- (c) The general reserve required by ORS 722.142.

(2) Nothing contained in this section prohibits an association from paying different rates of dividends or interest upon different classes of stock or savings accounts.

(3) Accrued unpaid interest delinquent for a period of more than three months shall not be considered earnings of an association.

(4) A savings association may, in addition to the general reserve, hold as earned surplus such sum as the board of directors may, from time to time, consider necessary or desirable.

[Formerly 722.155]

**722.140**[Amended by 1953 c.401 s 11, repealed by 1959 c 227 s.32]

**722.142 General reserve for losses and net worth requirements.** (1) A savings association shall establish and maintain a general reserve account for losses and other net worth accounts adequate to assure solvency of the association.

(2) (a) Each savings association shall accumulate and maintain as a net worth account a general reserve for the sole purpose of absorbing losses. At the annual closing date following the anniversary of its certificate of authority and each annual closing date thereafter, the general reserve shall have a minimum balance not less than an amount fixed by rule.

(b) The supervisor by rule shall fix the required minimum amount of general reserve accounts of associations. The rule shall provide a uniform schedule of minimum levels to be reached during the first 20 or more years of an association's operation for the purpose of achieving an orderly accumulation of the general reserve account.

(3) The supervisor may permit an association to cure a deficiency in its general reserve account by requiring the board of directors of the association to earmark earned surplus, voluntarily pledged savings accounts of a mutual association, or capital surplus or stated capital of a stock association, as part of its general reserve account in the amounts needed to cure the deficiency. Amounts so earmarked shall be held for the same purpose as the general reserve to the extent the earmarked amounts are needed to maintain the required reserve account level. An association shall not pay dividends or interest from the reserve account or other funds earmarked for the purpose of meeting the reserve account requirement.

(4) Every savings association shall build up and maintain its net worth so that at the close of business on any annual closing date its net worth accounts shall equal not less than the dollar amount determined in accordance with the rules to be adequate to assure solvency of the association. The rules shall provide for an adjustment of the net worth requirement during the first years of an association's operation in accordance with paragraph (b) of subsection (2) of this section. If an association fails to establish or maintain the general reserve or the net worth requirements of this section, the supervisor may in accordance with ORS 722.464 require the association to take appropriate corrective action.

(5) An association may establish reserve accounts, in addition to the general reserve, as its board of directors may authorize, and

make transfers to and charge such reserve accounts.

(6) Losses as they are determined, not charged to other reserve accounts, shall be charged to the general reserve until the general reserve account is exhausted. After exhaustion of the general reserve, any remaining losses not charged to other reserve accounts shall be charged as determined:

(a) In the case of a stock association, to earned surplus, then capital surplus and then stated capital; or

(b) In the case of a mutual association, to earned surplus and then the expense fund, if any.

(7) Any insurance reserve required by an insurer of the savings accounts of an association shall be considered part of the general reserve for the purpose of subsection (2) of this section.

**722.162 Closing on Saturdays; emergency closing.** (1) This section applies to domestic associations and to foreign or federal associations doing business in this state.

(b) As used in this section, "emergency" means any condition or occurrence which may interfere with the conduct of normal business operations at the principal office or one or more of the branches of an association, or which poses an imminent or existing threat to the safety or security of persons or property.

(2) Any savings association may remain closed on Saturdays with respect to all or any of its functions.

The office or branch so closed may remain closed until the supervisor determines that the emergency has ended and for such further time thereafter as may reasonably be required to prepare the office or branch to reopen.

(4) When the officers of an association determine that an emergency exists which

## GENERAL POWERS

**722.202 General powers of associations.** A savings association has all the powers conferred by this chapter, or its charter or certificate of incorporation, both express and implied, and such other rights, privileges and powers as are incidental thereto or reasonably necessary or appropriate to the accomplishment of the purpose of the association. Among other rights, privileges and powers, and except as otherwise limited by the provisions of this chapter, a savings association may:

(1) Procure insurance of its real estate and other loans and of its savings accounts from any federal, state or private agency or corporation authorized to write such insurance and, in the exercise of such powers, may comply with any requirements of law or rule or order promulgated and execute any contracts and pay any premiums required in connection therewith.

