Whenever any county undertakes the construction or acquisition of an interstate bridge or ferry pursuant to ORS 381.205 to 381.305, the county court or board of county commissioners may employ and pay reasonable compensation to attorneys, including the district attorney of the county, for services heretofore or hereafter performed in connection with the construction or acquisition of such bridge or ferry. Such compensation, which in the case of the district attorney shall be in addition to any other compensation allowed by law, shall be payable solely out of the funds received from the sale of bonds for the construction or acquisition of the bridge or ferry or the revenues derived from the operation thereof.

[1953 c.44 §1]

381.230 Using bond proceeds for bridge expenses; security. The construction, purchase, acquisition, operation or maintenance of any bridge or of its approaches authorized by ORS 381.205 to 381.305 may be financed in whole or in part

through the issuance and sale of revenue bonds. As security for the payment of the bonds, the total or any part of the revenues from any such bridge may be hypothecated and pledged by the governing authorities purchasing, constructing, operating or maintaining the bridge without the necessity of the voters of the political subdivisions authorizing the same. However, no such hypothecation or pledge of revenues, or the issuance of the revenue bonds shall constitute in any manner, or to any extent be made to constitute, a general obligation of any county, city, town or port making the pledge.

381.235 Formal requirements and conditions of bonds. Revenue bonds mentioned in ORS 381.230:

(1) Shall be made to mature at such times and bear such annual rate of interest, payable semiannually, as the authority issuing them may determine.

(2) In determining the amount of refunding revenue bonds to be issued:

(a) Due credit shall be given for the application of any sinking funds available for the payment of such outstanding revenue bonds, less appropriate reserves deemed necessary to be retained on account of the refunding revenue bonds.

(b) There may be included in determining such amount the costs and expenses in connection with the issuance and sale of the refunding revenue bonds, the premium, if any, to be paid on any of the revenue bonds to be refunded, the unpaid interest to accrue on the revenue bonds to be refunded prior to the retirement thereof, and the cost of any improvements to the bridge then determined by the governing authority to be necessary or advisable.

(3) The refunding revenue bonds shall be secured in the same manner and be payable from the same source as the revenue bonds refinanced and redeemed as may be otherwise provided in the resolution adopted by the governing authority of the county, city, town or port, but in no event shall such refunding revenue bonds constitute general obligations of the county, city, town or port, nor an indebtedness or liability within the meaning of any constitutional limitation or provision.

[1953 c.648 §2]

381.239 Revenue bonds and refunding revenue bonds are negotiable instruments; not deemed general obligations of issuer. All revenue bonds and refunding revenue bonds issued under ORS 381.205 to 381.305 shall be negotiable instruments under the law merchant, notwithstanding they shall be payable solely from the revenues pledged for that purpose. None of such bonds shall be deemed a charge upon the tax or other revenues of the issuing entity.

[1951 c.648 §4]

Any and all of the counties, cities, towns or ports mentioned in ORS 381.205, independently or in conjunction with each other, may incur indebtedness and issue negotiable bonds therefor in order to obtain funds for the whole or any part of the cost of the construction, reconstruction, purchase, acquisition or maintenance of the bridges authorized by ORS 381.205 to 381.305 when so authorized by the voters of the county, city, town or port. The proposition to incur such indebtedness and to issue bonds therefor may be submitted to the voters of the political subdivision at any general or special election.

381.245 Payment of bond principal and interest with bridge tolls. If any bridge constructed, purchased or otherwise acquired under ORS 381.205 to 381.305 is operated as a toll bridge, and the revenues or any part thereof derived as a result of the tolls and

charges collected have been pledged and revenue bonds issued, in fixing and determining the amount of tolls to be charged consideration shall be given, among other things, to the amount necessary to be received to pay the interest upon the revenue bonds and to provide for the retirement of the principal of the bonds. Provisions shall be made for the application of the revenue so received to the payment of the interest and principal of the revenue bonds as their respective payments become due.

