If the consent of any such person or of the cemetery authority cannot be obtained, permission by the county court or the board of county commissioners of the county where the

cemetery is situated is sufficient. Notice of application to the court for such permission must be given at least 60 days prior thereto, personally or by mail, to the cemetery authority, to the person not consenting and to every other person or authority on whom service of notice is required by the county court or the board of county commissioners.

If the donee accepts a gift of the entire body, he may, subject to the terms of the gift, authorize embalming and the use of the body in funeral services. If the gift is of a part of the body, the donee, upon the death of the donor and prior to embalming, shall cause the part to be removed without unnecessary mutilation. After removal of the part, custody of the remainder of the body vests in the surviving spouse, next of kin, or other persons under obligation to dispose of the body.

(2) The time of death shall be determined by a physician who attends the donor at his death, or, if none, the physician who certifies the death. The physician shall not participate in the procedures for removing or transplanting a part.

[Amended by 1965 c.396 §2]

97.320 Filing map or plat and declaration of dedication of land to cemetery purposes. In case of a cemetery lot, the cemetery authority shall file the map or plat in the office of the recording officer of the county in which all or a portion of the property is situated, and it forthwith shall file for record in that officer's office a written declaration dedicating the property delineated on the plat or map exclusively to cemetery purposes.

97.330 When dedication is complete. Upon the filing of the map or plat and of the declaration for record, the dedication is complete for all purposes, and thereafter the property shall be held, occupied and used exclusively for cemetery purposes.

97.340 Effect of dedication. After property is dedicated to cemetery purposes pursuant to ORS 97.310 to 97.330 and subsection (1) of 97.360, neither the dedication nor the title of a plot owner shall be affected by the dissolution of the cemetery authority by nonuser on its part, by alienation of the property, by any encumbrances, by sale under execution or otherwise, except as provided in ORS 97.310 to 97.350, subsection (2) of 97.360, ORS 97.440, 97.510 to 97.650, 97.710, 97.720 and 97.810 to 97.860.

97.350 Dedication to cemetery purposes not invalid. Dedication to cemetery purposes pursuant to ORS 97.010 to 97.130, 97.141 to 97.450 and 97.510 to 97.990 is not invalid as violating any laws against perpetuities or the suspension of the power of alienation of title to or use of property, and is deemed to be in respect for the dead, and is a provision for the interment of human remains and is a duty to, and for the benefit of, the general public.

97.360 Resurvey and alteration in shape or size; vacation of streets, walks, driveways and parks and replatting into lots. (1) Any part or subdivision of the property so mapped and platted may, by order of the directors and consent of the lot owners, be resurveyed and altered in shape and size and an amended map or plat filed, so long as such change does not disturb any interred remains.

(2) Whenever a majority of the lots as platted or laid out in any cemetery established before March 3, 1927, or any part thereof, has been sold without the owners or persons in control of the cemetery having made provision for the establishment of an adequate endowment fund for the perpetual maintenance, upkeep and beautification of the cemetery and of the lots therein, the avenues, streets, alleys, walks, driveways and parks therein may be vacated or altered and replatted into lots which may be sold for burial purposes in the manner provided in this subsection and in ORS 97.370 to 97.430. Application for the vacation or alteration of any avenues, streets, alleys, walks, drive-

ways or parks, and for the replatting of the same, or any portion thereof, for cemetery lots in any such cemetery shall be made to the county court or board of county commissioners in the county where the cemetery is situated. The application may be by the owners or persons in control of the cemetery or by a group of 20 or more persons owning lots or having relatives buried therein. The application shall be verified and shall specify the lots owned by each petitioner in which are buried bodies of relatives in which he is interested and shall state the reason for the proposed change and what provisions have theretofore been made for the perpetual upkeep, maintenance and beautification of the cemetery, and there shall be presented therewith a plat of the cemetery, together with the proposed replat, which shall have clearly indicated thereon the proposed changes.

97.370 Fixing date of hearing; notice. When any application mentioned in subsection (2) of ORS 97.360 is filed, the court or board shall fix the time for the hearing of it and notice of the time thereof shall be given by publication in a paper of general circulation published in the town in which the cemetery is situated or in the town to which it is nearest once a week for a period of six successive weeks prior to the date of the hearing and a copy of such notice shall be posted for a like period at three public and conspicuous places in the cemetery. Such notice shall be addressed to all persons owning lots or having an interest in the cemetery, but need not name them, and shall set forth in a general way the proposed changes, the reason stated in the application for making it, the time when the hearing of the application will be had, and shall state that a plat showing the proposed changes is on file with the county clerk of the county in which the cemetery is situated.

