In addition each applicant shall have been examined for and determined qualified to operate a motorcycle in such manner as not to jeopardize the safety of persons or property.

[1965 c.547 §§4, 5]

482.196 Effect of indorsement; revocation procedure. It shall also contain any other information required by the division, and shall be indorsed by the sheriff and the county judge of the county in

which the applicant resides, and by the principal of the school he attends.

If such person has no father, mother or guardian, an operator's license shall not be granted to him unless his application is signed by his employer.

(2) Any person who has signed the application of a person under the age of 18 years may thereafter file with the division a written request that the license of the person so granted be canceled. Thereupon, the division shall cancel the license of the person if he is under the age of 18 years.

The division may also require a certificate of such applicant's or operator's condition signed by the State Health Officer; however, if the affliction apparently involves only visual deficiencies, the division may require a certificate from a proper authority licensed by this state to conduct such examinations.

(2) When an examination is required as a prerequisite to the furnishing of a certificate by the State Health Officer, the examination shall be made by the county health officer or his authorized representative of the

county in which the applicant or operator resides, or by the State Health Officer or his authorized representative. If it is impracticable to have such an examination made by one of these officers or representatives, the examination may be made by a doctor designated by the State Health Officer. The officer or doctor who conducts the examination shall immediately make a written report of the findings and recommendations upon such examination to the State Health Officer. If the State Health Officer desires additional information, he may require the applicant or operator to authorize a doctor who is familiar with his case to forward to the health officer a certificate or case report, or require the applicant or operator to appear before a designated specialist for further examination. The applicant or operator may cause a written report concerning his affliction or disability to be forwarded to the State Health Officer by a doctor of his choice, and such report shall be given due consideration by such official, together with other data pertaining to the applicant's or operator's affliction or disability.

Of the money collected, \$2,500 per year shall be deducted for current expenses of collection and transfer and, until expenses of collection and transfer incurred before July 1, 1967, are paid, \$2,000 per year shall be deducted for such previously incurred expenses. Money collected under this subsection shall not be deemed or considered as in lieu, or a part, of any fee required to be paid for a license or permit to operate a motor vehicle.

(7) Before any person may be issued an operator's license or renewal thereof (not including a chauffeur's license), as provided in ORS 482.270 and 482.420, he shall pay the Motor Vehicles Division the sum of \$1 in addition to the fee charged for such license or renewal. The sums so collected by the Motor Vehicles Division shall be paid over to the State Treasurer for deposit in the Student Driver Training Fund and are continuously appropriated to the Superintendent of Public Instruction for reimbursing school districts, as provided in ORS 343.730, and, to the extent of not more than \$45,000 in any one biennium, for the expenses of administering this subsection and ORS 343.710 to 343.740.

[Subsection (7) enacted as 1957 c.206 §5; 1959 c.421 §1; 1961 c.245 §3; 1961 c.672 §1; 1963 c.97 §6; 1965 c.376 §5; 1967 c.507 §7; 1967 c.554 §§1, 2, 3, 4]

482.260 Examination required for license; reexamination. (1) Except as provided in subsection (2) of this section, the division shall examine every applicant for an operator's or chauffeur's license before issuing any such license. The examination shall include:

his knowledge of the traffic laws of this state including the rights of blind pedestrians provided by ORS 483.214;

(b) An actual demonstration of his ability to operate a motor vehicle in such manner as not to jeopardize the safety of persons or property; and

(c) Such further examination as may be necessary to determine whether any facts exist which would bar the issuance of a license under ORS 482.110 to 482.150, or to determine the applicant's fitness to operate a motor vehicle safely on the highways, which examination shall be limited to an investigation of only those facts directly pertaining to the ability of the applicant to operate a motor vehicle with safety, and those facts declared to be prerequisite to the issuance of a license under this chapter.

