566.210 Agricultural institutes. (1) The State Board of Higher Education may hold institutes for the instruction of citizens of this state in the various branches of agriculture at such times and at such places as the board may direct. The board shall make such rules and regulations as it deems proper for organizing and conducting the institutes, and shall employ an agent or agents to perform such work in connection therewith as it deems best.

(2) The course of instruction at the institutes shall be so arranged as to present to those in attendance results of the most recent investigations in theoretical and practical agriculture.

566.220 Extension and field work by Oregon State College. Oregon State College may engage in, conduct and encourage educational extension, demonstration and field work in all or any of the several counties of the state, the same to include agriculture, horticulture, dairying, domestic science and other industries. It shall be conducted by means of instruction in the established schools of the state and by itinerant schools, farmers' institutes, local clubs, demonstration trains, exhibits at state, county and other fairs and expositions, and otherwise in such manner as may from time to time be deemed expedient by the college.

566.230 [Repealed by 1955 c.771 §1]

Note: The repeal of ORS 566.230 takes effect on December 31, 1955. Until December 31, 1955, such section, as compiled in the 1953 edition, will remain in effect.

566.240 Appropriation by county court for field and demonstration work; matching state funds; maximum state appropriation.

(1) Any county court may provide and appropriate funds for use in and about agricultural or farm demonstration and field work in its county, either by special provision in the annual tax levy of such county or by appropriation of funds not otherwise appropriated. The funds shall be expended subject to the supervision of Oregon State College.

(2) For each dollar so provided by such county, there is appropriated in addition to the appropriation provided for in ORS 566.230, the sum of \$1, to be paid out of any moneys in the General Fund not otherwise appropriated and to be available when the Secretary of State has been advised by the certificate of the county court of such county that such provision has been actually made. However, in no event shall the total amount so appropriated to any one county having an area of 5,000 square miles or less exceed \$2,000 during any one year nor shall the total amount appropriated to any larger county exceed \$4,000 during any one year.

566.250 Contiguous counties may form districts for field and demonstration work; benefits to counties when part of district not allowed. In order to obtain or increase the benefits to be derived from the provisions in ORS 566.220 to 566.260, any two or more contiguous counties may unite in the formation of a district. Each district so formed shall be regarded for the purposes of those sections as a single county, and shall be entitled to the same benefits under those sections as if such district were in fact one county. No county included in any such district shall, as a county, be entitled to any benefits provided for in ORS 566.220 to 566.260 so long as the district of which such county is a part receives such benefit.

566.260 State Treasurer may receive funds from other sources; expenditure. The State Treasurer is authorized to receive from the crop improvement committee of the City of Chicago, Illinois, and from other sources whenever and wherever the same may be available, moneys to be applied and expended under the supervision of Oregon State College in aid of all or any of the purposes provided for in ORS 566.220 to 566.250. All such sums are appropriated for

those purposes. Any sums so received shall be in addition to any other benefits to be derived by such county under ORS 566.220 to 566.250 and shall be paid out in the same manner as other funds appropriated by ORS 566.230 and 566.260.