97.380 Hearing; order allowing replatting. (1) At the hearing mentioned in ORS 97.370 the court or board shall consider and hear any evidence introduced in favor of the proposed change and all objections thereto and, after a full hearing thereon, may allow the proposed change and replat in whole or in part. If the proposed change is allowed, either in whole or in part, an order allowing it shall be made providing that title to any new lot created by the alteration or vacation of any avenues, streets, alleys, driveways, walks or parks, or any part thereof,

shall be vested in the owner of the fee of the part of the cemetery sought to be vacated in trust for burial purposes, or vested in any association which may be formed for the purpose of taking over the cemetery and operating and maintaining it in accordance with the provisions of ORS 97.400.

(2) No such replat shall be approved unless each lot is left at least one adequate means of ingress and egress by an avenue, street, alley, walk, driveway or park.

97.390 Assessment of benefits and damages. If any damages are claimed by the owner of any lot in any such cemetery as is mentioned in subsection (2) of ORS 97.360, which lot is adjacent to the avenues, streets, alleys, driveways or parks vacated as provided in ORS 97.380, they shall be ascertained by the county court or board of county commissioners and offset against the benefits accruing to the lot owner on account of the upkeep and beautification of the cemetery in the manner provided in ORS 97.400. Any person feeling aggrieved at the amount of damages so assessed by the board may appeal from such order of allowance to the circuit court of the county in which the cemetery is situated in the same manner as is provided by statute for appeal from the assessment of damages by the exercise of eminent domain in locating a county road and on such appeal the jury, in assessing the amount of damages to be allowed to the appellant, shall offset against such damages the benefits accruing to the appellant as in this section above provided.

97.400 Disposal of newly created lots; disposition and use of proceeds from sale; failure of owner to perform duties. Any owner or association accepting the trust of handling and disposing of lots newly created pursuant to ORS 97.380 shall by the acceptance thereof agree to dispose of the lots only for burial purposes and at a price not less than that fixed by the county court or board of county commissioners. The net funds derived from the sale of the lots remaining after the payment of the reasonable expenses incident to the vacation and of the sale shall be placed in an irreducible and perpetual fund and the interest therefrom shall be used for the perpetual upkeep and beautification of the cemetery and the lots therein situated. The fund shall be placed in some reliable trust company specified by the court or board, which trust company shall

invest the same and pay the income therefrom to the owner or association charged with the disposal of such lots. Any owner or association taking over the sale of the lots shall comply with such provisions as the court or board may require of it in the upkeep, beautification and care of the cemetery with the income thereof, and if such owner or association for any reason fails to perform such duties, the court or board may, on its own motion, from time to time, appoint some other association or individual to perform them. The restrictions of this section shall not apply to the sale of lots obtained by replatting cemeteries owned and maintained by any county.

97.410 Right of adjacent lot owner upon vacation of way. The vacation of an avenue, street, alley, driveway, walk or park adjacent to a cemetery lot shall vest in the owner of such lot no interest in the vacated portion thereof; but the adjacent owner shall, for 30 days after the date of such an order of vacation, have the right to purchase any new lot adjacent to his lot at the price fixed by the court or board at which the lots are to be sold, and if there is more than one adjacent lot owner, the new lot shall be sold to the one offering the highest price therefor.

97.420 Effect of failure to object. Any owner of such cemetery as is mentioned in subsection (2) of ORS 97.360, or of any lot therein, or any relative or heir of any deceased person buried in such cemetery who fails to appear and file written objection to any proposed replat, alteration or vacation, authorized by subsection (2) of ORS 97.360, shall be deemed to have consented to the proposed change and shall be forever barred from claiming any right to use and have open for traffic or passageway any streets, alleys, driveways or parks vacated, or any right, title or interest therein, except as provided in subsection (2) of ORS 97.360 and ORS 97.370 to 97.410.

