**OUTDOOR RECREATION
RESOURCES**

390.010 Policy of state toward outdoor recreation resources. The Legislative Assembly recognizes and declares:

(1) It is desirable that all Oregonians of present and future generations and visitors who are lawfully present within the boundaries of this state be assured adequate outdoor recreation resources. It is desirable that all levels of government and private interests take prompt and coordinated action to the extent practicable without diminishing or affecting their respective powers and functions to conserve, develop, and utilize such resources for the benefit and enjoyment of all the people.

(2) The economy and well-being of the people are in large part dependent upon proper utilization of the state's outdoor recreation resources for the physical, spiritual, cultural, scientific and other benefits which such resources afford.

(3) It is in the public interest to increase outdoor recreation opportunities commensurate with the growth in need through necessary and appropriate actions, including, but not limited to, the following:

(a) Protection of existing and needed open spaces for appreciation, use and enjoyment of Oregon's scenic landscape.

(b) Provision of adequate land for outdoor recreation.

(c) Preservation and restoration for public enjoyment and education of structures, objects, facilities and resources which are examples of Oregon history, archeology and natural science.

(d) Development of a system of scenic roads to enhance recreational travel and sightseeing.

(e) Encouragement of outdoor activities such as festivals, fairs, and events relating to music, dance, drama, art and sports.

(f) Expansion of facilities for camping, picnicking and lodging in or near recreational areas and along routes of travel.

(g) Provision of tourist hospitality centers, which may include informational services, sanitary facilities, camping and picnicking areas at points near major highway entrances into the state.

(h) Provision of trails for horseback riding, hiking, bicycling and motorized trail vehicle riding.

(i) Development of waterways, land and water facilities for recreational boating, hunting and fishing.

(j) Development of all recreation potentials of the several river basins, compatible with programs of water use enunciated by the Water Policy Review Board.

(k) Provision for access to public lands and waters having recreational values.

(L) Encouragement of the development of winter sports facilities.

(m) Encouragement of programs for recreational enjoyment of mineral resources.

(4) It is in the public interest that all efforts be made through research, education and enforcement to the end that Oregon's outdoor recreation resources will be used under the highest standards of conduct.

(5) It shall be the policy of the State of Oregon to supply those outdoor recreation areas, facilities and opportunities which are clearly the responsibility of the state in meeting growing needs; and to encourage all agencies of government, voluntary and commercial organizations, citizen recreation groups and others to work cooperatively and in a coordinated manner to assist in meeting total recreation needs through exercise of their appropriate responsibilities.

**STATE PARKS AND
RECREATION DIVISION**

390.110 Acquisition and development by Department of Transportation of scenic or historic places. (1) The Department of Transportation may acquire by purchase, agreement, donation or by exercise of the power of eminent domain real property, or any right or interest therein, deemed necessary for the culture of trees and the preservation of scenic or historic places and other objects of attraction or scenic value adjacent to, along or in close proximity to state highways, or which may be conveniently reached from or by a public highway. The department may in like manner acquire land and ground necessary for the development and maintenance of parks, parking places, auto camps, camp sites, roadside development, recreational grounds or resorts, forest or timbered areas or other places of attraction and scenic or historic value which in the judgment of the department are necessary for the convenience of the public, and which will contribute to the general welfare and pleasure of the motoring public or road user.

(2) The department may develop, construct, improve, operate and maintain the places named in subsection (1) of this section to such an extent and in such manner as

will best afford to the motoring public and road users necessary conveniences and accommodations, and as will contribute to the general welfare of the people of the state or the members of the motoring public using the highways of the state.

(3) The department may acquire by purchase, agreement or donation real property, or any right or interest therein, deemed necessary for the culture of trees and the preservation of scenic or historic places and other objects of attraction or scenic value. The department may in like manner acquire land and ground necessary for the development and maintenance of parks, camp sites, recreational grounds or resorts, forest or timbered areas or other places of attraction and scenic or historic value which in the judgment of the department will contribute to the general welfare and pleasure of the public.

(4) The department may develop, construct, improve, operate and maintain the places named in subsection (3) of this section to such an extent and in such manner as will best afford to the public necessary conveniences and accommodations, and as will contribute to the general welfare of the public.

[Formerly 366.345]

390.120 State Parks and Recreation Division. The Department of Transportation shall establish under its jurisdiction and control a division to be known as the State Parks and Recreation Division.

[Formerly 366.175]

390.130 State Parks Superintendent; State Recreation Director and assistants.

(1) The Department of Transportation shall appoint a superintendent of state parks and recreation, who shall be called State Parks Superintendent, and who shall hold office during the pleasure of the department.

(2) The State Parks Superintendent shall receive an annual salary to be fixed by the department, payable in monthly instalments, together with such actual traveling and other necessary expenses as may be incurred in the discharge of his official duties.

(3) The department shall appoint, upon the recommendation of the State Parks Superintendent, a director of recreation, who shall be called State Recreation Director, and who shall hold office during the pleasure of the department.

(4) The State Recreation Director shall receive an annual salary to be fixed by the

department, payable in monthly instalments, together with such actual traveling and other necessary expenses as may be incurred in the discharge of his official duties.

(5) The department may employ such engineers, landscape architects, technical assistants and such other help as, in its judgment, may be necessary for the proper and efficient administration of the parks and recreation division. The compensation, travel allowance and other expenses for such staff and other help shall be fixed by the department.

(6) This section is subject to any applicable provision of the State Merit System Law. [Formerly 366.180]

390.140 Powers and duties of State Recreation Director. (1) Under the direction of the State Parks Superintendent, the State Recreation Director shall:

(a) Study and appraise the recreation needs of this state and assemble and disseminate information relative to recreation, considering both tourist and local needs.

(b) Investigate the recreation facilities, personnel, activities and programs existing or needed in the various areas in this state and, by consultation with the appropriate public or private authorities in such areas, assist in the development and coordination of recreation facilities, activities and programs. However, the director shall not make surveys of recreation facilities, personnel, activities and programs of counties, cities, districts and other local agencies, areas and communities except upon their request.

(c) Advise, cooperate with and encourage counties, cities, districts and other local agencies, areas and communities interested in the development and use of recreation facilities, activities and programs for the public benefit.

(d) Recommend and promote standards for recreation facilities, personnel, activities and programs.

(e) Aid in recruiting, training and placing recreation personnel.

(f) Promote recreation institutes and conferences.

(2) Under the direction of the State Park Superintendent, the State Recreation Director may:

(a) Encourage and render assistance in the promotion of training programs for volunteer and professional recreation leaders in cooperation with other public and private agencies, persons, groups, organizations and institutions interested in recreation, and

encourage the establishment of standards for recreation personnel.

(b) Assist any state agency in rendering recreation services and carrying out recreation functions in conformity with the authorized powers and duties of such state agency, and encourage and assist in the coordination of federal, state and local recreation facilities, personnel, activities and programs.

[Formerly 366.182]

390.150 Gifts and grants for park and recreation division. The Department of Transportation may accept and expend, use or dispose of moneys and property from any public or private source, including the Federal Government, made available to the department in the form of grants, gifts, devises, bequests or endowments for the purpose of carrying out any of the provisions and purposes of ORS 390.120 to 390.150 or to facilitate the carrying out of any of the functions of the State Recreation Director under ORS 390.120 to 390.150.

[Formerly 366.183]

390.160 Park and recreation regulations. (1) The Department of Transportation may make regulations and provisions for the use and administration of state parks and all recreational, historic, scenic and other places of attraction which are owned by or under the control of the state, acting by and through the department. Such regulations shall be duly entered in the minutes and records of the department. The regulations may provide reasonable charges for the use of accommodations provided in such parks and areas. The regulations shall be posted within the main entrance of each of the areas. Nothing in this section or in ORS 390.120, 390.130 or 390.990 shall impair, restrict or modify any of the powers of the department with reference to state parks and recreational, historic and scenic places.

(2) The department may make regulations necessary to carry out the provisions of ORS 390.120 to 390.150.

[Formerly 366.350]

390.170 [Formerly 366.545; repealed by 1975 c.184 s.1]

390.210 Arboretum and botanical garden. (1) The Department of Transportation may establish, maintain, operate and control an arboretum and botanical garden which shall be a part of the system of parks, scenic places and recreational areas under the State Parks Division of the department.

(2) Upon the establishment of the garden, its management shall be placed under the direct supervision of the State Parks Superintendent, who shall operate, maintain and supervise the garden under the direction and control of the department.

(3) The garden shall be located in and be the property of the State of Oregon. The site of the garden shall be selected by the Oregon Arboretum and Botanical Foundation and the department jointly, but shall be on a main or arterial highway, as near the population and education centers of the state as possible.

(4) The department may accept funds from any source for the establishment, maintenance and operation of the garden, but the department shall not contribute or use highway funds in connection with the garden. All funds received from any source shall immediately be paid by the department into the General Fund in the State Treasury and there maintained in an account designated as the Arboretum Botanical Garden Account, which account hereby is appropriated solely for the purposes of this section. The department may accept property, both real or personal, in addition to funds, which shall be dedicated to and used for the garden by the department.

(5) The department may acquire at any time, by purchase or by exercise of the power of eminent domain, any interest in real property deemed necessary for the establishment, maintenance and operation of the garden. Property acquired by exercise of the power of eminent domain shall be acquired in the manner provided in ORS chapter 35, except that the defendant shall not be entitled to recover as costs and disbursements any sum taxed as attorney's fees.

(6) The foundation and the department shall confer and cooperate at all times in all matters pertaining to the garden to the end that the purpose and public values contemplated by this section may be accomplished and the public interest best served.

[Formerly 366.355; 1971 c.741 s.37]

390.220 Provisional Government Park at Champoeg. All jurisdiction over the Provisional Government Park at Champoeg, Oregon, the buildings and museum therein, and all other assets of the park or the Provisional Government Park board, including unexpended appropriations therefor, hereby are transferred to the Department of Transportation.

[Formerly 358.520]

390.230 Fort Stevens Military Reservation; Clatsop Spit. The right, title and interest of all state agencies, other than the State Fish and Wildlife Commission and political subdivisions, in the lands described as follows are hereby vested in the State or Oregon by and through its Department of Transportation:

All of the lands, together with the accretions thereto lying westerly of the east line of section 7, township 8 north, range 10 west, Willamette Meridian, Clatsop County, State of Oregon, extending northerly to the main channel of the Columbia River as it existed on May 19, 1967; bounded on the south by the south line of said section 7 extended westerly to the low water of the Pacific Ocean; and bounded on the north by the main channel of said Columbia River extended downstream to the Pacific Ocean.