381.250 Acceptance of funds from United States and gifts. In carrying out ORS 381.205 to 381.305 each of the counties, cities, towns or ports mentioned in ORS 381.205 may:

The parties contracting for the construction of any bridges under ORS 381.205 to 381.305 shall select and agree upon sites, but no such bridge shall be constructed unless it connects or provision is made for connection with a state and federal highway in this state and any state or federal highway in the adjoining state.

381.260 Plans and specifications for bridge construction. Before any bridge is constructed by any of the counties, cities, towns or ports mentioned in ORS 381.205, the authorities desiring to construct the same shall select the location of the bridge and prepare the plans and specifications and the estimated cost of the structure, including rights of way, approaches and connecting roads.

381.265 Provision in bridge plans for rail traffic; contracting with railroad companies. (1) Preparation of the specifications and designs of any bridge constructed under ORS 381.205 to 381.305 may give consideration to and include provisions for facilities and accommodations for traffic by rail as well as

for traffic by motor vehicle, team, pedestrian or other regular highway traffic.

(2) If provision is made for rail traffic, then the agencies under whose jurisdiction and control the bridge has been constructed may contract with any railroad companies for the use of the part of the bridge constructed to accommodate traffic by rail. The contract may be upon such terms and conditions as the interested parties may agree.

381.270 Bids for bridge construction.

Competitive bids shall be invited for the construction of any bridge mentioned in ORS 381.260 in conformity with the plans, specifications and design. The call for bids shall require that each bidder accompany his bid with a certified check or a bidder's bond in the amount of not less than five percent of the amount of his bid. The contract, if awarded, shall be awarded to the bidder adjudged to be the lowest and best, responsible bidder. Any and all bids may be rejected and refused if it appears to be the best interest of the general public.

All contracts made and entered into for the construction, purchase, acquisition, reconstruction, improvement or repair of any bridge mentioned in ORS 381.205 shall be made in the name of the authority authorizing performance of the work.

381.280 Bond required with certain contracts. There shall be required, in connection with all contracts mentioned in ORS 381.275 and involving the employment of labor and materials, a satisfactory bond in a sum not less than 50 percent of the total amount of the contract. The bond:

(1) Shall be conditioned upon the faithful performance of the contract.

(2) Shall contain a condition that the contractor shall promptly, as due, make payments to all persons supplying the contractor, or his subcontractors, labor and materials for the performance of the work, and that such contractor shall pay all contributions or amounts due to the State Industrial Accident Fund from such contractor or his subcontractors incurred in the performance of the contract.

(3) May contain such other conditions or provisions as the Oregon authority performing the work or the lawful constituted authority of the adjoining state may require.

381.285 Power to exercise eminent domain. Any county, city, town or port mentioned in ORS 381.205 may exercise the power of eminent domain to carry out any of the provisions of ORS 381.205 to 381.305 in accordance with the procedure provided in ORS chapter 35.

(2) Operate the ferry free to the public or on tolls. If operated on tolls the revenues derived therefrom may be pledged and revenue bonds issued and sold in the same manner as provided in ORS 381.230 and 381.235 for the pledging of the tolls received from bridges and issuing revenue bonds thereon and therefor.

381.302 Acquiring and operating interstate ferry by bridge authority as part of cost of acquiring interstate bridge. (1) Whenever any county, city, town or port

mentioned in ORS 381.205, heretofore or hereafter determines through its governing authority to construct a bridge under ORS 381.205 to 381.305, it may, as a part of the cost of the bridge, include and acquire any then existing and operating ferry, with appurtenant properties, which the governing body determines to be serving the same area to be served by the proposed bridge and the continued operation of which would adversely affect the traffic on the bridge.

(2) Any ferry thus acquired may be operated by the authority constructing such bridge free or on tolls, and if operated on tolls, the tolls charged shall be pledged to the payment of its revenue bonds and interest thereon issued on account of the bridge. Tolls thus collected shall be sufficient to meet all operating costs and expenses, including insurance, maintenance and a reasonable depreciation, and such payments as may have been determined by the governing authority to be necessary to apply on the amortization of the principal and interest of the revenue bonds during the period pending the completion and opening of the bridge.