97.430 Declaration of exercise of police power and right of eminent domain. The enactment of subsection (2) of ORS 97.360 and ORS 97.370 to 97.430 is hereby declared to be a necessary exercise of the police powers of the state in order to preserve and keep existing cemeteries as resting places for the dead and to preserve old and historic cemeteries from becoming unkempt and places of

reproach and desolation in the communities in which they are located. The taking of avenues, streets, alleys, walks, driveways and parks for the purpose and by the method specified in subsection (2) of ORS 97.360 and ORS 97.370 to 97.420 is hereby declared an exercise of the right of eminent domain in behalf of the public health, safety, comfort, pleasure and historic instruction.

97.440 Removal of dedication. Property dedicated to cemetery purposes shall be held and used exclusively for cemetery purposes unless and until the dedication is removed from all or any part of it by an order and decree of the county court or board of county commissioners of the county in which the property is situated in a proceeding brought by the cemetery authority for that purpose and upon notice of hearing and proof satisfactory to the court that the following conditions exist:

(1) That the portion of the property from which dedication is sought to be removed is not being used for interment of human remains.

(2) That notice of hearing provided in this section shall be given by publication once a week for at least four consecutive weeks in a newspaper of general circulation in the county where the cemetery is located and by posting copies of the notice in three conspicuous places on that portion of the property from which the dedication is to be removed. The notice shall:

(a) Describe the portion of the cemetery property sought to be removed from dedication.

(b) State that all remains have been removed or that no interments have been made in the portion of the cemetery property sought to be removed from dedication.

(c) Specify the time and place of the hearing.

97.450 Discontinuance of cemetery and removal of remains and markers. Whenever any cemetery which is within the limits of any county, city or town has been abandoned, or it is desirable to abandon such cemetery, or such cemetery has been allowed to remain in a dilapidated condition for a period of five years or longer, the governing body of any county, if the cemetery is owned by the county, or the corporate authorities of the city or town, if the cemetery is owned by the city or town, or the trustees or directors, if the cemetery is owned by an as-

sociation or corporation, may order that such burial ground be discontinued, cause the remains of all persons interred therein to be moved to some other suitable place and provide for the removal and reerection of all stones and monuments marking said graves. However, such removal shall be made in an appropriate manner and in accordance with the directions of the State Health Officer, and written notice shall first be given to the family, or next of kin of the deceased, if known, and if unknown, notice of the removal shall be published for at least four successive weeks in a newspaper of general circulation in the county in which the cemetery is located. Such removal and the costs of the proceedings under this section shall be at the expense of the county, city or town, party, corporation or association owning the cemetery to be moved.

[Amended by 1955 c.472 §1]

97.460 Approval required prior to establishment of cemetery or burial park. No association, corporation, cemetery authority, or person shall after February 24, 1903, lay out, open up or use any property for cemetery or burial park purposes, without the approval of the planning commission of the county or city having jurisdiction under ORS 92.042 or, if there is no such commission in such county or city, the governing body of such county or city.

[Formerly 64.060; 1965 c.396 §3]

SALES AND RIGHTS IN RESPECT OF CEMETERY PLOTS

97.510 Sale and conveyance of plots by cemetery authority. After filing the map or plat and recording the declaration of dedication, a cemetery authority may sell and convey plots subject to such rules and regulations as may be then in effect and subject to such other and further limitations, conditions and restrictions made a part of the declaration of dedication by reference or included in the instrument of conveyance of the plot.

97.520 Sale or offer to sell cemetery plot upon promise of resale at financial profit. No person, firm or corporation shall sell or offer to sell a cemetery plot upon the promise, representation or inducement of resale at a financial profit, except with the consent and approval of the Corporation Commissioner. Each violation of this section constitutes a separate offense.

97.530 Commission, bonus or rebate for sale of plot or services. No cemetery authority shall pay or offer to pay, and no person, firm or corporation shall receive, directly or indirectly, a commission, bonus, rebate or other thing of value for the sale of a plot or services. This does not apply to a person regularly employed by the cemetery authority for such purpose. Each violation of this section constitutes a separate offense.

97.540 Commission, bonus or rebate for recommendation of cemetery. No person shall pay, cause to be paid or offer to pay, and no person, firm or corporation shall receive, directly or indirectly, except as provided in ORS 97.530, any commission, bonus, rebate or other thing of value in consideration of recommending or causing a dead human body to be disposed of in any cemetery. Each violation of this section constitutes a separate offense.

97.550 Plots are indivisible. All plots, the use of which has been conveyed by deed or certificate of ownership as a separate plot, are indivisible except with the consent of the cemetery authority, or as provided by law.

