656.004 Preamble to workmen's compensation law. The State of Oregon recognizes that the prosecution of the various industrial enterprises which must be relied upon to create and preserve the wealth and prosperity of the state involves the injury of large numbers of workmen, resulting in their par-

tial or total incapacity or death, and that under the rules of the common law and the provisions of the statutes now in force an unequal burden is cast upon its citizens, and that in determining the responsibility of the employer on account of injuries sustained by his workmen, a great and unnecessary cost is now incurred in litigation which cost is divided between the workmen, the employers and the taxpayers, who provide the public funds, without any corresponding benefit, to maintain courts and juries to determine the question of responsibility under the law as it now exists, and that the state and its taxpayers are subjected to a heavy burden in providing care and support for such injured workmen and their dependents, and that this burden should, in so far as may be consistent with the rights and obligations of the people of the state, be more fairly distributed as provided in ORS 656.002 to 656.590.

656.006 Effect on employers' liability law. ORS 656.002 to 656.590 do not abrogate the rights of the employe under the present employers' liability law, in all cases where the employe, under ORS 656.002 to 656.590 is given the right to bring suit against his employer for an injury.

656.008 Extension of laws relating to workmen's compensation to federal lands and projects within state. Where not inconsistent with the Constitution and laws of the United States, the laws of this state relating to workmen's compensation and the duties and powers of the State Industrial Accident Commission hereby are extended to all lands and premises owned or held by the United States of America by deed or act of cession, by purchase or otherwise, which are within the exterior boundaries of the State of Oregon and to all projects, buildings, constructions, improvements and all property belonging to the United States within the exterior boundaries of the State of Oregon in the same way and to the same extent as if said premises and property were under the exclusive jurisdiction of the State of Oregon.

Such employer shall be entitled to none of the benefits of ORS 656.002 to 656.590 and shall be liable for injuries to or death of his workmen, which are occasioned by his negligence, default or wrongful act as if such statutes had not been passed. (1) The commission may insure employers against their liability for compensation under that certain Act of the Congress, approved March 4, 1927, known as the Longshoremen's and Harbor Workers' Compensation Act or any Act amendatory or supplementary thereto or in lieu thereof, as fully as any private insurance carrier, if such employers are subject to the workmen's compensation law of this state.

(2) The commission may, from time to time, fix rates of contributions to be paid by such employers. These rates shall be based upon the hazard of the occupation and the accident experience of the employers. The commission may require a minimum annual premium from any such employer. The commission may collect contributions from employers insured under this section in the manner provided by ORS 656.002 to 656.590 for the collection of contributions from other employers who may be subject to the workmen's compensation law of this state.

(3) All claims for compensation and other costs arising from such insurance shall be paid from the Industrial Accident Fund.

(4) The commission or any employer may cancel any insurance coverage issued under this section by giving notice as required by the Longshoremen's and Harbor Workers' Compensation Act, or the rules or regulations made in pursuance thereof.

656.046 to 656.050 [Reserved for expansion]

656.052 Employers engaged in hazardous occupations to file statement with commission giving address and description of occupation; effect of failure to do so. (1) No person subject to ORS 656.002 to 656.590 shall engage as an employer in any of the hazardous occupations enumerated in ORS 656.084, unless and until the employer has filed with the commission a statement in writing, giving the name and address of the employer and describing the hazardous occupation in which the employer is engaged or proposes to engage.

(2) If the name or address of an employer is changed, the employer shall, within

30 days of such change, file an amended statement setting forth the correct name and address of the employer.

(3) If an employer who has given the notice required in this section as to any occupation, or who is a contributor to the Industrial Accident Fund upon a nonhazardous occupation, engages in a hazardous occupation incidental to such occupation, the notice required in this section need not be given. If an employer engages in a hazardous occupation separate from such occupation, the notice required in this section shall be given.

(4) An employer who has not employed workmen in a hazardous occupation for a period of 18 months, and who resumes such hazardous occupation, shall give the notice required by this section.

(5) No employer shall engage in a hazardous occupation if the statement required by this section has not been filed.

(6) Any employer who engages in a hazardous occupation, as defined in ORS 656.082 to 656.086, in violation of this section, is not entitled to the benefits or protection of ORS 656.002 to 656.590.

656.054 Liability of employer for injuries arising prior to filing of the notice under ORS 656.052. (1) If a workman of an employer engaged in a hazardous occupation receives an accidental injury prior to the time the employer has filed with the commission a notice of engaging in a hazardous occupation, as required by ORS 656.052, and such workman or other beneficiaries file a claim for compensation with the commission on account of said injury, the cost of such claim to the Industrial Accident Fund shall be a claim against the employer. The commission shall recover such claim from the employer for the benefit of the Industrial Accident Fund.

(2) If a workman appeals from an order of the commission in any claim in which the alleged accident occurred before the employer filed with the commission the notice required by ORS 656.052, the commission forthwith shall serve upon the employer a copy of the complaint and a demand that the employer intervene in the appeal as a party defendant. Such service shall be made in the manner provided by law for the service of summons. The employer may intervene in the appeal as a party defendant within 20 days after the service of the complaint or within such further time as may

be allowed by order of the court. If the employer does not intervene in the appeal, the court shall have jurisdiction of such employer to the same extent as if he had intervened.

656.056 Employers in hazardous occupations to display notice of participation or nonparticipation; unauthorized posting prohibited. (1) All employers engaged in hazardous occupations as defined in ORS 656.082 to 656.086 shall display in a conspicuous manner about their works, and in a sufficient number of places reasonably to inform their workmen of the fact, printed notices furnished by the commission stating that they are or are not, as the case may be, contributors to the Industrial Accident Fund.

(2) If the election of an employer to contribute to the Industrial Accident Fund has been canceled or if an employer has elected not to contribute to the Industrial Accident Fund or if an employer has failed to give the notice required by ORS 656.052, the employer shall no longer post or permit to remain on or about his place of business or premises any notice that he is a contributor to the Industrial Accident Fund.

### WORKMEN COVERED

**656.122** Who are workmen generally. If an employer is subject to ORS 656.002 to 656.590 as to any occupation, all workmen employed by him in such occupation are subject to ORS 656.002 to 656.590 as workmen, but not otherwise.

656.124 Status of workmen employed by contractor. If any person engaged in a business and subject to ORS 656.002 to 656.590 as an employer, in the course of such business, lets a contract the principal purpose of which is the performance of labor, such labor to be performed by the person to whom the contract was let or by such person with the assistance of others, all workmen

engaged in the performance of the contract are deemed workmen of the person letting the contract, if the person to whom the contract was let was not engaged in a separate business involving the occupation covered by the contract at the time of commencing the performance of the contract.

656.126 Coverage of workmen injured while temporarily absent from this state; agreements between states relating to conflicts of jurisdiction. (1) If a workman employed to work in this state and subject to ORS 656.002 to 656.590 temporarily leaves the state incidental to such employment and receives an accidental injury arising out of and in the course of his employment, he is entitled to the benefits of ORS 656.002 to 656.590 as though he were injured within this state, if at the time of the accident he was not subject to the workmen's compensation law of the jurisdiction in which he was injured.

(2) Whenever in any appeal or other litigation the construction of the laws of another jurisdiction is required, the courts shall take judicial notice thereof.

(3) If any such workman files, in the jurisdiction in which he is injured, a claim for an accidental injury and the claim is denied for the reason that he was not subject to the workmen's compensation law of such jurisdiction, he may file a claim for such injury under ORS 656.002 to 656.590 within 60 days after the order denying his claim became final.

(4) The State Industrial Accident Commission shall have authority to enter into agreements with the workmen's compensation agencies of other states relating to conflicts of jurisdiction where the contract of employment is in one state and the injuries are received in the other state, or where there is a dispute as to the boundaries or jurisdiction of the states and when such agreements have been executed and made public by the respective state agencies, the rights of workmen hired in such other state and injured while temporarily in Oregon, or hired in Oregon and injured while temporarily in another state, or where the jurisdiction is otherwise uncertain, shall be determined pursuant to such agreements and confined to the jurisdiction provided in such agreements. [Amended by 1955 c.723 §1]

656.128 Individual employers, firm members and corporate officers as workmen. (1) Any person who is an individual employer, or a member of a firm, or an officer of a corporation, subject to ORS 656.002 to 656.590 as an employer, may make written application to the commission to become entitled as a workman to the compensation benefits thereof. Thereupon, if, after investigation and examination of such applicant to determine the suitability of such applicant as an insurable risk, the commission finds him to be an insurable risk, the commission shall accept such application and fix a rate of contribution and a monthly wage at which such person shall be carried on the payroll as a workman.

(2) When the application is accepted and the rate and wage are fixed, such person may file the notice in writing with the commission of his election to contribute to the Industrial Accident Fund at the rate and upon the wage so fixed, and thereupon he shall be subject to the provisions and entitled to the benefits of ORS 656.002 to 656.590.

(3) The commission may, upon investigation and examination to determine insurability of the risk, reject or cancel any application or election previously filed by any person under this section. The commission shall accept, reject or cancel any applications or elections under this section by appropriate orders, to be served upon the persons making application in the manner provided for the making and serving of orders on claims in ORS 656.282.

(4) No claim shall be allowed or paid under this section, except upon corroborative evidence in addition to the evidence of the claimant.

(5) Any person becoming entitled to the benefits of ORS 656.002 to 656.590 as a workman under this section shall pay 30 cents per month as a workman's contribution and the employer shall contribute to the Industrial Accident Fund at the rate and upon the wage so fixed, and shall be entitled to a reduction of such contribution, as provided by ORS 656.510. However, if such person is injured while the employer is in default, after a written demand, as provided in ORS 656.560, he is not entitled to receive any compensation whatsoever under ORS 656.002 to 656.590 and such default shall automatically cancel the election of such person to become entitled as a workman to the benefits of ORS 656.002 to 656.590.