LOCAL PARKS AND RECREATION SERVICES

(Jackson County)

390.250 Development of recreational use of lands by Jackson County; application for state funds. (1) In furtherance of the state policy declared in ORS 390.010, the governing body of Jackson County, Oregon, may prepare and adopt a plan to promote the public scenic, park and recreational use of lands along Bear Creek that lie within the boundaries of Jackson County. The county governing body may, in preparing any such plan, designate lands or interest in such lands situated within the county that the county and all cities described in subsection (2) of this section consider necessary for immediate or future acquisition for public use for scenic, park or recreational purposes.

(2) Each plan adopted under subsection (1) of this section shall be prepared in cooperation with and with the concurrence of all cities within the county that have lands within their respective boundaries that are adjacent or contiguous to Bear Creek.

(3) After the adoption of a plan under subsection (1) of this section, the governing body of a city in Jackson County or of Jackson County may apply to the Department of Transportation under ORS 390.255 for grants of money to be used by the city or county in the acquisition of lands or any interests therein to carry out any such plan.

[1973 c.668 s.1]

390.255 Use of funds to acquire land interests; conditions of grants. (1) The Department of Transportation may enter into agreements with cities in Jackson County and with Jackson County and make grants of money from the State Highway Fund to assist them in acquiring any lands or any interest therein for scenic, park and recreational purposes in accordance with a plan adopted by the governing body of Jackson County. The grants of money that may be made by the department for the acquisition of any lands or interests shall not be less than 50 percent of such acquisition cost subject to availability of funds therefor. All remaining costs, including but not limited to future operation and maintenance costs, shall be borne by the city or county in a manner satisfactory to the department. No grant of money shall be made by the department under this subsection for any lands or interests acquired by a city or county prior to July 22, 1973.

(2) The department may require such information, as it considers advisable, from a city or the county applying for a grant of money under subsection (3) of ORS 390.250. The department may impose such conditions on the agreements entered into under subsection (1) of this section and on the use of moneys granted pursuant thereto as the department considers necessary in carrying out the state policy declared in ORS 390.010.

[1973 c.668 s.2]

390.260 Application of Willamette River Greenway laws; restriction on condemnation to acquire lands. (1) Nothing in ORS 390.250 to 390.260 applies to the Willamette River Greenway created pursuant to ORS 390.310 to 390.368.

(2) No land to which ORS 390.250 to 390.260 are applicable shall be acquired by the exercise of the power of eminent domain.

[1973 c.668 s.3]

(Ocean Shores Lifesaving Services)

390.270 Definitions for ORS 390.270 to 390.290. As used in ORS 390.270 to 390.290:

(1) "Department" means the Department of Transportation.

(2) "County court" includes board of county commissioners.

(3) "Governing body" means:

(a) The city council or other governing body of a city; or

(b) The county court of a county.

(4) "Ocean shore" has the meaning given that term by ORS 390.605.

[1973 c.673 s 1]

390.275 Purpose of ORS 390.270 to 390.290. (1) The purpose of ORS 390.270 to 390.290 is to encourage cities and counties to provide lifesaving services to people using recreational places along the ocean shore.

(2) Any city or county that provides lifesaving services at recreational places along the ocean shore may qualify for a matching fund grant.

[1973 c.673 s.2]

390.280 Duties of Department of Transportation in encouraging use of lifesaving services. In addition to the other duties of the Department of Transportation, the department shall:

(1) Make grants to cities and counties to reimburse cities and counties for funds used to pay expenses incurred in providing lifesaving services in recreational places along the ocean shore.

(2) Determine the eligibility of a city or county for, and the amounts of, such matching fund grants.

(3) Establish and promulgate minimum standards for lifesaving services at such places.

(4) Advise governing bodies how they may acquire and qualify for matching fund grants.

(5) Adopt regulations to carry out ORS 390.270 to 390.290.

[1973 c.673 s.3]

390.285 Application by local governing body for reimbursement of cost; report of activities required. (1) To obtain a grant for reimbursement of the expenses incurred in providing lifesaving services at recreational places along the ocean shore, a governing body shall file with the department a request for reimbursement of funds used during the prior fiscal year to pay expenses incurred for direct program costs in providing such services. The request shall include a detailed statement of the funds expended for such services during the prior fiscal year, and shall indicate the source of such funds. The request shall include such other information as may be required by the department.

(2) To be entitled to continue to receive a grant for reimbursement as authorized by

ORS 390.270 to 390.290, the city or county with its request to the department shall submit a report of the lifesaving services provided by the city or county during the previous year.

[1973 c.673 s 4]

390.290 Schedule for reimbursement of local governing bodies. (1) Expenditures made from city or county funds to provide lifesaving services at recreational places along the ocean shore shall be reimbursed by the department in accordance with this section.

(2) Within the limit of the funds available therefor, there shall be paid to an applicant, on account of expenditures subject to reimbursement, 75 percent of any amount in excess of \$5,000 so expended from the funds of the applicant city or county in the prior fiscal year.

(3) Upon approval of a request of a governing body, the department shall enter into a matching fund relationship to reimburse the funds used to pay expenses of providing such lifesaving services.

(4) When approved by the department, claims for reimbursement shall be presented for payment and paid in the manner other claims against the State Highway Fund are paid; however, if in any fiscal year the aggregate amount of the grants approved exceeds the funds available for the purposes of ORS 390.270 to 390.290, the department shall prorate the available funds among the grants approved.

[1973 c.673 s.5]

WILLAMETTE RIVER GREENWAY (Generally)

390.310 Definitions for ORS 390.310 to 390.368. As used in ORS 390.310 to 390.368, unless the context requires otherwise:

(1) "Unit of local government" means an incorporated city, county or any other political subdivision of this state.

(2) "Department" means the Department of Transportation.

(3) "Willamette River" means that portion of the Willamette River, including all channels of the Willamette River, from its confluence with the Columbia River upstream to Dexter Dam and the Coast Fork of the Willamette River upstream to Cottage Grove Dam.

(4) "Channel" includes any channel that flows water at ordinary low water.

390.314 Legislative findings and policy. (1) The Legislative Assembly finds that, to protect and preserve the natural, scenic and recreational qualities of lands along the Willamette River, to preserve and restore historical sites, structures, facilities and objects on lands along the Willamette River for public education and enjoyment and to further the state policy established under ORS 390.010, it is in the public interest to develop and maintain a natural, scenic, historical and recreational greenway upon lands along the Willamette River to be known as the Willamette River Greenway.

(2) In providing for the development and maintenance of the Willamette River Greenway, the Legislative Assembly:

(a) Recognizing the need for coordinated planning for such greenway, finds it necessary to provide for development and implementation of a plan for such greenway through the cooperative efforts of the state and units of local government.

(b) Recognizing the need of the people of this state for existing residential, commercial and agricultural use of lands along the Willamette River, finds it necessary to permit the continuation of existing uses of lands that are included within such greenway; but, for the benefit of the people of this state, also to limit the intensification and change in the use of such lands so that such uses shall remain, to the greatest possible degree, compatible with the preservation of the natural, scenic, historical and recreational qualities of such lands.

(c) Recognizing that the use of lands for farm use is compatible with the purposes of the Willamette River Greenway, finds that the use of lands for farm use should be continued within the greenway without restriction.

(d) Recognizing the need for central coordination of such greenway for the best interests of all the people of this state, finds it necessary to place the responsibility for the coordination of the development and maintenance of such greenway in the Department of Transportation.

(e) Recognizing the lack of need for the acquisition of fee title to all lands along the Willamette River for exclusive public use for recreational purposes in such greenway, finds it necessary to limit the area within such greenway that may be acquired for state parks and recreation areas and for

public recreational use within the boundaries of units of local government along the Willamette River.

390.318 Preparation of development and management plan; content of plan.

(1) Within one year after October 5, 1973, the Department of Transportation, in cooperation with units of local government that have lands along the Willamette River within their respective boundaries, shall prepare a plan for the development and management of the Willamette River Greenway as described in ORS 390.314. Such plan may be prepared for segments of the Willamette River and may be submitted as segments for approval under ORS 390.322. Such plan shall specify the boundaries of the Willamette River Greenway and the lands and interests in land situated within such boundaries to be acquired in the development of such greenway. There shall be included within the boundaries of the Willamette River Greenway all lands situated within 150 feet from the ordinary low water line on each side of each channel of the Willamette River and such other lands along the Willamette River as the department and units of local government consider necessary for the development of such greenway; however, the total area included within the boundaries of such greenway shall not exceed, on the average, 320 acres per river mile along the Willamette River. The Willamette River Greenway shall also include all islands and all state parks and recreation areas situated along the Willamette River; however, for the purposes of computing the maximum acreage of lands within such greenway, the acreage of lands situated on such islands and within such state parks and recreation areas shall be excluded.

(2) The plan prepared pursuant to subsection (1) of this section, shall depict, through the use of descriptions, maps, charts and other explanatory materials:

(a) The boundaries of the Willamette River Greenway.

(b) The boundaries of lands acquired or to be acquired as state parks and recreation areas under ORS 390.338.

(c) The lands and interests in lands acquired or to be acquired by units of local government under ORS 390.330 to 390.360.

(d) Lands within the Willamette River Greenway for which the acquisition of a scenic easement, as provided in ORS 390.332, is sufficient for the purposes of such greenway.

(3) The plan shall include the location of all known subsurface mineral aggregate deposits situated on lands within the boundaries of the Willamette River Greenway. [1973 c.558 s.3]

390.320 [1967 c.551 s.2; 1973 c.87 s.1, repealed by 1973 c.558 s.17]

390.322 Submission of plan to Land Conservation and Development Commission; revision, approval and distribution of plan. (1) Following the preparation of the plan or any segment thereof under ORS 390.318, the Department of Transportation shall submit such plan or segment to the Land Conservation and Development Commission. The commission shall investigate and review such plan or segment as it considers necessary. If the commission finds that the plan or segment complies with ORS 390.310 to 390.368, it shall approve the plan or segment. If the commission finds revision of any part of the submitted plan or segment to be necessary, it may revise the plan or segment itself or require such revision by the department and units of local government.

(2) Upon approval of the plan for the Willamette River Greenway or segment thereof, the commission shall cause copies of such plan or segment to be filed with the recording officer for each county having lands within the Willamette River Greenway situated within its boundaries. Such plan or segment filed as required by this subsection shall be retained in the office of the county recording officer open for public inspection during reasonable business hours.

