The special assessor shall qualify in the same manner as the assessor. He shall have all the duties, rights, privileges and emoluments of the assessor in making the assessment for the current year. The acts of the special assessor shall have the same effect as if they had been done by the assessor.

308.060 Additional deputies, certified appraisers and clerical assistance. In addition to the deputies and the clerical assistance provided and specified by law, each county assessor is entitled to the additional deputies and clerical assistance necessary properly to transact the business and perform the work of his office. The county court shall furnish the assessor with the full-time services of one certified appraiser for

(2) Personal property may be assessed in the name of the owner or of any person having possession or control thereof. The person who has possession on the assessment date of personal property which is mortgaged, pledged, consigned, conditionally sold or held for sale, is, for purposes of assessment and taxation, the owner thereof. [Amended by 1955 c.720 §1]

308.110 Boats and other watercraft registered or enrolled in Oregon. Boats, vessels or other watercraft registered or enrolled within this state, except those assessed by the State Tax Commission, shall be assessed in the county of registry or enrolment.

be assessed and taxed as real or personal property in accordance with existing law in the name of the owner thereof, separately from the surface rights and interests in the real property and may be sold for taxes in the same manner and with the same effect as other interests in real property are sold for taxes.

(2) Similarly, whenever any building, structure, improvement, machinery, equipment or fixture is owned separately and apart from the land or real property whereon it stands or to which it is affixed, such building, structure, improvement, machinery, equipment or fixture shall be assessed and taxed in the name of the owner thereof.

308.125 Undivided interest assessable; paying proportional tax on undivided interest. An undivided interest in lands or lots, or other real property, or in personal property, may be assessed and taxed as such. Any person desiring to pay the tax on an undivided interest in any real property may do so by paying the tax collector a sum equal to such proportion of the entire taxes charged on the entire tract as the interest paid on bears to the whole.

308.130 Undivided estate of decedent; liability for whole tax; right of contribution. The undivided estate of any deceased person may be assessed to the heirs or devisees of such person, without designating them by name, until they have given notice to the assessor of the division of the estate, and the names of the several heirs or devisees. ASSESSMENT ROLL; METHOD OF ASSESSMENT

308.205 "True cash value" defined.

(1) True cash value of all property, real and personal, means the amount the property would sell for at a voluntary sale made in the ordinary course of business, under normal conditions, in accordance with rules and regulations promulgated by the State Tax Commission. No deduction of indebtedness from assessments or taxation shall be allowed. This subsection is not effective after subsection (2) of this section becomes effective.

(2) True cash value of all property, real and personal, means market value as of the assessment date. True cash value in all cases shall be determined by methods and procedures in accordance with rules and regulations promulgated by the State Tax Commission. With respect to property which has no immediate market value, its true cash value shall be the amount of money that would justly compensate the owner for loss of the property. This subsection shall first become effective on January 1, 1961. [Amended by 1953 c.701 §2; 1955 c.691 §1; last sentence of subsection (1) and last sentence of subsection (2) derived from 1955 c.691 §2]

308.210 Procuring blank assessment roll; assessing property; entries in roll. The assessor shall procure for the county a blank assessment roll and forthwith proceed each year to assess the value of all taxable property within the county, except property that by law is to be otherwise assessed. The assessor shall enter in the assessment roll a full and complete assessment of the taxable property, including a definite description of the real property owned by each person therein named, on January 1 of such year, at 1:00 a.m.

308.215 Assessment roll; contents generally. The assessor shall set down in the assessment roll, in separate columns, and according to the best information he can obtain:

(1) The names of all taxable persons in his county.

(2) A description of each tract or parcel of land to be taxed, specifying under separate heads the township and range in which the land lies, according to the government survey, except where the same is described by metes and bounds; or, if divided into lots and blocks, then the number or numbers thereof; but the assessor shall describe lands in tracts not larger than a quarter-section when so requested by the owner or mortgagee thereof; and the owner thereof shall, upon the request of the assessor, furnish a description of the property from which its area can be computed accurately and the location and boundary lines made certain.

(3) The number of acres and parts of an acre of each parcel assessed, as nearly as can be ascertained, unless it is divided into blocks and lots.

(4) The true cash value of each parcel of land assessed, excluding all buildings, structures, improvements and timber thereon.

(5) The true cash value of all timber assessed.

(6) The true cash value of all buildings, structures and improvements assessed.

(7) The taxable personal property of each person, as provided by law, and the true cash value thereof, and the exemptions allowed, if any.

(8) The total valuation of all real property and, likewise, of all personal property assessed.

308.220 Form of assessment and tax rolls. (1) The assessment roll and tax roll of each county shall be made out in tabular form, in separate columns with appropriate headings, for assessments of properties, extensions of tax levies, for payments, foreclosures, redemptions, issuance of deeds and other entries as contemplated by law. Assessments of real property and of personal property shall appear separately and the assessment roll and tax roll may be divided into separate parts for that purpose. The assessment roll and tax roll may be in bound volumes or in loose sheets numbered consecutively, and the assessment roll may be in volumes or sheets apart from those of the tax roll.

(2) With the approval of the State Tax Commission, the assessment roll and the tax roll of any county may be prepared as continuing rolls, covering two or more years,

but all proceedings in the assessment and taxation of property for each year shall be separately exhibited therein.

(3) In the assessment roll and tax roll of each county, in addition to the other columns, there shall be columns headed respectively, "cities," "school districts," and if there is a port or other municipal taxing agency in the county, additional columns for the name of the port or other municipal taxing agency. The county assessor in making his assessments shall enter opposite each item of property assessed, in its appropriate column, the name of the incorporated city or town, and the number of the school district, and the name of the port or other municipal taxing agency, if any, in which each item of property assessed is taxable.