(6) Any person subject to ORS 656.002

88

to 656.590 as a workman as provided in this section may cancel such election by giving to the commission written notice. The cancelation shall become effective at 12 midnight on the day of filing the notice with the commission.

(7) An officer of a corporation shall not be deemed a workman of such corporation and entitled to the benefits of ORS 656.002 to 656.590 unless he complies with this section.

656.130 Members of employer's family and relatives of employer as workmen. (1) No person who is a relative of the employer or a member of the employer's family and who resides with the employer is entitled to the benefits of ORS 656.002 to 656.590 as a workman unless the employer has filed with the commission before the accidental injury a written application for the protection of such person as a workman.

(2) The application shall contain the name of such person and shall provide for a monthly wage, which wage shall be subject to approval by the commission, for the purpose of, and as a basis for, making contributions to the Industrial Accident Fund on such family member.

(3) Such application shall be deemed to be filed as of the time it is received by the commission.

656.132 Coverage of minors. (1) A minor working at an age legally permitted under the laws of this state is considered sui juris for the purpose of ORS 656.002 to 656.590. No other person shall have any cause of action or right to compensation for an injury to such minor workman, except as expressly provided in ORS 656.002 to 656.590, but in the event of a lump sum payment becoming due under ORS 656.002 to 656.590 to such minor workman, the control and management of any sum so paid shall be within the jurisdiction of the courts as in the case of other property of minors.

(2) If an employer subject to ORS 656.002 to 656.590 in good faith employed a minor under the age permitted by law, believing him to be of lawful age, and the minor sustains an injury or suffers death in such employment, the minor is conclusively presumed to have accepted the provisions of ORS 656.002 to 656.590. The commission may determine conclusively the good faith of such employer unless the employer had in his possession at the time of the accident resulting in such

§ 656.202

injury or death a certificate from some duly constituted authority of this state authorizing the employment of the minor in the work in which he was then engaged. Such certificate is conclusive evidence of the good faith of such employer.

(3) If the employer holds no such certificate and the commission finds that the employer did not employ such minor in good faith, the minor is entitled to the benefits of ORS 656.002 to 656.590, but the employer shall pay to the Industrial Accident Fund by way of penalty a sum equal to 25 percent of the amount paid out or set apart under such statutes on account of the injury or death of such minor, but such penalty shall not exceed \$500.

656.134 to 656.150 [Reserved for expansion]

# **COMPENSABLE INJURIES**

656.152 What are compensable injuries; right to compensation as in lieu of claim against employer. (1) Every workman subject to ORS 656.002 to 656.590 while employed by an employer subject to ORS 656.002 to 656.590 who, while so employed, sustains personal injury, or injury to prosthetic appliances by accident arising out of and in the course of his employment and resulting in his disability, or the beneficiaries of such workman, if the injury results in death, are entitled to receive from the Industrial Accident Fund the sums specified in ORS 656.002 to 656.590. The repair or replacement of prosthetic appliances so injured shall be provided subject to the approval of the commission.

(2) The right to receive such sums is in lieu of all claims against his employer on account of such injury or death, except as otherwise specifically provided in ORS 656.002 to 656.590.

656.154 Injury due to negligence or wrong of a person not in the same employ as injured workman; remedy against such person. (1) If the injury to a workman is due to the negligence or wrong of a third person not in the same employ, the injured workman, or if death results from the injury, his widow, children or other dependents, as the case may be, may elect to seek a remedy against such third person. However, no action shall be brought against any such third person if he or his workman causing the injury was, at the time of the injury, on premises over which he had joint supervision and control with the employer of the injured workman and was an employer subject to ORS 656.002 to 656.590.

(2) As used in this section, "premises" means the place where the employer, or his workman causing the injury, and the employer of the injured workman, are engaged in the furtherance of a common enterprise or the accomplishment of the same or related purposes in operation.

656.156 Injuries resulting from the deliberate intention of the injured workman or the employer. (1) If injury or death results to a workman from the deliberate intention of the workman himself to produce such injury or death, neither the workman nor the widow, widower, child or dependent of the workman shall receive any payment whatsoever out of the Industrial Accident Fund.

(2) If injury or death results to a workman from the deliberate intention of his employer to produce such injury or death, the workman, the widow, widower, child or dependent of the workman may take under ORS 656.002 to 656.590, and also have cause for action against the employer, as if such statutes had not been passed, for damages over the amount payable under those statutes.

# COMPENSATION AND MEDICAL BENEFITS

656.202 Compensable injuries to be paid for according to schedules; law in force at time of accident controls. (1) If any workman, while subject to ORS 656.002 to 656.590 and in the service of an employer who is thus bound to contribute to the Industrial Accident Fund sustains a personal injury by accident arising out of and in the course of his employment caused by violent or external means, he or his beneficiaries, if the injury results in death, shall receive compensation as provided in ORS 656.202 to 656.238.

(2) Payments of benefits pursuant to ORS 656.204, 656.208, 656.210 and 656.216 shall be made as specified in those statutes when the accident giving rise to the injury or death benefit occurs on or after July 1, 1951. Payments of benefits pursuant to ORS 656.206 and 656.214 shall be made as specified in those statutes when the accident giving rise to the injury occurs on or after July 1, 1953. Except as otherwise provided

by law, payment of benefits for injuries or deaths under the workmen's compensation law shall be continued as authorized, and in the amounts provided for, by the workmen's compensation law in force at the time the injury giving rise to the right to compensation occurred. [Amended by 1953 c.669 §4; 1953 c.670 §4]

656.204 Payments in case of death from accidental injury. If death results from the accidental injury, payments shall be made as follows:

(1) The commission shall pay the cost of burial, not to exceed \$300 in any case.

(2) If the workman is survived by a widow or invalid widower, \$80 per month shall be paid to the surviving spouse until remarriage. The payment shall cease at the end of the month in which the remarriage occurs. The surviving spouse also shall be paid \$22 per month for each child of the deceased until such child becomes 18 years of age; provided, if there are more than two such children, the surviving spouse shall be paid \$16 per month for each child in excess of two, but in no event shall the total benefits provided for in this subsection exceed \$170 per month. Upon remarriage, a widow shall be paid \$750 as final payment of her claim, but the monthly payments for each child shall continue as before.

(3) If a workman leaves a child under the age of 18 years, by a divorced wife and the child is in the custody of the divorced wife, \$22 per month shall be paid for each such child until he becomes 18 years of age; provided, if there are more than two such children the surviving spouse shall be paid \$16 per month for each child in excess of two, but in no event shall the total benefits provided for in this subsection exceed \$90 per month.

(4) If the workman leaves neither wife nor husband, but a child under the age of 18 years, other than one described in subsection (3) of this section, \$60 per month shall be paid to each such child until he becomes 18 years of age.

(5) If the workman leaves neither widow, widower nor child under the age of 18 years, but leaves a dependent, a monthly payment shall be made to each dependent equal to 50 percent of the average monthly support actually received by such dependent from the workman during the 12 months next preceding the occurrence of the accidental injury, but the total payments to all dependents in any case shall not exceed \$70 per month. If a dependent is under the age of 18 years at the time of the accidental injury, the payment to such dependent shall cease when such dependent becomes 18 years of age. The payment to any dependent shall cease under the same circumstances that would have terminated the dependency had the injury not happened.

(6) If the workman is under the age of 21 years at the time of his death and leaves neither widow, widower, nor child, the parents of the workman shall be paid \$50 per month from his death until the time at which he would have arrived at the age of 21 years. Such parents, if dependents at the time of the accidental injury, are entitled thereafter to compensation as dependents under subsection (5) of this section.

(7) If a surviving spouse receiving monthly payments dies, leaving a child under the age of 18 years, and entitled to compensation on account of the death of the workman, a monthly payment of \$60 shall be made to each such child until he becomes 18 years of age.

(8) If a child is an invalid at the time of reaching the age of 18 years, the payment to him shall continue while he remains an invalid. If a person is entitled to payment because he is an invalid, such payment shall terminate when he ceases to be an invalid.

(9) If, at the time of the death of a workman, his child or dependent is between 17 and 18 years of age, such child or dependent shall receive the payment provided in this section for a period of one year from the date of the death.

(c) If the workman has a wife or husband and a child or children under the age of 18 90 years, the monthly payment provided in paragraph (b) of this subsection shall be increased by \$25 for each such child until such child reaches 18 years of age. If the workman, being a widow, widower, divorced, or other single person, has any such child or children. the monthly payment provided in paragraph (a) of this subsection shall be increased by \$25 for each such child until such child reaches 18 years of age. However, if there are more than two such children of any of the classes of workmen named in this paragraph, the monthly payment shall be increased by the additional sum of \$20 for each child in excess of two, but in no event shall the total benefits provided for in this paragraph exceed \$265 per month. [Amended by 1953 c.670 §4; 1955 c.553 §1]

656.208 Payments in case of death during period of permanent total disability. If the injured workman dies during the period of permanent total disability, whatever the cause of death, leaving a widow who was his wife either at the time of the injury causing such disability or within two years thereafter, an invalid widower who was her husband either at the time of the injury causing such disability or within two years thereafter, or a child under the age of 18 years, the surviving widow or invalid widower shall receive \$80 per month until death or remarriage, to be increased \$22 a month for each child under the age of 18 years until such child reaches 18 years of age; provided, if there are more than two such children the surviving spouse shall be paid \$16 for each child in excess of two but in no event shall the total benefits in this section exceed \$175 per month. But if such child is or shall be without father or mother, such child shall receive \$60 per month until arriving at the age of 18 years. Upon remarriage the payments on account of a child or children shall continue as before to the child or children.