(3) Upon the opening of such bridge to traffic, and thereafter while the bridge is open to traffic, no ferry thus acquired shall operate. The property used in the operation of any such ferry may be sold or disposed of by the governing authority in such manner as will protect the bridge from the competition thereof.

(4) Acquisition of any such ferry may be made upon such terms as the governing authority shall determine, and the acquisition price may be made payable not later than the time of the opening of the bridge.

(5) Whenever the governing authority of the county, city, town or port determines to proceed in accordance with this section to acquire any ferry as a part of the cost of a bridge, and to thereafter operate such ferry as permitted by this section, it may do so regardless of whether such ferry operates from a point within the boundaries of the county, city, town or port, provided that there has been received a report of engineers indicating the advisability of the acquisition of such ferry in connection with the construction and operation of the bridge.

[1953 c.648 §3]

381.305 Authority conferred by ORS 381.205 to 381.300 is supplemental authority. The authority conferred by ORS 381.205 to 381.300 is in addition and supplemental to the authority conferred by any other law.

INTERSTATE BRIDGES FINANCED BY COUNTY BONDS

381.405 "Construct," "construction" and "county court" defined. As used in ORS 381.405 to 381.520:

(1) "Construct" includes repair, maintain, improve or other words of similar meaning.

(2) "Construction" includes repair, maintenance, improvement or other words of similar meaning.

(3) "County court" means the county court of the county in which the bridge mentioned in the context is situated, and includes the board of county commissioners or other constituted authorities in the county having control of bridge construction.

381.410 Interstate bridges as permanent roads. Bridges over rivers and bodies of water forming interstate boundaries are permanent roads and include approaches and viaducts leading thereto.

381.415 Counties given state power to construct bridges. For the purposes of ORS 381.405 to 381.520 the right, power and authority of the state to construct bridges, viaducts and roadways over navigable streams and the beds thereof or upon any state lands is granted and given to all counties.

381.420 County financing construction of interstate bridges. Counties may borrow money for the purpose of constructing interstate bridges and issue bonds to evidence such indebtedness.

381.425 Deducting bond interest from taxes due state. Whenever any county provides for the issuance of bonds for the construction of any bridge, bridge approach or viaduct to be constructed to or over, or both, the boundary line of the state, or to or over, or both, any stream, river or body of water constituting such boundary line, the county is entitled to deduct from the amount of the taxes that the county is required by law annually to collect and pay over to the state under ORS 291.342, 291.344, 311.657 and 311.658, the amount of the annual interest accruing upon the bonds each year thereafter during the life of the bonds.

381.430 Notice to Department of Revenue of bond issue. The county, after making provision for the boundary bridge or viaduct, shall, prior to January 1 each year

following the authorization of the bond issues, notify the Department of Revenue of the bond issue, stating the amount of bonds, the number and value of the bonds sold thereunder and the amount necessary to meet the annual interest on the bonds. The Department of Revenue shall thereupon allow such deduction as will cover the accruing interest.

381.435 Title and control of bridge in state. In consideration of the allowance and deduction for the payment of annual interest upon the bonds as provided in ORS 381.425 and 381.430, the title to the bridge, viaduct or roadway and the full control thereof shall, upon completion of the boundary or interstate bridge, viaduct or roadway, be vested in the state; such power of control to be exercised on behalf of the state by the Public Utilities Commissioner.

381.440 Petition and order for bond election; debt limitation. Whenever a petition therefor, signed by not less than 10 percent of the registered voters of any county, not exceeding, however, 1,000 signatures, is filed with the county clerk, the county court shall, subject to ORS 381.450 and 381.455, order an election to determine whether or not the county shall issue bonds for the construction of a bridge mentioned in ORS 381.420. However, if the county debt for the construction of permanent roads already incurred or authorized, together with the new debt sought to be created by the petition, exceeds two percent of the assessed valuation of the county, then the county court shall disregard the petition.