308.225 Changes in boundaries of taxing districts made after June 30 disregarded.

In preparing the assessment roll in any year county assessors shall disregard changes made in the boundary lines of taxing districts when the changes are made subsequent to June 30 of such year.

308.230 County assessor to ascertain persons and property assessable, make out assessment roll and appraise property. At the time prescribed by law the assessor in each county shall:

(1) Ascertain by diligent inquiry the names of all persons in his county who by law are assessable by him, and also all the taxable personal property and all taxable real estate therein which by law is assessable by him.

(2) Make out an assessment roll of all such property.

(3) Appraise all such property according to the provisions of the statutes relating thereto.

308.231 Only certified appraisers to appraise real property after January 1, 1957. Appraisals of real property made after January 1, 1957, pursuant to ORS 308.230, shall be performed by a certified appraiser. [1955 c.575 §2]

308.232 Value at which property is to be assessed. All property, whether real or personal shall be assessed at its true cash value, or a percentage thereof, applied uniformly to all classes of property within each county. [1953 c.701 §2]

308.234 Record of last appraisal; real property appraised at least once every six years. The county assessors shall preserve in their respective offices records to show when each parcel of real property was last appraised. Each parcel of real property shall be appraised at least once every six years to insure the assessment thereof at its true cash value or a percentage thereof, as required by ORS 308.232. [1955 c.575 §1]

308.235 Valuation of land; assessment to "unknown owners"; mistake or omission of owner's name; error in description of property. (1) Taxable real property shall be assessed by a method which takes into consideration the improvements on the land and in the surrounding country and also the use, earning power and usefulness of such improvements, and any rights or privileges attached thereto or connected therewith, the quality of the soil, and the natural resources in, on or connected with the land, its conveniences to transportation lines, public roads and other local advantage of a similar or different kind. Where land is situated within an irrigation, drainage, reclamation or other improvement district, the value of the land shall not be deemed to be increased until the construction and improvement of the district have been completed to the point that water may be delivered to or removed from the land, as the case may be.

(2) If the owner of any land is unknown, such land may be assessed to "unknown owner," or "unknown owners." No assessment shall be invalidated by a mistake in the name of the owner of the real property assessed, or by the omission of the name of the owner or the entry of a name other than that of the true owner, if the property is correctly described. Where the name of the true owner, or the owner of record, of any parcel of real property is given, the assessment shall not be held invalid on account of any error or irregularity in the description if the description would be sufficient in a deed of conveyance from the owner, or is such that, in a suit to enforce a contract to convey, employing such description, a court of equity would hold it to be good and sufficient. [Amended by 1953 c.701 §2]

308.240 Description of land. (1) Real property may be described by giving the subdivision according to the United States survey when coincident with the boundaries thereof, or by lots and blocks, or by giving the boundaries thereof, or by reference to

the book and page of any public record of the county where the description may be found, or by designation of tax lot number referring to a public record kept by the assessor of descriptions of real properties of the county, or in such other manner as to cause the description to be capable of being made certain. Initial letters, abbreviations, figures, fractions and exponents, to designate the township, range, section or part of a section, or the number of any lot or block or part thereof, or any distance, course, bearing or direction, may be employed in any such description of real property.

(2) Any description of real property which conforms substantially to the requirements of this section shall be a sufficient description and designation in all proceedings of assessment for taxation, levy and collection of taxes, foreclosure and sale for delinquent taxes or assessments, and in any other proceeding related to or connected with the taxation of such property.

308.245 Plats; present ownership book or list; taxpayers' index. The assessor of each county shall make a plat of the government surveys, and of all town plats within his county, and shall note therein, or in a present ownership book or list, the owner of each tract of land, and of each town lot. In counties where the assessor describes the land in the roll in the order of its location upon the grounds he shall keep a taxpayers' index for each year. In the taxpayers' index shall be entered the name and, wherever possible, the postoffice address of every taxpayer against whom any tax is charged in the county, in alphabetical order with reference to the first three letters of the surname of taxpayers who have surnames, and of the first names of any others. The taxpayers' index shall refer to the pages and lines of the roll where the assessment of such taxpayer is found. The plats, present ownership book or list and the taxpayers' index shall be public records subject to general inspection.

308.250 Assessment of personal property; cancelation of assessment in certain cases. (1) All personal property not exempt from taxation shall be assessed at its true cash value as of January 1, at 1:00 a.m.

(2) If the assessment covers grain, seed, hay, fruit, vegetables, nuts, hops, wool or fish, or poultry held primarily for sale for human consumption, or any processed product thereof, in the hands of a farmer, pro-

ducer or processor while being transported to or held in storage in a public or private warehouse, the assessor shall cancel the assessment in whole or proportionate part on receipt of sufficient documentary proof that the personal property so assessed actually was transported or shipped to another point before May 1 of the year of assessment. A similar cancelation of assessment shall apply to livestock on feed and shipped for slaughter to a point either within or without this state before May 1 of the year of assessment.

(3) No cancelation of assessment under subsection (2) of this section shall be made unless the required proof is furnished to the assessor on or before May 15 of the year of assessment. [Amended by 1953 c.349 §3]

308.255 Watercraft; assessment rates. Except as otherwise provided by law, and except for watercraft assessed by the State Tax Commission, all ships and vessels whose home ports of registry or enrollment are in the State of Oregon shall be assessed as follows:

(1) Ships and vessels plying the high seas or between the high seas and inland water ports or termini, whether actually engaged therein or laid up, shall be assessed at one percent of the true cash value thereof; and the same rule of one percent shall apply to ships and vessels which are under original construction at the assessment date of any year, but such rule shall not apply to materials not actually in place as the constructed part of any such ship or vessel.