(3) If the plan for the Willamette River Greenway is prepared and approved in segments, the total of all such approved segments shall constitute the plan for the Willamette River Greenway for the purposes of ORS 390.310 to 390.368. The department and units of local government, with the approval of the commission, may revise the plan for the Willamette River Greenway from time to time.

[1973 c.558 s.4]

390.330 Grants for acquisition of lands by local government units; acquisition of water rights, or use of condemnation powers limited. (1) The Department of Transportation may enter into agreements with units of local government and make grants of money from a state highway fund to assist units of local government in acquiring lands or any interest in lands situated within the boundaries of the Willamette

River Greenway for exclusive public use for scenic and recreational purposes and to assist units of local government in preserving and restoring historical sites, structures, facilities and objects on lands along the Willamette River as may be determined by the department to be in accordance with the plan approved under ORS 390.322 and to further the purposes of the Willamette River Greenway as set forth in ORS 390.314. Each such agreement shall provide for the transfer by the department to the unit of local government of any scenic or public easement acquired by the department under ORS 390.310 to 390.368 with respect to lands acquired by the unit of local government under this section. The grants of money that may be made by the department for any property or property rights or for the initial preservation and restoration of historical sites, structures, facilities and objects shall not exceed 50 percent of the cost thereof. All remaining costs, including future operation and maintenance, shall be borne by the unit or units of local government in a manner satisfactory to the department. No grant of money shall be made by the department for property acquired by any unit of local government prior to June 30, 1967, or for costs incurred by any unit of local government prior to October 5, 1973, in the preservation and restoration of historical sites, structures, facilities and objects.

(2) Except as provided in subsection (3) of this section, a unit of local government is not authorized, for the purposes of this section, to acquire water rights or installations used in connection with such water rights or to acquire any property or property rights by condemnation.

(3) A city, in the acquisition of any property or property rights within the boundaries of the Willamette River Greenway with grants of money made under this section, may use any power of condemnation otherwise provided by law for use by the city in such acquisition.

[1967 c.551 s.3; 1973 c.87 s.2; 1973 c.558 s.10]

Note: Section 14, chapter 558, Oregon Laws 1973, provides:

Sec. 14. The amendment of ORS 390.330 by section 10 of this Act shall not invalidate any grant made or the acquisition of any lands or interests in lands made pursuant to ORS 390.330 (1971 Replacement Part).

(Land Acquisition)

390.332 Acquisition of scenic easements near Willamette River; nature of easement; restriction on use of condem-

nation. (1) Except as otherwise provided in subsection (4) of this section, immediately after October 5, 1973, the Department of Transportation may acquire scenic easements on any lands situated within 150 feet from the ordinary low water line on each side of each channel of the Willamette River and on any lands situated within 150 feet from the ordinary low water line of each island within the Willamette River. The department may acquire such easements by any method, including but not limited to the exercise of the power of eminent domain.

(2) Each scenic easement acquired under subsection (1) of this section shall:

(a) Be designed to preserve the vegetation along the Willamette River and the natural and scenic qualities of the lands subject to such easements and authorize the department, at its own expense, to engage in natural vegetative landscaping on such lands to enhance the natural and scenic qualities of such lands.

(b) Require the owner of the lands subject to such easement to carry on the use of such lands in a manner to preserve the existing vegetation and natural and scenic qualities of such lands and require the repair by the department, at its own expense, of any damage resulting from natural causes to vegetation on such lands.

(c) Not provide for public access or use of the lands subject to such easement, if such easement was acquired by the department through the exercise of the power of eminent domain.

(d) Provide that any subsequent farm use, as defined in subsection (2) of ORS 215.203, of the land subject to such easement is compatible with the purposes of the Willamette River Greenway and that any restrictions on the use of the land under such easement are suspended while such land is devoted to such farm use.

(e) Prevent the change in use of the lands subject to such easements except with the consent of the department and in accordance with the conditions imposed with such consent. The consent of the department and the conditions imposed therewith shall be in accordance with the intent and purposes of the Willamette River Greenway.

(3) Each scenic easement acquired under this section on lands that, on the date of the acquisition of such easement, were a part of a larger tract of land not subject to a scenic easement under ORS 390.310 to 390.368, shall provide for the right of the department to acquire fee title to the lands subject to such easement upon a change in the use of

the lands in the remainder of such tract that is inconsistent with such scenic easement under ORS 390.310 to 390.368.

(4) The department may not acquire, through the exercise of the power of eminent domain, scenic easements under subsection (1) of this section on any lands that on October 5, 1973, are devoted to farm use, as defined in subsection (2) of ORS 215.203 or are a portion of a larger tract of land under single ownership that is devoted to such use. Upon a change in the use of any such lands from farm use, the department may acquire scenic easements in such lands as provided in ORS 390.334. Nothing in this subsection is intended to limit the power of the department to acquire, by any means other than the exercise of the power of eminent domain, a scenic easement on lands described in this subsection while such lands are devoted to such farm use.

[1973 c.558 s.5]

390.334 Acquisition of scenic easements in lands subject to development plan; farm lands not to be acquired by condemnation; nature of easement; acquisition of other interests. (1) Except as otherwise provided in subsection (2) of this section, after the date of the approval of the plan for the Willamette River Greenway or any segment thereof under ORS 390.322, the Department of Transportation may acquire scenic easements in any lands described in such plan or segment pursuant to paragraph (d) of subsection (2) of ORS 390.318. Each such easement may be acquired by any means, including but not limited to the exercise of the power of eminent domain.

(2) The department shall not acquire, through the exercise of the power of eminent domain, scenic easements in any lands situated within the boundaries of the Willamette River Greenway that are devoted to farm use on October 5, 1973, while such lands remain devoted to farm use. Upon a change in the use of any such lands from farm use, the department may acquire scenic easements in such lands as provided in subsection (1) of this section. Nothing in this subsection is intended to limit the power of the department to acquire, by any means other than the exercise of the power of eminent domain, a scenic easement on lands described in this subsection while such lands are devoted to such farm use. For the purpose of this subsection, "farm use" has the meaning given that term in subsection (2) of ORS 215.203.

(3) Each scenic easement acquired under subsection (1) of this section shall:

(a) Specify the use of the land existing on the date of the acquisition of the easement and permit the continuation of such use while the land is subject to such easement.

(b) With respect to scenic easements acquired through the exercise of the power of eminent domain, not provide for any rights of public access to or use of such lands under such easements.

(c) Provide that any subsequent farm use, as defined in subsection (2) of ORS 215.203, of the land subject to such easement is compatible with the purposes of the Willamette River Greenway and that any restrictions on the use of the land under such easement are suspended while such land is devoted to such farm use.

(d) Prevent the change in use of the lands subject to such easements except with the consent of the department and in accordance with the conditions imposed with such consent. The consent of the department and the conditions imposed therewith shall be in accordance with the intent and purposes of the Willamette River Greenway.

(4) In addition to a scenic easement acquired by the department under this section, the department may acquire, by any means other than the exercise of the power of eminent domain, a public easement providing for public access and use of such lands.

(5) At any time after the approval of the plan for the Willamette River Greenway or any segment thereof under ORS 390.322, the department may acquire, by any means other than the exercise of the power of eminent domain, lands or interests therein that are situated outside the boundaries of the Willamette River Greenway or the segment thereof as approved. Each such acquisition shall be designed to preserve the natural or scenic character of such lands in conjunction with the lands within the boundaries of the Willamette River Greenway.

[1973 c.558 s.6]

390.338 Limitations on use of condemnation power; acquisition of certain farm lands; disposition of acquired lands; compensation for acquired lands. (1) Notwithstanding ORS 390.110, the Department of Transportation may only exercise the power of eminent domain in the acquisition of lands or interests therein that are situated within the boundaries of the Willamette

River Greenway for state parks or recreation areas in the parcels of land described in section 8a, chapter 558, Oregon Laws 1973.

(2) If any land acquired by the department under subsection (1) or (4) of this section is a part of a larger tract of land devoted to farm use on the date of the acquisition of such portion of the tract and such acquisition would render uneconomic an otherwise economic farming unit on the whole tract of land, upon the request of the owner of such tract of land, the department shall purchase the entire tract of land. The department shall, whenever practicable, acquire the remainder of any such tract of land with state funds so that the subsequent disposition of any such land will not be subject to restrictions imposed under agreements made for the receipt of nonstate funds otherwise available for the acquisition of such lands.

(3) The department may dispose of lands acquired pursuant to subsection (2) of this section that are located outside the boundaries of the Willamette River Greenway as it considers advisable. However, the disposition of any such lands must comply with the laws of this state and the applicable provisions of any agreement by which the department acquired funds for the purchase of such lands.

(4) Notwithstanding ORS 390.110, the department may only acquire, by any means other than the exercise of eminent domain, for state parks and recreation areas, lands and interests in lands that are situated within the boundaries of the Willamette River Greenway and that are situated outside the boundaries of the parcels of land described in section 8a, chapter 558, Oregon Laws 1973.

(5) In the acquisition of any lands pursuant to subsections (1), (2) and (4) of this section, the department shall include in the compensation and damages, if any, paid for such lands:

(a) As a part of the compensation, in valuing such lands as a whole, paid for any such lands acquired without condemnation proceedings initiated as provided in ORS 35.235, the estimated market value of economically extractable subsurface mineral aggregate deposits of reasonably foreseeable demand known to exist in such lands or shown by the owner to exist in such lands.

(b) As a part of the compensation and damages, if any, in valuing such lands as a whole, for the appropriation of any such lands, acquired by the department after the commencement of condemnation proceedings

under ORS 35.235 but not pursuant to an award in a condemnation action initiated under ORS 35.245, the estimated market value of economically extractable subsurface mineral aggregate deposits of reasonably foreseeable demand agreed upon by the department and the owner of lands so acquired.

(c) As a part of the true value and damages, in valuing such lands as a whole, for the appropriation of such lands acquired by award in a condemnation action initiated under ORS 35.245, the estimated market value of economically extractable subsurface mineral aggregate deposits of reasonably foreseeable demand alleged in the answer of the defendant made pursuant to ORS 35.295 and proved by the defendant as a matter of defense to be a part of the true value of such lands so acquired.

(6) This section does not apply to the acquisition of any lands or interests therein acquired for state parks or recreation areas prior to October 5, 1973, and to any lands or interests in land subject to a legally enforceable option held by the state on October 5, 1973, for the purposes of the acquisition of such lands or interests for state parks and recreation areas.

