all segments of education, including administrators, students and faculty.

(3) The commission may appoint such other subcommittees or advisory committees as it deems necessary.

(4) The commission shall:

(c) Develop and propose state-wide educational policy and program objectives consistent with identified educational needs; assess the budgetary priorities of the educational segments to identify their consistency with state-wide policy and program objectives; advise the Governor of inconsistencies and omitted areas prior to his action on budget requests; and advise the Legislative Assembly of inconsistencies and omitted areas prior to its action on budget requests.

The commission shall report unresolved issues and deficiencies periodically to the Legislative Assembly with recommendations for resolution. In those cases where the commission determines that a proposed new post-secondary program or a proposed new post-secondary location of a public institution would have a significantly adverse impact on one or more other segments of education, the commission shall have final authority for approval or disapproval, notwithstanding authority given to the State Board of Education in ORS chapters 326 and 341 and to the State Board of Higher Education in ORS chapter 351. Prior to approval or disapproval, the commission shall negotiate with the governing boards of the institutions affected to determine if satisfactory accommodations of the interests can be achieved.