(2) All other ships and vessels shall be assessed at 10 percent of the true cash value thereof. [Amended by 1955 c.735 §7]

(2) Immediately on so docking or mooring any such ship, vessel or watercraft, the owner or person in charge thereof shall notify the county assessor, who shall assess it, together with all machinery and equipment

(3) It shall be unlawful to operate such floating reduction or processing plant until the county assessor has been so notified and the tax paid. If the owner or person in charge fails to notify the assessor, or proceeds to operate the plant before full payment of the tax, the owner or person in charge shall forfeit to the county, for the use of the several taxing jurisdictions interested therein, a sum equal to twice the amount of the tax. Such forfeiture may be recovered by the assessor in an action brought in the name of the county in any court having jurisdiction to the amount thereof. In such action the penalty shall be preferred before all other debts or claims.

(4) No mistake in the name of the owner of any such floating reduction or processing plant shall affect the right to collect the tax or to recover the penalty.

(5) The county assessor hereby is authorized to levy and collect taxes under such conditions and he is authorized to allow any discount or rebate otherwise provided by law for payment of taxes before the regular due date or dates thereof.

(6) Assessments of such floating reduction or processing plants shall be equalized by the county board of equalization in the same manner as assessments of other properties. After such equalization and after the extension on the assessment roll of all tax levies of the current year, if an amount in excess of the taxes so charged on any such floating reduction or processing plant has been collected, such excess shall be refunded; or, if an amount less than the taxes so charged has been collected, the deficiency shall be subject to collection by the tax collector in the same manner as other taxes.

state agency holding title to real property and from the local United States Land Office, lists of public lands sold, or contracted to be sold, and of final certificates issued for lands in his county during the year ending at 1:00 a.m. of such January 1. The assessor shall place such lands upon the assessment roll. The State Land Board, the Veterans' Welfare Department of the State Land Board and each other state agency holding title to real property shall certify to the assessor a list or lists of all public lands in the county sold by it, or contracted to be sold, during such year.

308.275 Use of reproduction cost or prices and costs in determining assessed valuation. (1) The State Tax Commission shall prescribe a base in terms of the construction costs of a specified year for the computation of reproduction costs.

(2) Whenever any county assessor uses reproduction costs as one of the means of determining the assessed valuation of real or personal property, the reproduction costs shall be computed on the basis of the construction costs of the year so specified by the State Tax Commission.

(3) If any county assessor uses the prices and costs prevailing in any year as a basis for determining assessed valuations with respect to any class of property, the prices and costs for the same year shall be applied uniformly in the assessment of all property of the same class in the county.

308.280 Notice required upon increase in assessed valuation. (1) Whenever, in any year, the county assessor increases the assessed valuation of any separate assessment of real property more than \$100 or five percent, whichever is greater, over the assessed valuation of the preceding year, unless such increase represents an increase in certain proportion applicable to all real property upon the assessment roll, and whenever, in any year, the county assessor increases the unit valuation of personal property valued uniformly throughout the county on a unit basis and not on an individual basis, the assessor shall give notice of the increase in valuation as provided in this section.

(2) The notice with respect to personal property increases shall include the items or classes of personal property affected and the amounts of the increased valuations per unit and shall be included in the publication or posting of notice of the meeting of the board of equalization as provided in ORS 309.050.

(3) The notice with respect to real property increases shall include the valuations for the preceding and current years, and shall be mailed not later than the first Monday in May to the person to whom the real property is assessed at the address appearing in the tax records. Such notice may be included on an unsealed postal card.

(4) A taxpayer complaining of such increased assessment may petition the county board of equalization as provided in ORS 309.100. The failure to give any notice as provided for in this section shall not invalidate the assessment, and in such case the taxpayer complaining of the assessment may appeal directly to the State Tax Commission in the manner provided in ORS 306.520, but without having first petitioned the county board of equalization. The appeal must be filed not later than December 15 of the year of assessment. Orders of the State Tax Commission are subject to appeal as provided in ORS 306.545 to 306.575. [Amended by 1953 c.179 §2]

Every county assessor may require all taxpayers to furnish a list of all the taxable real and personal property owned by, or in the possession of the taxpayer and situated in his county. The list shall be signed by the taxpayer, or the managing agent or officer, and shall be verified by oath. Only information that will aid the assessor in arriving at a fair assessment valuation shall be required in the list.

308.290 Returns of taxable property. (1) Every person and the managing agent or officer of any firm, corporation or association owning, or having in possession or under control taxable personal property shall make a return thereof to the assessor of the county in which such property has its situs for taxation. In similar manner every such person, managing agent or officer shall make a return of taxable real property, when so requested by the assessor of the county in which such property is situated.

(2) Each return of personal property shall contain a full listing of such property and a statement of its true cash value. Each return of real property shall contain a full listing of the several items or parts of such property specified by the assessor and a statement exhibiting their true cash value. There shall be annexed to each return the affidavit or affirmation of the person mak-

ing the return that the statements contained therein are true. All returns shall be in such form as the assessor, with the approval of the State Tax Commission, may prescribe. The assessor shall cause blank forms for the returns to be prepared and distributed, but failure to receive or secure the form shall not relieve the person, managing agent or officer from the obligation of making any return required by this section.

(3) All returns shall be filed before March 3 of each year, but the assessor, upon written request filed with him prior to that date and for good cause shown therein, shall allow a reasonable extension of time for filing a return.

(4) No return shall be controlling on the assessor in any respect in the assessment of any property. On any failure to file the required return, the assessor shall list and evaluate the property from the best information obtainable from other sources.