[1973 c.558 s.8]

(Miscellaneous)

390.340 Department rules. The Department of Transportation shall make and promulgate rules and regulations that it considers necessary in carrying out ORS 390.310 to 390.368.

[1967 c.551 s.4; 1973 c.558 s.11]

390.350 Intergovernmental agreements; use of gifts and grants. Units of local government may enter into agreements with the department and with each other in carrying out the purposes of the Willamette River Greenway, and may accept and use gifts and grants from the department or others.

[1967 c.551 s.5; 1973 c.558 s.12]

390.360 Title to, and use and disposition of, lands acquired by local governmental units. All lands or interests in lands acquired and all historical sites, structures, facilities and objects preserved and restored by the units of local government pursuant to ORS 390.330 with grants of money from the Department of Transportation, may be used only for the purposes of the Willamette River Greenway as set forth in ORS 390.314,

unless a different use is authorized by the department. Title to the lands or interest therein so acquired shall be held by the unit of local government acquiring the same. Such lands or interest therein and such historical sites, structures, facilities and objects preserved and restored shall never be disposed of or sold except upon the approval and consent of the department.

[1967 c.551 s.6; 1973 c.87 s.3; 1973 c.558 s.13]

390.364 Taxation of lands subject to scenic easements. For the purposes of taxation, lands that are subject to a scenic easement acquired under ORS 390.332 or a scenic or public easement acquired under ORS 390.334 shall be assessed on the basis of the true cash value of the land less any reduction in value caused by the easement. The easements shall be exempt from assessment and taxation as any land owned by the state is so exempt.

[1973 c.558 s.7]

390.368 Authority to contract landscaping and repair of damage to lands subject to scenic easement. In carrying out the purposes of ORS 390.310 to 390.368 the Department of Transportation may enter into contracts with any agency of the United States, this state or a political subdivision thereof, or with any private person, agency or corporation to perform natural vegetative landscaping or to perform work to restore damage resulting from natural causes to vegetation on any land subject to a scenic easement within the boundaries of the Willamette River Greenway in accordance with the terms of the scenic easement acquired on such land.

COLUMBIA RIVER GORGE

390.410 Definitions for ORS 390.410 to 390.450. As used in ORS 390.410 to 390.450, unless the context requires otherwise, "commission" means the Columbia River Gorge Commission.

[Formerly 358.610]

390.420 Columbia River Gorge Commission; compensation and expenses. (1) For the purpose of preserving, developing and protecting the recreation, scenic and historic areas of the Columbia River Gorge, there hereby is created the Columbia River Gorge Commission. The commission shall consist of three members who are residents of this state and shall be appointed by the

Governor on a nonpartisan basis. Except for the members first appointed, each member of the commission shall hold office for a term of four years commencing on April 1 of the year in which he is appointed. Vacancies shall be filled for the unexpired term in the same manner as other appointments are made.

(2) The first members of the commission shall be appointed for the following terms:

- (a) One member for two years.
- (b) One member for three years.
- (c) One member for four years.

(3) Members are entitled to compensation and expenses as provided in ORS 292.495.

[Formerly 358 615; 1969 c.314 s 31]

390.430 General duties and powers of gorge commission. The commission has the following duties and powers:

(1) To acquire and dispose of land in the name of the state by purchase, exchange, transfer, gift or devise.

(2) To make expenditures, from available funds, for the development, protection and maintenance of land and property under the control of the commission.

(3) To enter into such contracts as are necessary to carry out the provisions of ORS 390.410 to 390.450.

(4) To cooperate with other agencies and political subdivisions of the state, the State of Washington, the Federal Government, private organizations and individuals to the extent necessary to carry out the provisions of ORS 390.410 to 390.450.

(5) To receive any gifts, either *in vivo* or testamentary in character.

[Formerly 358.620]

390.440 Preparation of plan for protection and administration of Columbia River Gorge. The commission shall prepare for the consideration and approval of the Governor a comprehensive plan for the protection and administration of the Columbia River Gorge. This plan shall include boundaries for the proposed conservation area, proposed acquisition and administration of land, proposed zoning regulations and such other features as are necessary to accomplish the transition of the Columbia River Gorge to a state conservation area.

[Formerly 358.625]

390.450 Disposition of moneys received by gorge commission; Columbia River Gorge Fund. All moneys from whatever source received by the commission, including moneys received by gift, bequest or

contribution, shall be paid into the State Treasury for deposit to the credit of the Columbia River Gorge Fund which fund hereby is created. Notwithstanding the provisions of ORS 291.238, the moneys placed in this fund are appropriated continuously for the purposes set forth in ORS 390.410 to 390.450. The expenditures of the commission shall be made from this fund upon vouchers approved by the commission. Moneys received from gifts may be expended in accordance with the terms thereof.

[Formerly 358 630]

OCEAN SHORES; STATE RECREATION AREAS (General Provisions)

390.605 "Improvement," "ocean shore," and "state recreation area" defined. As used in ORS 390.610, 390.620 to 390.660, 390.680, 390.690, and 390.705 to 390.770, unless the context requires otherwise:

(1) An "improvement" includes a structure, appurtenance or other addition, modification or alteration constructed, placed or made on or to the land.

(2) "Ocean shore" means the land lying between extreme low tide of the Pacific Ocean and the line of vegetation as established and described by ORS 390.770.

(3) "State recreation area" means a land or water area, or combination thereof, under the jurisdiction of the Department of Transportation, pursuant to subsection (3) of ORS 366.205, used by the public for recreational purposes.

[Formerly 274.065 and then 390.710]

390.610 Policy. (1) The Legislative Assembly hereby declares it is the public policy of the State of Oregon to forever preserve and maintain the sovereignty of the state heretofore legally existing over the ocean shore of the state from the Columbia River on the north to the Oregon-California line on the south so that the public may have the free and uninterrupted use thereof.

(2) The Legislative Assembly recognizes that over the years the public has made frequent and uninterrupted use of the ocean shore and recognizes, further, that where such use has been legally sufficient to create rights or easements in the public through dedication, prescription, grant or otherwise, that it is in the public interest to protect and preserve such public rights or easements as

a permanent part of Oregon's recreational resources.

(3) Accordingly, the Legislative Assembly hereby declares that all public rights or easements legally acquired in those lands described in subsection (2) of this section are confirmed and declared vested exclusively in the State of Oregon and shall be held and administered as state recreation areas.

(4) The Legislative Assembly further declares that it is in the public interest to do whatever is necessary to preserve and protect scenic and recreational use of Oregon's ocean shore.

[1967 c.601 ss.1, 2(1), (2), (3); 1969 c.601 s.4]

390.615 Ownership of Pacific shore; declaration as state recreation area.

Ownership of the shore of the Pacific Ocean between ordinary high tide and extreme low tide, and from the Oregon and Washington state line on the north to the Oregon and California state line on the south, excepting such portions as may have been disposed of by the state prior to July 5, 1947, is vested in the State of Oregon, and is declared to be a state recreation area. No portion of such ocean shore shall be alienated by any of the agencies of the state except as provided by law.

[Formerly 274.070 and then 390.720]

390.620 Pacific shore not to be alienated; judicial confirmation. (1) No portion of the lands described by ORS 390.610 or any interest either therein now or hereafter acquired by the State of Oregon or any political subdivision thereof shall be alienated except as expressly provided by state law. The Department of Transportation and the State Land Board shall have concurrent jurisdiction to undertake appropriate court proceedings, when necessary, to protect, settle and confirm all such public rights and easements in the State of Oregon.

(2) No portion of the ocean shore declared a state recreation area by ORS 390.610 shall be alienated by any of the agencies of the state except as provided by law.

(3) In carrying out its duties under subsection (1) of this section with respect to lands and interests in land within the ocean shore, the State Land Board shall act with respect to the portion of the tidal submerged lands, as defined in subsection (7) of ORS 274.705, and the submersible lands, as defined in subsection (8) of ORS 274.005, that are situated within the ocean shore as it does with respect to other state-owned

submerged and submersible lands within navigable waters of this state.

(4) In carrying out its duties under subsection (1) of this section with respect to lands and interests in land within the ocean shore, the Department of Transportation shall act with respect to such lands and interests as it does with respect to other lands and interests within state recreation areas.

[1967 c.601 ss.2(4), 3; 1969 c.601 s.5; 1973 c.364 s.1]

390.630 Acquisition along ocean shore for state recreation areas or access. The Department of Transportation, in accordance with ORS 390.110, may acquire ownership of or interests in the ocean shore or lands abutting, adjacent or contiguous to the ocean shore as may be appropriate for state recreation areas or access to such areas where such lands are held in private ownership. However, when acquiring ownership of or interests in lands abutting, adjacent or contiguous to the ocean shore for such recreation areas or access where such lands are held in private ownership, the department shall consider the following:

(1) The availability of other public lands in the vicinity for such recreational use or access.

(2) The land uses, improvements, and density of development in the vicinity.

(3) Existing public recreation areas and accesses in the vicinity.

(4) Any local zoning or use restrictions affecting the area in question.

[1967 c.601 s.4; 1969 c.601 s.6]

(Regulating Use of Ocean Shore)

390.635 Jurisdiction of department over recreation areas. Except as provided by ORS 273.551, 274.710 and 390.620, the Department of Transportation has jurisdiction over the land and interests in land acquired under ORS 390.610, 390.615, 390.620 or 390.630 in order to carry out the purposes of ORS 390.610, 390.620 to 390.660, 390.680, 390.690 and 390.705 to 390.770.

[1969 c.601 s.21; 1973 c.364 s.2]

390.640 Permit required for improvements on ocean shore; exceptions. (1) In order to promote the public health, safety and welfare, to protect the state recreation areas recognized and declared by ORS 390.610 and 390.615, to protect the safety of the public using such areas, and to preserve values adjacent to and adjoining such areas,

the natural beauty of the ocean shore and the public recreational benefit derived therefrom, it is necessary to control and regulate improvements on the ocean shore. Unless a permit therefor is granted as provided by ORS 390.650, no person shall make an improvement on any property that is within the area described by ORS 390.770.

(2) This section does not apply to permits granted pursuant to ORS 390.715, or to rules promulgated or permits granted under ORS 390.725.

