However, a service man or woman on active duty in the Armed Forces of the United States who was domiciled in Oregon upon entry into active duty and who has acquired no other domicile shall be entitled to have his or her children considered a resident of this state so long as no other domicile is acquired by the service man or woman.

[1959 c.331 §10; 1961 c.706 §27; 1965 c.339 §1; subsection (2) enacted as 1965 c.595 §5; 1967 c.299 §1]

COMPETENCY

427.305 Effect of admission on competency. No person admitted to a state facility for the treatment of the mentally deficient shall be considered by virtue of the admission to be incompetent.

[1973 c.585 §2]

427.310 Hearing on competency. (1) Upon petition of a person committed or voluntarily admitted to a state facility for treatment for mental deficiency, or his guardian, relative, creditor or other interested person, the court of competent jurisdiction in the county in which the state facility is located shall hold a hearing to determine whether or not the person in the state facility is competent. A guardian or responsible relative who is not the petitioner shall be notified of the hearing at least three days before the date set for hearing. After the hearing, the court shall enter an order pursuant to its finding and serve a copy of the order on the petitioner.

(2) If the person is found incompetent, the court shall appoint a guardian of his person.

(3) When a person committed to a state facility has been declared incompetent pursuant to subsection (1) of this section and is discharged from the facility, the superintendent

of the facility shall advise the court which entered the order of incompetency whether or not, in the opinion of the chief medical officer of the facility on the basis of medical evidence, the person is competent. The superintendent shall notify the discharged person and his guardian of the advice to the court. If the court is advised that the person is competent, the court shall enter an order to that effect. If the chief medical officer of the facility advises the court that the person is not competent, upon petition of the person, his guardian, relative, creditor or other interested person, the court shall hold a hearing to determine whether or not the discharged person is competent.

(1) At the time of the hearings before the court, prescribed by subsections (1) and (3) of ORS 427.310, the court shall inform the alleged mentally deficient person the reason he has been brought before the court, the nature of the proceedings and the possible results of the proceedings. The court shall also advise the allegedly mentally deficient person that he is entitled to subpoena witnesses on his behalf and to have an attorney represent him during the proceedings, and that if he does not have funds with which to retain an attorney, the court will appoint an attorney to represent him without cost. If the allegedly mentally deficient person does not request an attorney, his legal guardian, relative or friend may request the assistance of legal counsel on his behalf. The court shall also advise the person that, at his request, or the request of his legal guardian, relative or friend, the court will postpone the hearing up to 72 hours in order to allow the alleged mentally deficient person an opportunity to prepare for the hearing.

(2) If no request for legal counsel is made, the court shall appoint legal counsel unless the person expressly, knowingly and intelligently refuses legal counsel.

(3) If the person is unable to afford counsel, the court may provide by order for payment of a reasonable attorney fee by the county of residence of the alleged mentally deficient person. In all cases, such legal counsel shall be present at the hearing and examination and may examine all witnesses offering testimony, and otherwise represent such person.

(4) Where legal counsel is requested or provided, the court may continue the hearing

If the petitioner is unable to pay, the expenses of the proceeding shall be paid by the county of which the mentally deficient person was a resident at the time of his admission. If the county of residence cannot be established, the county from which the person was admitted shall pay the expenses.

(2) The expenses of the proceeding under subsection (3) of ORS 427.310 shall be paid by the petitioner.