656.210 Temporary total disability payments. When the total disability is only temporary, the workman shall receive during the period of such total disability:

(1) If unmarried at the time of the injury, or, if married, having a husband not an invalid, compensation equal to 50 percent of wages, but not more than \$115 per month.

(9) If the workman is a widow, widower, divorced or other single person, or a person standing in the relation of loco parentis, or a wife who was a deserted spouse at the time of the accident and has one or more children under the age of 18 years, sixty-six and twothirds percent of wages, but not more than \$115 per month, and on behalf of each child, 10 percent of wages, but not more than \$25 per month for the first two children and \$20 per month for each child under 18 years of age, but in no event shall the benefits provided for in this subsection exceed either \$265 per month or the monthly wage of the workman. The commission, in its discretion, may require proof of any such desertion or any continuation thereof and adjust payments on account of any such child or children in accordance with other applicable provisions of ORS 656.002 to 656.590.

(10) In no event shall the rate of compensation for temporary total disability be less than \$110 per month for an unmarried workman, and \$130 per month for a workman having a wife or invalid husband, unless the actual wages are less than these amounts, in which event compensation equal to wages shall be paid.

(11) For the purpose of this section, the monthly wage of workmen shall be ascertained by multiplying the daily wage the workman was receiving at the time of his injury: (a) By 22, if the workman was employed five days a week or less.

(b) By 26, if the workman was employed six days a week.

(c) By 30, if the workman was regularly employed seven days a week. [Amended by 1955 c.713 [1]

656.212 Temporary partial disability payments. When the disability is or becomes partial only and is temporary in character, the workman shall receive for a period not exceeding two years that proportion of the payments provided for temporary total disability which his loss of earning power at any kind of work bears to his earning power existing at the time of the occurrence of the injury. [Amended by 1953 c.672 §2]

656.214 Permanent partial disability; definition; schedule of payments. (1) Permanent partial disability means the loss of either one arm, one hand, one leg, one foot, loss of hearing in one or both ears, loss of one eye, one or more fingers, or any other injury known in surgery to be permanent partial disability.

(2) When permanent partial disability results from an injury, the workman shall receive \$45 for each degree stated against such disability as follows:

(a) For the loss by separation of one arm at or above the elbow joint, 192 degrees, or for the permanent and complete loss of the use of one arm, 132 degrees.

(b) For the loss by separation of one hand at or above the wrist joint, 150 degrees, or for the permanent and complete loss of the use of one hand, 110 degrees.

(c) For the loss by separation of one leg, at or above the knee joint, 150 degrees, or for the permanent and complete loss of the use of one leg, 110 degrees.

(d) For the loss by separation of one foot at or above the ankle joint, 118 degrees, or for the permanent and complete loss of the use of one foot, 80 degrees.

(e) For the loss by separation of a great toe, 18 degrees; of any other toe, four degrees.

(f) For partial or complete loss of hearing in one ear, that percentage of 60 degrees which the loss bears to normal monaural hearing.

(g) For partial or complete loss of hearing in both ears, that proportion of 192 degrees which the combined binaural hearing loss bears to normal combined binaural hearing. For the purpose of this law, combined binaural hearing loss shall be calculated by taking seven times the hearing loss in the less damaged ear plus the hearing loss in the more damaged ear and dividing that amount by eight. In the case of individuals with compensable hearing loss involving both ears, either the method of calculation for monaural hearing loss or that for combined binaural hearing loss shall be used, depending upon which allows the greater award of disability.

(h) For partial or complete loss of vision of one eye, that proportion of 100 degrees which the loss of monocular vision bears to normal monocular vision.

(i) For partial loss of vision in both eyes, that proportion of 300 degrees which the combined binocular visual loss bears to normal combined binocular vision. In all cases of partial loss of sight, the percentage of said loss shall be measured with maximum correction. For the purpose of this law, combined binocular visual loss shall be calculated by taking three times the visual loss in the less damaged eye plus the visual loss in the more damaged eye and dividing that amount by four. In the case of individuals with compensable visual loss involving both eyes, either the method of calculation for monocular visual loss or that for combined binocular visual loss shall be used, depending upon which allows the greater award of disability.

(j) For the loss by separation of a thumb, 36 degrees.

(k) For the loss by separation of a first finger, 24 degrees; of a second finger, 16 degrees; of a third finger, 10 degrees; of a fourth finger, 6 degrees.

(3) The loss of one phalange of a thumb, including the adjacent epiphyseal region of the proximal phalange, is considered equal to the loss of one-half of a thumb. The loss of one phalange of a finger, including the adjacent epiphyseal region of the middle phalange, is considered equal to the loss of one-half of a finger. The loss of two phalanges of a finger, including the adjacent epiphyseal region of the proximal phalange of a finger, is considered equal to the loss of 75 percent of a finger. The loss of more than one phalange of a thumb, excluding the epiphyseal region of the proximal phalange, is considered equal to the loss of an entire thumb. The loss of more than two phalanges of a finger, excluding the epiphyseal region of the proximal phalange of a finger, is considered equal to the loss of an entire finger.

(4) In all other cases of injury resulting in permanent partial disability, the number of degrees of disability shall be computed by determining the disabling effect of such injury as compared to the loss of use of any member named in the schedule in this section, not exceeding, however, 132 degrees. [Amended by 1953 c.669 §4; 1955 c.716 §1]

656.216 Permanent partial disability; method of payment; effect of prior receipt of temporary disability payments. (1) Compensation for permanent partial disability shall be paid at the same rate per month as provided for compensation for temporary total disability. In no case shall such payments be less than \$100 per month.

(2) If a workman, who is entitled to compensation for a permanent disability, has received compensation for a temporary disability by reason of the same injury, compensation for such permanent disability shall be in addition to the payments which he has received on account of such temporary disability.

656.218 Continuance of permanent partial disability payments to survivors. (1) In case of the death of a workman receiving monthly payments on account of permanent partial disability, such payments shall continue for the period during which the workman, if surviving, would have been entitled thereto.

(2) The payments shall be made to the persons who would have been entitled to receive death benefits if the injury causing the disability had been fatal.

(3) This section does not entitle any person to double payments on account of the death of a workman and a continuation of payments for permanent partial disability, or to a greater sum in the aggregate than if the injury had been fatal.

656.220 Compensation for hernia. (1) A workman, in order to be entitled to compensation for hernia, must prove that the hernia was immediately preceded by an accident arising out of and in the course of employment; provided, that the requirements of an accident as defined by subsection (1) of ORS 656.202 shall not apply in case of a claim arising under this section.

(2) A workman, after establishing the right to compensation for hernia under this

section, when operated upon is entitled to receive from the Industrial Accident Fund, under ORS 656.210, payment for temporary total disability for a period of not more than 60 days. If such workman refuses forthwith to submit to an operation, neither he nor his beneficiaries are entitled to any benefits whatsoever under ORS 656.002 to 656.590; provided, that in claims where the commission deems it inadvisable for the claimant to have an operation because of age or physical condition, the commission shall make an award of 10 degrees in full and final settlement of the claim.

656.222 Compensation for additional accident. Should a further accident occur to a workman who is receiving compensation for a temporary disability, or who has been paid or awarded compensation for a permanent disability, his award of compensation for such further accident shall be made with regard to the combined effect of his injuries and his past receipt of money for such disabilities.

656.224 Compensation for second injuries resulting in total disability. (1) If a workman who has previously lost by separation one hand, one arm, one foot, one leg, or who has previously suffered the complete loss of sight of one eye, thereafter and while employed under the protection of ORS 656.002 to 656.590 loses by separation one hand, one arm, one foot, one leg, or who suffers the complete loss of sight of one eye and so becomes totally and permanently incapacitated within the meaning set forth in subsection (1) of ORS 656.206, then for experience rating purposes, the employer at the time of the second injury shall be liable only for the compensation payable for the second injury considered without reference to the prior injury.

(2) However, in addition to such compensation and after the completion of the payments therefor, the workman shall be paid the remainder of the compensation that would be due for permanent total incapacity out of the Second Injury Reserve. [Amended by 1953 c.674 §13]

656.226 Wife and children of commonlaw marriage entitled to compensation. In case an unmarried man and an unmarried woman have cohabited in this state as husband and wife for over one year prior to the date of an accidental injury received by such man, and children are living as a result of that relation, the woman and the children are entitled to compensation under ORS 656.002 to 656.590 the same as if the man and woman had been legally married.

656.228 Payments directly to beneficiary or custodian. Whenever compensation is payable for the benefit of a beneficiary other than the injured workman, the commission may make payment directly to such beneficiary, if sui juris; otherwise, to the guardian or person having custody of the beneficiary.

656.230 Lump sum payments. (1) If, after an award by the commission, a beneficiary has been a nonresident of this state for a period of two years, the commission may, in its discretion, convert any payments thereafter to become due to such beneficiary into a lump sum payment, not in any case exceeding \$4,000, by paying a sum equal to three-fourths of the present value of such payments, estimated as to duration by the life expectancy of the beneficiary in case of death or total permanent disability and computed according to the actuarial practices in the insurance field as recommended by the State Insurance Commissioner and on the basis of interest at the rate of two percent per annum, or, with the consent of the beneficiary, for a lesser sum.

(2) If a workman has been awarded compensation for permanent partial disability, the commission may, in its discretion, pay to him in a lump sum an amount not exceeding one-half of the present value of the unpaid award, computed as provided in this section. Thereupon, all subsequent monthly instalments shall be reduced proportionately.

(3) In all cases where the award for permanent partial disability does not exceed 24 degrees, the commission may, in its discretion, pay to the injured workman in a lump sum an amount equal to the present worth of such award.