(3) This section does not apply to continuous extensions of densely vegetated land areas which are above the 16 foot contour and lying seaward of the line established by ORS 390.770 as of August 22, 1969. The elevation mentioned in this subsection refers to the United States Coast and Geodetic Survey Sea-Level Datum of 1929 through the Pacific Northwest Supplementary Adjustment of 1947.

[1967 c.601 s.5; 1969 c.601 s.7; 1973 c.642 s.14]

390.650 Improvement permit procedure. (1) Any person who desires a permit to make an improvement on any property subject to ORS 390.640 shall apply in writing to the State Highway Engineer, on a form and in a manner prescribed by the engineer, stating the kind of and reason for the improvement.

(2) Upon receipt of a properly completed application, the engineer shall cause notice of the application to be posted at or near the location of the proposed improvement. The notice shall include the name of the applicant, a description of the proposed improvement and its location and a statement of the time within which interested persons may file a request with the engineer for a hearing on the application. The State Highway Engineer shall give notice of any application, hearing or decision to any person who files a written request with him for such notice.

(3) Within 30 days after the date of posting the notice required in subsection (2) of this section, the applicant or 10 or more other interested persons may file a written request with the engineer for a hearing on the application. If such a request is filed, the engineer shall set a time for a hearing to be held by the engineer or his authorized representative. The engineer shall cause notice of the hearing to be posted in the manner provided in subsection (2) of this section. The notice shall include the time and place of the hearing. After the hearing on an application or, if a hearing is not requested, after the time for requesting a

hearing has expired, the engineer shall grant the permit if approval would not be adverse to the public interest. ORS 183.310 to 183.500 does not apply to a hearing or decision under this section.

(4) In acting on an application, the engineer shall take into consideration the matters described by ORS 390.655. If the engineer does not act on a satisfactory application within 60 days after the date of receipt thereof or, if a hearing is held thereon, within 30 days after the date of the hearing, the application shall be considered denied.

(a) If the permit is denied upon the grounds that the same would be adverse to the public interest or the State Highway Engineer's failure to act, said engineer shall make written findings setting forth the specific reasons for the denial or inaction.

(b) A copy of the written findings shall be furnished to the applicant within 30 days following denial of the application as provided in this subsection.

(5) Subsections (2) and (3) of this section do not apply to an application for a permit for the repair, replacement or restoration, in the same location, of an authorized improvement or improvement existing on or before May 1, 1967, if the repair, replacement or restoration is commenced within three years after the damage to or destruction of the improvement being repaired, replaced or restored occurs.

(6) The engineer may, upon application therefor, either written or oral, grant an emergency permit for a new improvement, dike, revetment, or for the repair, replacement or restoration of an existing, or authorized improvement where property or property boundaries are in imminent peril of being destroyed or damaged by action of the Pacific Ocean or the waters of any bay or river of this state. Said permit may be granted by the engineer without regard to the provisions of subsections (1), (2), (3), (4) and (5) of this section. Any emergency permit granted hereunder shall be reduced to writing by the State Highway Engineer within 10 days after granting the same with a copy thereof furnished to the applicant.

[1967 c.601 s.6; 1969 c.601 s.10]

390.655 Standards for improvement permits. The State Highway Engineer shall consider applications and issue permits under ORS 390.650 in accordance with standards designed to promote the public health, safety and welfare and carry out the policy of ORS 390.610, 390.620 to 390.660, 390.680,

390.690, and 390.705 to 390.770. The standards shall be based on the following considerations, among others:

(1) The public need for healthful, safe, esthetic surroundings and conditions; the natural scenic, recreational and other resources of the area; and the present and prospective need for conservation and development of those resources.

(2) The physical characteristics or the changes in the physical characteristics of the area and suitability of the area for particular uses and improvements.

(3) The land uses, including public recreational use if any, and the improvements in the area, the trends in land uses and improvements, the density of development and the property values in the area.

(4) The need for recreation and other facilities and enterprises in the future development of the area and the need for access to particular sites in the area.

[1969 c.601 s.11]

390.658 Judicial review of engineer's decision on improvement permit application. Any person aggrieved by the decision of the State Highway Engineer under ORS 390.650 is entitled to petition the circuit court of the county where the property is located for a judicial review, de novo as in equity, of the action or failure to act by the engineer. A petition filed under this section shall be filed within 60 days after the entry of the findings provided for in subsection (4) of ORS 390.650 or after the expiration of the period prescribed for action, by the engineer under ORS 390.650.

[1969 c.601 s.12]

390.660 Regulation of use of lands adjoining ocean shores. The Department of Transportation is hereby directed to protect, to maintain and to promulgate rules governing use of the public of property that is subject to ORS 390.640, property subject to public rights or easements declared by ORS 390.610 and property abutting, adjacent or contiguous to those lands described by ORS 390.615 that is available for public use, whether such public right or easement to use is obtained by dedication, prescription, grant, state-ownership, permission of a private owner or otherwise.

390.665[Formerly 274.100 and then 390.740; repealed by 1971 c.743 s.432]

390.668 Motor vehicles and aircraft use regulated in certain zones; zone

markers; proceedings to establish zones.

(1) The Department of Transportation may establish zones on the ocean shore where travel by motor vehicles or landing of any aircraft except for an emergency shall be restricted or prohibited. After the establishment of a zone and the erection of signs or markers thereon, no such use shall be made of such areas except in conformity with the rules of the department.

(2) Proceedings to establish a zone:

(a) May be initiated by the department on its own motion; or

(b) Shall be initiated upon the request of 20 or more landowners or residents or upon request of the governing body of a county or city contiguous to the proposed zone.

(3) A zone shall not be established unless the department first holds a public hearing in the vicinity of the proposed zone. The department shall cause notice of the hearing to be given by publication, not less than seven days prior to the hearing, by at least one insertion in a newspaper of general circulation in the vicinity of the zone.

(4) Before establishing a zone, the department shall seek the approval of the local government whose lands are adjacent or contiguous to the proposed zone.

390.685 Effect of ORS 390.605, 390.615, 390.665, 390.668 and 390.685. Nothing in ORS 390.605, 390.615, 390.665, 390.668 and 390.685 is intended to repeal ORS 492.780 to 492.810.

[Formerly 274.110 and then 390.750]

390.690 Title and rights of state unimpaired. Nothing in ORS 390.610, 390.620 to 390.660, 390.680, 390.690 and 390.705 to 390.770 shall be construed to relinquish, impair or limit the sovereign title or rights of the State of Oregon in the shores of the Pacific Ocean as the same may exist before or after July 6, 1967.

[1967 c.601 s.10]

(Special Permits)

390.705 Prohibition against placing certain conduits across recreation area and against removal of natural products. No person shall:

(1) Place any pipeline, cable line or other conduit across and under the state recreation

areas described by ORS 390.635 or the submerged lands adjacent to the ocean shore, except as provided by ORS 390.715.

(2) Remove any natural product from the ocean shore, other than fish or wildlife, agates or souvenirs, except as provided by ORS 390.725.

[1969 c.601 s.20]

390.710[Formerly 274.065; 1969 c.601 s.2; renumbered 390.605]

390.715 Permits for pipe, cable or conduit across ocean shore and submerged lands. (1) The Department of Transportation may issue permits under ORS 390.650 to 390.658 for pipelines, cable lines and other conduits across and under the ocean shore and the submerged lands adjacent to the ocean shore, upon payment of just compensation by the permittee. Such permit is not a sale or lease of tide and overflow lands within the scope of ORS 274.040.

(2) Whenever the issuance of a permit under subsection (1) hereof will affect lands owned privately, the Department of Transportation shall withhold the issuance of such permit until such time as the permittee shall have obtained an easement, license or other written authorization from the private owner, which easement, license or other written authority must meet the approval of the Department of Transportation, except as to the compensation to be paid to the private owner.

(3) All permits issued under this section are subject to conditions that will assure safety of the public and the preservation of economic, scenic and recreational values and to rules promulgated by state agencies having jurisdiction over the activities of the grantee or permittee.

[1969 c.601 s.22]

390.720[Formerly 274.070; renumbered 390.615]

390.725 Permits for removal of products along ocean shore. (1) No sand, rock, mineral, marine growth or other natural product of the ocean shore, other than fish or wildlife, agates or souvenirs, shall be taken from the state recreation areas described by ORS 390.635, except in compliance with a rule or permit from the Department of Transportation as provided by this section. Permits shall provide for the payment of just compensation by the permittee as provided in subsection (5) of this section.

(2) Rules or permits shall be made or granted by the Department of Transportation only after consultation with the State Fish

and Wildlife Commission, the State Department of Geology and Mineral Industries and the Division of State Lands. Rules and permits shall contain provisions necessary to protect the areas from any use, activity or practice inimicable to the conservation of natural resources or public recreation.

(3) On request of the governing body of any coastal city or county, the Department of Transportation may grant a permit for the removal of sand or rock from the area at designated locations on the ocean shore to supply the reasonable needs for essential construction uses in such localities if it appears sand and rock for such construction are not otherwise obtainable at reasonable cost, and if such removal will not materially alter the physical characteristics of the area or adjacent areas, nor lead to such changes in subsequent seasons. Before issuing a permit the department shall likewise take into consideration the standards described by ORS 390.655. The department may grant a permit to take and remove sand, rock, mineral or marine growth from the area at designated locations. The department shall also issue permits to coastal cities or counties to remove or authorize removal of sand from the ocean shore, under the standards provided by ORS 390.655, if the city or county determines that the sand accumulation on the ocean shore constitutes a hazard or maintenance problem to the city or county.

(4) The terms, royalty and duration of a permit under this section are at the discretion of the department. A permit is revocable at any time in the discretion of the department without liability to the permittee.

(5) Whenever the issuance of a permit under this section will affect lands owned privately, the Department of Transportation shall withhold the issuance of such permit until such time as the permittee shall have obtained an easement, license or other written authorization from the private owner, which easement, license or other written authority must meet the approval of the department, except as to the compensation to be paid to the private owner.

(Vegetation Line)

390.755 Periodical reexamination of vegetation line by Highway Engineer; recommending adjustments. (1) The State Highway Engineer is directed to periodically reexamine the line of vegetation as established and described by ORS 390.770 for the purpose of obtaining information and material suitable for a re-evaluation and re-definition, if necessary, of such line so that the private and public rights and interest in the ocean shore shall be preserved.

(2) The Department of Transportation may, from time to time, recommend to the Legislative Assembly adjustment of the line described in ORS 390.770.