(5) All returns filed under the provisions of this section shall be confidential records of the assessor's office; provided that all such returns shall be available for inspection by the State Tax Commission or its representative, and that any county board of equalization may inspect returns relating to assessments which are the subject of petitions before it. [Amended by 1953 c.218 §2]

308.292 Return on basis of average inventory. (1) If the stock of goods, wares, merchandise or material, whether in a raw or finished state or in process of manufacture, owned or held by any taxpayer on January 1 of any year does not, in the opinion of the taxpayer, fairly represent the average stock carried by him, the taxpayer may elect to list such stock for assessment upon the basis of the monthly average value of the stock owned or held by the taxpayer during the preceding calendar year or during such portion thereof as the taxpayer was engaged in business:

(2) Election to use the monthly average method shall be made by notification to the assessor at the time of filing the return under ORS 308.290; and such election, once made, shall be binding upon the taxpayer for the year in question.

(3) Any taxpayer electing to use the monthly average method shall keep books of account adequate to determine the stock on hand at the end of each month and the value thereof, and the books of account

shall be open to inspection and audit by the assessor at any time. [1955 c.233 §1]

308.295 Penalty for failure to file return on time. (1) Each person, firm, corporation or association required by ORS 308.290 to file a return who or which has not filed a return within the time fixed therein or as extended by the assessor, is delinquent.

(2) Upon such delinquency the assessor shall, not less than 15 days thereafter, demand in writing, addressed to the taxpayer at his last known address, that a return be filed within 15 days from the date of mailing the demand, and shall inform the taxpayer of the penalty imposed by this section.

(3) The failure to file a return within the time fixed in such demand shall subject the taxpayer to a penalty of five percent of the consolidated tax levy on the assessed value of the property as equalized by the county board of equalization at its statutory session, but such penalty shall not be less than \$1.

(4) The county board of equalization may, upon application of the taxpayer made during its regular sessions, excuse the liability for such penalty upon a proper showing that by reason of death or serious illness in the immediate family, or by unavoidable absence from the state, the demand could not be complied with. There shall be no appeal from the determination of the board in such case.

(5) Upon completion of the sessions of the county board of equalization, the assessor shall note on the appropriate assessment roll, after the name of each delinquent taxpayer, the penalty for delinquency as provided in this section, which was not excused by the county board of equalization. Upon extension of the tax levies the amount of the penalty shall be noted separately on the tax roll and included in the total tax due and to be collected by the tax collector. The penalty is a lien on the personal property affected.

308.300 Penalty for neglecting to file return with intent to evade taxation. Any person, managing agent or officer who, with intent to evade taxation, refuses or neglects to make any return required by ORS 308.290 and to file it with the assessor within the time specified, or as extended, shall be subject to a penalty of \$10 for each day of the continuance of such refusal or neglect. Such

penalty may be recovered in a proper action brought in the name of the county in any court of competent jurisdiction.

308.302 Disposition of penalties collected pursuant to ORS 308.295 or 308.300. All penalties collected pursuant to ORS 308.295 or 308.300 shall be credited to the general fund of the county. [1953 c.49 §2]

The commission may require the assessor to present such additional facts, or the commission may conduct such other inquiries as it deems necessary to a consideration of the matter. If the commission finds that the examination should be made or the testimony taken, it shall take such action as it deems appropriate under the powers granted to it by law, including the subpoenaing and examination of witnesses books and papers pursuant to ORS 306.190, to the end that the property under consideration is ratably assessed according to law.

(4) The bonds and other corporate obligations owing by the company.

(5) The par value and market value, or actual value if there is no market value, of the bonds or other obligations owing by the company on January 1 at 1:00 a.m. of the year in which the report is made.

(6) A detailed statement of the real property owned by the company in Oregon, where situated and the value thereof.

(7) A detailed statement of the personal property, including money and credits, owned by the company in Oregon on January 1 at 1:00 a.m. of the year in which the report is made, where situated and the value thereof.

(8) The total value of the real estate owned by the company situated outside of the state.

(9) A full and complete statement of the cost and actual present value of all buildings of every description owned by the company within the state.

(10) The total value of the personal property of the company situated outside of Oregon.

(11) The total length of the company's lines or operational routes, the length of its lines or operational routes within the State of Oregon, and also the length of its lines or operational routes without the State of Oregon, including those which the company controls or uses as owner, lessee or otherwise.

(12) A statement of the number of wire, pipe, pole or operational miles, and miles of main and branch railroad lines, double track, spurs, yard tracks and sidetracks, owned or leased by the company in each county in this state, and each municipal subdivision thereof, stated separately.

(13) A statement in detail of the entire gross receipts and net earnings of the company from all sources, stated separately, for

the fiscal year next preceding the date of the report.

(14) The other facts or information the commission requires in the form of return prescribed by it.

308.530 Company not relieved from making other reports. The statements provided for in ORS 308.505 to 308.660 shall not relieve the company from making any other report or statement required by law to be made to any other commission, board or officer.

308.535 Extension of time for making reports or statements; proceeding in case of failure or refusal to furnish statement or information. The commission, for good cause, may allow a reasonable extension of time for filing any report or statement required in ORS 308.505 to 308.660. If a company fails to make any statement or furnish any information required by ORS 308.505 to 308.660, the commission shall inform itself as best it may as to the matters necessary to be known in order to discharge its duties with respect to the property of the company.

308.540 Commission to prepare assessment roll; date as of which value assessed; when roll final. The State Tax Commission shall prepare each year an assessment roll, in which shall be assessed, as of January 1 at 1:00 a.m. of such year, the true cash value of all the properties of the several companies subject to taxation under ORS 308.505 to 308.660. The assessment roll shall not be final until reviewed as provided in ORS 308.580 to 308.610.