(2) Be a member of a Federal Home Loan Bank, the Federal Savings and Loan Insurance Corporation or any similar federal or state agency, and do all things required by federal or state law to obtain and continue such membership.

(3) Acquire savings and pay earnings thereon, and lend and invest its funds.

(4) Subject to compliance with the reserve requirements for demand deposits provided by ORS 708.100 to 708.146, receive demand deposits any time after the earliest of one of the following dates:

(a) When federal regulatory authorities eliminate the interest rate differentials between bank time accounts and federal association time accounts.

(b) When federal legislation is enacted permitting charters for federal associations to include demand deposit authority.

(c) When federal regulatory authorities permit demand deposits for federal associations.

[1975 c 582 s 77]

**722.204 Associations may be granted powers of federal associations.** Notwithstanding any limitation, condition or prohibition in this chapter and to carry out the purposes of this chapter, the supervisor may adopt rules permitting associations to exercise any right, power or privilege conferred by federal law or regulation on federal associations doing business in this state. The supervisor may adopt such a rule if he finds that the exercise of any such right, power or privilege serves the public convenience and advantage.

[1975 c 582 s 78]

**722.205**[Amended by 1963 c 288 s 5, 1965 c 306 s 4, 1971 c 757 s 12, 1973 c 368 s 5, repealed by 1975 c 582 s 152]

**722.206 Power of association to borrow; limitations, exceptions and preferences.** (1) A savings association may borrow money for any of its corporate purposes, when authorized by proper resolution of its board of directors. However, the aggregate indebtedness of an association outstanding at

any one time shall not exceed 35 percent of its assets.

(2) Notwithstanding the limitation in subsection (1) of this section, an association may:

(a) Accept savings accounts as provided by ORS 722.252 to 722.268.

(b) Borrow or obtain advances from the Federal Home Loan Bank or other similar federal or state agency in such amounts and upon such terms as may be prescribed by such bank or agency.

(c) Issue capital notes or debentures as provided by ORS 722.208.

(3) An association may borrow from and lend to other savings associations or federal associations, upon the approval of the board of directors of both the borrowing and lending associations, together with the approval of the supervisor.

(4) When the supervisor considers an indebtedness of an association incurred under this section to be detrimental to the interests of its account holders or other creditors, he shall require the association to change or reduce its indebtedness to an extent he considers reasonable, giving the association a reasonable time in which to effect such change or reduction of indebtedness.

(5) A savings association may assign or pledge any property of the association, or repledge any shares of the stock pledged to the association, as collateral security for loans obtained for any of its corporate purposes.

(6) Any pledgee or other lawful holder of any note or other evidence of indebtedness due to an association, has the right to enforce, in his own name or in the name of the association, all appropriate remedies to enforce collection, whether or not the stock described in connection with the note is held by such pledgee or holder.

(7) Obligations of an association are, upon liquidation, payable out of the assets of the association in the following order of preferences to:

(a) Secured creditors.

(b) Banks and national banks, as defined by ORS 706.005, and other financial institutions.

(c) Other creditors, including savings account holders, unless the bylaws of the association provide a different order of preference between account holders and other creditors.

(d) Stockholders.  
[Formerly 722.130]

**722.208 Capital notes and debentures.** (1) A savings association may issue and sell its capital notes or debentures with the prior approval of the supervisor and subject to any sinking fund or other conditions he may impose. An association shall also have the prior approval of a majority of the stockholders owning a majority of the issued and outstanding shares of stock of the association to issue convertible capital notes or debentures.

(2) Capital notes or debentures issued by a stock association may be converted into stock in accordance with provisions approved by the supervisor and contained in the capital notes or debentures. Convertible capital notes or debentures may be issued without offer thereof to existing stockholders if provided by the articles of incorporation of the association and authorized by the supervisor.

(3) Capital notes and debentures shall be an unsecured indebtedness of the association and shall be subordinate to the claims of account holders and all other creditors of the association, regardless of whether the claims of account holders or other creditors arose before or after the issuance of such debentures or capital notes. In the event of liquidation, all account holders and other creditors of the association shall be entitled to be paid in full before any payment shall be made on account of principal or interest on capital notes or debentures. Capital notes and debentures shall contain a statement of the rights and priorities of the lenders.

