of the county clerk of the county in which the major portion of the incorporated community is situated.

264.620 Special election to approve dissolution. (1) Whenever the board of commissioners has complied with the provisions of ORS 264.610, it shall thereupon order a special election to be conducted as provided

in this section, at which shall be submitted to the electors of the incorporated community the question of whether or not the incorporated community shall be dissolved, its indebtedness liquidated, and its assets distributed in accordance with the plan proposed.

(2) No such election shall be ordered until the assent of all known holders of valid indebtedness against the district is obtained or provision is made in the plan for payment of the non-assenting holders.

(3) Notice of such election must be given by posting notices in three public places in each election precinct in the incorporated community at least 15 days prior to the election and also by publication of the notice in some newspaper published in the county where the office of the board of commissioners is required to be kept once a week for three successive weeks before the election. The notices must specify the time of holding the election, the fact that it is proposed to dissolve the incorporated community and a brief summary of the plan proposed for liquidating its indebtedness and disposing of its assets.

(4) The election shall be held and the result thereof determined and declared in all respects as nearly as practicable in conformity with the provisions governing election of officers in the incorporated community.

(5) At the election the ballot shall contain the words "Dissolution — Yes" or "Dissolution — No" or words equivalent thereto.

264.630 Declaration of dissolution; disposition of property and obligations of corporation by commissioners as trustees; transfer of assets to irrigation districts; statement of dissolution filed. (1) The board of commissioners shall name a day for canvassing the vote and if it appears that a majority or more of the votes cast are "Dissolution—Yes," the board shall declare the incorporated community to be disorganized and dissolved.

(2) The board of commissioners shall thereupon constitute a board of trustees who shall dispose of the property of the corporation and pay its debts and obligations or procure releases thereof.

(3) In case any irrigation district assumes all debts and obligations of the incorporated community and undertakes to continue to furnish water for domestic and municipal uses to its inhabitants pursuant to

the plan of dissolution and liquidation and the consent of all the known holders of valid indebtedness against the district has been obtained, or provision has been made in the plan for payment of the non-assenting holders, the board of trustees may convey to the irrigation district all assets of the incorporated community as described in ORS 264.610 after paying and discharging the debts and obligations to, or procuring releases from, the non-assenting holders.

(4) Upon completing liquidation of the incorporated community, the board of trustees shall execute, under oath, a signed statement that the corporation has been dissolved and its affairs liquidated, which statement shall be filed in the office of the county clerk of the county in which the major portion of the dissolved incorporated community was situated.