(2) The division may waive the examination of any person applying for the renewal of an operator's or chauffeur's license issued under the laws of this state, except when the division has reason to believe that an applicant for an operator's license is not qualified to hold an operator's license under this chapter, or when an applicant for the renewal of a chauffeur's license has not previously been examined.

(3) The division may require any licensed motor vehicle operator to appear for an examination whenever the division has reason to believe that the operator might not be qualified to hold an operator's license under this chapter. The failure of an operator to appear within a reasonable length of time after being notified so to do, or his failure to satisfactorily complete the required examination, shall be sufficient reason for the suspension of his license.

[Amended by 1963 c.97 §9; 1963 c.596 §3]

(3) The division may issue a temporary driver's permit to an applicant for an operator's or chauffeur's license permitting him to operate a motor vehicle while the division

is determining all facts relative to the applicant's right to receive a license. The permit must be in the applicant's immediate possession while operating a motor vehicle. It shall be valid for a period of 30 days from the date issued, except that it shall become invalid when the applicant's license has been issued or, for good cause, has been refused. The division may, for sufficient cause, extend the term of the permit for not to exceed an additional 30 days.

[Amended by 1963 c.97 §10]

482.280 Placing restrictions on licenses.

(1) The division, upon or after issuing an operator's or chauffeur's license, may, whenever good cause appears, impose restrictions suitable to the licensee's driving ability with respect to the type of motor vehicle, or special mechanical control devices required on a motor vehicle which the licensee may operate, or such other restrictions applicable to the licensee as the division may determine to be appropriate to insure the safe operation of a motor vehicle by the licensee.

(2) The division may issue a special restricted license or may set forth such restrictions upon the usual license form. A person to whom such license has been issued shall not operate a motor vehicle in any manner in violation of the restrictions imposed.

(3) The division may, upon receiving satisfactory evidence of any violation of the restrictions of such license, suspend or revoke the license, but the licensee shall be entitled to the hearings provided for in ORS 482.450 and 482.490.

482.290 Issuance of duplicate license when name or residence changed or original lost or destroyed. (1) If an instruction permit, a special permit or an operator's or chauffeur's license issued under this chapter is lost, destroyed or mutilated, the person to whom it was issued may obtain a duplicate or substitute upon furnishing proof satisfactory to the division of the loss, destruction or mutilation and upon payment of a fee of \$1. Upon receiving the notice and fee, the division shall issue a license bearing the same distinguishing number as the old license.

(2) Persons licensed as operators or chauffeurs under this chapter shall notify the division of any change of residence from that noted on their license as issued by the division or any change of name from that noted on their license as issued by the division, including a change of name by marriage. Notice shall be given in writing within 30

days after the date of the change. The notice shall indicate the old and new residence address or the former and new name and the number of the license then held. Upon receiving the notice, the division shall issue a license indicating the new name or residence address but bearing the same distinguishing number as the old license.

The license is not valid until the certificate is so signed.

(2) The licensee shall have such license in his immediate possession at all times when driving a motor vehicle, and shall display it upon the demand of a justice of the peace, a peace officer, or a field deputy or inspector of the division. [Amended by 1963 c.97 §13; 1971 c.156 §1]

(1) The division may suspend or revoke the license of any resident of this state upon receiving notice of the conviction of such person in another state of an offense therein which, if committed in this state, would be grounds for the suspension or revocation of the license of an operator or chauffeur.

