619.350 Definitions for ORS 619.350 to 619.380. As used in ORS 619.350 to 619.380, unless the context requires otherwise:

(3) "Immediate container" means the box, carton, bag, wrapper or other receptacle used by any person in transporting a fryer, or in which a fryer is offered for sale. "Immediate container" does not include package liners.

(4) "Label" means the information required by ORS 619.350 to 619.380 to be placed on a fryer or on the immediate container by means of a stamp, stencil or printing by machine, or by attaching to the immediate container, by means of glue or paste, a machine-printed label.

[1959 c 385 s.1]

619.355 Labeling required before sale for human consumption; exception.

(1) Each fryer, or the immediate container in which it is inclosed, which is sold, or displayed, exposed or offered for sale for human consumption in this state shall be conspicuously labeled with a label not less than one inch in height and one and one-half inches in width in legible letters or figures of not less than three-sixteenths of an inch in height, with the words "grown in (here insert the name of the state in which the fryer was grown)." If the immediate container is made of transparent material, the label may be placed inside the material if it is affixed so that it is easily readable by a consumer or purchaser. If a fryer is not inclosed in an immediate container, the label shall be

placed on a tag securely fastened to the fryer.

(2) If fryers are packed in an institutional or bulk pack, for resale in uncooked form, each whole or half fryer in the pack must be individually labeled in the manner provided in subsection (1) of this section, but an institutional or bulk pack of pieces smaller than one-half fryer size, for resale in uncooked form, may be labeled on the outside of the pack with the words "grown in (here insert the name of the state in which the fryer was grown)," in legible letters or figures not less than three-eighths of an inch in height, plainly visible to the public.

(3) In a meat case display where fryer parts are displayed of less than one-half fryer size, not contained in a container, each display utensil must bear an identification tag or label with the words "grown in (here insert the name of the state in which the fryer was grown)," in letters not less than three-eighths of an inch in height, plainly visible to the public.

(4) The provisions of subsections (1) to (3) of this section do not apply to fryers which are sold, displayed, exposed or offered for sale to ultimate consumers at the farm or ranch where the fryers were produced, if no fryers produced elsewhere are sold, displayed, exposed or offered for sale to ultimate consumers at the farm or ranch.

[1959 c 385 ss 2, 3]

619.360 Labeling required before transporting for sale for human consumption. Except as provided in ORS 619.375, and except for a common carrier, no person shall transport any fryer for purposes of sale for human consumption unless the fryer is labeled as required by subsections (1) to (3) of ORS 619.355 and ORS 619.370.

(2) "Chemical preservative," as used in this section, means any substance, including but not limited to antibiotics, which when added to fryers tends to prevent or retard deterioration of the fryer, but does not include common salt, sugars, vinegars, spices or oils extracted from spices, or substances added to food by direct exposure to wood smoke.

(3) Subsections (1) and (2) of this section do not apply to a fryer or immediate container which bears a label provided under section 81.120 of the United States Department of Agriculture Regulations issued pursuant to the Poultry Products Inspection Act (71 Stat. 441), as amended by the Wholesome Poultry Products Act of August 18, 1969, (82 Stat. 971; U.S.C 451) et seq. [1959 c 385 s 5, 1973 c 174 s 14]