(4) The amounts of outstanding capital notes or debentures legally issued by an association shall be treated as capital for the purpose of computing general reserve requirements.

## SAVINGS OPERATIONS

**722.252 Account holders as creditors of association.** The relationship between an association and its account holders is that of debtor and creditor.

[1975 c 582 s 83]

**722.254 Savings accounts.** (1) A savings account may be opened and owned by any one or more persons, by a public officer, or a political subdivision or other governmental unit. Deposits to savings accounts may be made only in cash or its equivalent. Except as limited by the board of directors from time to time, an account holder may make additions to a savings account in such amounts and at such times as he may elect. An association may refuse to issue, renew or continue a savings account.

(2) A savings association may issue any type of savings account contract not prohibited by this chapter or other applicable law, or by the rules adopted pursuant thereto. Any special terms and provisions applicable to a savings account, the ownership thereof and the conditions upon which withdrawals may be made shall be clearly and truthfully set forth in writing.

(3) A savings association shall not offer or issue any savings account contract unless the terms of the contract and the forms used to evidence ownership of the account have been approved by the supervisor. The evi-

dence of ownership of a savings account is not subject to ORS chapter 78.

(4) Transfer of a savings account or any interest therein is not binding upon the association until the transfer has been made on the books of the association. The association may treat the holder of record of a savings account as the owner thereof for all purposes until a transfer has been made on the books of the association.

[1975 c.582 s.84]

**722.256 Withdrawal from savings accounts.** (1) An account holder may withdraw part or all of his funds subject to the terms applicable to his savings account.

(2) The supervisor shall prescribe by rule:

(a) The maximum penalty that may be applied by an association for premature withdrawal from a savings account; and

(b) The conditions under which the penalty may be applied.

(3) An account holder may withdraw all or part of his account pledged as security for any purpose only in accordance with the terms of the pledge.

[1975 c 582 s.85]

**722.258 Payment of accounts of minors and persons under disability.** Unless the written savings account contract provides otherwise, when a minor or other person under legal disability holds a savings account, the association may pay out the funds to such person or his assigns with like effect as if he were of full age and legal capacity. Such payment shall be in all respects valid and a complete discharge of the obligation of the association as to the amount so paid.

[1975 c 582 s 86]

722.260[1967 c 257 s 3; repealed by 1975 c 582 s 152]

**722.262 Payment of savings account on death of holder.** (1) On the death of an account holder, if the savings liability of an association on all accounts of the deceased is \$5,000 or less, the association may, upon receipt of an affidavit from the person claiming the account, pay the withdrawal value of the accounts of the deceased holder:

(a) To the surviving spouse;

(b) If there is no surviving spouse, to the surviving children 18 years of age or older;

(c) If the account holder left no surviving spouse or surviving children 18 years of age or older, to his surviving parents; or

(d) If there is no surviving spouse, surviving child 18 years of age or older or

surviving parent, to the account holder's surviving brothers and sisters 18 years of age or older.

(2) If the deceased account holder received public assistance pursuant to ORS chapter 411, 412, 413 or 414, the Public Welfare Division may claim such withdrawal value by filing an affidavit in the form prescribed by subsection (3) of this section and the Public Welfare Division shall be preferred to all other claimants except a surviving spouse.

(3) The affidavit of the person or the Public Welfare Division claiming the account shall:

(a) State where and when the account holder died;

(b) State that the total withdrawal value of all accounts of the deceased holder in all associations in Oregon does not exceed \$5,000;

(c) Show the relationship of the affiant or affiants to the deceased holder; and

(d) Embody a promise to pay the expenses of last sickness, funeral expenses and just debts of the deceased out of the account to the full extent of the account if necessary and to distribute any balance to those persons entitled thereto by law.

(4) A savings association is under no obligation to determine the relationship of the affiant to the deceased. Payment made in good faith to the person or the Public Welfare Division making the affidavit is a full acquittance and release of the association for the amount so paid.