656.232 Payments to aliens residing outside of United States. (1) If a beneficiary is an alien residing outside of the United States or its dependencies payment of the sums due such beneficiary may, in the discretion of the commission, be made to the consul general of the country in which such beneficiary resides on behalf of the beneficiary. The receipt of the consul general to the commission for the amounts thus paid shall be a full and sufficient receipt for the payment of the funds thus due the beneficiary.

(2) If a beneficiary is an alien residing outside of the United States or its dependen-

cies, the commission may, in lieu of awarding such beneficiary compensation in the amount provided by ORS 656.002 to 655.590, award such beneficiary such lesser sum by way of compensation which, according to the conditions and costs of living in the place of residence of such beneficiary will, in the opinion of the commission, maintain him in a like degree of comfort as a beneficiary of the same class residing in this state and receiving the full compensation authorized by ORS 656.002 to 656.590. The commission shall determine the amount of compensation benefits upon the basis of the rate of exchange between the United States and any foreign country as determined by the Federal Reserve Bank as of January 1 and July 1 of the year when paid.

(3) All benefit rights shall be canceled upon the commencement of a state of war between the United States and the country of a beneficiary's domicile.

656.234 Compensation not assignable, nor to pass by operation of law and is exempt from process. No moneys payable under ORS 656.002 to 656.590 on account of injuries or death are subject to assignment prior to their receipt by the beneficiary entitled thereto, nor shall they pass by operation of law. All such moneys and the right to receive them are exempt from seizure on execution, attachment or garnishment, or by the process of any court.

656.236 to 656.240 [Reserved for expansion]

656.242 Furnishing first aid, medical and hospital care to injured workman. (1) The commission may provide, under uniform rules and regulations, first aid to workmen who are entitled to benefits under ORS 656.002 to 656.590, together with first aid supplies and transportation, medical and surgical attendance and hospital accommodations for injured workmen and to contract therefor in its discretion.

(2) The commission may, in its descretion, authorize employers to furnish or provide, at the expense of the commission and upon terms fixed by it, such supplies, transportation, attendance and accommodations, and may, for the purpose of experience rating only, charge to the account of such employers the average cost of such services as shown by the experience of employers in a similar industry or occupation who do not come under this section. All such transportation, attendance and accommodations shall be at all times subject to the supervision and control of the commission. The commission shall not in any one case approve the expenditure of more than \$100 for hospital accommodations, \$100 for surgical and medical service and \$50 for transportation, medicine, X-ray plates or prints and other services or supplies, without the approval of the commission therefor having been secured prior to the time of the furnishing of such additional services, supplies and transportation.

656.244 Furnishing of prosthetic appliances. In the case of an injury resulting in the loss by any workman entitled to the benefits of ORS 656.002 to 656.590 of a leg or arm that can be replaced to advantage with an artificial leg or arm, the commission shall supply the injured person with one of the best quality, but the artificial leg or arm shall be and remain the property of the state and shall be so stamped and identified that it cannot be sold by the possessor. The injured workman may select such artificial leg or arm, subject to the approval of the commission.

656.246 Duty of commission to restore injured workman to condition of a selfsupporting, able-bodied workman. (1) One purpose of ORS 656.002 to 656.590 is to restore the injured person as soon as possible and as nearly as possible to a condition of self-support and maintenance as an ablebodied workman, and final settlement shall not be made in any case until the commission is satisfied that such restoration is probably as complete as it can be made. Except as limited by ORS 656.002 to 656.590, the commission may expend money from the Industrial Accident Fund to accomplish this purpose in each case.

(2) The amount so spent shall not be charged against the compensation allowed by ORS 656.002 to 656.590 to the injured workman, but an itemized statement thereof shall be rendered to him each month, when requested, and a duplicate to his employer.

656.248 Commission to establish standard contracts and uniform rates for medical care. (1) The commission shall make and establish standard forms for such contracts as it may make or authorize under ORS 656.242.

(2) The commission, upon its own motion or upon request, shall establish rates to be paid under such contracts. This rate shall be uniform as to all industries of the same class and shall be adequate to insure at all times to the injured workmen the standard of services and care intended by ORS 656.002 to 656.590. The commission may readjust, increase or decrease such rates.

**656.250 to 656.270** [Reserved for expansion]

# PROCEDURE FOR OBTAINING COMPENSATION

656.272 Contents of application for compensation. (1) A workman who is entitled to compensation under ORS 656.002 to 656.590 shall file with the commission his application for such compensation on forms furnished by the commission. The application shall contain the information required by the commission. The physician who attends the workman shall file with the commission a report on forms furnished by the commission.

(2) If death results from an injury, the persons entitled to compensation under ORS 656.002 to 656.590 shall make application therefor to the commission. This application must be accompanied by proof of death and proof of relationship showing the persons to be entitled to compensation under ORS 656.002 to 656.590, certificate of attending physician, if any, and such other proof as may be required by the rules of the commission.

656.274 Time within which applications must be filed. (1) No application shall be valid or claim thereunder enforceable in nonfatal cases unless such claim is filed within three months after the date upon which the accident occurred, but the commission may, in its discretion, upon a sufficient showing being made, permit the filing of a claim in a nonfatal case within one year of the time the accident occurred.

(2) If a workman, as a result of an accidental injury, has been rendered mentally incapable of filing a claim, a claim may be filed by the workman within 60 days after the removal of such mental incapacity or during such incapacity on behalf of the workman, by his parents, spouse, guardian, employer or physician. Any such claim must be filed within one year from date of the accidental injury.

(3) In any fatal case a claim may be filed within one year after the date upon

which the accident resulting in death occurred.

(4) If a workman who has filed a claim for compensation within the time permitted by this section dies as the result of the accidental injury but before the commission has entered an order terminating compensation for temporary total disability, his widow or other beneficiaries may file a claim within 60 days after the death of the workman.

(5) If a workman, during his lifetime, has filed a claim for which he has been paid compensation, which claim has been closed for payment of compensation for temporary total disability, dies after the expiration of one year from the date of the accidental injury and as a result of the accidental injury the commission may, in its discretion, permit the filing of a fatal claim within 60 days after such death.

(6) This section does not limit the filing of a claim in fatal cases to less than one year after the date upon which the fatal accident occurred.

656.276 Application for increased compensation in case of aggravated injuries. (1) If subsequent to the last award or arrangement of compensation by the commission there has been an aggravation of the disability resulting from an accidental injury, the injured workman may file with the commission an application for increased compensation. This application shall set forth sufficient facts to show an aggravation in such disability and the degree thereof.

(2) An application for increased compensation for aggravation must be filed within two years from the date of the first final award of compensation to the claimant, or if there has been no such award, within two years of the order allowing the claim.

(3) If an application for increased compensation on account of aggravation is filed with the commission, the commission shall act thereon within 30 days from the date of filing, but may, by notifying the applicant, extend the time for entering an order, not to exceed 30 days. If such order is not entered by the commission within the time specified in this section, the application is deemed denied.

(4) No increase or rearrangement in compensation shall be operative for any period prior to the application therefor. 656.278 Jurisdiction to alter awards; appeals from award or denial of medical or hospital care. (1) The power and jurisdiction of the commission shall be continuing, and it may, upon its own motion, from time to time modify, change or terminate its former findings, orders or awards if in its opinion such action is justified.

(2) There is no right of appeal from any order or award made by the commission on its own motion. An appeal may be taken from any order of the commission which diminishes or terminates a former award, or which terminates or denies medical or hospital care, if such award was not entered by the commission on its own motion. [Amended by 1955 c.718 §1]

656.280 Authority of commission to require workman to have medical examination: effect of refusal to submit to examination or treatment or of committing injurious practices. (1) Any workman entitled to receive compensation under ORS 656.002 to 656.590 is required, if requested by the commission, to submit himself for medical examination at a time and from time to time at a place reasonably convenient for the workman and as may be provided by the rules of the commission. If the workman refuses to submit to any such examination, or obstructs the same, his rights to monthly payments shall suspended until the examination has be taken place, and no compensation shall be payable during or for account of such period.

(2) For any period of time during which any workman commits unsanitary or injurious practices which in the judgment of the commission tend to either imperil or retard his recovery, or refuses to submit to such medical or surgical treatment as the commission deems reasonably essential to promote his recovery, his right to compensation shall be suspended and no payment shall be made for such period. The commission may reduce the period during which such workman would otherwise be entitled to compensation to such an extent as it determines his disability has been increased by such refusal.

656.282 Jurisdiction of commission to hear and determine questions; service of orders on claimants. (1) The commission may hear and determine all questions within its jurisdiction.

(2) Whenever the commission has made any order, decision or award pertaining to any claim, it shall promptly serve the claimant with a copy thereof by mail, which shall be addressed to the claimant's last known address as shown by the records of the commission.

656.284 Application for rehearing as prerequisite to appeal to courts; procedure on rehearing. (1) Any claimant aggrieved by any order, decision or award under ORS 656.282, including, but not limited to, a denial of further medical or hospital care, must, before he appeals to the courts, file with the commission an application for rehearing within 60 days from the day on which the copy of such order, decision or award was mailed to the claimant.

(2) The application shall set forth in full detail the grounds upon which the claimant considers such order, decision or award is unjust or unlawful, and shall include every issue to be considered by the commission. The application must contain a general statement of the facts upon which the claimant relies in support thereof.

(3) The claimant shall be deemed to have waived all objections, irregularities and illegalities concerning the matter upon which the rehearing is sought other than those specifically set forth in such application for rehearing.

(4) If the commission, in its opinion, has previously fully considered all matters raised by the application it may deny the application and confirm its previous decision or award or, if the evidence on file with the commission sustains the applicant's contention, it may allow the relief asked in the application. Otherwise it shall order a rehearing to decide the issues raised.

(5) If a rehearing is granted, the commission shall consider all facts, including those arising since making the order, decision or award involved and enter such order as the facts and law warrant. In every such case where a rehearing is held and a transcript of the testimony is taken, the claimant shall be entitled to a copy of the same upon payment to the commission for the cost of the transcript.