(2) The division may, upon receiving a record of the conviction in this state of a nonresident driver of a motor vehicle of any offense under the motor vehicle laws of this state, forward a certified copy of such record to the motor vehicle administrator in the

Upon the conviction of any operator or chauffeur for any violation of a statute or municipal ordinance which by this chapter is cause for suspension or revocation of license or when the suspension of the license of a convicted person is recommended by the court under ORS 482.480, the court in which the conviction was had shall take up the operator's or chauffeur's license and immediately forward it to the division. At the end of the period of suspension upon a license so surrendered, it shall be returned to the licensee upon request being made to the division by the licensee. However, the division may require the licensee to furnish evidence to the effect that he is qualified to continue as an operator or chauffeur under this chapter, before returning the license. [Amended by 1957 c.170 §1]

482.475 Reinstatement of chauffeur's privilege; issuance and revocation of occupational license. (1) Except when a suspension of a chauffeur's license is based on a major traffic offense, the division shall reinstate the privilege to operate a motor vehicle of any person whose license to operate a motor vehicle as a chauffeur has been suspended, if such person submits to the division a written application for an occupational license and shows:

(a) That he is a chauffeur by occupation or employment;

(b) That he is not incompetent to drive nor a habitual incompetent, reckless or negligent driver within the meaning of paragraphs (c) and (d) of subsection (1) of ORS 482.450; and

(c) Proof of his future responsibility as defined in subsection (7) of ORS 486.011

and compliance with any applicable law relating to security deposit.

(2) If the division finds that the person meets the requirements of subsection (1) of this section, the division shall issue the person an occupational license, valid for the duration of the suspension unless sooner suspended under subsection (3) of this section. The occupational license shall restrict the licensee to operation of a motor vehicle only as a chauffeur during specified times. The license may bear other reasonable restrictions or limitations relating to the operation of a motor vehicle that the division deems proper or necessary.

(3) The division may, upon receiving satisfactory evidence of any violation of the restriction of an occupational license issued under subsection (2) of this section, suspend or revoke the occupational license; but the licensee is entitled to the hearings provided under ORS 482.450 and 482.490.

suspension of the operator's or chauffeur's license of the person so convicted. After conviction or bail forfeiture the court may recommend such suspension if the person fails to pay a fine imposed or comply with any other term of the judgment or probation. The division shall consider and act upon the recommendation in such manner as to it may seem best. If a license, permit or right to apply for a license is suspended under this section and the convicting court subsequently recommends its reinstatement, the division may act upon such recommendation in such manner as to the division may seem best.

(2) For the purposes of this chapter, an unvacated forfeiture of bail or collateral deposited to secure a defendant's appearance in court shall be equivalent to a conviction.

(3) For the purposes of this chapter, a determination by a juvenile court that a child within its jurisdiction has violated a law or ordinance regulating the operation of motor vehicles shall be the equivalent to a conviction. A recommendation by a juvenile court that a child's operator's license or permit be suspended on any ground set forth in ORS 419.541 shall be the equivalent of a recommendation of suspension by a court having jurisdiction over offenses against a law or ordinance relating to the operation of motor vehicles as provided in subsection (1) of this section.

[Amended by 1959 c.432 §79; 1971 c.541 §1]

(b) When his conviction was sustained by the appellate court, if an appeal was taken.

(2) The division may, before the expiration of one year, issue a new license or permit to any person otherwise entitled thereto, when with reference to the conviction upon

(3) The division shall not issue an operator's or chauffeur's license to any person whose license, either as an operator or chauffeur, has been revoked under this chapter, until such time when the division is authorized under the laws of this state to issue such person a new license.

(1) When a person becomes eligible for reinstatement as a motor vehicle operator, under ORS 482.480 or 482.500, the division may issue to him a special license bearing such restrictions as may be recommended by the convicting magistrate. Any person holding such a restricted license shall be subject to ORS 482.280.

(2) Whenever the suspension or revocation of the license, permit or right to apply for a license of any person is based upon a conviction for a law violation, and the division thereafter is notified in writing by the judge before whom the conviction was had that such person has taken an appeal from the conviction, the division immediately shall rescind the suspension or revocation. If the conviction is affirmed on appeal, or if appeal is dismissed or is not perfected within the statutory period, the division shall suspend or revoke the license, permit or right to apply for a license, the suspension or revocation of which was rescinded because of appeal.