[1969 c.601 s 27]

390.760 Exceptions from vegetation line. ORS 390.640 does not apply to any state-owned land or to headlands and other lands located at an elevation of more than 16 feet and seaward of a line running between the following designated and numbered points which are more particularly described by ORS 390.770. The elevation mentioned in this section refers to the United States Coast and Geodetic Survey Sea-Level Datum of 1929 through the Pacific Northwest Supplementary Adjustment of 1947.

SCENIC WATERWAYS

Note: 390.805 to 390.925 were adopted by initiative petition approved by the people November 3, 1970, effective December 3, 1970. The text of the petition appears as chapter 1, Oregon Laws 1971.

390.805 Definitions for ORS 390.805 to 390.925. As used in ORS 390.805 to 390.925, unless the context requires otherwise:

(1) "Department" means the Department of Transportation.

(2) "Scenic waterway" means a river or segment of river that has been designated as such in accordance with ORS 390.805 to 390.925 or any subsequent Act, and includes related adjacent land.

(3) "Related adjacent land" means all land within one-fourth of one mile of the bank on each side of a river or segment of river within a scenic waterway, except land that, in the department's judgment, does not affect the view from the waters within a scenic waterway.

(4) "Scenic easement" means the right to control the use of related adjacent land, including air space above such land, for the purpose of protecting the scenic view from waters within a scenic waterway; but such control does not affect, without the owner's consent, any regular use exercised prior to the acquisition of the easement, and the landowner retains the right to uses of the land not specifically restricted by the easement. ORS 271.750 does not apply to any acquisition of such a scenic easement under ORS 390.805 to 390.925.

[1971 c.1 s.2]

390.815 Policy; establishment of system. The people of Oregon find that many of the free-flowing rivers of Oregon and lands adjacent to such rivers possess outstanding scenic, fish, wildlife, geological, botanical,

historic, archeologic, and outdoor recreation values of present and future benefit to the public. The people of Oregon also find that the policy of permitting construction of dams and other impoundment facilities at appropriate sections of the rivers of Oregon needs to be complemented by a policy that would preserve other selected rivers or sections thereof in a free-flowing condition and would protect and preserve the natural setting and water quality of such rivers and fulfill other conservation purposes. It is therefore the policy of Oregon to preserve for the benefit of the public selected parts of the state's free-flowing rivers. For these purposes there is established an Oregon Scenic Waterways System to be composed of areas designated in accordance with ORS 390.805 to 390.925 and any subsequent Acts.

[1971 c.1 s.1]

390.825 Designated scenic waterways. The following rivers, or segments of rivers, and related adjacent land, are designated as scenic waterways:

(1) The segment of the Rogue River extending from the confluence with the Applegate River downstream a distance of approximately 88 miles to Lobster Creek Bridge.

(2) The segment of the Illinois River from the confluence with Deer Creek downstream a distance of approximately 46 miles to its confluence with the Rogue River.

(3) The segment of the Deschutes River from immediately below the existing Pelton reregulating dam downstream approximately 100 miles to its confluence with the Columbia River, excluding the City of Maupin.

(4) The entire Minam River from Minam Lake downstream a distance of approximately 45 miles to its confluence with the Wallowa River.

(5) The segment of the South Fork Owyhee River in Malheur County from the Oregon-Idaho border downstream approximately 25 miles to Three Forks where the main stem of the Owyhee River is formed, and the segment of the main stem Owyhee River from Crooked Creek (six miles below Rome) downstream a distance of approximately 45 miles to the mouth of Birch Creek.

(6) The segment of the main stem of the John Day River from Service Creek Bridge (at river mile 157) downstream 147 miles to Tumwater Falls (at river mile 10).

(7) The segment of the Clackamas River from the River Mill Dam below Estacada

downstream approximately 12 miles to the bridge at Carver, Oregon.

390.835 Highest and best use of waters within scenic waterways; authority of State Fish and Wildlife Commission, Water Resources Director, Division of State Lands and State Land Board. (1) It is declared that the highest and best uses of the waters within scenic waterways are recreation, fish and wildlife uses. The free-flowing character of these waters shall be maintained in quantities necessary for recreation, fish and wildlife uses. No dam, or reservoir, or other water impoundment facility shall be constructed or placer mining permitted on waters within scenic waterways. No water diversion facility shall be constructed or used except by right previously established or as permitted by the Water Resources Director, upon a finding that such diversion is necessary to uses designated in subsection (12) of ORS 536.310, and in a manner consistent with the policies set forth under ORS 390.805 to 390.925. The Water Resources Director shall administer and enforce the provisions of this subsection.

(2) No bank protection works or dredging facility shall be constructed or used on such waters, except as permitted by the Director of the Division of State Lands and approved by the State Land Board for purposes consistent with the policies set forth under ORS 390.805 to 390.925 for scenic waterways, and in a manner consistent with the policies set forth under ORS 541.605 to 541.625 and 541.630 to 541.660 for removal of material from the beds and banks and filling of any waters of this state. The Director of the Division of State Lands shall administer and enforce the provisions of this subsection.

(3) Nothing in ORS 390.805 to 390.925 affects the authority of the State Fish and Wildlife Commission to construct facilities or make improvements to facilitate the passage or propagation of fish or to exercise other responsibilities in managing fish and wildlife resources. Nothing in ORS 390.805 to 390.925 affects the authority of the Water Resources Director to construct and maintain stream gauge stations and other facilities related to his duties in administration of the water laws.

(4) The Water Policy Review Board shall carry out its responsibilities under ORS 536.210 to 536.590 with respect to the waters within scenic waterways in conformity with the provisions of this section.

[1971 c.1 s.4; 1973 c.756 s.1]

390.845 Functions of the department.

(1) Except as provided in ORS 390.835, scenic waterways shall be administered by the department, each in such manner as to protect and enhance the values which caused such scenic waterway to be included in the system. In such administration primary emphasis shall be given to protecting the esthetic, scenic, fish and wildlife, scientific and recreation features, based on the special attributes of each area.

(2) After consultation with the State Board of Forestry and the State Department of Agriculture and with the concurrence of the Water Policy Review Board, the department shall adopt rules and regulations governing the management of related adjacent land. Such rules and regulations shall be adopted in accordance with ORS chapter 183. Such rules and regulations shall reflect management principles, standards and plans applicable to scenic waterways, their shore lines and related adjacent land and, if necessary, establish varying intensities of protection or development based on special attributes of each area. Such management principles, standards and plans shall protect or enhance the esthetic and scenic values of the scenic waterways and permit compatible agricultural, forestry and other land uses. Specifically, and not in limitation of the foregoing, such rules and regulations shall provide that:

(a) No roads, railroads or utilities shall be constructed within any scenic waterway except where necessary to serve the permissible uses, as defined in subsection (2) of this section and in the rules and regulations of the department, of the related adjacent land or unless department approval of such use is obtained as provided in subsection (4) or (5) of this section. The department wherever practicable shall require the sharing of land and air space by such roads, railroads and utilities. All permissible roads, railroads and utilities shall be located in such a manner as to minimize the disturbance of the natural beauty of a scenic waterway;

(b) Forest crops shall be harvested in such manner as to maintain as nearly as reasonably is practicable the natural beauty of the scenic waterway;

(c) Occupants of related adjacent land shall avoid pollution of waters within a scenic waterway;

(d) The surface of related adjacent land shall not be disturbed for prospecting or mining unless the department's approval is obtained under subsection (4) or (5) of this section; and

(e) Unless department approval of the proposed use is obtained under subsection (4) or (5) of this section, no commercial, business or industrial structures or buildings other than structures or buildings erected in connection with an existing use shall be erected or placed on related adjacent land. All structures and buildings erected or placed on such land shall be in harmony with the natural beauty of the scenic waterway and shall be placed a sufficient distance from other structures or buildings so as not to impair substantially such natural beauty. No signs or other forms of outdoor advertising that are visible from waters within a scenic waterway shall be constructed or maintained.

(3) No person shall put related adjacent land to uses that violate ORS 390.805 to 390.925 or the rules or regulations of the department adopted under ORS 390.805 to 390.925 or to uses to which the land was not being put before December 3, 1970, or engage in the cutting of trees, or mining, or prospecting on such lands or construct roads, railroads, utilities, buildings or other structures on such lands, unless the owner of the land has given to the department written notice of such proposed use at least one year prior thereto and has submitted to the department with the notice a specific and detailed description of such proposed use or has entered into agreement for such use with the department under subsection (5) of this section. The owner may, however, act in emergencies without the notice required by ORS 390.805 to 390.925 when necessary in the interests of public safety.

(4) Upon receipt of the written notice provided in subsection (3) of this section, the department shall first determine whether in its judgment the proposed use would impair substantially the natural beauty of a scenic waterway. If the department determines that the proposal, if put into effect, would not impair substantially the natural beauty of the scenic waterway, the department shall notify in writing the owner of the related adjacent land that he may immediately proceed with the proposed use as described to the department. If the department determines that the proposal, if put into effect, would impair substantially the natural beauty of the scenic waterway, the department shall notify in writing the owner of the related adjacent land of such determination and no steps shall be taken to carry out such proposal until at least one year after the original notice to the department. During such period:

(a) The department and the owner of the land involved may agree upon modifications or alterations of the proposal so that implementation thereof would not in the judgment of the department impair substantially the natural beauty of the scenic waterway; or

(b) The department may acquire by purchase, gift or exchange, the land involved or interests therein, including scenic easements, for the purpose of preserving the natural beauty of the scenic waterway.

(5) The department, upon written request from an owner of related adjacent land, shall enter into negotiations and endeavor to reach agreement with such owner establishing for the use of such land a plan that would not impair substantially the natural beauty of the scenic waterway. At the time of such request for negotiations, the owner may submit a plan in writing setting forth in detail his proposed uses. Three months after the owner makes such a request for negotiations with respect to use of land, either the department or the owner may give written notice that the negotiations are terminated without agreement. Nine months after the notice of termination of negotiations the owner may use his land in conformity with any specific written plan submitted by the owner prior to or during negotiations. In the event the department and the owner reach agreement establishing a plan for land use, such agreement is terminable upon at least one year's written notice by either the department or the owner.

(6) With the concurrence of the Water Policy Review Board, the department may institute condemnation proceedings and by condemnation acquire related adjacent land:

(a) At any time subsequent to nine months after the receipt of notice of a proposal for the use of such land that the department determines would, if carried out, impair substantially the natural beauty of a scenic waterway unless the department and the owner of such land have entered into an agreement as contemplated by subsection (4) or (5) of this section or the owner shall have notified the department of the abandonment of such proposal; or

(b) At any time related adjacent land is used in a manner violating ORS 390.805 to 390.925, the rules and regulations of the department or any agreement entered into by the department pursuant to subsection (4) or (5) of this section; or

(c) At any time related adjacent land is used in a manner which, in the judgment of the department, impairs substantially the

natural beauty of a scenic waterway, if the department has not been given at least one year's advance written notice of such use and if there is not in effect department approval of such use pursuant to subsection (4) or (5) of this section.