97.560 Presumption of sole ownership in grantee of plot. All plots conveyed to individuals are presumed to be solely and separately owned by the person named in the instrument of conveyance.

97.570 Spouse has vested right of interment. (1) The spouse of an owner of any plot containing more than one interment space has a vested right of interment of his remains in the plot, and any person thereafter becoming the spouse of the owner has a vested right of interment of his remains in the plot if more than one interment space is unoccupied at the time the person becomes the spouse of the owner.

(2) The purchase by a married person of more than one interment space shall create in the spouse a right of interment therein.

97.580 Divestiture of spouse's right of interment. No conveyance or other action of the owner without the written consent or joinder of the spouse of the owner divests the spouse of his vested right of interment, except that a final decree of divorce between them terminates the right unless otherwise provided in the decree.

97.590 Transfer of plot or right of interment. No transfer of any plot, heretofore or hereafter made, or any right of interment is complete or effective until recorded on the books of the cemetery authority.

97.600 Descent of plot. Upon the death of the owner, unless he has disposed of the plot either by specific direction in his will or by a written declaration filed and recorded in the office of the cemetery authority, if no interment has been made in an interment plot which has been transferred by deed or certificate of ownership to an individual owner or if all remains previously interred are lawfully removed, the plot descends to the heirs at law of the owner, subject to the rights of interment of the decedent and his surviving spouse.

97.610 Determining occupant of burial plot having co-owners. When there are two or more owners of a burial plot or of rights of interment therein, such owners may designate one or more persons to designate the burials to be made in the plot and file written notice of such designation with the cemetery association. In the absence of such notice or of written objection to its so doing, the cemetery association is not liable to any owner for interring or permitting an interment therein upon the request or direction of any registered co-owner of the plot.

97.620 Death of co-owner; authorization to use plot under directions of surviving owners. An affidavit by any person having knowledge of the fact, setting forth the fact of the death of one owner and establishing the identity of the surviving owners named in the deed to any plot, when filed with the cemetery authority operating the cemetery in which the plot is located, is authorization to the cemetery authority to permit the use of the unoccupied portion of the plot in accordance with the directions of the surviving owners or their successors in interest.

97.630 Family plots; order of occupation. (1) Whenever an interment of the remains of a member or of a relative of a member of the family of the record owner, or of the remains of the record owner, is made in a plot transferred by deed or certificate of ownership to an individual owner, and the owner dies without making disposition of the plot, either by direction in his will, or by a written declaration filed and recorded in the office

of the cemetery authority, the plot thereby becomes inalienable and shall be held as the family plot of the owner, and occupied in the following order:

(a) One grave, niche or crypt may be used for the owner's interment; one for the owner's surviving spouse, if there is one, who by ORS 97.010 to 97.130, 97.141 to 97.450 and 97.510 to 97.990 has a vested right of interment in it; and in those remaining, if any, the children of the deceased owner in order of death may be interred without the consent of any person claiming any interest in the plot.

(b) If no child survives, the right of interment goes in order of death, first, to the spouse of any child of the record owner, and second, in the order of death to the next heirs at law of the owner or the spouse of any heir at law.

(2) Any surviving spouse, child or heir who has a right of interment in a family plot may waive such right in favor of any other relative or spouse of a relative of either the deceased owner or of his spouse, and upon such waiver the remains of the person in whose favor the waiver is made may be interred in the plot.

97.640 Waiver or termination of vested right of interment. A vested right of interment may be waived and is terminated upon the interment elsewhere of the remains of the person in whom it is vested.

97.650 Limitations upon vested right of interment. No vested right of interment gives to any person the right to have his remains interred in any interment space in which the remains of any deceased person having equal or prior vested right of interment have been interred; nor does it give any person the right to have the remains of more than one deceased person interred in a single interment space in violation of the rules and regulations of the cemetery in which the interment space is located.

CEMETERY MANAGEMENT

97.710 Power of cemetery to make rules and regulations. (1) The cemetery authority may make and enforce rules and regulations for:

(a) The use, care, control, management, restriction and protection of its cemetery;

(b) Restricting and limiting the use of all property within its cemetery;

(c) Regulating the uniformity, class and kind of all markers, monuments and other structures within its cemetery;

(d) Prohibiting the erection of monuments, markers or other structures in or upon any portion of its property;

(e) Regulating or preventing the erection of monuments, effigies and structures within any portion of the cemetery grounds and for the removal thereof;

(f) Regulating the care or preventing the introduction of plants or shrubs within such grounds;

(g) Preventing the interment in any part thereof of a body not entitled to interment therein;

(h) Preventing the use of burial plots for purposes violative of its restrictions;

(i) Regulating the conduct of persons and preventing improper assemblages therein; and

(j) All other purposes deemed necessary by the cemetery authority for the proper conduct of its business and the protection and safeguarding of the premises and the principles, plans and ideals on which the cemetery was organized.

