The proceedings in the county court and the rights, powers and duties of petitioners and objectors shall be the same as in an original proceeding to incorporate a territory as a hospital district.

441.385 Elections on question of annexation. (1) If the petition of annexation is signed and acknowledged by the owners of all lands in the territory to be included, specifically describing such lands, an order incorporating the territory shall be entered by the county court after the board of directors of the hospital district verifies to the county court that an election has been held in the hospital district on such question and

a majority of the votes cast was favorable to the inclusion of such territory.

(2) If the petition of annexation is signed and acknowledged by the owners of only a part of the lands to be included, an order incorporating the territory shall be entered by the county court only after the board of directors of the existing hospital district and the county clerk of the county in which the contiguous territory sought to be included is situated, each verifies to the county court that an election has been held in both the hospital district and the contiguous territory on the question of annexation, and that a majority of the votes cast in both the existing hospital district and the contiguous territory, severally, were favorable to the inclusion of the territory.