(7) In such condemnation the owner of the land shall not receive any award for the value of any structure, utility, road or other improvement constructed or erected upon the land after December 3, 1970, unless the department has received written notice of such proposed structure, utility, road or other improvement at least one year prior to commencement of construction or erection of such structure, utility, road or other improvement or unless the department has given approval for such improvement under subsection (4) or (5) of this section. If the person owned the land on December 3, 1970, and for a continuous period of not less than two years immediately prior thereto, he shall receive no less for the land than its value on December 3, 1970. The department shall not acquire by condemnation a scenic easement in land. When the department acquires any related adjacent land that is located between a river and other land that is owned by a person having the right to the beneficial use of waters in the river by virtue of his ownership of the other land:

(a) The right to the beneficial use of such waters shall not be affected by such condemnation; and

(b) The owner of the other land shall retain a right of access to the river necessary to use, store or divert such waters as he has a right to use, consistent with concurrent use of the land so condemned as a part of the Oregon Scenic Waterways System.

(8) Any owner of related adjacent land, upon written request to the department, shall be provided copies of rules and regulations then in effect or thereafter adopted by the department pursuant to ORS 390.805 to 390.925.

(9) The department shall furnish to any member of the public upon his written request and at his expense a copy of any notice filed pursuant to subsection (3) of this section.

(10) If a scenic waterway contains lands or interests therein owned by or under the jurisdiction of an Indian tribe, the United States, another state agency or local governmental agency, the department may enter into agreement with the tribe or the federal, state or local agency for the administration of such lands or interests therein in further-

ance of the purposes of ORS 390.805 to 390.925.

[1971 c.1 s.5; 1971 c.459 s.1, 1973 c.756 s.2]

390.855 Designation of additional scenic waterways. The department shall undertake a continuing study and submit periodic reports to the Governor, with the concurrence of the Water Policy Review Board, recommending the designation of additional rivers or segments of rivers and related adjacent land by the Governor as scenic waterways subject to the provisions of ORS 390.805 to 390.925. Consistent with such recommendation, the Governor may designate any river or segment of a river and related adjacent land as a scenic waterway subject to the provisions of ORS 390.805 to 390.925. The department shall consult with the State Fish and Wildlife Commission, the State Department of Agriculture, the Environmental Quality Commission, the Division of State Lands, and such other persons or agencies as it considers appropriate. The Department of Transportation shall conduct hearings in the counties in which the proposed additional rivers or segments of rivers are located. The following criteria shall be considered in making such report:

(1) The river or segment of river is relatively free-flowing and the scene as viewed from the river and related adjacent land is pleasing, whether primitive or rural-pastoral, or these conditions are restorable.

(2) The river or segment of river and its setting possess natural and recreation values of outstanding quality.

(3) The river or segment of river and its setting are large enough to sustain substantial recreation use and to accommodate existing uses without undue impairment of the natural values of the resource or quality of the recreation experience.

[1971 c.1 s.6]

390.865 Authority of legislature over designation of additional scenic waterways. The designation of a river or segment of a river and related adjacent land, pursuant to ORS 390.855, shall not become effective until the day following the adjournment sine die of the regular session of the Legislative Assembly next following the date of the designation or that was in session when the designation was made. The Legislative Assembly by joint resolution may disapprove any such designation or a part thereof, and in that event the designation, or

part thereof so disapproved, shall not become effective.

[1971 c.1 s.7]

390.875 Transfer of public lands in scenic waterways to department; administration of nontransferred lands. Any public land within or adjacent to a scenic waterway, with the consent of the governing body having jurisdiction thereof, may be transferred to the jurisdiction of the department with or without compensation. Any land so transferred shall become state recreational land and shall be administered as a part of the scenic waterway. Any such land within a scenic waterway which is not transferred to the jurisdiction of the department, to the fullest extent consistent with the purposes for which the land is held, shall be administered by the body having jurisdiction thereof in accordance with the provisions of ORS 390.805 to 390.925.

[1971 c.1 s.8]

390.885 Exchange of property within scenic waterway for property outside waterway. In acquiring related adjacent land by exchange, the department may accept title to any property within a scenic waterway, and in exchange therefor, may convey to the grantor of such property any property under its jurisdiction that the department is not otherwise restricted from exchanging. In so far as practicable, the properties so exchanged shall be of approximately equal fair market value. If they are not of approximately equal fair market value, the department may accept cash or property from, or pay cash or grant property to, the grantor in order to equalize the values of the properties exchanged.

[1971 c.1 s.9]

390.895 Use of federal funds. In addition to State of Oregon funds available for the purposes of ORS 390.805 to 390.925, the department shall use such portion of moneys made available to it by the Bureau of Outdoor Recreation and other federal agencies, including matching funds, as the department determines are necessary and available to carry out the purposes of ORS 390.805 to 390.925.

[1971 c.1 s.10]

390.905 Effect of ORS 390.805 to 390.925 on other state agencies. Nothing in ORS 390.805 to 390.925 affects the jurisdiction or responsibility of other state agencies with respect to boating, fishing, hunting,

water pollution, health or fire control; except that such state agencies shall endeavor to perform their responsibilities in a manner consistent with the purposes of ORS 390.805 to 390.925.

[1971 c.1 s.11]

390.915 Determination of value of scenic easement for tax purposes; easement exempt. For the purposes of assessing property for taxation, real property that is subject to a scenic easement shall be assessed on the basis of the true cash value of the property less any reduction in value caused by the scenic easement. The easement shall be exempt from assessment and taxation the same as any other property owned by the state.

[1971 c.1 s.12]

390.925 Enforcement. The department is vested with power to obtain injunctions and other appropriate relief against violations of any provisions of ORS 390.805 to 390.925 and any rules and regulations adopted under ORS 390.805 to 390.925 and agreements made under ORS 390.805 to 390.925.

[1971 c.1 s.13]

RECREATION TRAILS

390.950 Short title. ORS 390.950 to 390.989 and subsection (4) of 390.990 may be cited as the Oregon Recreation Trails System Act.

[1971 c.614 s.1]

390.953 "Department" defined. As used in ORS 390.950 to 390.989, unless the context requires otherwise, "department" means the Department of Transportation.

[1971 c.614 s.2]

390.956 Policy. (1) In order to provide for the ever-increasing outdoor recreation needs of an expanding resident and tourist population and in order to promote public access to, travel within and enjoyment and appreciation of, the open-air, outdoor areas of Oregon, trails should be established both near the urban areas of this state and within, adjacent to or connecting highly scenic areas more remotely located.

(2) The purpose of ORS 390.950 to 390.989 and subsection (4) of 390.990 is to provide the means for attaining these objectives by instituting a system of recreation trails in this state, by designating certain trails as the initial components of that system, and by prescribing the methods

of which, and standards according to which, additional components may be added to the system.

[1971 c.614 s.3]

390.959 Composition of trails system; establishment of markers. The system of Oregon recreation trails shall be composed of trails established as provided in ORS 390.962 and 390.965. The department, in consultation with appropriate federal, state and local governmental agencies and public and private organizations, shall establish a uniform marker for the system of Oregon recreation trails.

[1971 c.614 s.4]

390.962 Criteria for establishing trails; location; statutes authorizing trails for motorized vehicles unaffected. (1)

Upon finding that such trails will meet the criteria established in ORS 390.950 to 390.989 and subsection (4) of 390.990 and such supplementary criteria as the department may prescribe, the department is encouraged and empowered to establish and designate Oregon recreation trails:

(a) Over lands owned by the State of Oregon, by the Federal Government or by any county, municipality or other local governmental body, with the consent of the state agency, federal agency, county, municipality or other local governmental body having jurisdiction over the lands involved; or

(b) Over lands owned by private persons, in the manner and subject to the limitations provided in ORS 390.950 to 390.989 and subsection (4) of 390.990.

(2) In establishing such trails, the department shall give special recognition to the need for the establishment of recreation trails in or near, or reasonably accessible to, urban areas. Upon the establishment of any such trail, the department shall designate the primary kind of trail it is to be, based upon the mode or modes of travel to be permitted on such trail, including one or more of the following:

(a) Footpath.

(b) Horseback riding trail.

(c) Bicycle path.

(3) Nothing in ORS 390.950 to 390.989 and subsection (4) of 390.990 affects any other statute authorizing trails for motorized vehicles which is not inconsistent with ORS 390.950 to 390.989 and subsection (4) of 390.990.

[1971 c.614 s.5]

390.965 Hearing required; information to be considered. (1) The department may establish trails after public meetings in the areas of the state where trails are planned and only in accordance with the following criteria:

(a) Emphasis shall be given to the development of trails across public lands.

(b) No trails shall cross private land occupied by a residential dwelling, or upon which a residential dwelling is under construction, within 300 feet of such residential dwelling, without the consent of the owner.

(c) Trails shall be selected to minimize the adverse effects on adjacent landowners or users and their operations.

(d) Development and management of trails shall be designed to harmonize with and complement any established forest, agricultural, or other use plan that is compatible with the purposes of ORS 390.950 to 390.989 and subsection (4) of 390.990.

(2) Before establishing a trail the department shall consider at a public meeting the following information:

(a) The proposed route of such trail (including maps and illustrations) and the recommended mode or modes of travel to be permitted thereon;

(b) The areas adjacent to such trails, to be utilized for scenic, historic, natural, cultural or developmental purposes;

(c) The characteristics that, in the judgment of the department, make the proposed trail suitable as an Oregon recreation trail;

(d) The current status of land ownership and current and potential use along the designated route;

(e) The estimated cost of acquisition of lands or interest in lands, if any;

(f) The plans for developing and maintaining the trail and the cost thereof;

(g) The anticipated problems of policing the use of such trail and any anticipated hazards to the use of any privately owned lands adjacent to such trail; and

(h) The extent to which the state or its political subdivisions and public and private organizations might reasonably be expected to participate in acquiring the necessary lands and in the administration thereof.