(6) An application for rehearing is deemed denied by the commission unless it has been acted upon by final order within 60 days from the date of filing; provided, that the commission may, in its discretion, extend the time within which it may act upon the application, not exceeding 30 days. [Amended by 1953 c.671  $\S2$ ; 1955 c.718  $\S2$ ]

656.286 Appeals to circuit court; when filed; venue. (1) Within 30 days after a copy of the final order of the commission upon the application for rehearing has been mailed or within 30 days after rehearing is deemed denied under ORS 656.284, the claimant may appeal to the circuit court for the county in which the accident occurred or, if the accident occurred outside of this state, to the circuit court of the last county of this state through which the workman passed in leaving this state. If the only question of fact in such appeal is the amount of compensation payable to the plaintiff, the appeal may be filed in the county in which the plaintiff resides.

(2) If an appeal is filed in the wrong county the court shall enter an order transferring it to the proper county, if both parties do not consent that it be tried in the county where filed. The court may change the place of trial as in other cases.

656.288 Procedure on appeal. (1) Upon such appeal the plaintiff may raise only such issues of law or facts as were properly included in his application for rehearing.

(2) The appeal shall be perfected by filing with the clerk of the court a complaint, as provided in civil actions at law, and by serving a copy thereof by registered mail on the commission. The commission shall, within 20 days after receipt of such complaint, answer, demur or move against the same.

(3) The case thereafter shall proceed as other civil cases in the court; provided, that either party thereto may demand a jury trial upon any question of fact. Such appeals shall have precedence over all other civil cases.

(4) The commission may, or within 10 days after demand by plaintiff shall, file with the court a certified copy of the application for compensation, any application for rearrangement of compensation, application for rehearing, findings, orders, awards or decisions of the commission, which may be necessary in the trial of the case, and which, upon being so filed, shall become a part of the records in such case.

(5) Before or during the trial, the court may order the plaintiff to submit to a medical examination.

656.290 Authority of circuit court on appeals. (1) If the court determines that the commission has acted within its power and has correctly construed the law and facts, the decision of the commission shall be confirmed; otherwise, it shall be reversed or modified. However, in case of any trial of fact by a jury, the court shall be bound by the decision of the jury as to the question of fact submitted to it.

(2) In case of a modification or reversal, the circuit court shall refer the decision back to the commission with an order directing it to fix the compensation and, when appropriate, to provide medical and hospital care, in accordance with the findings made by the court; provided, such award shall be in accordance with the schedule of compensation set forth in ORS 656.202 to 656.232.

(3) The cost of such proceedings shall be taxed against the unsuccessful party. [Amended by 1955 c.718 §3]

656.292 Appeals from circuit court. (1) Appeals may be taken from the judgment of the circuit court as in other cases.

(2) In case of an appeal by the commission from an adverse decision of the circuit court, if the judgment of the circuit court is affirmed, the claimant shall be allowed attorneys' fees, to be fixed by the court, in addition to the compensation.

656.294 When acceptance of compensation precludes appeal. A claimant may accept and cash any check given in payment of any award or compensation without affecting his right to appeal, except that the right of appeal from any award shall be waived by acceptance of a lump sum award by a claimant where such lump sum award was granted on his own application. This section shall not be construed as a waiver of the necessity of complying with ORS 656.282 to 656.292.

656.296 to 656.310 [Reserved for expansion]

# ACTIONS BY WORKMAN AGAINST THIRD PARTY, DELINQUENT EMPLOYER OR NONPARTICIPATING JOINT EMPLOYER

656.312 Election to recover damages when right of action exists against third person or delinquent employer. If a workman of an employer engaged in a hazardous occupation in violation of ORS 656.052, or of an employer in default, as provided in ORS 656.560, receives an accidental injury in the course of his employment, or if a workman receives an accidental injury due to the negligence or wrong of a third person, entitling him under ORS 656.154 to seek a remedy against such third person, such workman or, if death results from the injury, the other beneficiaries shall elect whether to recover damages from such employer or third person. If a workman leaves beneficiaries who are minors, the right of election shall be exercised by their surviving parent, if any; otherwise, such election shall be exercised by the guardian. [Amended by 1953 c.428 §2]

656.314 Payment of compensation notwithstanding existence of cause of action; lien of commission on cause of action for compensation paid. (1) The workman or his beneficiaries, as the case may be, shall be paid the benefits provided by ORS 656.002 to 656.590 in the same manner and to the same extent as if no right of action existed against the employer or third party, until the amount of benefits that the workman or beneficiaries are entitled to under ORS 656.002 to 656.590 can be determined and until damages are recovered from such employer or third party.

(2) The commission has a lien against the cause of action in the amount of compensation paid to the workman or his beneficiaries, including the cost of first aid and other medical, surgical and hospital service, which lien shall be preferred to all claims except the cost of recovering such damages.

656.316 Authority of commission to compel election and prompt action against third person. (1) The commission may require the workman or other beneficiaries or the legal representative of a deceased workman to exercise the right of election provided in ORS 656.312 by serving a written demand by registered mail or by personal service upon such workman, beneficiaries or legal representative.

(2) Unless such election is made within 20 days from the receipt or service of such demand and unless, after making such election, an action against such third person is instituted within such time as is granted by the commission, the workman, beneficiaries or legal representative is deemed to have assigned his cause of action to the commission. [Amended by 1953 c.428 §2]

656.318 Compromise of cause of action void without approval of commission. Any compromise by the workman or other beneficiaries or the legal representative of the deceased workman of any right of action against an employer or third party is void unless made with the written approval of the commission.

656.320 Election not to proceed against employer or third person as an assignment of cause of action to commission; disposition of damages recovered by commission. (1) An election made pursuant to ORS 656.312 not to proceed against the employer or third person operates as an assignment to the commission, for the benefit of the Industrial Accident Fund, of the cause of action, if any, of the beneficiaries and of the legal representative of the deceased workman, against the employer or third person, and the commission may bring action against such employer or third person in the name of the injured workman or other beneficiaries.

(2) Any sum recovered by the commission in excess of the expenses incurred in making such recovery and the amount expended by the commission for compensation, first aid or other medical, surgical or hospital service, together with the present worth of the monthly payments of compensation to which such workman or other beneficiaries may be entitled under ORS 656.002 to 656.590, shall be paid such workman or other beneficiaries. [Amended by 1953 c.428 §2]

656.322 Election to recover damages from employer or third person; service of notice on commission; filing notice of commission's lien; disposition of damages recovered; effect of recovery of less than workman is entitled to as workman's compensation; settlement of third party cases; effect of recovery of more than workman is entitled to as workman's compensation. (1) If the workman or his beneficiaries elect to recover damages from the employer or third party, notice of such election shall be given the commission by personal service or by registered mail. The commission likewise shall be given notice of the name of the court in which such action is brought, and a return showing service of such notice on the commission shall be filed with the clerk of the court but shall not be a part of the record except to give notice to the defendant of the lien of the commission, as provided in this section. The proceeds of any damages recovered from an employer or third party by the workman or beneficiaries shall be subject to a lien of the commission for its share of the proceeds as set forth in

С

this section and the total proceeds shall be distributed as follows:

(a) Costs and attorney fees incurred shall be paid, such attorney fees in no event to exceed the advisory schedule of minimum contingency fees as established by the Oregon State Bar for such actions.

(b) The workman or his beneficiaries shall receive 25 percent of the balance of such recovery.

(c) The commission shall be paid the balance of the recovery to the extent of the lien of the commission.

(d) Any balance shall be paid the workman, his beneficiaries, or his legal representatives, as their interest may appear.

(3) A claimant may settle any third party case with the approval of the commission, in which event the commission is authorized to accept such a share of the proceeds as in its discretion may be just and proper.

(4) If the balance received by the workman pursuant to paragraph (d) of subsection (1) of this section is more than the additional payments to which the workman is entitled under ORS 656.002 to 656.590, reasonable medical and surgical charges shall be paid out of such recovery to persons rendering such care, but in no event shall such charges reduce the recovery of such workman below the amount to which the workman is entitled under ORS 656.002 to 656.590. [Amended by 1953 c.428 §2; 1955 c.656 §1]

(3) A challenge of the right to bring such third party action shall be made by supplemental pleadings only and such challenge shall be determined by the court as a matter of law.

(4) Defenses withdrawn by ORS 656.024 from employers electing not to contribute under ORS 656.002 to 656.590 shall not be admissible in an action brought against an employer under ORS 656.312 to 656.322.

656.326 Filing of claim for compensation by workman of joint employers as an assignment to the commission of any causes of action against nonparticipating joint employer and his insurer. (1) If a workman is employed jointly by two or more employers, one or more of whom are not subject to ORS 656.002 to 656.590, the filing of a claim by such workman or other beneficiary for compensation under ORS 656.002 to 656.590 constitutes an assignment to the commission of all rights and benefits or causes of action against any of his employers not subject to such statutes or under any insurance policy secured by such employers, for the protection of such workman in the event of injury.

(2) If a joint employer not subject to ORS 656.002 to 656.590 secured a policy of insurance for the payment of benefits or compensation to a workman, in case of injury in the course of his employment, and such workman elects to take compensation under ORS 656.002 to 656.590, the commission may recover from the insurer that portion of the insurer's liability which the amount of wages paid by the employer bears to the entire wages of the injured workman.

(3) If a cause of action against a joint employer is assigned to the commission under this section, the commission may enforce the claim in the manner provided in ORS 656.312 to 656.324 for the enforcement of claims against negligent third parties.

# RATE OF CONTRIBUTION TO THE INDUSTRIAL ACCIDENT FUND BY EMPLOYERS AND WORKMEN

656.502 Definitions. As used in ORS 656.502 to 656.526, "fiscal year" means the period of time commencing on July 1 and ending on the succeeding June 30.