(2) The cemetery authority from time to time may amend, add to, revise, change or modify such rules and regulations.

(3) Such rules and regulations shall be plainly printed or typewritten and maintained, subject to inspection, in the office of the cemetery authority.

97.720 Record of interments and cremations; inspection. (1) The person in charge of any premises on which interments or cremations are made shall keep a record of all remains interred or cremated on the premises under his charge, in each case stating the name of each deceased person, the date of interment or cremation, and the name and address of the funeral director. The interment records shall be open to inspection by survivors of the decedent during the customary office hours of the cemetery authority.

(2) A record shall be kept of the ownership of all plots in the cemetery which have been conveyed by the cemetery authority and of all transfers of plots in the cemetery.

97.730 Gifts and bequests in trust for cemeteries. Gifts, grants and bequests of personal property in trust for the purpose of providing perpetual care and maintenance, improvement or embellishment of private

burial lots in or outside of cemeteries and of the walks, fences, monuments, structures or tombs thereon, are permitted and shall be deemed to be for perpetual and benevolent uses. They are not invalid by reason of any indefiniteness or uncertainty of the persons designated as beneficiaries in the instrument creating the trust; nor are they invalid as violating any existing laws against perpetuities or suspension of the power of alienation of title to property. But nothing in this section affects any existing authority or cause to pass upon the reasonableness of the amount of such gift, grant or bequest. Any cemetery association may act as trustee of and execute any such trust with respect to lots, walks, fences, monuments, structures or tombs, both within or outside its own cemetery limits, but within the county where such cemetery association has its principal office and place of business, whether such power is otherwise included in its corporate powers or not.

CEMETERY CARE

97.810 Endowment care and nonendowed care cemeteries. (1) An endowment care cemetery is one which after July 5, 1955, deposits in its endowment care fund not less than the following amounts for plots sold after that date:

(a) Fifteen percent of the gross sales price with a minimum of \$5 for each grave; or, when the gross sales price is paid in instalments, 15 percent of each instalment until at least 15 percent of the gross sales price has been deposited, with a minimum of \$5 for each grave.

(b) Five dollars for each niche.

(c) Fifteen dollars for each crypt.

The cemetery authority shall deposit in its endowment care fund any payment received by it and required by this subsection to be paid into such fund, within 30 days from the receipt of such payment.

(2) On or before the 15th day of April of each year, beginning with April 15, 1966, each endowment care cemetery, except one owned by a city or a county, shall file with the Secretary of State a statement in duplicate containing the following information pertaining to the endowment care fund: The total amount invested in bonds, securities, mortgages and other investments, the total amount of cash on hand not invested at the close of the previous calendar or fiscal year,

the income earned by investments in the preceding calendar or fiscal year, the amounts of such income expended for maintenance in the preceding calendar or fiscal year, the amount paid into the fund in the preceding calendar or fiscal year and such other items as the Secretary of State may from time to time require to show accurately the complete financial condition of the trust on the date of the statement.

(3) All of the information appearing on the statement shall be verified by an owner or officer of the cemetery authority, and a copy of the statement shall be maintained in the business office of the cemetery authority.

(4) The Secretary of State shall have authority to require, as often as he deems necessary, the custodian of any cemetery endowment care fund to make under oath a detailed report of the condition and assets of such fund.

(5) At the time of the filing of the statements of its endowment care fund each cemetery filing shall pay to the Secretary of State an annual fee as follows:

(a) Up to 100 interments per year, \$10.

(b) Over 100 interments per year, \$25.

(6) All fees received by the Secretary of State under this section shall be by him immediately turned over to the State Treasurer who shall deposit the moneys in the General Fund to the credit of an account to be known as the Cemetery Trust Review Account. The moneys in the Cemetery Trust Review Account hereby are appropriated for use in payment of salaries and other expenses or costs incurred by the Division of Audits of the office of the Secretary of State in connection with carrying out the provisions of this section.