308.545 Mode of valuing property. For the purpose of arriving at the amount and character and true cash value of the property belonging to a company, the commission personally may inspect the property, and may take into consideration the statements filed under ORS 308.505 to 308.660, the reports, statements or returns of the company filed in the office of any board, office or commission of this state, or any county thereof, the earning power of the company, the franchises and special franchises owned or used by the company, and such other evidence of any kind that is obtainable bearing thereon. However, no report, statement or return shall be conclusive upon the commission in arriving at the amount and character and true cash value of the property belonging to the company.

308.550 Valuing property of company operating both within and without state.

(1) When a company owns, leases, operates over or uses rail, wire, pipe or pole lines, operational routes or property within and without this state, if the commission values the entire property within and without this state as a unit, it may ascertain the property subject to taxation in Oregon by the proportion which the number of miles of rail, wire, pipe or pole lines or operational routes in Oregon, controlled or used by the company, as owner, lessee, or otherwise, bears to the entire mileage of rail, wire, pipe or pole lines or operational routes controlled or used by the company, as owner, lessee, or otherwise.

(2) If the value of any property having a situs in this state, of a company operating both within and without the state, cannot fairly be determined in the manner prescribed in subsection (1) of this section, the commission may use any other reasonable method to determine the proper proportion of the entire property assessable for taxation in this state.

(3) The true cash value of the property of a water transportation company apportioned or allocated to Oregon shall not reflect so much of the value of its watercraft as is fairly attributable to voyages made by such watercraft exclusively on the high seas or between inland water ports or termini and the high seas. Voyages made to Oregon ports for the sole purpose or purposes of picking up or discharging company personnel, making repairs, refitting, or taking on supplies shall not be used for allocation or apportionment purposes. [Amended by 1955 c.735 §2]

308.555 Unit valuation of property. The commission, for the purpose of arriving at the true cash value of the property assessable by it, may value the entire property, both within and without the State of Oregon, as a unit. If it values the entire property as a unit, either within or without the State of Oregon, or both, the commission shall make deductions of the property of the company situated outside the state, and not connected directly with the business thereof, as may be just, to the end that the fair proportion of the property of the company in this state may be ascertained. If the commission values the entire property within the State of Oregon as a unit, it shall make deductions of the property of the company situated in Oregon, and assessed by the county assessors, to an

amount that shall be just. For that purpose the county assessors shall, if the commission so requests, certify to the commission the assessed value of the property of the companies assessable by them, but such certification of assessed value is intended to be advisory only and is not conclusive upon the commission.

308.560 Contents of assessment roll; description of property; effect of errors, mistakes and omissions.

(1) Upon the assessment roll shall be placed, after the name of each of the companies assessed under ORS 308.505 to 308.660, a general description of the properties of the companies, which shall be deemed to include all the properties of the companies liable to assessment for taxation under ORS 308.505 to 308.660, owned, leased, or occupied by them, whether as owner, lessee, occupant, or otherwise. The description may be in the language contained in ORS 308.510, or otherwise, or may refer to an order of the State Tax Commission containing such description, which order shall constitute a public record.

(2) No assessment shall be invalidated by a mistake in the name of the company assessed or by an omission of the name of the owner, or the entry of a name other than that of the true owner, if the property is generally correctly described. If the name of the true owner, or the name of the owner of record, lessee, or occupant of any property assessable under ORS 308.505 to 308.660 is given, the assessment shall not be held invalid on account of any error or irregularity in the description, if the description would be sufficient in a deed or conveyance from the owner, or on account of which in a contract to convey, a court of equity would decree a conveyance to be made, reading the description in connection with the definition of property assessable under ORS 308.505 to 308.660.

(3) Whenever possible, there shall be placed on the assessment roll, under the name of the company, in a proper column, the aggregate track mileage, miles of wire, pipe or pole line or of operational route, as the case may be, within the State of Oregon.

308.565 Apportionment of assessment between counties.

(1) For the purpose of determining the respective amounts of the assessment of any company, under ORS 308.505 to 308.660, that shall be apportioned to the several counties in this state, into or through which the rail lines of the company

extend or are operated, the State Tax Commission shall multiply the values per mile, as ascertained pursuant to ORS 308.570, of the several main and branch lines by the number of miles of such main and branch lines, respectively, including miles of main tracks, spurs, yard tracks and sidetracks, in each of the counties, as reported by the company, or as otherwise ascertained and determined by the commission.

(2) Values distributed over wire, pipe or pole lines or operational routes shall be apportioned to the counties in which the lines or routes are situated by multiplying the rate per mile in each case, determined pursuant to ORS 308.575, by the number of miles of the wire, pipe or pole lines or operational routes in each county, respectively.

(3) If the property of any company assessable under ORS 308.505 to 308.660 is of such a character that its value cannot reasonably be apportioned on the basis of rail, wire, pipe, pole line or operational route mileage, the commission may adopt such other method or basis of apportionment to the county or counties in which the property is situated as may be feasible and proper.

(4) As determined by the commission values of electric power plants and water powers, connected with or used in the operation and business of any company, assessable under ORS 308.505 to 308.660, may be apportioned to the counties in which the same are situated, in such manner as the commission deems reasonable and fair.

(5) Assessments of aircraft companies shall be allocated and apportioned to those counties only in which the aircraft companies make service landings.