381.445 Contents and form of petition. The petition shall state the amount of the proposed bond issue and be in substantially the following form:

Petition for Road Bond Election.

We, the undersigned, legal voters of (here insert name of county) petition that on _____, 19 __, an election be held to determine whether (here insert amount of proposed bond issue, as for example \$100,000) in bonds shall be issued by this county for bridge construction, and each for himself says: I have personally signed this petition, and my residence, postoffice and voting precinct are correctly written after my name.

(2) The county court shall examine the petition as soon as it is presented. If the county court is satisfied that the petition substantially conforms to the requirements of ORS 381.445 and contains the names and post-office addresses, places of residence and precincts of the requisite number of voters as required by ORS 381.440, the county court shall make an order directing that a special election be called and held in that county for the purposes specified in the petition at a time to be then fixed by the court, which shall not be less than 30 nor more than 40 days after the date of making the order and not less than 45 nor more than 90 days after the day of filing the petition.

(3) If the county court determines either that the petition does not substantially conform to the requirements of ORS 381.445 or that it does not contain names and post-office addresses, places of residence and precincts of the requisite number of voters as required by ORS 381.440, it shall make an order declaring that fact, particularly designating the defects and refusing to order a special election.

381.455 Appeal from orders of county court. (1) There shall be no appeal from the order mentioned in subsection (2) of ORS 381.450.

(2) Within 10 days after the entry of the order mentioned in subsection (3) of ORS 381.450 any one or more of the petitioners may appeal to the circuit court in the same manner as appeals are taken from the county court in actions at law, except that the notice of appeal, if not entered in the journal at the time the order is made, shall be served on the county judge and no appeal bond shall be required.

(3) If the circuit court upon appeal is satisfied that the county court should have ordered an election, the circuit court shall direct the county court to proceed as if it had declared the proceedings sufficient. If upon appeal the circuit court decides that the judgment of the county court was correct, it shall make an order affirming the judgment of the county court. There shall be no appeal from the judgment of the circuit court.

381.460 Majority vote to authorize bond issue. The bonds mentioned in ORS 381.420 shall be issued only upon approval of a majority of those voting at any election for the same.

(2) The laws of this state governing special and general elections in so far as they do not conflict with ORS 381.405 to 381.520 apply to elections under ORS 381.405 to 381.520.

(3) If the issuance of bonds is defeated at any election held under ORS 381.405 to 381.520 no subsequent election shall be held for the same purpose within one year.

be absolutely conclusive as to the regularity of all the proceedings in reference to the matter.

381.485 County court submitting bond issue on own motion. The county court of its own motion may submit the question of issuing bonds for the purposes mentioned in ORS 381.420 at any general election. This may be done by an order of the county court entered in the journal at least 40 days next preceding any general election. The order shall set out the amount of bonds proposed to be issued, the length of time they shall run and the maximum rate of interest they shall bear. After having entered such order the county court shall proceed to submit the question to the voters of the county in the same manner and with like effect as upon the petition mentioned in ORS 381.440.

381.490 County bonding committee. The county court is created a bonding committee of the county. The judge of the county court or chairman of the board of county commissioners shall be chairman and the county clerk shall be secretary of the bonding committee.

The bonding committee may arrange the form, details and sale of the bonds consistently with ORS 381.405 to 381.520.

381.665 Tax for bridge expense not paid by tolls. Should the tolls and revenues procured for the use of the bridge be insufficient to pay the cost of maintaining, repairing and operating the bridge and the interest and principal upon bonded indebtedness as it accrues, the city council may each year levy and collect taxes upon all property, real and personal, situated within the boundaries of the municipality and which is by law taxable for state and other purposes, sufficient to provide for such deficit, subject, however, to charter provisions and the provisions of the Oregon Constitution with respect to debt limitations.