(7) No cemetery shall operate after July 5, 1955, as an endowment care, permanent maintenance or free care cemetery until the provisions of this section are complied with. There shall be printed or stamped at the head of all contracts and certificates of ownership or deeds referring to plots in an endowment care cemetery, the following statement: "This cemetery is an endowment care cemetery," in lettering equivalent to at least 10-point No. 2 black type, and there shall be printed in the body of or stamped upon the above-described instruments the following statement: "Endowment care means the general care and maintenance of all developed portions of the cemetery and memorials erected thereon."

(8) A cemetery which otherwise complies with this section may be designated an endowment care cemetery even though it contains a small area which may be sold without endowed care, if it is separately set off from the remainder of the cemetery. There shall be printed or stamped at the head of all contracts and certificates of ownership or deeds referring to plots in this area the phrase "nonendowed care" in lettering equivalent to at least 10-point No. 2 black type.

(9) A nonendowed care cemetery is one that does not deposit in an endowment care fund the minimum specified in subsection (1) of this section.

(10) No cemetery shall in any way advertise or represent that it operates wholly or partially as an endowment care, permanent maintenance or free care cemetery, or otherwise advertise or represent that it provides general care or maintenance of all or portions of the cemetery or memorials erected thereon, until the provisions of this section are complied with.

[Amended by 1955 c.545 §2; 1965 c.396 §4; 1967 c.213 §1]

97.820 Placing cemetery under endowed care; deposit and withdrawal; commingling endowment and special care funds. (1) Every cemetery authority which operates a cemetery may place its cemetery under endowed care and establish, maintain and operate an endowment care fund. All endowed care funds shall be held in the name of the trustee or trustees appointed by the cemetery authority. All new investments of money deposited in the endowment care fund after July 5, 1947, shall be in securities in classes and amounts approved by the State Treasurer. The State Treasurer shall from time to time publish a list of approved securities and the maximum percentage of the total endowment care fund which may be invested in each class of approved security. All endowed care fund securities purchased under the provisions of this subsection shall be deposited with a bank or trust company authorized to do business in this state or some other depository approved by the State Treasurer. Any endowment fund securities withdrawn from any depository by a cemetery authority shall be immediately reinvested and redeposited or otherwise used in accordance with the provisions of ORS 97.010 to 97.130, 97.141 to 97.450 and 97.510 to 97.990. The provisions of this subsection

shall not apply to a city or county-owned cemetery.

(2) Endowment care and special care funds may be commingled for investment and the income therefrom shall be divided between the endowment care and special care funds in the proportion that each fund contributed to the principal sum invested. The income of the endowment care fund may be used only to finance the care of the cemetery.

(3) In lieu of the appointment of a board of trustees of its endowment care fund, any cemetery authority may appoint as sole trustee thereof any bank or trust company qualified to engage in the trust business. Such bank or trust company shall be authorized to receive and accept the fund, including any accumulated endowment care fund in existence at the time of its appointment.

[Amended by 1955 c.545 §3; 1965 c.396 §5]

97.825 Suits to enforce statutes. (1) Should the cemetery authority fail to remit to the trustee or trustees in accordance with the law, the funds herein provided for endowment and special care, or fail to expend all such funds and generally care for and maintain any portion of a cemetery entitled to endowment care, any three lot owners whose lots are entitled to endowment care, or any one lot owner whose lot is entitled to special care, or the next of kin, heirs at law or personal representatives of such lot owners, shall have the right, or the district attorney of any county wherein is situated such lots, shall have the power, by suit for mandatory injunction or for appointment of a receiver, to sue for, to take charge of, and to expend such net income. Such suit may be filed in the circuit court of the county in which said cemetery is located, to compel the expenditure either by the cemetery authority or by any receiver so appointed by the court, of the net income from such endowment care fund for the purposes set out in ORS 97.010 to 97.130, 97.141 to 97.450 and 97.510 to 97.990.

(2) When the Secretary of State has reason to believe that a cemetery endowment care fund does not conform to the requirement of law, or when the Secretary of State has reason to believe that any cemetery is operating in violation of ORS 97.810 or 97.820, or when an endowment care cemetery fails after 30 days' notice of delinquency to make any report to the Secretary of State

required by ORS 97.810, the Secretary of State shall give notice of the foregoing to the trustee or trustees of the cemetery endowment care fund, the cemetery for the benefit of which the fund is established, and the Attorney General of Oregon. It shall be the duty of the Attorney General within 90 days after the receipt of such notice to institute suit in the circuit court of any county of this state in which such cemetery is located, for a mandatory injunction against further sales of graves, plots, crypts, niches, burial vaults, markers or other cemetery merchandise by such cemetery or for the appointment of a receiver to take charge of the cemetery, unless he shall prior to that time be notified by the Secretary of State that such failure to conform to the requirements of the law or to report has been corrected.