[Amended by 1959 c.303 §1]

(2) Upon receipt of the report of the police officer, the division shall notify the reported person by mail of the intention to suspend and allow said person a 20-day period after the date of mailing said notice to request in writing a hearing before a representative of the division as provided in this section. If no request is filed within the 20-day period, the division shall thereupon suspend the license, permit or privilege of the person to drive a motor vehicle.

(3) Notice of intention to suspend or notice of an order of suspension is presumed to have been received upon the expiration of five days after it is deposited in the United States mail with postage prepaid, addressed to the person at his last address as shown by his application for original, renewal or duplicate license, which mailing may be proved by the certificate of any officer or employe of the division over 21 years of age specifying the time and place of giving notice. [1965 c.574 §11 (1), (2), (5)]

482.550 Hearing on suspension under ORS 482.540. The hearing shall be recorded by whatever means may be determined by the division and shall include testimony and exhibits, if any. Upon an affirmative finding on each matter listed in subsection (2) of this section, the division shall issue an order suspending the license, privilege or permit of the person to drive a motor vehicle, effective as provided in ORS 482.560. Otherwise, no suspension shall be ordered.

(2) The scope of the hearing shall be limited to:

The trial in the circuit court shall be de novo and the appellant shall have the right to a jury as provided in criminal actions.

When the division, as authorized or required, suspends, revokes or cancels a license or the right to apply for a license to operate motor vehicles, it shall give notice of such action to the person whose license or right is affected. Service of the notice is accomplished either by mailing the notice by certified mail, return receipt requested, or at the option of the division, by personal service in the same manner as a summons is served in an action at law. [1963 c.484 §2]

482.820 Driver License Compact. The Driver License Compact hereby is enacted into law and entered into on behalf of this state with all other states legally joining therein in a form substantially as follows:

DRIVER LICENSE COMPACT

ARTICLE I

Findings and Declaration of Policy

(a) The party states find that:

(1) The safety of their streets and highways is materially affected by the degree of compliance with state laws and local ordinances relating to the operation of motor vehicles.

(2) Violation of such a law or ordinance is evidence that the violator engages in conduct which is likely to endanger the safety of persons and property.

(3) The continuance in force of a license to drive is predicated upon compliance with laws and ordinances relating to the operation of motor vehicles, in whichever jurisdiction the vehicle is operated.

(b) It is the policy of each of the party states to:

(1) Promote compliance with the laws, ordinances, and administrative rules and regulations relating to the operation of motor vehicles by their operators in each of the jurisdictions where such operators drive motor vehicles.

(2) Make the reciprocal recognition of licenses to drive and eligibility therefor more just and equitable by considering the overall compliance with motor vehicle laws, ordinances and administrative rules and regulations as a condition precedent to the continuance or issuance of any license by reason of which the licensee is authorized or permitted to operate a motor vehicle in any of the party states.

ARTICLE II

Definitions

As used in this compact:

(a) "State" means a state, territory or possession of the United States, the District of Columbia, or the Commonwealth of Puerto Rico.

(b) "Home state" means the state which has issued and has the power to suspend or revoke the use of the license or permit to operate a motor vehicle.

(c) "Conviction" means a conviction of any offense related to the use or operation of a motor vehicle which is prohibited by state law, municipal ordinance or administrative rule or regulation, or a forfeiture of bail, bond or other security deposited to secure appearance by a person charged with having committed any such offense, and which conviction or forfeiture is required to be reported to the licensing authority.

ARTICLE III

Reports of Conviction

The licensing authority of a party state shall report each conviction of a person from another party state occurring within its jurisdiction to the licensing authority of the home state of the licensee. Such report shall clearly identify the person convicted; describe the violation specifying the section of the statute, code or ordinance violated; identify the court in which action was taken; indicate whether a plea of guilty or not guilty was entered, or the conviction was a result of the forfeiture of bail, bond or other security; and shall include any special findings made in connection therewith.

