GENERAL PROVISIONS

335.090 School districts responsible for high school education; levy. (1) The high school education of all children of school age resident within a school district which does not operate a high school or which is not a component part of a union high school district or of a county high school district after July 1, 1960, shall be the responsibility of the district.

(2) The district shall pay the tuition of all pupils resident within the district who are qualified to attend and are attending a standard public high school either within or outside the state.

(3) The district shall furnish transportation to the nearest standard public high school which pupils may attend. Reasonable board and room may be furnished instead of transportation if desired. If the district arranges for the attendance of pupils at a standard public high school other than the nearest one pupils may attend, then the district may provide transportation to the standard public high school which the pupils are attending.

(4) The estimated cost of tuition and transportation or board and room instead of transportation shall be included in and be a part of the budget and shall be levied as provided in ORS 335.095.
 [1955 c.674 §3; 1957 c.583 §2; 1961 c.688 §1; 1963 c.158 §1; 1965 c.100 §212]

335.095 Levy of taxes in certain school districts for high school purposes. The amounts required to meet the expenses of a school district under ORS 335.090 shall be certified to the county assessor separately. No tax shall be levied for the purposes of ORS 335.090 against property included in a union high school district or a county high school district.

(Lengthening Course of Study)

335.482 Definitions for ORS 335.495 to 335.505. As used in ORS 335.495 to 335.505:

(1) "Component school district" means a common school district lying wholly or partly inside the boundaries of a union high school district.

(2) "Split school district" means a component school district lying partly inside and partly outside the boundaries of a union high school district.

[1967 c.106 §5]

335.485 [Repealed by 1965 c.100 §456]

335.490 Extension of union high school course of study. (1) Except as otherwise provided in subsection (2) of this section, any union high school district may, when authorized by the qualified voters of the district, extend the course of study in the district to include five years above the seventh grade or six years above the sixth grade, and in like descending order may extend its course to include any or all grades of the schools in the union high school district in the manner provided in ORS 335.495 to 335.505.

(2) No union high school district composed in part of a split school district shall extend the course of study in the union high school district unless such course of study is extended to include all grades of the schools in the union high school district.

[Amended by 1965 c.100 §216; 1967 c.106 §1]

335.495 Election to lengthen course. Any union high school board may, or shall upon petition of 100 qualified voters of the district, submit to the qualified voters of the district at the annual election or at a special election called by the union high school board, the question of lengthening the course of study in the district. The union high school board shall give notice to the qualified voters as provided in ORS 331.010. The election shall be held at places designated by the union high school district board, and shall be conducted, in so far as applicable, as

are other elections in the union high school districts. Only persons who are qualified voters in that part of any split school district lying within the union high school district shall be permitted to vote. All necessary expenses shall be borne by the union high school district.

[Amended by 1957 c.310 §24; 1965 c.100 §217; 1967 c.106 §2]

335.500 Procedure after election to lengthen course. Upon receipt of the election returns pursuant to ORS 335.495, the union high school board shall canvass the votes. If the board determines that a majority of votes cast in the union high school district are for the proposal, it shall declare the proposal carried and certify the result to the district boundary board. If the proposal is carried, the union high school board shall submit to the Superintendent of Public Instruction for his approval the complete course of study in the district. The lengthened course of study shall become effective following approval by the Superintendent of Public Instruction.

[Amended by 1957 c.310 §25; 1965 c.100 §218; 1967 c.103 §1]

335.502 Cost of educating elementary pupils after course lengthened to include elementary grades. Whenever the course of study in a union high school district is extended to include grades below the ninth grade, the union high school district shall be responsible for providing for the education of the pupils in the included grades and the cost of educating such pupils shall be included in the union high school district budget and not in the budgets of the component common school districts.

[1953 c.390 §1; 1965 c.100 §219]

335.505 Transformation of union high school district into common school district; continued existence of part of split district.

(1) Notwithstanding the provisions of any other statute, whenever all grades of the common schools within the union high school district come under the jurisdiction of the union high school board or whenever as a result of merger or boundary change the area within the boundaries of the union high school district becomes a single component school district having boundaries coterminous with the union high school district, the union high school district and its component districts other than split districts are abolished and the area within the boundaries of the union high school district, including that

part of any split school district that is within its boundaries, becomes a common school district responsible for educating children in grades 1 through 12 and all territory therein is withdrawn from any other type of school district except the intermediate education district or the community college district of which it may have been a part. The union high school board shall continue as the board of the district until the next annual school election when the proper number of board members shall be elected. The terms of all board members in all component school districts other than split school districts shall terminate at the time the union high school board becomes the district school board. All property and obligations of the component school districts other than split school districts shall become the property and obligations of the new common school district except to the extent that it was otherwise provided when such district is formed by merger.

(2) Whenever at the time a new common school district is formed as provided in subsection (1) of this section any component school district is a split school district, such district shall continue to exist as to that part of its total area which lies outside the boundaries of the union high school district and such district and the new common school district shall proceed immediately in the manner provided by ORS 330.123 to make an equitable division of assets and liabilities. However, if a school building is located in the territory of the split district not included in the new common school district, such building shall not be included in the assets to be divided.

[Amended by 1965 c.100 §220; 1967 c.106 §3]

335.515 Local school committee; election; duties. (1) Whenever any union high school district votes to include all grades within a single district, either under ORS 335.500 or 330.587, the union high school district board may on its own motion, or must upon receipt of a petition signed by at least 100 of the qualified voters of the district, provide for the election of a local school committee.

(2) In former union high school districts that do not become administrative districts, the local school committee shall consist of three members elected by the qualified voters of a zone or attendance unit designated by the district school board. At the first annual school election following the election to

lengthen the course, there shall be elected three members of each local school committee. After the first election, members shall be elected as provided in ORS 330.665 and shall have the same authority and duties of local school committees in administrative school districts.

335.710 [Repealed by 1969 c.585 §3]

335.715 Creation of zones; election notice. (1) After having made the motion permitted by ORS 335.710, or, if a petition has been filed, upon determination by the county court and the county clerk that the petition has been signed by the required number of qualified voters, the court shall certify such fact to the district boundary board. The district boundary board shall forthwith divide the county into five zones as nearly equal in population as may be practicable and give each zone a number and descriptive geographical name. The district boundary board may readjust the boundaries of such zones when necessary.

(2) A notice of the time, place, purpose of the election, general description of the zones and descriptive geographical names of each and inviting the filing of nominations for the directors shall be published by the county court at least 30 days prior to the election in at least one issue of each news-

paper published within the county. Three notices containing the same information as the published notices shall be posted by the county court at least 30 days prior to the election in three public places in each school district within the proposed county high school district.