[1971 c.614 s.6]

390.968 Selection of rights of way for trails. (1) The department shall select the rights of way for trails designated as Oregon Recreation Trails by paragraphs (a) and (b) of subsection (1) of ORS 390.962. Such rights of way shall be:

(a) Of sufficient width and so located as to protect natural conditions, scenic and historic features, and any primitive character of the trail area; to provide campsites, shelters, and related public-use facilities along trails in more remote areas; and to provide reasonable public access.

(b) Located to avoid, in so far as reasonably practicable, established highways, motor roads, mining areas, power transmission lines, existing commercial and industrial developments, range fences and improvements, private logging operations, and any other activities that would be incompatible with the protection of the trailside environment in its natural condition and the use of the trail for outdoor recreation.

(2) Notwithstanding subsection (1) of this section, it is recognized that in many instances (especially in urban areas and for some types of trails across or near private land) it may be advisable to locate segments of trails in or near existing rights of way for roads, highways, or public utilities, excluding power transmission lines; and it is recognized that trail rights of way on occasion may be located, or from time to time relocated, through, or adjacent to, lands used for private timber (including logging), agriculture, commercial or industrial operations and that such location or relocation of a trail right of way, of itself, shall not impose any limitation upon an otherwise lawful use of the adjacent private land except to the extent of the terms of any agreement with the private landowner as provided in subsection (1) of ORS 390.971 and except as may be provided by any zoning ordinance, law or regulation.

(3) The location and width of an Oregon recreation trail right of way across federal lands under the jurisdiction of a federal agency shall be by agreement between that agency and the department.

(4) In selecting a right of way, the department shall endeavor to obtain the advice and assistance of the local governments, private organizations, landowners, the land users concerned, and the advisory council established under ORS 390.977.

(5) The department shall hold a public hearing in the area of the state where the selection of such right of way is to be made. Subject to ORS 390.971, after public hearing, the department may revise the location and width of a right of way from time to time as required by circumstances, with the consent of the head of any federal agency involved, and with such advice and assistance of the local governments, private organizations,

landowners, land users, and the advisory council, as the department considers necessary or advisable.

[1971 c.614 s.7]

390.971 Department duties and powers, generally. (1) Within the exterior boundaries of areas under its administration that are included in the right of way selected for an Oregon recreation trail as provided in ORS 390.950 to 390.989 and subsection (4) of 390.990, the department may:

(a) Enter into written cooperative agreements with landowners, federal agencies, other state agencies, local governments, private organizations and individuals, in order to provide for the development, operation, maintenance, location and relocation of the trail; where the trail crosses commercial forest land, such agreement shall make reasonable provision for temporary relocation reasonably required for commercial forest management; and

(b) Subject to limitations set forth in ORS 390.950 to 390.989 and subsection (4) of 390.990, acquire lands or interests in lands by donation, purchase with donated or appropriated funds or exchange, or with funds obtained under ORS 390.980.

(2) The department, in the exercise of its exchange authority, may accept title to any nonstate-owned property within a trail right of way, and in exchange therefor it may convey to the grantor of such property any state-owned property under its jurisdiction (or the jurisdiction of any state agency consenting to such exchange) and which it (or the applicable consenting state agency) classifies as suitable for exchange or other disposal. The values of the properties so exchanged either shall be approximately equal, or if they are not approximately equal the values shall be equalized by the payment of cash to the grantor or to the department (or applicable consenting state agency) as the circumstances require.

(3) If lands included in an Oregon recreation trail right of way are outside the exterior boundaries of state or federally administered areas, the department shall attempt, and any local governments involved shall be encouraged, to enter into written cooperative agreements with landowners, local government, private organizations, and individuals in order to develop, administer, and maintain the trails, and to acquire, develop, and administer such lands or interests therein. However:

(a) If the department or local governments fail or are unable to enter into such

agreements or to acquire such lands or interests therein within one year after the selection of the right of way, the department may acquire private lands or interests therein by donation, exchange, or purchase with donated or appropriated funds, and may develop and administer such lands or interests therein.

(b) Exchanges shall be governed by the provisions of subsection (2) of this section.

(4) Oregon recreation trails shall be administered, protected, developed and maintained by the department, or as provided under paragraph (a) of subsection (1) of this section, to retain their natural, scenic and historic features. Along trails in more remote areas provision may be made for campsites, shelters and related public-use facilities; and other uses, including reasonable crossings (for motor vehicles, public utilities and water pipes and ditches), that will not substantially interfere with the nature and purposes of the trails may be permitted or authorized, as appropriate. The use of motorized vehicles by the general public along any such Oregon recreation trail is prohibited. However, the department shall authorize the use of motorized vehicles when, in its judgment, such vehicles are necessary to meet emergencies, trail construction and maintenance needs or to enable adjacent landowners or land users to have reasonable access to their lands or timber rights. The fact that private lands are included in an Oregon recreation trail by cooperative agreement of a landowner does not preclude the owner of such lands or his agents from using motorized vehicles on or across such trails or adjacent lands from time to time in accordance with such agreement. Except to the extent otherwise provided by law, the state laws, rules and regulations applicable to lands or areas included in any Oregon recreation trail shall continue to apply. Nothing in ORS 390.950 to 390.989 and subsection (4) of 390.990 prohibits the use of roads existing on private lands on September 9, 1971, which may cross or traverse portions of the trail right of way, nor shall ORS 390.950 to 390.989 and subsection (4) of 390.990 prevent trails from crossing such roads.

(5) The department shall endeavor to induce agreements with appropriate state and federal agencies to provide for youth work projects to assist in the construction and maintenance of trails that are part of the Oregon recreation trails system.

(6) The department shall endeavor, when it considers such to be appropriate, to devel-

op and enhance the educational values and opportunities of Oregon recreation trails; and in this connection it shall cooperate with schools, educators and other interested persons or groups in developing and utilizing techniques and materials to demonstrate to and inform the trail-using public of various scenic and natural features visible along or from such trails (including geological, botanical, historical, zoological and similar features).

(7) The department shall place and endeavor to maintain signs at such places as it considers appropriate along Oregon recreation trails advising users of the Oregon laws of criminal trespass and encouraging users to protect the trails and the rights and property of adjacent landowners.

(8) The department, with the concurrence of any federal agency administering lands through which an Oregon recreation trail passes, and after consultation with the local governments, private organizations and landowners which the department knows or believes to be concerned, and the advisory council established under ORS 390.977, may issue rules and regulations that may be revised from time to time governing protection, management, use, development and administration of an Oregon recreation trail.

(9) The department, on lands not within a forest protection district, upon recommendation of the State Forester, shall have the authority to close trails during periods of high fire danger. The department shall also have the authority to close trails if it deems it necessary to protect the safety of the public.

(10) Notwithstanding the provisions of ORS chapter 477, forest land on which a fire exists which was caused by a person using, for recreational purposes, a trail established pursuant to ORS 390.950 to 390.989 and subsection (4) of 390.990, shall not be considered an operation area as defined by ORS 477.001, if the fire did not start within an operation as defined by ORS 477.001.

[1971 c.614 s.9; 1973 c.46 s.7]

390.974 Intergovernmental cooperation to obtain property for use in trail system. The department is authorized and encouraged to consult and to cooperate with any state, federal or local governmental agency or body and with any privately owned utility having jurisdiction or control over or information concerning the use, abandonment or disposition of roadways, utility rights of way or other properties suitable for the purpose of improving or expand-

ing the Oregon recreation trails system in order to assure, to the extent practicable, that any such properties having value for Oregon recreation trail purposes may be made available for such use.

[1971 c.614 s.11]

390.977 Oregon Recreation Trails Advisory Council; members; appointment; expenses. (1) The department shall establish an Oregon Recreation Trails Advisory Council and shall consult with such council from time to time with respect to matters relating to Oregon recreation trails, including the designation and establishment of Oregon recreation trails, the selection of rights of way, the selection, erection and maintenance of markers along the trail routes, and the administration of the trails. The council shall consist of eight members, two from each congressional district in the state. However, not less than two of such members shall be from separate counties bordering upon the ocean shore, as defined in subsection (2) of ORS 390.605, having a population of less than 150,000. Members of the council shall be appointed by the Governor and shall serve for terms of three years. Any vacancy in the council shall be filled in the same manner as the original appointment.

(2) Members of the council shall serve without compensation, but the department may pay the expenses reasonably incurred by the council in the performance of its functions upon presentation of vouchers signed by the chairman of the council.

[1971 c.614 s.8]

390.980 Funds for purposes of ORS 390.950 to 390.989; acceptance, use of donated funds; indemnity to owners of land damaged by trail users. In addition to State of Oregon funds available for the purposes of ORS 390.950 to 390.989 and subsection (4) of 390.990, the department may use such portion of moneys made available to it by any federal agency which may be used for such purposes, including matching funds, as the department determines are necessary or desirable to carry out the purposes of ORS 390.950 to 390.989 and subsection (4) of 390.990. In addition to the foregoing, the department may receive and may encourage the receipt of donated funds or property from individuals, groups or organizations (including trail users) for specified or nonspecified uses in connection with the acquisition, development, maintenance and administration of Oregon recreation trails.

The department if it considers it advisable, may provide under its rules and regulations, for the use of a portion of any such donated funds received for nonspecified purposes to grant to an owner of private land adjacent to an Oregon recreation trail, funds indemnifying such owner for damage clearly caused to his land, and property therein, by users of such trail and which such landowner has not been able to recover from the user causing such damage.

[1971 c.614 s.12]

390.983 Trail property tax assessment. For the purposes of assessing property for taxation, real property that is subject to an easement, or a written cooperative agreement, for purposes of ORS 390.950 to 390.989 and subsection (4) of 390.990 shall be assessed on the basis of the true cash value of the property less any reduction in value caused by the easement or the written cooperative agreement. The easement shall be exempt from assessment and taxation the same as any other property owned by the state.

[1971 c.614 s.13]

390.986 Injunctive relief for violation of ORS 390.950 to 390.989. The department has power to obtain injunctions against violations of any provisions of ORS 390.950 to 390.989 and subsection (4) of 390.990 and any rules and regulations adopted under ORS 390.950 to 390.989 and subsection (4) of 390.990 and agreements made under ORS 390.950 to 390.989 and subsection (4) of 390.990.

[1971 c.614 s.14]

390.989 Eminent domain not apply to department powers or duties under ORS 390.950 to 390.989. Any power of eminent domain otherwise vested in the Department of Transportation does not apply to any power or duty vested in the department by ORS 390.950 to 390.989 and subsection (4) of 390.990.

[1971 c.614 s.16]