ARTICLE IV

Effect of Conviction

(a) The licensing authority in the home state, for the purposes of suspension, revocation or limitation of the license to operate a motor vehicle, shall give the same effect to the conduct reported, pursuant to Article III of this compact, as it would if such conduct had occurred in the home state, in the case of convictions for:

(1) Manslaughter or negligent homicide resulting from the operation of a motor vehicle;

(2) Driving a motor vehicle while under the influence of intoxicating liquor or a narcotic drug, or under the influence of any

other drug to a degree which renders the driver incapable of safely driving a motor vehicle;

(3) Any felony in the commission of which a motor vehicle is used;

(4) Failure to stop and render aid in the event of a motor vehicle accident resulting in the death or personal injury of another.

(b) As to other convictions, reported pursuant to Article III, the licensing authority in the home state shall give such effect to the conduct as is provided by the laws of the home state.

(c) If the laws of a party state do not provide for offenses or violations denominated or described in precisely the words employed in subdivision (a) of this Article, such party state shall construe the denominations and descriptions appearing in subdivision (a) hereof as being applicable to and identifying those offenses or violations of a substantially similar nature and the laws of such party state shall contain such provisions as may be necessary to ensure that full force and effect is given to this Article.

ARTICLE V

Applications for New Licenses

Upon application for a license to drive, the licensing authority in a party state shall ascertain whether the applicant has ever held, or is the holder of a license to drive issued by any other party state. The licensing authority in the state where application is made shall not issue a license to drive to the applicant if:

(1) The applicant has held such a license, but the same has been suspended by reason, in whole or in part, of a violation and if such suspension period has not terminated.

(2) The applicant has held such a license, but the same has been revoked by reason, in whole or in part, of a violation and if such revocation has not terminated, except that after the expiration of one year from the date the license was revoked, such person may make application for a new license if permitted by law. The licensing authority may refuse to issue a license to any such applicant if, after investigation, the licensing authority determines that it will not be safe to grant to such person the privilege of driving a motor vehicle on the public highways.

(3) The applicant is the holder of a license to drive issued by another party state

and currently in force unless the applicant surrenders such license.

ARTICLE VI

Applicability of Other Laws

Except as expressly required by provisions of this compact, nothing contained herein shall be construed to affect the right of any party state to apply any of its other laws relating to licenses to drive to any person or circumstance, nor to invalidate or prevent any driver license agreement or other cooperative arrangement between a party state and a nonparty state.

ARTICLE VII

Compact Administrator and Interchange of Information

(a) The head of the licensing authority of each party state shall be the administrator of this compact for his state. The administrators, acting jointly, shall have the power to formulate all necessary and proper procedures for the exchange of information under this compact.

(b) The administrator of each party state shall furnish to the administrator of each other party state any information or documents reasonably necessary to facilitate the administration of this compact.

ARTICLE VIII

Entry Into Force and Withdrawal

(a) This compact shall enter into force and become effective as to any state when it has enacted the same into law.

(b) Any party state may withdraw from this compact by enacting a statute repealing the same, but no such withdrawal shall take effect until six months after the executive head of the withdrawing state has given notice of the withdrawal to the executive heads of all other party states. No withdrawal shall affect the validity or applicability by the licensing authorities of states remaining party to the compact of any report of conviction occurring prior to the withdrawal.

ARTICLE IX

Construction and Severability

This compact shall be liberally construed so as to effectuate the purposes thereof. The

provisions of this compact shall be severable and if any phrase, clause, sentence or provision of this compact is declared to be contrary to the constitution of any party state or of the United States or the applicability thereof to any government, agency, person or circumstance is held invalid, the validity of the remainder of this compact and the applicability thereof to any government, agency, person or circumstance shall not be affected thereby. If this compact shall be held contrary to the constitution of any state party thereto, the compact shall remain in full force and effect as to the remaining states and in full force and effect as to the state affected as to all severable matters.