656.504 Employer to contribute a percentage of his payroll monthly to Industrial Accident Fund; minimum contribution. (1) Every employer subject to ORS 656.002 to 656.590 shall pay to the commission on or before the fifteenth day of each month a percentage of his total payroll for the preceding calendar month of workmen subject to ORS 656.002 to 656.590 according to and at the rates promulgated by the commission and shall forward to the commission on or before the fifteenth day of each month a signed statement showing his total payroll for the preceding calendar month, the kind of work performed, the number of men and the number of days worked. Each such employer shall pay a minimum fee of \$5 to the Industrial Accident Fund on July 1 of each year; provided, that each employer who becomes subject to ORS 656.002 to 656.590 after July 1, 1943, shall pay such minimum fee at the time he first becomes subject thereto and annually thereafter. This minimum fee shall be credited to the employer's contribution for that year.

(2) If an employer and his workmen are engaged in two or more hazardous occupations for which different rates of contribution are prescribed, the employer shall contribute according to the several rates applicable to the various occupations in which his workmen are so engaged according to his payroll for each of such occupations. Any workman engaged for the same employer in two or more hazardous occupations shall, for the purpose of determining the employer's rate of contribution, be deemed engaged solely in the occupation taking the higher rate.

656.505 Estimate of payroll when employer fails to file payroll report; demand for and recovery of contributions. (1) In every case where an employer fails or refuses to file any report of payroll required by ORS 656.504 and fails or refuses to pay the contributions due on such unreported payroll the commission shall have authority to estimate such payroll and make a demand for contributions thereon.

(2) If the report required and the contributions due thereon are not made within 10 days from the mailing of such demand the employer shall be in default as provided in ORS 656.560, and the commission may have and recover judgment or file liens for such estimated contribution or the actual contribution, whichever is greater. [1953 c.679 §2]

656.506 Workmen's contribution. Every employer who is required to make payments to the commission under ORS 656.504 shall retain from the moneys earned by those of his workmen who are subject to ORS 656.002 to 656.590 two cents for each day or part of day the workman is employed and pay the money retained to the commission at the time his own payment is due under ORS 656.504. One-half of the money so deducted from workmen's wages shall be placed in the Retroactive Relief Reserve as provided by subsection (6) of ORS 656.456. [Amended by 1955 c.323 §1]

656.507 Waiver of requirement of filing monthly payroll report and contributions upon filing report of estimated future payroll and contributions. (1) The commission shall have full authority and discretion, not subject to review, to waive the provisions of ORS 656.504 and 656.506 requiring reports of payrolls and payment of contributions thereon by the fifteenth of each month for the preceding month in every instance where, upon the application of any employer, a report of estimated future payroll for a period of not to exceed one year is filed with the commission together with the contributions to become due upon such payroll.

(2) If such estimate of payroll and contribution is less than the actual payroll or contribution, interest pursuant to ORS 656.560 shall become due from such month or months as the advance payment becomes inadequate to equal the contributions due. [1953 c.679 §1]

656.508 Authority of commission to fix rates of contribution for employers. (1) The commission shall classify occupations or industries with respect to their degree of hazard and fix rates of contribution upon each of the occupations or industries sufficient to provide adequate funds to carry out the purposes of the workmen's compensation law and the duties of the commission.

(2) The rates so fixed shall be based upon the degree of hazard, shall be consistent with insurance principles and shall be the lowest consistent with the maintenance of a solvent Industrial Accident Fund.

(3) The commission may annually readjust, increase or decrease the rates of contributions of all employers subject to ORS 656.002 to 656.590. Any such readjustment, increase or decrease shall be made not later than March 15 and shall become effective July 1 next following, and shall be based upon the hazard of each classification of industry.

656.510 Reduction in employer's contribution rate for favorable experience rating. The rate of contribution, for each fiscal year, of an employer who is entitled to an experience rating shall be based on the contributions paid into the Industrial Accident Fund by the employer, not including money retained from workmen's wages, and the experience of the employer during the period the employer has been subject to ORS 656.002 to 656.590, but not more than the five-calendar-year period ending December 31 immediately preceding such fiscal year, and shall be determined as follows:

(1) If the total amount paid out of the Industrial Accident Fund or set apart therefrom, and chargeable to the experience of an employer as provided by ORS 656.002 to 656.590, on account of injuries sustained by the workmen of an employer, together with all costs incidental to such claims, is less than 40 percent of the contribution paid into the fund by the employer, not including moneys retained from the workmen's wages, the rate of contribution of the employer during the following fiscal year shall be reduced by 50 percent of the base rate promulgated by the commission.

(2) Where such amount is 40 percent and less than 50 percent of the contributions, the rate shall be reduced by 40 percent. (3) Where such amount is 50 percent and less than 55 percent of the contributions, the rate shall be reduced by 25 percent.

(4) Where such amount is 55 percent and less than 60 percent of the contributions, the rate shall be reduced by 20 percent.

(5) Where such amount is 60 percent and less than 65 percent of the contributions, the rate shall be reduced by 15 percent.

(6) Where such amount is 65 percent and less than 70 percent of the contributions, the rate shall be reduced by 10 percent.

(7) Where such amount is 70 percent and less than 80 percent of the contributions, the rate shall be base.

656.512 No reduction for favorable experience rating for employers contributing less than \$50 per year. If, during the time for which the experience rating is determined, the contribution of any employer averages less than \$50 per calendar year for each calendar year during which the employer operated subject to ORS 656.002 to 656.590, the contribution for such employer for the ensuing fiscal year shall be at base rate.

656.514 Who is entitled to experience rating. (1) When an employer has been a contributor to the Industrial Accident Fund for a period of one full calendar year, the employer is entitled to an experience rating, but no employer is entitled to an experience rating unless he has been a contributor for at least one full calendar year within the preceding five calendar years.

(2) If an employer has neither operated under nor been subject to ORS 656.002 to 656.590 as an employer for a period of five successive full calendar years and again becomes subject thereto as an employer he shall, for the purpose of experience rating, be considered a new employer.

656.516 Allocation of claim costs for the purpose of determining experience rating. (1) In determining the amount of claim costs to be charged to an employer on account of injuries sustained by the workmen of an employer, the total costs of the claim, including all costs incidental to such claim, up to \$1,000 shall be charged against the experience of the employer for the purposes of determining his rate of contributions.

(2) On all claims where the cost of the claim, including all costs incidental to such

claim, exceeds \$1,000, the employer's experience rating shall be charged with 60 percent of the claim costs in excess of \$1,000; provided, that with respect to any one claim and all costs incidental to the claim the maximum charge against the experience rating of the employer shall not exceed \$4,000.

(3) For the purpose of determining the experience rating:

(a) The amount paid out or set aside on account of an injury resulting in fatality or permanent total disability of a workman shall be deemed to be the average amount paid out and set aside on account of all such injuries during the preceding five calendar years.

(b) The entire cost of a catastrophe shall be deemed to be the maximum chargeable for a single injury or death.

(4) If the commission finds that the injury to a workman was due wholly or in part to a third person not employed by the injured workman's employer, and if such third person was at the time of causing the injury in the course of an employment subject to ORS 656.002 to 656.590, the commission, for experience rating, may charge the cost of such injury or allocate any part thereof to the employer of the third person.

(5) All claim costs not chargeable to the experience of an employer under this section shall be charged against the Major Injury Reserve. [Amended by 1953 c.674 §13]

656.518 Reconsideration of rating on change of ownership or management. To the end that no employer evades the burden imposed by an unfavorable experience, or be denied the benefits of a favorable experience, in all cases where there has been a change in ownership or employer, a change in the operation of a plant or a change of interest of the employer, the commission may determine whether such change justifies a new experience rating or a continuance of the experience rating existing prior to such change. It is the purpose of this section that there shall be no change in experience rating because of change of ownership or employer unless there has been a substantial change in both ownership and management.

656.520 Commission to notify employer of its determination of his rate of contribution. The commission shall, on or before April 1 of each year, notify each employer subject to ORS 656.002 to 656.590 of its determination of his rate of contributions for the fiscal year beginning July 1, following such date. The notice shall be mailed to the employer at his last address as shown by the records of the commission.

656.522 Review and redetermination of rate of contribution by commission. (1) The rate of contribution as determined by the commission shall be conclusive and binding upon the employer unless, within 30 days after the mailing of the notice required by ORS 656.520, the employer files with the commission an application for review and redetermination of the rate of contribution as determined by the commission, which application shall set forth fully the grounds upon which the employer claims the determination is in error.

(2) The commission shall, within 30 days from the filing of the application for review and redetermination, grant to the employer an opportunity for a fair hearing.

(3) All facts pertaining to the contributions of an employer and all facts pertaining to charges against the experience rating of an employer by reason of injuries sustained by any workman employed by the employer, together with all costs incidental to such claims, shall be relevant and material evidence in any such hearing. However, the employer shall be estopped from denying any representation previously made to the commission with respect to any injured workman or with respect to any matter which such employer could have raised in any proceeding on a claim filed by a workman employed by him at the time of or following an injury resulting in the payment of compensation under ORS 656.002 to 656.590.

(4) The commission shall notify the employer promptly of its decision upon such hearing. Such notice shall be mailed to the employer at his last address as shown by the records of the commission.

656.524 Judicial review of rate determination. (1) The decision made pursuant to ORS 656.522 shall become final unless, within 15 days after the mailing of notice thereof to the employer, a petition for judicial review is filed in the circuit court of the county in which the employer resides or maintains his principal place of business.

(2) The petition for judicial review shall set forth the facts upon which the employer relies, but no evidence is admissible on any issue unless that issue was raised or included in the employer's application for a hearing and redetermination of his rate of contribution.