[1955 c.545 §5; 1965 c.396 §6]

97.830 Investment and reinvestment of principal of endowed care funds; use and application of income. (1) The principal of all funds for endowed care shall be invested, from time to time reinvested and kept invested. The principal of such funds shall never be voluntarily reduced, but shall be maintained separate and distinct by the trustee or trustees from all other funds except it shall be proper to commingle endowment care funds with special care funds. Any bank or trust company qualified to engage in the trust business shall be governed by the provisions of ORS 128.020 and shall not be required to secure the approval of the State Treasurer as to the types of investment and the manner of holding such trust funds. The net income earned shall be used solely for the general care and maintenance of the property entitled to endowment care in a cemetery for which such fund is established, and shall be applied to such general care and maintenance in such manner as the cemetery authority may from time to time determine to be for the best interests of such endowed property. Such net income shall never be used for the improvement or embellishment of undeveloped property offered for sale.

(2) Endowment care funds shall not be used for any purpose other than to provide through income only for the care stipulated in the resolution, bylaw or other action or

instrument by which the fund was established.

[Amended by 1955 c.545 §4]

97.835 Limitation of duties and liability of trustee. The trustee shall have no duty whatsoever to operate, maintain or to supervise the general maintenance of any endowment fund cemetery, and the trustee shall have no duty whatsoever to enforce collection of any of the trust funds either from the purchasers of lots, or from the cemetery authority, and the trustee shall have no duty whatsoever to see to the application of the net income after payment of the net income to the cemetery authority. The trustee shall be entitled to rely without liability upon the affidavit of the cemetery authority showing the amount payable to the trustee as endowment care funds.

[1955 c.545 §6]

97.840 Cemetery authority authorized to receive and hold gifts of property. A cemetery authority which has established an endowment care fund may take, receive and hold as a part of or incident to the fund any property, real, personal or mixed, bequeathed, devised, granted, given or otherwise contributed to it for its endowment care fund.

97.850 Endowment and special care funds are charitable. The endowment and special care funds and all payments or contributions to them are expressly permitted as and for charitable and eleemosynary purposes. Endowment care is a provision for the discharge of a duty from the persons contributing to the persons interred and to be interred in the cemetery and a provision for the benefit and protection of the public by preserving and keeping cemeteries from becoming unkempt and places of reproach and desolation in the communities in which they are situated.

97.860 Agreements for care. (1) Upon payment of the purchase price, including the amount fixed as a proportionate contribution for endowed care, there may be included in the deed of conveyance, or by separate instrument, an agreement to care, in accordance with the plan adopted, for the cemetery and its appurtenances to the proportionate extent the income received by the cemetery authority from the contribution permits.

(2) Upon the application of an owner of any plot, and upon the payment by him of the amount fixed as a reasonable and proportionate contribution for endowed care, a cemetery authority may enter into an agreement with him for the care of his plot and its appurtenances.

97.870 Unused and uncared for portions of cemetery declared common nuisances. In all cases where a cemetery authority has owned a site for a cemetery for more than 40 years and has during that period sold lots, subdivisions of lots, pieces or parcels of the cemetery for burial purposes and the grantee or party claiming through him has not used portions of such lots, subdivisions of lots, pieces or parcels of the cemetery for purposes of burial and has not kept them free of weeds or brush, but has allowed them to remain entirely unused for more than 40 years or uncared for and unused for more than 20 years prior to the adoption of the resolution provided for in ORS 97.880, and such lots, subdivisions of lots, pieces and parcels of the cemetery are adjacent to improved parts thereof, and by reason of their uncared-for condition detract from the appearance of the cemetery and interfere with the harmonious improvement thereof, and furnish a place for the propagation of weeds and brush, thereby becoming a menace to adjacent property, such lots, subdivisions of lots, pieces and parcels of such cemetery, which are unused and uncared for as aforesaid, hereby are declared to be a common nuisance and contrary to public policy. The provisions of this section are not applicable to portions of cemeteries which have been or are sold with agreements between the cemetery authority or its successor in interest, or both, and the grantee providing for endowment care, permanent care, maintenance or free care.

