The physician member of a commission shall certify in writing to the commission not less than six hours before the time of the competition that the applying competitor is physically fit to participate in a given boxing competition. Upon the filing of the physical certificate and the registration, each applying competitor shall be provided by the secretary of the commission with a written permit to participate in the competition. The permit shall be valid for one competition only.

463.070 to 463.100 [Reserved for expansion]

463.110 Boxing and wrestling commissions; creation; tenure; compensation. (1) There are created boxing and wrestling commissions. A commission shall be created by the mayor and council of the city or town where the commission is to have control and jurisdiction, upon application by a written petition signed by not less than 50 taxpayers or citizens of such city or town.

(2) A commission shall be appointed by the mayor and council and shall consist of not more than five nor less than three citizens of said city or town whose terms of office shall be for one year from the date of their appointment, or until their successors shall be appointed.

(3) The commissioners shall serve without salary or compensation and shall be subject to removal from office at any time during their tenure for such reason as the mayor and council may deem good and sufficient.

(4) At least one member of the commission shall be a reputable licensed practicing physician.

463.120 Jurisdiction, powers, duties and functions of commissions. (1) The commissions shall have jurisdiction over all boxing and wrestling competitions within the county

in which they are located. However, where two or more commissions exist within one county, the commission nearest to the point of the proposed competition shall have jurisdiction.

(2) The commissions shall have general supervision and control over all matters pertaining to boxing competitions within their respective jurisdictions and power to carry out the provisions of this chapter.

(3) The commissions may:

(a) At all times make rules and regulations not in conflict with this chapter under which all boxing competitions shall be conducted.

(b) License referees, managers, boxers and seconds and collect such fees as they deem just and reasonable.

(c) Hold boxing competitions at such times and places as they deem right and proper.

No person other than a person of the male sex shall participate in or be licensed to participate in any wrestling competition or wrestling exhibition.

(2) The commission shall collect a fee of six percent from the gross receipts of each competition. The secretary shall check the gross receipts and collect the six percent fee after each wrestling competition. [Amended by 1955 c.426 §1]

463.140 Appointment of matchmakers and officials for the competition; persons who may not have interest in outcome of bouts. (1) The commission shall appoint one or more competent matchmakers who shall arrange boxing competitions. A matchmaker shall be compensated for his services by the commission with such compensation as the commission deems reasonable.

(2) Each commission may appoint officials or referees to have sole jurisdiction over each competition for its duration and who shall render final decisions in all bouts.

(3) No referee or member of a commission shall manage any competitor or make wagers upon the outcome of any competition, such act being good and sufficient reason for immediate removal of the referee or member.

463.150 Secretary; appointment and removal; term; duties and functions; salary.

(1) Each commission may appoint, and for cause remove, a secretary to the commission. The secretary shall hold office for one year, unless sooner removed for cause by the commission.

Disobedience of such subpoenas and false swearing before such secretary shall be attended by the same consequences and be subject to the same penalties as if such disobedience or false swearing occurred in an action in said circuit court.

(3) The secretary of the commission shall be entitled to receive an annual salary of not less than \$100 per year, and not to exceed \$3,000 per year, all within the discretion of the commission.

463.160 Advisory board to the boxing commissions. The Governor, Secretary of State and Attorney General shall act as a state advisory board when questions involving the commissions arise. The city attorneys of the respective cities or towns shall have the sole power to present to the advisory board such questions as they may deem necessary for the consideration of the said board, which shall have the sole discretion in passing on such questions.

463.170 Use of receipts from boxing or wrestling matches. All net receipts from each competition shall automatically create a civic emergency fund of which the treasurer of the city or town where the commission has the control and jurisdiction shall be the sole custodian and which shall be distributed

by the mayor or council for charitable purposes; provided, that not less than 60 percent of such receipts shall be distributed among nationally recognized veterans' organizations, in proportion to their membership in good standing. However, no moneys shall be paid into the civic emergency fund until a general sinking fund, in such amount as is deemed adequate, has been established in the name of the commission from which necessary expenses shall be paid by its secretary or treasurer. The general sinking fund shall at all times be maintained before any moneys are paid into the civic emergency fund.

463.180 Expenditures; reimbursement of competitors. (1) The commission shall pay from the sinking fund provided in ORS 463.170 such expenses as telegraph and telephone tolls, stamps, newspaper and general advertising and such other expenses as it deems necessary.

The first part of the document discusses the importance of maintaining accurate records of all transactions. It emphasizes that every entry, no matter how small, should be carefully documented to ensure the integrity of the financial data. This includes recording dates, amounts, and the nature of the transactions.

The second part of the document outlines the procedures for reconciling the accounts. It states that the accounts should be reconciled at the end of each month to identify any discrepancies. This process involves comparing the internal records with the bank statements and ensuring that they match. If there are any differences, the reasons should be investigated and corrected.

The third part of the document describes the process of preparing the financial statements. It notes that the statements should be prepared on a regular basis, typically at the end of each quarter. This includes the balance sheet, the income statement, and the cash flow statement. Each statement should provide a clear and concise summary of the financial performance of the organization.

The fourth part of the document discusses the importance of maintaining proper documentation for all financial transactions. It states that all receipts, invoices, and other supporting documents should be kept in a secure and organized manner. This is essential for providing evidence in the event of an audit or a dispute.

The fifth part of the document outlines the responsibilities of the financial staff. It states that the staff should be trained in the proper use of the accounting system and should be held accountable for the accuracy of the records. Regular training and supervision are necessary to ensure that the staff is up-to-date on the latest accounting practices.