(3) In any such proceeding the findings of the commission as to the facts, if supported by evidence and in the absence of fraud, shall be conclusive, and the jurisdiction of the court shall be confined to questions of law.

(4) Such proceedings shall be given precedence over all other civil cases.

(5) An appeal may be taken from the decision of the circuit court to the Supreme Court as in other cases, regardless of the amount in controversy.

656.526 Crediting employer's contribution with proportion of surplus in Industrial Accident Fund. Annually, on July 1, the commission shall determine the total liability existing against the Industrial Accident Fund. If it finds the Industrial Accident Fund amounts to a sum sufficient to cover all liability, together with a surplus of \$7,500,000, aside from the reserves in the Segregated Accident Fund, and in moneys in the Emergency Fund, Catastrophe, Second Injury, Major Injury and Rehabilitation Reserves, the commission shall place to the credit of each employer who has contributed to the fund during the preceding 12 months, on account of contributions required by ORS 656.502 to 656.524 to be paid during that time, and who is not in default or stands rejected on said July 1, such proportion of the surplus paid into the Industrial Accident Fund during that period as his contribution is to the total contribution of all employers paid into the Industrial Accident Fund for the preceding 12 months; provided, that the workmen's contribution to the fund shall not be included in the computation of such surplus nor utilized for credit to employers' accounts from such surplus. [Amended by 1953 c.674 §13; 1955 c.323 §3]

656.528 to 656.550 [Reserved for expansion]

# **ENFORCEMENT OF CONTRIBUTIONS**

656.552 Deposit of cash or bond with commission to secure payment of employer's contributions. (1) If the commission finds it necessary for the protection of the Industrial Accident Fund, it may require any employer, except political subdivisions of the state, engaged in a hazardous occupation and subject to ORS 656.002 to 656.590 to deposit at the time the employer first employs workmen subject to ORS 656.002 to 656.590, and keep on deposit, with the commission a sum equal to the contributions due the commission upon his estimated payroll for a period of three months.

(2) The commission may, in its discretion and in lieu of such deposit, accept a bond to secure payment of contributions to become due the Industrial Accident Fund. The deposit or posting of the bond shall not relieve the employer from making contributions to the Industrial Accident Fund based on his actual payroll, as provided by ORS 656.504.

(3) If an employer ceases to be an employer under ORS 656.002 to 656.590, the commission shall, upon receipt of all payments due the Industrial Accident Fund based on the actual payroll, refund to the employer all deposits remaining to the employer's credit and shall cancel any bond given under this section.

.656.554 Injunction against employer failing to comply with deposit requirements. (1) If an employer fails to comply with ORS 656.552, the circuit court of the county in which the employer resides or in which he employs workmen shall, upon the commencement of a suit by the commission for that purpose, enjoin the employer from further employing workmen under ORS 656.002 to 656.590 until the employer has complied with ORS 656.552.

(2) Upon filing of a suit for such purpose by the commission, the court shall set a day for hearing and shall cause notice thereof to be served upon the employer. The hearing shall be not less than five nor more than 15 days from the service of the notice.

3

656.556 Liability of person letting a contract for contributions due from contractor. If any person lets a contract and the person to whom the contract was let, while performing the contract, engages in a hazardous occupation as an employer subject to ORS 656.002 to 656.590 at the plant of the person letting the contract, upon premises owned, leased or controlled by such person or upon premises where such person is conducting his business, the person letting the contract shall be liable to the Industrial Accident Fund for the payment of all contributions to such fund on account of the

performance of the contract or any subcontract thereunder which accrue before written notice of the contract and the name and address of the person to whom it was let has been filed with the commission.

656.558 Acceptance of warrants or certificates of state or political subdivision in payment of contributions. The commission may, in its discretion, accept from the state or any political subdivision thereof, its lawfully issued warrants or certificates of indebtedness in payment of any contributions due to the Industrial Accident Fund. Any warrants or certificates of indebtedness so received by the commission shall become a part of the Industrial Accident Fund. The State Bond Commission may transfer any such warrants or certificates of indebtedness to the Segregated Accident Fund.

656.560 Default in payment of contributions; interest; penalty; employer loses benefit of ORS 656.002 to 656.590; display of notice of default. (1) When any payment of contribution required by ORS 656.002 to 656.590 to be made by an employer on his own account or on account of workmen in his employ becomes due, interest at the rate of one percent per month or fraction thereof shall be added to the amount of such payment commencing with the first day of the month following the date upon which such payment became due.

(2) If any employer fails to make payment of contributions required within 10 days after a written demand by the commission, such employer is in default and is subject to a penalty of 10 percent of the amount of the contribution then due.

(3) The amount of such contribution at any time due, together with interest thereon, and penalty for nonpayment thereof, may be collected by the commission in the same action.

(4) Every employer in default, as provided in this section, upon receipt of notice thereof, shall display such notice of default by posting it in a place accessible to his workmen in such manner as to inform his workmen of such default.

(5) When any employer is in default, as provided in this section, he is not entitled to any of the benefits of ORS 656.002 to 656.590, but is liable to the injured workman, or to those claiming under him in case of death, as he would have been if ORS 656.002 to 656.590 had never been enacted. 656.562 Moneys due the Industrial Accident Fund as preferred claims. All contributions, interest charges, penalties or amounts due the Industrial Accident Fund from any employer under ORS 656.002 to 656.590 and all judgments recovered by the commission against any employer under ORS 656.002 to 656.590 shall be deemed preferred to all general claims in all bankruptcy proceedings, trustee proceedings, proceedings for the administration of estates and receiverships involving the employer liable therefor or the property of such employer.

656.564 Lien for amounts due from employer on real property, improvements and equipment on or with which labor is performed by workmen of employer. (1) A lien hereby is created in favor of the commission upon all real property within this state and any structure or improvement thereon and upon any mine, lode, deposit, mining claim, or any road, tramway, trail, flume, ditch, pipe line, building, or other structure or equipment on or pertaining thereto, upon which labor is performed by the workmen of any employer subject to ORS 656.002 to 656.590 in a sum equal to the amount at any time due from such employer to the commission on account of labor performed thereon by the workmen of such employer, together with interest and penalty.

(2) The commission shall also have a lien on all lumber, sawlogs, spars, piles, ties or other timber, and upon all other manufactured articles of whatsoever kind or nature, and upon all machinery, tools and equipment of the employer used in connection with the employment on which contributions are due, in a sum equal to the amount at any time due from any employer subject to ORS 656.002 to 656.590 on account of labor performed by the workmen of such employer, together with interest and penalty.

(3) In order to avail itself of the lien created by this section, the commission shall, within 60 days after the employer is in default, as provided in ORS 656.560, file with the county clerk of the county within which such property is then situated a statement in writing describing the property upon which a lien is claimed and stating the amount of the lien claimed by the commission. If a lien is claimed on real property not then owned by the employer, the statement must be filed within 60 days from the completion of the work.

(4) The commission shall, within six

months from the filing of the statement, commence a suit to cause such lien to be foreclosed in the manner provided by law for the foreclosure of other liens on real or personal property.

(5) The lien created by this section shall be prior to all other liens and encumbrances, except labor liens.

656.566 Lien on property of employer for contributions due. (1) If any employer liable for the payment of contributions to the Industrial Accident Fund is placed in default as provided by ORS 656.560, the amount due the fund, including interest and penalty, is a lien in favor of the State Industrial Accident Commission upon all property, whether real or personal, belonging to such employer.

(2) The lien attaches upon the filing of a notice of claim of lien with the county clerk of the county in which the property is located. The notice of lien claim shall contain a true statement of the demand, after deducting all just credits and offsets, and the default of such employer. The county clerk shall record the claim of lien in a book kept for that purpose, which record shall be indexed as deeds and other conveyances are required by law to be indexed, and for which he shall receive the same fees as are allowed by law for recording deeds and other instruments.

(3) The employer against whose property the lien has been filed may cause his property to be released by filing with the county clerk of the county wherein the lien is recorded a bond in a sum double the amount claimed in the lien, executed by a surety company licensed to do business in Oregon or by two freeholders of this state. having the qualifications of bail upon arrest, to be approved by the circuit judge of the district in which the lien is filed, or in the event of his absence from the county in which the lien is filed, then by the county judge of said county, running to the State Industrial Accident Commission and conditioned for the payment of all damages, costs, charges and disbursements that may be recovered by the commission against the employer or that may be found to be a lien upon or against the property of such employer. The clerk shall issue to such employer a certificate stating that the bond is substituted in lieu of the property of the employer and that the lien on the property is forever released and discharged. A marginal entry of 110

§ 656.590

the release and bond shall be made in the lien docket containing the original record of statement of claim. If the State Industrial Accident Commission establishes the validity of its lien by a suit to foreclose the lien, it shall be entitled to judgment or decree against the sureties upon the bond.

(4) The lien created by this section may be foreclosed by a suit in the circuit court in the manner provided by law for the foreclosure of other liens on real or personal property. Unless a suit is instituted by the commission to foreclose such lien within two years from the date of filing, the lien shall expire.

(5) The lien created by this section is prior to all liens and encumbrances recorded subsequent to the filing of notice of claim of lien, except taxes and labor liens.

656.568 to 656.580 [Reserved for expansion]

# LEGAL REPRESENTATION IN CLAIMS AND ACTIONS UNDER WORKMEN'S COMPENSATION LAW

656.582 When Attorney General to defend employer. (1) If an employer subject to ORS 656.002 to 656.590 is made defendant in any personal injury litigation brought against him by a workman in his employ, or by the guardian, personal representative or beneficiary of such workman, on account of injuries received by such workman arising out of and in the course of his employment by such employer, and it appears that the plaintiff's sole right of recovery is under ORS 656.002 to 656.590, the commission shall request the Attorney General to defend the employer in such litigation. The Attorney General shall cooperate with the commission in such defense and represent the employer as attorney.

