ECONOMIC DEVELOPMENT DEPARTMENT

184.001 Definitions for ORS 184.001 to 184.210. As used in ORS 184.001 to 184.210, unless the context requires otherwise:

(1) "Commission" means the Economic Development Commission.

(2) "Department" means the Economic Development Department.

(3) "Director" means the Director of the Economic Development Department.
[Formerly 184.105]

184.003 Policy for economic and community development. (1) The Legislative Assembly recognizes that:

(a) There exists in the state a great and growing need for balanced economic and community development to provide and maintain orderly economic growth and the preservation and enhancement of all facets of Oregon's environment;

(b) Only properly planned and coordinated growth and development can maintain and improve the total environment by broadening the tax base so that essential governmental services such as education, health, welfare, environmental and transportation services can be adequately funded;

(c) A great imbalance presently exists in the degree of economic health between the state's metropolitan areas and the state's rural communities and that balanced development opportunities must be made available to rural areas to bring about the geographical distribution of business and industry necessary to a healthy economy and environment for all Oregonians;

(d) Oregon cannot offer an attractive future to its youth, particularly those in rural areas, unless additional jobs are made available; and without new payrolls and the expansion and relocation of existing payrolls the state will suffer a loss of its young people, a decline of its rural communities and damage to our quality of life;

(e) Assistance and encouragement of balanced industrial, commercial and community development and of enhanced world trade opportunities are important functions of the state and that the welfare of the state, its people and its institutions depends upon a unified and coordinated program to achieve this development and enhancement on an orderly basis;

(f) The availability of this assistance and encouragement is an important inducement to

industrial and commercial enterprises to locate, remain and relocate in those portions of the state which will contribute most to the environment and economy of Oregon and that the full cooperation of state, local and federal agencies is necessary to this end; and

(g) Development of new and expanded overseas markets for world trade is an area of great potential for furthering balanced economic growth and can be especially significant in the field of increased processing of Oregon agricultural commodities and manufactured products thereby contributing to economic diversification.

(2) It is the purpose of ORS 184.001 to 184.210 to provide such assistance and encouragement through establishment and implementation of policies and priorities designed to maintain and achieve balanced economic growth and development.

[Formerly 184.120; 1975 c.225 §1]

One member shall be appointed from each congressional district with due consideration given to geographical representation, and the other members shall be from the state at large. The member appointed from the second congressional district shall be resident of the area lying east of the summit of the Cascade Mountains. Two members shall be representative of agriculture.

(2) The term of office of each member is four years, but a member serves at the pleasure of the Governor. Before the expiration of the term of a member, the Governor shall appoint a successor whose term begins July 1 next following. A member is eligible for reappointment. If there is a vacancy for any cause, the Governor shall make an appointment to become immediately effective for the unexpired term.

(3) A member of the commission shall be entitled to compensation and expenses as provided in ORS 292.495.

The commissioner shall have 120 days from the date of receipt of the agreement to approve or disapprove the agreement. Notice shall be made and a hearing shall be held pursuant to the provisions of ORS chapter 767

to determine whether the execution of the agreement will result in a diminution in the total quantity and quality of passenger transportation service available to the public or impairment of the ability of existing certificated carriers to adequately serve the public. These shall be the sole criteria for approval or disapproval of the agreement.

(4) In connection with the institution of an operating agreement or other agreement to provide a transportation service for which no carrier presently holds a certificate of public convenience and necessity, the department shall select a provider of service on the basis of written proposals, giving preference to existing private carriers who presently provide transportation service in the general area for which the agreement will apply, as provided in paragraph (a) of subsection (1) of this section. The notice shall contain the terms of the agreement and the commissioner shall thereupon issue a permit for the operations described in the agreement. Operating agreements with persons not certificated by the commissioner which result in a new service shall be submitted to the commissioner for approval in the same manner and subject to same conditions as set forth in subsection (3) of this section. Operations conducted pursuant to a temporary operating arrangement may be considered by the commissioner in determining public convenience and necessity on subsequent application for permanent authority under ORS chapter 767 or 773, but shall not be given greater weight than the service criteria provided in subsection (3) of this section as this relates to existing certificated carriers.

(5) Persons or vehicles operating under a permit issued pursuant to subsection (4) of this section are exempt from ORS chapters 760, 761, 763, 764, 767 and 773 except for ORS 767.005 to 767.640 as such sections relate specifically to public or employe safety, insurance and bonding and except for ORS 767.700 to 767.905 as such sections may be applicable to persons or vehicles.

(6) Operating agreements with persons otherwise subject to the commissioner's jurisdiction shall include a provision that the revenues and expenses of the person operating under a permit issued pursuant to subsection (4) of this section shall be separated from the

revenues and expenses properly attributable to other intrastate operations of such person.

(7) Except as provided in ORS 184.675 to 184.700, persons providing public transportation services otherwise subject to the commissioner's jurisdiction shall remain subject to his jurisdiction, notwithstanding assistance or approval of the department. ORS 184.610 to 184.700 is not intended to extend the jurisdiction of the commissioner beyond that otherwise granted.

[1977 c.230 §13]

The commission shall consist of at least 19 members appointed by the Governor for terms of three years. Prior to making appointments, the Governor shall request and consider recommendations from the area agencies on aging and other interested senior organizations. The Governor shall designate a member to serve at his pleasure as chairman for a term of two years with such duties as he shall prescribe. The membership of the commission shall be composed of members broadly representative of major public and private agencies who are experienced in or have demonstrated particular interest in the special needs of the elderly, including citizens who have been active in senior organizations and advocates on behalf of senior citizens. Of the members appointed to the commission under this subsection, a majority shall be actual consumers of services under the aging programs, including low income and minority older persons at least in proportion to the number of minority and older persons in the state.

(4) The commission shall have authority to study programs and budgets of all state agencies which affect senior citizens. After such study, the commission shall make recommendations to the Governor and to the agencies involved. Such recommendations shall be designed to provide coordination of programs for the elderly, to avoid unnecessary duplica-

tion in provision of services, and to point out gaps in provision of services. The commission shall also recommend development of a comprehensive plan for delivery of services to the elderly. In carrying out these tasks, the commission shall coordinate its efforts with other advisory groups within the Department of Human Resources to avoid duplication of effort.

(5) The commission shall promote responsible state-wide advocacy for senior citizens.

(6) Members of the commission, other than legislators, shall be entitled to compensation and expenses as provided in ORS 292.495. [1975 c.768 §3; 1977 c.661 §2]