[Amended by 1965 c.396 §7]

97.880 Resolution declaring a nuisance. The governing board of such incorporated association, company, religious society, lodge, municipality or other organized society described in ORS 97.870 may adopt a resolution declaring such unused and unimproved portion of its cemetery as is described in ORS 97.870 a common nuisance and an abandoned and unused portion of such cemetery, and may direct its officers to file the complaint described in ORS 97.890.

97.890 Complaint. (1) Upon the adoption of the resolution described in ORS 97.880 the officers of the cemetery association may file a complaint in the circuit court for the county in which the cemetery is located against the owners, holders or parties interested in such abandoned portion of its cemetery demanding that the court require such owners, holders or interested parties to keep the premises clear of weeds and brush and in condition in harmony with other lots and, if the owners, holders, or interested parties fail to appear in court and comply with the order of the court, demanding that the court make a decree declaring such portions of the cemetery a common nuisance, directing the governing board to abate the nuisance by clearing the premises and keeping them clear of weeds and brush, creating a lien upon such lots and parcels in favor of the cemetery association or other proprietor, decreeing that the lien be foreclosed and the lots and parcels be sold in the same manner as other sales upon execution are made and authorizing the governing board to become a purchaser thereof on behalf of the association or the proprietor.

(2) In such suit any number of owners of different lots, subdivisions of lots, pieces or parcels of the cemetery may be included in the one suit.

(3) It is a sufficient designation of the property so abandoned and unimproved to give the lot number or portion thereof, or a description of the piece or parcel having no lot number, together with the name of the owner thereof, as appears on the record of the cemetery association.

(4) In addition to the names of the persons that appear on the records of the cemetery association as the record owners of such unused and unimproved portions of the cemetery, the plaintiff shall include as a defendant in his complaint the following: "Also all other persons unknown claiming any right, title, estate, lien or interest in the unused and unimproved portions of the cemetery described in the complaint."

97.900 Summons. (1) Summons shall be served upon all owners or holders who are residents of this state in like manner as in service of summons in a civil action if such owners and holders are known to the sheriff in the county in which the cemetery is located. If the defendants are not known to the sheriff, it is sufficient to serve the

owners and holders whose names appear on the tax rolls of the county for the year previous to that in which the suit is started. The plaintiff is not required to mail a copy of the summons or complaint to nonresident defendants.

(2) All owners and holders of such unimproved lots whose names do not appear on the tax rolls as aforesaid as shown by the return of the sheriff may be served by publication in any legal newspaper published in the county in which the cemetery is located for four consecutive weeks upon return of the sheriff that such owners and holders are not known and cannot be served in his jurisdiction.

(3) The published summons shall contain the names of the record owners, as shown by the records of the cemetery association, and "also all other persons unknown claiming any right, title, estate, lien or interest in the unused and unimproved portions of the cemetery described in the complaint," together with a brief description of the lot, or subdivisions of lots, pieces or parcels of the cemetery and a statement setting forth the order and decree described in subsection (1) of ORS 97.890 for which the plaintiff has applied to the court in the complaint. Such summons shall require all parties defendant to appear and show cause why an order should not be made declaring the unused and unimproved portions of the cemeteries to be a common nuisance, directing the cemetery association or other proprietor to abate the nuisance, creating a lien thereon, decreeing that it be foreclosed and directing that the unused and unimproved portion of the cemetery be sold within four weeks from and after the date of the first publication thereof.

97.910 Disuse as prima facie evidence of abandonment. In all cases arising under ORS 97.870 to 97.900, the fact that the owner, holder or interested party, of the unused and unimproved portion of the cemetery has not, for a term of 20 years or more, used the plot and has failed to keep it clear of weeds or brush is prima-facie evidence that the owner, holder or interested party has abandoned it.

97.920 Decree declaring nuisance, authorizing abatement and creating and foreclosing lien. Upon the failure of the owner of the premises to comply with the order of the court requiring proper care of the premises or upon the failure of any of the defendants to appear and answer the complaint or upon the trial of the cause, if the court finds that the allegations of the complaint are supported by the evidence and that the summons has been served as provided in ORS 97.900, the court may enter a decree in accordance with the allegations of the complaint and the provisions of subsection (1) of ORS 97.890.