(2) If the Attorney General files an answer in such litigation alleging the defense that the plaintiff's sole remedy is under the workmen's compensation law, the filing of such answer shall suspend all further proceedings in such litigation other than the trial of the defense that the plaintiff's right of recovery is under the workmen's compensation law, until such defense has been finally determined by the court. An appeal to the Supreme Court from the order or judgment finally disposing of such defense may be taken by either party as in other cases.

656.584 Expense of defense payable out of Industrial Accident Fund. The expense of defending any litigation under ORS 656.582, including all court costs and the traveling expenses of the Attorney General necessitated thereby shall be paid by the State Treasurer upon warrant drawn by the Secretary of State out of the Industrial Accident Fund, upon the submission of a duly executed voucher therefor approved by the commission.

656.586 Attorney General as adviser of commission; prosecution and defense of actions by Attorney General and district attorneys. The Attorney General shall be the legal adviser of the commission. Upon request of the commission, the Attorney General or, under his direction, the district attorney of any county, shall institute or prosecute actions or proceedings for the enforcement of ORS 656.002 to 656.590, when such actions or proceedings are within the county in which such district attorney was elected, and shall defend in like manner all suits, actions and proceedings brought against the commission or the members thereof in their official capacity.

656.588 Payment of attorneys' fees on appeal of rejected claims. (1) In all cases involving accidental injuries occurring on or after July 1, 1951, where an injured workman prevails in an appeal to the circuit court from a commission order rejecting his original claim for compensation, the commission shall allow a reasonable attorney's fee to the claimant's attorney. This attorney fee shall be paid from the Industrial Accident Fund as an administrative expense.

(2) In all other cases attorneys' fees shall continue to be paid from the claimant's award of compensation.

656.590 Claim for legal or other services to be approved by commission or court; approved claim as lien upon compensation. (1) No claim for legal services or for any other services rendered before the commission in respect to any claim or award for compensation, to or on account of any person, shall be valid unless approved by the commission, or if proceedings on appeal from the order of the commission in respect to such claim or award are had before any court, unless approved by such court.

(2) If an attorney and the commission cannot agree upon the amount of the fee, each forthwith shall submit a written statement of the services rendered to the presiding judge of the circuit court in the county in which the claimant resides. The judge shall, in a summary manner, without the payment of filing, trial or court fees, determine the amount of such fee. This controversy shall be given precedence over other proceedings.

(3) Any claim so approved shall, in the manner and to extent fixed by the commission or such court, be a lien upon such compensation.

656.592 to 656.800 [Reserved for expansion]

# **OCCUPATIONAL DISEASE LAW**

656.802 Definitions. As used in ORS 656.802 to 656.824, "occupational disease" means:

(1) Any disease or infection which is peculiar to the industrial process, trade or occupation in each instance and which arises out of and in the scope of the employment, and to which an employe is not ordinarily subjected or exposed other than during a period of regular actual employment therein.

(2) Silicosis. "Silicosis" means a disease of the lungs caused by breathing silica dust (silicon dioxide) producing fibrous nodules, distributed through the lungs and demonstrated by X-ray examination or by autopsy.

656.804 Occupational disease as an injury under workmen's compensation law; applicability of employers' liability law. (1) An occupational disease, as defined in ORS 656.802, is considered an injury for employes of employers who have come under the ORS 656.002 to 656.590, except as otherwise provided in ORS 656.802 to 656.824.

(2) The common law meaning of the term occupational disease is not changed by ORS 656.802 for employes of employers who have rejected ORS 656.002 to 656.590 or who are engaged in nonhazardous occupations, nor shall ORS 654.305 to 654.335 be applicable thereto to actions arising out of occupational disease.

656.806 Pre-employment medical examination; result to be filed with commission. As a prerequisite to employment in any case, a prospective employer may, by written direction, require any applicant for such employment to submit to a physical examination by a doctor to be designated by the State Industrial Accident Commission, and paid by such prospective employer. In every case in which such right is exercised, and the applicant is subsequently employed, the employer shall file a true copy of the written direction for and the doctor's findings resulting from the physical examination, with the commission within 10 days after the beginning of such employment.

656.807 Time within which claim must be filed. Except as otherwise limited for silicosis, all occupational disease claims shall be void unless filed within three years after the last exposure and within three months from the date the claimant becomes disabled or is informed by a physician that he is suffering from an occupational disease. [1953 c.440 §2]

656.808 Rejection by claimant of commission's final order in occupational disease claim. A final order of the commission in any claim involving occupational disease may be rejected by the claimant, in writing, filed at the office of the commission within 30 days after the date of such order.

656.810 Appointment of medical board to review claims where commission's order is rejected by claimant. (1) In every case of the rejection of a final order of the commission under ORS 656.808, there shall be appointed a medical board of review, which board of review shall have jurisdiction to pass upon and decide every issue involved in such claim.

(2) The medical board of review shall be appointed in the following manner:

(a) One doctor from the list provided for by ORS 656.820 shall be named by the commission.

(b) One doctor from said list shall be named by the claimant.

(c) The two doctors so named shall, within five days after being notified of their appointment, name a third doctor from said list. If the third doctor cannot be agreed upon, or for any other reason has not been named within such period of time, the commission shall immediately so notify the presiding judge of the circuit court of the county in which the claimant resides, or upon agreement of the claimant and the commission, the circuit judge of the county in which the claim arose. Upon receipt of such notice, such presiding judge shall forthwith name the third member of such board of review from said list.

656.812 Duty of medical board as to examinations and findings. (1) The medical board of review shall examine the claimant

§ 656.820

and all the records of his employment and claim, and from such examination make findings upon all the issues of the claim.

(2) Such findings, when made, shall be signed by at least two members of the medical board of review and shall contain the answers to the following questions:

(a) Does claimant suffer from a disease or infection? If so, what?

(b) When was such disease or infection, if any, contracted, and approximately how long has claimant suffered therefrom?

(c) Is such disease or infection, if any, peculiar to the industrial process, trade or occupation in which claimant has been last employed?

(d) Has such disease or infection, if any, been caused by and did it arise out of and in the course of claimant's regular actual employment in such industrial process, trade or occupation?

(e) Is such disease, if any, disabling to the claimant?

(f) If so, to what degree is claimant disabled by such occupational disease?

(3) If the claim is for death benefits under ORS 656.802 to 656.824, the medical board of review shall find on each of the questions in subsection (2) of this section as of a date immediately preceding the employe's death and in addition shall find the cause of death.

656.814 Findings of board as final; filing; copy to claimant. The findings of the medical board of review are final and binding and shall be filed with the commission within 60 days after appointment of the third member. A copy thereof shall be mailed to the claimant.

656.816 Limitation on recovery for disability or death from silicosis. (1) ORS 656.802 to 656.824 do not entitle an employe, or his dependents, to compensation, medical treatment or payment of funeral expenses, for disability or death from silicosis, unless the employe has been subject to injurious exposure to silica dust (silicon dioxide) in his employment in Oregon preceding his disablement, for periods amounting in all to at least five years, some portion of which has been after July 1, 1943.

(2) Compensation, medical, hospital and nursing expenses on account of silicosis shall be payable only in the event of temporary total disability, permanent total disability, permanent partial disability or death, and only in the event of such disability or death

resulting within one year after the last injurious exposure; provided, that in the event of death following continuous total disability commencing within two years after the last injurious exposure, the requirement of death within two years after the last injurious exposure shall not apply.

(3) Claims for compensation on account of silicosis shall be forever barred unless application is made to the commission within one year after total disability began or within six months after death.

656.818 Amount of compensation for silicosis. If an employe has been subject to injurious exposure to silica dust (silicon dioxide) in his employment in Oregon for periods amounting in all to at least five years after July 1, 1943, the compensation mentioned in ORS 656.816 shall be paid in accordance with ORS 656.202 to 656.234; but if such exposure after July 1, 1943, amounted to less than five years, the maximum aggregate amount payable for disability, death, or disability and death shall not exceed \$500 plus \$50 for each calendar month which elapsed after July 1, 1943, and before the month in which disability began, but shall not exceed \$3,000 in any event.

656.820 Method of establishing a list of physicians from which medical boards of review are selected. (1) The Dean of the Medical School of the University of Oregon, the State Health Officer and the State Industrial Accident Commission hereby are constituted an appointing body and may select and establish a list of licensed physicians in good professional standing, who may or may not be residents of Oregon and whom the appointing body finds to have acquired expert knowledge of occupational diseases by training and experience and to be sufficient in number for the discharge of the duties provided in ORS 656.812.

(2) In the actions of such appointing body, the commission, the dean and the State Health Officer shall each have one vote.

(3) The appointing body shall certify to the commission the names of the persons selected for registration on the list of physicians. From this list shall be selected physicians to serve on the medical boards of review.

(4) The commission shall thereupon notify such persons of their appointments. Upon their respective acceptance of such appointments, the appointees shall be registered on the list of physicians. 656.822 Fees and expenses of board members. The fees of the members of the medical board of review shall be paid from the Industrial Accident Fund. Costs and expenses incurred in the performance of any duty of the medical board of review, or any member thereof, in respect of any claim shall be paid as a part of the expenses of the Industrial Accident Fund.

656.824 Degree of occupational disease hazard as affecting contribution rates. (1) In addition to the rate making authority of the commission, it may, in fixing rates of contribution, readjust, increase or decrease the rates of all employes subject to ORS 656.002 to 656.590 and 656.802 to 656.824 with respect to the degree of hazard by reason of occupational diseases and silicosis.

(2) The rates shall be fixed and declared in accordance with ORS 656.508. The rates fixed on July 1, 1943, shall be effective on and after that date.

656.826 to 656.988 [Reserved for expansion]