(6) Assessments of water transportation companies shall be allocated and apportioned to those counties in which such companies use or maintain ports or termini including off-shore anchorages; but, for the purposes of ORS 308.505 to 308.660, the taxing districts to which assessments are apportioned by the county assessor shall be deemed to extend to the center of any river channel or to the ocean bar.

308.570 Determining value per mile of main and branch lines of companies using rail lines. In the assessment of the property of any company conducting transportation or operating over rail lines, except any sleeping car, refrigerator car, tank car or private car company, the true cash value of whose personal property is less than \$100,000, the

State Tax Commission shall determine the value of each branch line of the company situated within this state and the mileage of such branch line, including miles of main tracks, spurs, yard and sidetracks, and shall determine the values per mile of such branch line by dividing its value by the mileage thereof. The commission shall deduct the total amount so determined as the value of branch lines from the total value of the property of the company, assessable under ORS 308.505 to 308.660, and shall determine the values per mile of the main line of such company by dividing the remainder by the number of miles of the main line, taking into consideration miles of main tracks, spurs, yard and sidetracks. Each mile of spurs, yard and sidetracks shall be valued at not to exceed 50 percent of the value per mile assigned to the main track of the branch or main line with which they are connected.

308.575 Determining value per mile of property of companies using wire, pipe or pole lines or operational routes. In the assessment of the property of any company owning, operating over or using wire, pipe or pole lines or operational routes, the value thereof may in the discretion of the commission be apportioned over the wire, pipe or pole lines or operational routes in such manner and at such rate or rates per mile as the commission shall determine to be reasonable and fair.

308.580 Notice of meeting to review assessment roll; persons interested to appear.

(1) The State Tax Commission shall give public notice by three weekly publications in some newspaper printed at the state capital, setting forth that it will attend in its office at the capital of the state on the second Monday in June and publicly examine the assessment roll made by it and review the same, and correct all errors in valuation, description, quantities or qualities of property by it assessable and in apportionments of assessments made by it.

(2) The persons and companies interested shall appear at the time and place appointed. Proof of the notice may be made by affidavit as by law provided, filed with the secretary of the commission on or before the day on which the commission shall convene.

308.585 Meeting of commission; duty to have roll. The commission shall meet in its

office at the capital of the state on the second Monday of June in each year and shall then have before it the assessment roll made by it as prescribed in ORS 308.540 to 308.575.

308.590 Review and correction of roll; changing apportionment to county not assessing at true cash value. (1) The State Tax Commission shall:

(a) Review, examine and correct the assessment roll made by it.

(b) Increase or reduce the valuation of property therein assessed so that the valuation is the true cash value of the property.

(c) Assess omitted taxable property by it assessable, in the manner provided in subsection (3) of this section.

(d) Correct errors in apportionments of assessments therein.

(2) If it appears to the commission that there is any real or personal property which, by law, it is permitted to assess, which has been by it assessed twice, or incorrectly assessed as to description, quantity or quality, or assessed in the name of a person or company not the owner, lessee or occupant thereof, or assessed under or beyond the actual true cash value thereof, or which is not assessable by the commission but which has been assessed by it, the commission may make proper corrections of the roll.

(3) If it appears to the commission that any real or personal property which is assessable by it has not been assessed upon the assessment roll, the commission shall assess such property at the true cash value thereof.

(4) If it appears to the commission that the property in any county as assessed by the county assessor and equalized by the county board of equalization has been assessed at other than its true cash value, the commission shall change the apportionment of property within that county assessable by the commission in a like proportion.

308.595 Notice to show cause against increase in valuation; notice of amount of assessment; petitions for reduction or change of apportionment or correction of assessment. (1) The State Tax Commission, while sitting for the purpose of reviewing and apportioning the assessment roll, shall not increase the valuation of any property on the assessment roll without giving to the company or person in whose name it

is assessed at least six days' written notice to appear and show cause, if any there be, why the valuation of the assessable property of such company or person, or some part thereof, to be specified in the notice, shall not be increased; but a notice shall not be necessary if the person or company appears voluntarily before the commission, and is there notified by a member of the commission that the property of the person or company, or some specified part thereof is, in the opinion of the commission, assessed below its true cash value.

(2) Not later than 20 days prior to the day the commission is required by law to meet as a board of review, it shall mail to each company assessed by it notice of the amount it has placed or intends to place on the roll as the assessment of the company's property. The notice shall be mailed to the last known address of the company. Failure of the commission to mail such notice shall not invalidate any assessment. From and after the date of such notice the commission shall maintain in its office at Salem for the inspection of the company the tentative apportionment of its assessment to the several counties. Applications for the reduction or change of apportionment or for the correction of a particular assessment shall be made by petition in writing, verified by the oath of the applicant, its president, secretary, managing agent or attorney in fact. The petition shall state the specific grounds for relief. The petition shall be filed with the commission on or before the day the commission is required by law to meet as a board of review; provided, that the failure of the commission to mail the notice provided for hereunder shall extend the time for filing a petition for an additional 10 days. Unless a petition is so made, verified and filed, it shall not be considered or acted upon by the commission. [Amended by 1955 c.735 §3]

308.600 Continuing sessions; when examination to be completed and when deemed complete. The commission, sitting for the purpose of reviewing and apportioning the assessment roll, shall continue its sessions from day to day, exclusive of Sundays and legal holidays, until the examination, review, correction, equalization and apportionment of the roll is completed; but the commission shall complete the examination, review, correction, equalization and apportionment within one month from the time it is by

law required to meet. Unless sooner completed, at the expiration of one month from the time the commission is required to meet under ORS 308.585, the examination, review, correction, equalization and apportionment of the assessment roll shall be deemed to be complete.

