However, if such applicant has, at the time of his application, been restored to competency by judicial decree or released from a hospital for the mentally ill or mentally retarded upon a certificate of the superintendent that he is competent, the division may issue the license applied for if the division is satisfied that such person is competent to operate a motor vehicle with safety to persons and property.

(3) It shall be the duty of the superintendent of the hospital for the mentally ill or mentally retarded to notify the division as to released licensed operators who, in his opinion, should not drive because of their mental condition. Thereupon, the division shall suspend the license of such released person until such time as the licensee can produce a judicial decree of competency, or a certificate from the superintendent of the hospital that he is competent.

[Amended by 1963 c.97 §3]

482.130 Ineligibility of persons with physical or mental disorders, or illiterate; exception. (1) The division shall not issue an operator's or chauffeur's license to any person when in the opinion of the division such person is afflicted with or subject to any condition which brings about momentary or prolonged lapses of consciousness or control, which is or may become chronic, or when such person is suffering from a physical or mental disability or disease serving to prevent him from exercising reasonable and ordinary control over a motor vehicle while operating it upon the highways. Nor shall a license be issued to any person who is unable to understand highway signs warning, regulating or directing traffic.

(2) Notwithstanding the provisions of subsection (1) of this section, the division shall issue an operator's license to a disabled person as defined in ORS 487.915 for the operation of a motor vehicle described in paragraph (h) of subsection (2) of ORS 481.075 if the division finds that the person's disability does not prevent him from exercising reasonable and ordinary control over such a vehicle when operated as authorized by ORS 487.525.

[Amended by 1977 c.885 §3]

482.140 [Repealed by 1971 c.195 §2 (482.141 enacted in lieu of 482.140)]

names of the disorders to be reported. Each report shall include the person's name, address, date of birth, sex, and the name of the disorder.

(3) On or before the 15th day of each month the State Health Officer shall forward to the division a copy of each report or a list of the information in all reports received in the preceding calendar month as required by subsection (1) of this section. The reports are confidential and shall be used by the division only to determine the qualifications of persons to operate motor vehicles upon the highways.

(2) The division shall not issue an operator's or chauffeur's license to any person who is required under ORS chapter 486 to furnish proof of financial responsibility and who has not furnished such proof.

(3) With respect to an applicant not subject to ORS 482.820, no operator's or chauffeur's license or permit to drive shall be issued to any person whose license or privilege to drive is currently under suspension or revocation in any other state upon grounds which, if committed in this state, would be grounds for the suspension or revocation of the license of an operator or chauffeur.

[Amended by 1961 c.286 §2; 1963 c.484 §7]

482.160 Special permits for persons under age. (1) Any person over the age of 14 years may make application to the division for a special permit to operate motor vehicles over the highways of this state as a means of transportation to or from any school, college or other educational institution. Upon receipt of an application complying with subsection (1) of ORS 482.220, and the required fee, the division may, in such form as it may determine, issue a special permit to such person, if satisfied that such person has had sufficient experience in the operation of motor vehicles to enable him to operate the same without endangering the safety of the public, and if such person has passed satisfactorily an examination equivalent to that required by law for an operator's license.

(2) The division may grant to a person over 14 years of age a special temporary

permit to operate a motor vehicle over certain designated routes when satisfied from the facts, set forth in an application complying with subsection (2) of ORS 482.220, that an emergency exists, and when the applicant has passed an examination equivalent to that required by law for an operator's license.

(3) If it is determined that any person has operated a motor vehicle over any other highway or for any other purpose than designated in the application for a special permit under this section, the division shall forthwith cancel the special permit, and such person shall not thereafter be entitled to apply for or receive any new license until he becomes of age for an operator's license.

482.170 Instruction or beginner's permit. (1) Any person not less than 15 years of age who, except for his age or lack of experience in the operation of motor vehicles, would otherwise be qualified to obtain an operator's license under this chapter, may apply to the division for an instruction permit. The division, upon receipt of such application accompanied by a fee of \$3, shall issue a permit which entitles the applicant to drive a motor vehicle, except a motorcycle, upon the highways for a period of one year when:

(a) He has the permit in his immediate possession; and

(b) He is accompanied by a licensed operator or chauffeur not less than 18 years of age occupying a seat beside him.

(2) When a person has filed an application and fee for a special permit in accordance with ORS 482.160, 482.210 and 482.220, and except for his lack of experience in the operation of motor vehicles he would be qualified to obtain such permit, the division may issue to him without extra charge, a special permit entitling him to drive a motor vehicle upon the highways for a period of 60 days when:

(a) He has the permit in his immediate possession; and

(b) He is accompanied by a licensed operator or chauffeur not less than 18 years of age occupying a seat beside him.

