As used in ORS 443.010 to 443.060 unless the context requires otherwise, "day nursery" means any institution, establishment or place in which are commonly received at one time three or more children not of common parentage, under the age of 14 years, for a period or periods not exceeding 12 hours, for the purpose of being given board, care or training apart from their parents or guardians, for compensation or reward.

443.020 Licenses; application; issuance; renewal; transfer; fees. (1) No person, firm, association or corporation shall conduct a day nursery without receiving a license from the State Board of Health.

(2) An application for license shall be in a form prescribed by the board, and shall be uniform for all day nurseries. There shall be attached to the application a statement, sworn to by the applicant or by an officer thereof thereunto duly authorized, containing such information as may be required by the board.

(3) If, in the judgment of the board, such statement or any other evidence submitted in relation to the application indicates that the operation of the proposed day nursery will be for the public benefit and welfare, and if the State Fire Marshal, or his representative, issues a certificate of compliance pursuant to ORS 479.220, a license, in such form as the board may prescribe, shall be issued to the applicant.

(4) All licenses shall expire on June 30 but may be renewed for the subsequent fiscal year beginning on July 1 on application as provided for their initial issue. No license shall be renewed unless the State Fire Marshal, or his representative, issues a certificate of compliance pursuant to ORS 479.220. No license shall be transferred. For the issue or renewal of each license, a fee shall be charged as follows:

(b) If the capacity of the day nursery is greater than 10 children, \$35.

(5) The State Health Officer shall keep a correct account of all fees received and turn them over to the State Treasurer to be placed in the State Board of Health Account and used by the State Board of Health for the administration of this chapter.