(5) A probate proceeding is not necessary to establish the right of the surviving spouse, surviving children, surviving parent, surviving brothers and sisters to withdraw a savings account as provided by this section. However, if a personal representative is appointed in an estate of a deceased account holder whose account has been withdrawn under this section, the person or the Public Welfare Division withdrawing the account shall account for it to the personal representative.

[1975 c 582 s 87]

**722.264 Savings accounts as legal investments and as security.** (1) Personal representatives, trustees and other fiduciaries; banks, trust companies, credit unions and similar financial organizations; charitable, educational and eleemosynary corporations, funds and organizations; and municipal and other public corporations and public officials may invest funds held by them, without any order of any court, in savings

accounts of savings associations and federal associations. Such investments shall be considered legal investments.

(2) A savings association may pledge its assets to secure public funds as provided under ORS chapter 295. For the purposes of this section, "public funds" has the meaning given that term by ORS 295.005.

(3) When a deposit of securities or a bond with security is required for any purpose under the laws of this state or otherwise, a savings account of an association or federal association is acceptable for such a deposit or security.

(4) This section is supplemental to other laws relating to legal investments and to the deposit of securities and the filing of bonds for any purpose.

[1975 c 582 s 88]

**722.266 Savings accounts as security for loans.** An association may take the pledge of a savings account of the association held by a person other than a borrower as security or additional security for any loan made or purchased by the association.

[1975 c 582 s 89]

**722.268 Service charge on dormant accounts.** (1) A savings association may make a service charge against a savings account if the liability of the association on the account is \$25 or less and, at the time the charge is made, the account holder has not within the last two years:

(a) Increased or decreased the amount of the account or presented an appropriate record for the crediting of interest or earnings;

(b) Corresponded with the association concerning the account; or

(c) Otherwise indicated an interest in the account as evidenced by a memorandum on file with the association.

(2) Service charges shall not be made unless 30 days prior to making the first charge the association mails to the account holder a notice that service charges will be made under the conditions described by subsection (1) of this section. The notice shall be sent by registered or certified mail to the account holder at his last-known address as shown on the records of the association. A service charge made under this section shall not exceed 50 cents for any calendar month.

[1975 c.582 s 90]

## INVESTMENT OPERATIONS (Investment Powers)

**722.302 Minimum liquid assets.** (1) Every savings association shall have on hand at all times cash and other assets readily convertible into cash having a value of not less than a percentage of its savings liability fixed by rule as necessary for the prudent conduct of the affairs of the association. The supervisor shall from time to time by rule define assets readily convertible to cash and fix the minimum percentage of the savings liability of any association that shall be used to determine the value of cash and other assets necessary to comply with this subsection.

(2) Cash and assets readily convertible to cash, within the limits required by subsection (1) of this section, shall not be pledged or otherwise held as security for the payment of any obligation of the association.

(3) Unless an association is in compliance with subsection (1) of this section, it shall not make any loan or investment without the prior approval of the supervisor, except:

(a) To invest in cash or other assets readily convertible to cash;

(b) To invest in a loan secured wholly by pledge of a savings account issued by the association; or

(c) To honor a loan commitment made prior to the association's failure to meet the requirement of subsection (1) of this section. [1975 c.582 s 91]

**722.303**[1967 c 234 s 9; 1975 c 582 s.65, renumbered 722 118]

**722.304 Permitted investments; limitations.** (1) A savings association may invest its assets without limit in:

(a) Assets readily convertible to cash, as defined under ORS 722.302, and deposits and accounts in and obligations of banks;

(b) Bonds and other obligations of the United States; and

(c) Bonds and other obligations that are guaranteed as to principal and interest by the United States and issued by any agency of the United States.

(2) A savings association may invest, and may have invested at any time, not to exceed 25 percent of its assets in:

(a) Bonds, other obligations and stock approved by the supervisor and issued by an agency of the United States or a federally sponsored instrumentality; and bonds and other obligations approved by the supervisor and issued by a state, or by a city, county,

municipal corporation, political subdivision or special district of any state; or loans secured by such obligations;

(b) Real and personal property interests as authorized by ORS 722.312 and 722.314;

(c) Stock and obligations of service corporations, as authorized by ORS 722.308;

(d) Other prudent investments as authorized by ORS 722.497; and

(e) Loans as authorized by ORS 722.328 to 722.342.

