[1959 c.660 s.2]

63.230 Corporate purposes. The purposes of a state development credit corporation are:

(1) To promote, aid and, through the united efforts of the financial institutions which from time to time become members of the state development credit corporation, develop and advance the industrial and business prosperity and welfare of the State of Oregon.

[1959 c.660 s.3]

63.240 Corporate powers. In furtherance of the purposes set forth in ORS 63.230, and in addition to the powers conferred by the general laws relating to corporations, a state development credit corporation shall, subject to the restrictions and limitations set forth in this chapter, have the following powers:

(1) To borrow money on secured or unsecured notes from the Federal Government and to pledge bonds, notes and other securities as collateral therefor.

(2) To borrow money on secured or unsecured notes from any financial institution, which financial institution shall be a member of the state development credit corporation, and to pledge bonds, notes or other securities as collateral therefor, except that in no case shall the amount so loaned to the state development credit corporation by any member exceed the limit established by ORS 63.290.

(2) Subject to subsection (1) of this section, the number of directors may be increased or decreased from time to time by amendment to the bylaws, but no decrease shall have the effect of shortening the term of any incumbent director. In the absence of a bylaw fixing the number of directors, the number shall be the same as that stated in the articles of incorporation. The names and addresses of the members of the first board of directors shall be stated in the articles of incorporation. Such persons shall hold office until the first annual meeting, and until their successors have been elected and qualified, unless removed in accordance with the provisions of the bylaws and this chapter.