308.605 Entry of corrections and changes; record of meetings. (1) Corrections, additions to or changes in the roll shall be entered in a column therein, headed substantially, "as reviewed," and the entries in such column shall be the record of the action of the commission.

(2) The meetings, sittings and adjournment of the commission, sitting for the purpose of review, shall be recorded in its journal.

308.610 Oath of commissioners upon completion of review. Upon completion of the review of the roll as provided in ORS 308.580 to 308.605, the members of the State Tax Commission shall take and subscribe to an oath similar to the oath required for assessors under ORS 308.320. The oath shall be filed with the Secretary of State.

308.615 Keeping roll on file as public record. The roll, when examined, reviewed, corrected, equalized and apportioned, shall be kept on file in the office of the State Tax Commission as a public record.

308.620 Appeal from action of the commission. (1) Any person or company assessed under ORS 308.515 who has petitioned the commission pursuant to ORS 308.595, or whose assessment has been increased by the commission, sitting for the purpose of review, and who is aggrieved by the action of the commission, may appeal therefrom to the circuit court.

(2) If the appeal is taken by:

(a) An individual who is resident in this state, it shall be taken to the circuit court of the county where the individual resides.

(b) An individual who is a nonresident of the state, it shall be taken to the circuit court of the county in which the capital of the state is situated.

(c) A corporation, it shall be taken to the circuit court of the county in which the principal place of business, if a domestic corporation, or residence of the managing agent or attorney in fact, if a foreign cor-

poration, may be. [Amended by 1955 c.735 §4]

308.625 Manner of taking and perfecting appeal. The appeal shall be taken and perfected in the following manner, and not otherwise:

(1) The party appealing from the action of the commission shall cause a notice, signed by himself, itself or attorney, to be filed with the secretary of the commission within 30 days, excluding Sunday, from the time the review of the assessment roll is completed. The notice of appeal shall state the specific grounds of appeal.

(2) Within 10 days of the giving of the notice the party, to be known as the appellant, shall file with the clerk of the circuit court for the proper county a transcript of the petition for reduction of assessment or so much of the record of the commission as may be necessary intelligently to present the questions to be decided by the circuit court, together with a copy of the order or action taken by the commission, the notice of appeal and the affidavit or proof of service of the filing thereof. Thereafter, the circuit court shall have jurisdiction of the matter, but not otherwise. [Amended by 1955 c.735 §5]

308.630 Hearing and determination; collection of taxes not stayed by appeal; costs and disbursements. (1) The appeal shall be heard and determined by the circuit court in a summary manner and shall be determined as a suit in equity, except as otherwise provided in this section. Either the appellant or any county to which any portion of the assessment complained of is or may be apportioned, as appellee, shall be entitled to the compulsory attendance of witnesses and to the production of books and papers. If, upon the hearing, the court finds the amount at which the property was finally assessed by the commission is its true cash value and that the assessment and apportionments to the State of Oregon and among the several counties were made fairly and in good faith, it shall approve the assessment; but if the court finds that the assessment was made at a greater or less sum than the actual true cash value of the property, or if the assessment or apportionments were not fairly or in good faith made, it shall set aside the assessment and determine the actual true cash value. The court shall hear and determine such other issues as are raised by the appeal. A certified copy of

the order or judgment of the circuit court is sufficient warrant for the apportionment, levying and collecting of taxes against such property and upon such valuation so determined.

(2) No proceedings for the apportionment, levying or collection of taxes against any property shall be stayed by reason of the taking or pendency of any appeal from the commission. If the assessment is lowered by the court on appeal, the tax collectors of the several counties shall refund to the person or company paying the taxes on the property any excess of taxes collected, and the tax collector shall be reimbursed therefor by the several municipalities to which he has disbursed the excessive collections. If the assessment is increased by the court on appeal, the property shall be liable for the deficiency on the amount of the increased valuation. If any reapportionment as between counties is made by the court on appeal, corresponding adjustments shall be made by the tax collectors of the counties affected.

(3) The provisions of law governing costs and disbursements on appeal are applicable to the appeal. Payment of taxes while appeal is pending shall not operate as a waiver of the appeal or the right to a refunding of taxes found to be excessively assessed. [Amended by 1955 c.735 §6]

308.635 When assessment complete; certifying to assessors; apportioning by assessor; levy and collection of taxes. (1) The assessment roll having been reviewed by the State Tax Commission, the assessments therein shall be deemed complete.

(2) Except as otherwise provided in ORS 308.640, the commission thereupon shall certify to the assessor of each county in which the property of any company so assessed is situated, the number of miles of main and branch lines of the company, including miles of main tracks, spurs, yard and sidetracks, or the number of miles of wire, pipe or pole lines or operational routes, as the case may be, and the value or values thereof apportioned to such county. The assessor shall apportion the amount or amounts so certified to the municipal corporations and taxing districts of the county by multiplying the value per mile of each such main and branch rail line, and of spurs, yard and sidetracks connected therewith, or the value per mile of each wire, pipe or pole line or operational route by the

mileage thereof in each of such municipal corporations and taxing districts, and shall enter the assessments so certified and apportioned in the assessment roll last equalized by the county board of equalization.

(3) The value of any property assessed by the commission and apportioned on a basis other than that of rail, wire, pipe or pole line mileage or operational route mileage, shall be certified in similar manner to the county assessor and shall be entered by him in the county assessment roll, with allocation to the municipal corporations and taxing districts in which such property is situated.

(4) Taxes shall be levied and collected on assessments of properties so made, certified and apportioned in the same manner as taxes on other properties are levied and collected and at the same time and by the same officers.