(3) An association shall not invest any assets as described by paragraphs (c) to (e) of subsection (2) of this section unless the association on its last monthly closing date satisfied or could have satisfied its minimum general reserve and net worth requirements as determined under ORS 722.142.

(4) If the supervisor finds that notwithstanding subsection (3) of this section, it is an unsafe or unsound practice for an association to exercise the powers granted by paragraphs (c) to (e) of subsection (2) of this section, he may issue a cease and desist order directing the association to cease exercising such powers. An order issued under this subsection may be based on, but need not be limited to, a finding that the financial condition or management capability of the association is not adequate to exercise such powers and assume the risks involved in the exercise of such powers.

[1975 c.582 s.92]

**722.305**[Amended by 1961 c 398 s 16, 1965 c 306 s 5, 1967 c 257 s 4, repealed by 1975 c 582 s 152]

**722.306 "Prudent man" investment rule.** (1) A savings association may invest its assets in a manner not expressly prohibited by law if such investments are made in the exercise of the judgment and care under the circumstances then prevailing which men of prudence, discretion and intelligence exercise in the management of their own affairs not in regard to speculation but in regard to the permanent disposition of their funds, considering the probable income as well as the probable safety of their capital. An association shall not invest in the stock of a corporation unless the association acquires a majority of the shares of the voting stock of the corporation.

(2) Investments held at any one time under this section shall not exceed in the aggregate an amount equal to 50 percent of the net worth accounts of the association on its last monthly closing date. An association is not required to divest itself of any investments made under this section if the invest-

ments met the requirements of this section at the time they were made.

(3) If the supervisor has reason to believe that loans or other investments made pursuant to this section are not prudent, proper or sound investments or are not, directly or indirectly, yielding an income or benefit, he may direct the association to report to him under oath the amount and nature of such loans or investments and any security therefor, their market value and other pertinent information. If the supervisor thereafter determines that any such investment is not prudent, proper or sound, he may issue an order directing the association to dispose of such investment within a reasonable time as designated by him.  
[Formerly 722 497]

**722.308 Service corporations.** (1) An association may invest in the stock and obligations of one or more service corporations. However, an association shall not make such an investment, without the prior approval of the supervisor, when any of the voting stock of the service corporation is available for purchase by or owned by persons other than savings associations or federal associations.

(2) The supervisor shall, by rules adopted to carry out this section, prescribe a maximum percentage of assets not to exceed five percent that an association may invest in service corporations.  
[1975 c 582 s 94]

**722.310**[Amended by 1959 c 227 s 17; 1961 c.398 s 17, repealed by 1975 c 582 s 152]

(2) If the supervisor, from any information available to him, finds that an association has either overstated its assets or understated its liabilities, he may order the association to establish specific reserves equal in amount to the overstatement of true assets or the understatement of true liabilities. Such specific reserves shall be carried as liabilities.

[1975 c 582 s.126]

**722.464 Cease and desist proceedings.** (1) The supervisor may issue and serve upon an association an order to cease and desist from an unsafe or unsound practice or

a violation if, in the opinion of the supervisor, an association:

(a) Is engaging or has engaged, or the supervisor has reasonable cause to believe that the association is about to engage, in an unsafe or unsound practice in conducting the business of the association; or

(b) Is violating or has violated, or the supervisor has reasonable cause to believe that the association is about to violate a law or rule, an order of the supervisor, commissioner or a court, or any provision of its articles of incorporation or bylaws.

(2) The order shall contain a statement of the facts constituting the alleged violation or the unsafe or unsound practice and may, by provisions that may be mandatory or otherwise, require the association and its directors, officers, employes and agents to cease and desist from such violation or practice. The order shall specify the effective date thereof and contain a notice to the association of its right to request a hearing on the order as provided by ORS 722.472.

(3) When the unsafe or unsound practice or the violation specified in the order, or the continuation of the practice or violation, is likely to prejudice the interest of the account holders or stockholders of an association, the supervisor may issue an order effective immediately or at a later date. In all other cases, the order shall be effective 30 days after the date of the order, unless the association requests a hearing thereon as provided by ORS 722.472.

