It is declared to be the purpose of ORS 401.410 to 401.470 and the policy of this state that all resource management functions of this state be coordinated to the maximum extent with the comparable functions of the Federal Government, of other states and localities, and of private agencies, to the end that the most effective preparation and use may be made of available manpower, resources and facilities in the event of an enemy attack.

[1967 c.480 §2]

It shall be supplemental to the National Plan for Emergency Preparedness adopted by the President of the United States. To the extent that the Federal Government is either incapable of

conducting or not prepared to conduct its emergency resources management program, the state plan will substitute for and replace the federal program until such time as the federal program becomes effective in the state.

(2) "Enemy attack" means an actual attack by a foreign nation by hostile air raids, or other forms of warfare, upon this state or any other state, territory or possession of the United States.

(3) In performing his duties under ORS 401.410 to 401.470, and to effect its policies and purpose, the Governor is further authorized and empowered to make, amend and rescind the necessary orders, rules and regulations to carry out the provisions of ORS 401.410 to 401.470 within the limits of authority conferred upon him in ORS 401.410 to 401.470, with due consideration of the emergency resources management plans of the Federal Government.

(2) During the period when the proclamation issued pursuant to subsection (1) of this section is in force, or during the continuance of any emergency declared by the President of the United States or the Congress calling for post-attack recovery and rehabilitation activities, subject to the limitations set forth in ORS 401.410 to 401.470, and in a manner consistent with any rules, regulations or orders and policy guidance issued by the Federal Government, the Governor may issue, amend and enforce rules, regulations and orders to:

(c) Take such other action as may be necessary for the management of resources following an attack.

(3) All rules, regulations and orders issued pursuant to authority conferred by ORS 401.410 to 401.470 shall have the full force and effect of law during the continuance of a proclamation or declaration of emergency as contemplated by this section, when a duplicate original of the rule, regulation or order is filed with the Secretary of State. If, by reason of destruction or disruption attendant upon or resulting from attack, the filing requirements of this subsection cannot

be met, public notice by such means as may be available shall be deemed a complete and sufficient substitute. All existing laws, ordinances, rules, regulations and orders inconsistent with the provisions of ORS 401.410 to 401.470, or any rule, regulation or order issued under the authority thereof, shall be inoperative during the period of time and to the extent such inconsistency exists.

[1967 c.480 §7]

EMERGENCY DISASTER AREAS

401.510 "Emergency" explained. For the purposes of ORS 401.510 to 401.540, an emergency affecting the interests and general welfare of the state exists when in any area of the state the life and property of its citizens in such area and general economic conditions become jeopardized and endangered by floods, earthquakes and other similar disasters or the imminence or results thereof.

401.520 Emergency disaster areas; designation. Whenever the Governor finds that

an emergency exists in any area of the state, he shall reduce such finding to writing describing therein the boundaries of the area affected and such writing shall be the subject of a proclamation which shall be published generally throughout the state. The area within such boundaries hereby is designated as an emergency disaster area. Upon finding that the emergency has ceased to exist, the emergency disaster area shall likewise be dissolved by proclamation of the Governor.

401.530 Governor's powers during emergency. During the existence of an emergency, the Governor may:

(1) Assume complete control of all emergency operations in such area, direct all rescue and salvage work and do all things deemed advisable and necessary to alleviate the immediate conditions.

(2) Assume control of all police and law enforcement activities in such area, including the activities of all local police and peace officers.

(3) Close all roads and highways in such area to traffic or by his order limit the travel on such roads to such extent as he deems necessary and expedient.

401.540 State agency may expend moneys in an emergency. The expenditure of necessary money and use of state property by any such agency in performing duties under ORS 401.530 is authorized. Moneys so expended shall be deemed an administrative expense of such agency, and the Secretary of State is authorized to audit any claim by any such state agency and to draw his warrant thereon payable from the appropriation for the administrative expenses of such state agency.

the regular employment of the civil defense volunteer.

[1955 c.679 §2, 3]

401.815 Only Oregon civil defense workers entitled to benefits. Members of a federal civil defense agency or a civil defense agency of another state or foreign nation who are performing civil defense services in this state are not entitled to benefits under ORS 401.805 to 401.890.

(2) Costs of rehabilitation services to disabled civil defense volunteers shall be paid out of the Civil Defense Injury Fund in an amount approved by the State Compensation Department, which shall be the reasonable and necessary cost of such services, including services of a physician or rehabilitation facility specially qualified to render rehabilitation services. (2) The right to benefits under ORS 401.805 to 401.890 shall be barred unless written claim is filed with the department within 90 days after the injury, or, if death results therefrom, within 90 days after death; except, that if death occurs more than one year after the injury, the right shall be barred unless prior written claim based on the injury has been timely filed. The requirements of this subsection may be waived by the department on the ground that, for good and sufficient reason, claim could not be filed on time.

There is created a Civil Defense Injury Fund, to be held by the State Treasurer and by him deposited in such banks as are authorized to receive deposits of the General Fund. All moneys received by the State Compensation Department pursuant to ORS 401.805 to 401.890 from the state or from the Federal Government shall be forthwith paid to the State Treasurer and shall become part of the Civil Defense Injury Fund. All payments of benefits under ORS 401.805 to 401.890 shall be made from the fund. Notwithstanding ORS 291.238, the moneys deposited in the fund are continuously appropriated for the purpose of paying benefits and administrative expenses of the department. All moneys in the Civil Defense Injury Fund may be invested as provided in ORS 293.701 to 293.776, and the earnings from such investment shall be credited to the Civil Defense Injury Fund. [1955 c.679 §12; 1967 c.335 §48; 1967 c.637 §§9, 9a]

Liability of the State Compensation Department or the Civil Defense Injury Fund for the payment of benefits under ORS 401.805 to 401.890 is contingent upon and limited by the availability of reserves in the fund. In the event that the reserves in the fund are not sufficient to meet the benefit payments and administration cost for a given period, the expenses of the department shall have precedence over all other claims. Thereafter, priority among claimants is determined according to the time of filing of the claim.

[1955 c.679 §15]

401.875 Obtaining public or private insurance with fund moneys. Funds credited to the Civil Defense Injury Fund for the purposes of ORS 401.805 to 401.890 may be used to effect insurance or reinsurance with any authority or instrumentality, public or private, or otherwise to distribute the lia-

[1955 c.679 §21]

401.880 Disposition of balance in fund upon repeal of ORS 401.010 to 401.190.

Within five years after the repeal of ORS 401.010 to 401.190, the State Compensation Department shall determine the amount of outstanding liabilities of the Civil Defense Injury Fund and establish reasonable reserves to pay to claimants accrued benefits and to meet the cost of administering unpaid claims and the expenses of liquidating the fund, and the same shall become a charge against the fund. Any balance in the fund after establishment of such reserves shall revert to the General Fund, less claim costs.

[1955 c.679 §19]

401.885 Reimbursement of administrative expenses of State Compensation Department.

The State Compensation Department shall be reimbursed for expenses of services rendered in the administration of ORS 401.805 to 401.890, but such expenses shall not exceed 13 percent of the total receipts under ORS 401.805 to 401.890.
