PRIVATE INSTITUTIONS

352.710 Policy. It is hereby determined and declared as a matter of legislative finding that:

(1) Independent institutions of higher education in the state educate a substantial share of all post-secondary students in Oregon and such nonpublic institutions make an important contribution to post-secondary education in Oregon.

(2) The state's duty to support the achieving of public welfare purposes in education may be, in part, fulfilled by the state's support of those nonsectarian educational objectives achieved through nonpublic post-secondary institutions.

(3) Many of Oregon's private and independent institutions of higher learning face serious financial difficulties and, should any of these institutions be forced to close, many of their students would seek admission in public institutions creating an added financial burden to the state and an impairment of post-secondary education in Oregon. Such hazards may be substantially reduced and all education in the state improved through the purchase of nonsectarian educational services from Oregon's private and independent institutions.

[1971 c.693 §1]

352.720 Definitions for ORS 352.710 to 352.760. As used in ORS 352.710 to 352.760, unless the context requires otherwise:

(1) "Commission" means the State Scholarship Commission.

(2) "Private and independent institutions of higher education" or "institution" means any nonpublic college or university in the State of Oregon accredited by the Northwest Association of Secondary and Higher Schools.

(3) "Nonsectarian educational services" means the providing of instruction in secular subjects.

(4) "Secular subjects" means any course which is presented in the curriculum of a private and independent institution of higher education and which does not advocate the religious teachings or the morals or forms of worship of any sect.

[1971 c.693 §2]

352.730 Contracts with private institutions for nonsectarian educational services.

(1) The commission may enter into contracts with private and independent institutions of higher education for the performance of nonsectarian educational services to assist the state in providing educational opportunities for Oregon students.

(2) The commission may accept grants, gifts, bequests, and devises of real and personal property to carry out the purposes of ORS 352.710 to 352.760.

[1971 c.693 §3]

352.740 Computation of payments under contracts. Payments to private and independent institutions of higher education under contracts entered into under ORS 352.730 shall be determined by the commission and shall not exceed the rate of \$250 for every 45 quarter hours, or equivalent, of approved and registered course work in nonsectarian subjects completed by undergraduate students enrolled in the institutions who are residents of Oregon, and shall not exceed the actual cost to the institution of providing such educational services. If funds are not adequate for payments as computed under this section, the dollar amount per 45-hour units may be reduced in the proportion that the amount of funds available bears to the amount of funds required to satisfy all contracts at the rate specified.

[1971 c.693 §4]

352.750 Rules. In accordance with any applicable provisions of ORS chapter 183, the

commission may make such reasonable rules and regulations as are necessary or proper to carry out ORS 352.710 to 352.760.

[1971 c.693 §5]

352.760 Severability. If a part of ORS 352.710 to 352.760 is invalid, all valid parts that are severable from the invalid part remain in effect. If a part of ORS 352.710 to 352.760 is invalid in one or more of its applications, the part remains in effect in all valid applications that are severable from the invalid applications.

[1971 c.693 §7]