In the case of an individual agent or employe, the civil penalty shall be not more than \$200 for each violation or \$1,000 in the aggregate for all violations within any three-month period. Each day a violation continues shall be considered a separate violation.

(2) In addition to the civil penalty provided by subsection (1) of this section, an association or officer, director, agent or

employee of an association who violates this chapter, or any rule or final order issued pursuant thereto, may be assessed a civil penalty in an amount determined by the supervisor but not to exceed the amount by which such person profited as a result of such violation.

(3) When an order assessing a civil penalty becomes final by operation of law or on appeal, unless the amount of the penalty is paid within 10 days after the order becomes final, it constitutes a judgment and may be filed with the county clerk in any county of this state. The clerk shall thereupon record the name of the person incurring the penalty and the amount of the penalty in the judgment docket. The penalty provided in the order so docketed is a lien upon the title to any interest in property owned by the person against whom the order is entered, and execution may be issued upon the order in the same manner as execution upon a judgment of a court of record.

(4) All money collected under this section shall be paid to the State Treasurer and credited to the General Fund to be available for general governmental purposes.

**722.474 Appointment of conservator; duties; compensation.** (1) The supervisor may appoint a conservator for an association if the supervisor, as a result of any examination or from any report made to him, reasonably believes that the public interest will be served by the appointment of a conservator and if he finds that the association:

(2) The conservator may be the supervisor, an examiner or any other person. Upon the appointment of a conservator, the supervisor shall apply immediately to the circuit court for the county in which one or more offices of the association is located for confirmation of the appointment and proceedings in accordance with this section. The court shall confirm the appointment if it finds that one or more grounds exist for the appointment. In conservatorship proceedings the circuit courts have full power to conserve the assets and business of the association or to liquidate and dissolve the association.

(3) If the association is an institution insured by a federal agency, such agency or an appointee of such agency may be tendered appointment as conservator or co-conservator. If it accepts such appointment, it may, nevertheless, make loans on the security of, or purchase at public or private sale, any part or all of the assets of the association of which it is conservator or coconservator, if such loan or purchase is approved by the court.

(4) A conservator shall endeavor promptly to remedy the situations complained of by the supervisor in his application for confirmation of such appointment. Within six months after the date of the appointment, or within a reasonable time thereafter if the court extends the six months' period:

(a) The conservator shall return the association to the board of directors thereof

and thereafter it shall be managed and operated as if no conservator had been appointed; or

(b) The conservator shall proceed to liquidate and dissolve the association.

(5) If the supervisor or an examiner is appointed conservator, he shall receive no additional compensation. However, if another person is appointed, then the compensation of the conservator, as determined by the court, shall be paid by the association.

He has the power and authority provided by this chapter and such other power and authority as may be expressed in the order of the court.

(2) The directors and officers shall remain in office and the employes shall remain in their respective positions, but the conservator may remove any officer or employe, if the order of removal of an officer is approved in writing by the supervisor.

(3) While an association is in the charge of a conservator, the association shall continue to take payments in accordance with the terms and conditions of contracts. The conservator, in his discretion, may permit account holders to withdraw their accounts from the association pursuant to the provisions of this chapter or under and subject to such rules as the supervisor may prescribe. A conservator may accept savings accounts and additions to savings accounts, but any such amounts received by the conservator shall be segregated if the supervisor so orders in writing. If so ordered, such amounts shall not be subject to offset and shall not be used to liquidate any indebtedness of the association existing at the time the conservator was appointed for it or any subsequent indebtedness incurred for the purposes of liquidating any such indebtedness. All expenses of the association during a conservatorship shall be paid by the association.

[1975 c 582 s 132]

The container shall be kept by the supervisor in his custody and control for use in the administration of the affairs of the savings association, as provided by law. The contents shall be held subject to the payment of any rent that may be unpaid for the use of such safe, vault or box, also any expenses incurred in opening thereof, and also reasonable compensation for the safekeeping of the contents after their removal from the safe, vault or box.