308.640 Procedure where true cash value of certain car companies is less than \$100,000. (1) When the assessment of the

personal property of any sleeping car, refrigerator car, tank line or private car company, made and equalized by the State Tax Commission, is in a true cash value of less than \$100,000, the commission shall determine the assessed value thereof by multiplying such true cash value by the average ratio of assessed value to true cash value of all properties in the state, as computed and determined by the commission for the current year. The commission then shall determine the tax to be charged on the property covered by each such assessment by applying to the assessed value thereof the average tax rate in the state for the current year, applying to the assessed values of the personal properties of all other sleeping car, refrigerator car, tank line and private car companies, as compiled and determined by the commission for such year. The State Tax Commission hereby is empowered to charge, levy and collect the tax so determined on the personal property of any such company having a taxable situs in this state. Each tax so charged and levied shall constitute a lien as of July 1 of the year of assessment on all the personal property of the company within this state and shall be payable in the same manner, at the same due dates and with the same rates of discount or interest provided by law in respect to taxes on personal property payable in the several counties. In collecting such taxes the State

Tax Commission may pursue any or all of the rights, remedies or processes provided by law for the collection of delinquent taxes on personal property, and in connection therewith, the commission shall have, in any county, the power and authority of the sheriff and tax collector thereof.

(2) All moneys collected by the commission under this section shall be remitted to the sheriffs of the several counties in the same proportion that taxes levied and apportioned to each county upon the cars of subject companies having a true cash value exceeding \$100,000 bears to the total amount of taxes levied upon the cars of such companies. The taxes so received by the sheriffs shall be paid over to the county treasurer for credit to the general fund of the county.

(3) Real property of such companies shall be apportioned to the several counties according to the situs thereof. [Amended by 1955 c.208 §1]

308.645 Reports by companies of mileage to county assessors. Each county assessor may require, and it is hereby made the duty of the several persons or companies liable to assessment under ORS 308.505 to 308.660 to furnish, reports to the county assessor, under oath, showing the length in each city, town, school district, road district, port or other municipal taxing agency or district in the county, of main and branch railroad lines, and of main tracks, spurs, yard tracks and sidetracks and also of wire, pipe or pole lines and operational routes.

308.650 Companies to maintain principal office and agent within state. Every company specified in ORS 308.515, doing business as such within this state, shall establish and maintain at some fixed point within the state a principal office and shall maintain thereat a secretary or managing agent.

308.655 Rules and regulations. The State Tax Commission may prescribe directions, rules and regulations to be followed in answering any requirement of ORS 308.505 to 308.660.

308.660 Retroactive effect. Chapter 586, Oregon Laws 1951, [ORS 308.505 to 308.655] shall be given effect retroactively to include the tax year commencing on, and the assessment date of, January 1, 1951.

308.665 to 308.800 [Reserved for expansion]

GROSS EARNINGS TAX ON MUTUAL OR COOPERATIVE DISTRIBUTION SYSTEMS

308.805 Mutual and cooperative electric distribution systems subject to tax on gross earnings. Every association of persons, wholly mutual or cooperative in character, whether incorporated or unincorporated, the principal business of which is the construction, maintenance and operation of an electric transmission and distribution system for the benefit of the members of such association without intent to produce profit in money and which has no other principal business or purpose shall, in lieu of all other taxes on such transmission and distribution lines, pay a tax of two percent on all gross earnings derived from the sale and distribution of electric energy; provided, that this gross revenue tax shall not include or apply to any parcel of land or buildings owned by such association, which land or buildings shall be assessed by the State Tax Commission in accordance with law. Such gross revenue tax shall not apply to revenue derived from any source other than income derived from the sale and distribution of electric energy.

308.810 Return showing gross earnings; payment of tax. Every association referred to in ORS 308.805 shall, at the time it forwards to the State Tax Commission its report of real property owned by it, also make a return to the commission, in form prescribed by the commission, showing the amount of all its gross earnings derived from the sale and distribution of electric energy during the calendar year preceding the making of such return, and shall compute and forward with such return the tax levied by ORS 308.805 at the rate of two percent on such gross earnings.

308.815 Examination of return by commission; apportioning tax to counties. The State Tax Commission shall examine and determine as to the correctness of the return and taxes on the association's gross earnings forwarded pursuant to ORS 308.810 and if found correct shall thereupon remit the tax so received to the sheriffs of the counties in which the association transacts business in proportion to the number of miles of electric transmission and distribu-

tion lines in each of such counties. The taxes so received by the sheriffs of the respective counties shall be paid over to the county treasurer to the credit of the general fund of the county.

308.820 Tax as a lien; delinquency date; action by commission to collect. (1) All taxes levied under ORS 308.805 shall be a debt due and owing from the association and shall be a lien on all the property, real and personal, of such associations from February 1 of each year. Interest shall be charged and collected on any taxes not paid when due at the rate of two-thirds of one percent per month or fraction of a month until paid. Such taxes shall be delinquent if not paid before February 1 of the year following the due date thereof.

(2) The State Tax Commission shall enforce collection of the taxes levied under ORS 308.805 and immediately after the delinquency date thereof shall institute an action for the collection of such taxes, together with interest, costs and other lawful charges thereon. The commission shall have the benefit of all laws of this state pertaining to provisional remedies against the properties, either real or personal, of such associations, without the necessity of filing either an affidavit or undertaking, as otherwise provided by law.

308.825 to 308.985 [Reserved for expansion]

The penalty shall be recovered by the Attorney General, in the name of the state, by action in any court of competent jurisdiction.

The penalty shall be recovered in a proper action brought in the name of the State of Oregon in any court of competent jurisdiction.

CERTIFICATE OF LEGISLATIVE COUNSEL

Pursuant to ORS 173.170, I, Sam R.