(c) Unless he has paid a fee of \$3.50 upon receipt of such indorsement as provided in paragraph (b) of this subsection.

[1965 c.547 §3; 1973 c.156 §3; 1977 c.169 §1; 1977 c.882 §5]

482.194 Indorsement procedure; examination required. (1) The division shall upon qualification under ORS 482.190 to 482.196 indorse an operator's or operator-chauffeur's license authorizing the licensee to operate a motorcycle.

(2) Before an indorsement to operate a motorcycle is made on a license, the division shall have examined every applicant as provided in ORS 482.260 and determined such applicant to be qualified to operate a four-wheeled motor vehicle. In addition each applicant shall have been examined for and determined qualified to operate a motorcycle in such manner as not to jeopardize the safety of persons or property.

[1965 c.547 §§4, 5]

482.196 Effect of indorsement; revocation procedure. (1) Except as provided in ORS 482.190 to 482.198, a license indorsement to operate a motorcycle shall be considered a part of the operator's or operator-chauffeur's license on which it is indorsed and subject to any provisions of the statutes of this state applicable to such licenses.

(2) Whenever the division has reason to believe an individual licensed by indorsement to operate a motorcycle is not competent to operate such a vehicle, it may revoke the indorsement.

(a) Upon revocation of the indorsement the indorsed license shall be surrendered to the division.

(b) Upon surrender of the indorsed license, the division shall issue a license without indorsement for the unexpired period of the license.

(3) The licensee whose license indorsement is revoked under subsection (2) of this section is entitled to the hearings provided under ORS 482.450 and 482.490.

482.198 Prohibition against furnishing motorcycle unless license indorsement displayed. (1) No person shall rent, lease or otherwise furnish a motorcycle owned by him or under his control to any person who has not first displayed to him an operator's or operator-chauffeur's license which has been issued to that person and indorsed as provided in ORS 482.190 to 482.196.

(2) The application for the special permit mentioned in subsection (2) of ORS 482.160 shall be approved by the county judge and sheriff of the county in which the applicant resides, and by the chief of police of every incorporated city in or through which permission is sought to drive, before it is filed with the division.

482.230 When consent of parent, guardian or employer is required; cancellation of license if consent withdrawn. (1) The division shall not grant the application of any person under the age of 18 years for an instruction permit, operator's license or a special permit to operate motor vehicles, unless the application is signed by a parent or guardian having the custody of such person. If such person has no father, mother or guardian, an operator's license shall not be granted to him unless his application is signed by his employer.

(2) Any person who has signed the application of a person under the age of 18 years may thereafter file with the division a written request that the license of the person so granted be canceled. Thereupon, the division shall cancel the license of the person if he is under the age of 18 years.

482.240 Special requirements for persons with mental or physical disorders or disabilities. (1) If any applicant for an operator's or chauffeur's license or instruction or special permit to operate a motor vehicle or any licensed motor vehicle operator appears to be afflicted with or suffering from any physical or mental disability or disease which might affect his operation of a motor vehicle, the division may require such applicant or operator to demonstrate personally that, notwithstanding such disability or disease, he is a proper person to operate a motor vehicle. If the applicant is a disabled person as defined in ORS 487.915 and is applying for a license to operate a motor vehicle described in paragraph (h) of subsection (2) of ORS 481.075, the division may require the applicant to demonstrate that, notwithstanding such disability,

he is a proper person to operate such a vehicle in the manner authorized by ORS 487.525. The division may also require a certificate of such applicant's or operator's condition signed by the State Health Officer; however, if the affliction apparently involves only visual deficiencies, the division may require a certificate from a proper authority licensed by this state to conduct such examinations.

(2) When an examination is required as a prerequisite to the furnishing of a certificate by the State Health Officer, the examination shall be made by the county health officer or his authorized representative of the county in which the applicant or operator resides, or by the State Health Officer or his authorized representative. If it is impracticable to have such an examination made by one of these officers or representatives, the examination may be made by a doctor designated by the State Health Officer. The officer or doctor who conducts the examination shall immediately make a written report of the findings and recommendations upon such examination to the State Health Officer. If the State Health Officer desires additional information, he may require the applicant or operator to authorize a doctor who is familiar with his case to forward to the health officer a certificate or case report, or require the applicant or operator to appear before a designated specialist for further examination. The applicant or operator may cause a written report concerning his affliction or disability to be forwarded to the State Health Officer by a doctor of his choice, and such report shall be given due consideration by such official, together with other data pertaining to the applicant's or operator's affliction or disability.

All money collected under this subsection, after deduction for expenses of collection and transfer as provided in this subsection, shall be paid over each month, by the Motor Vehicles Division, to the State Accident Insurance Fund. Of the money collected, \$2,500 per year shall be deducted for current expenses of collection and transfer. [Subsection (7) enacted as 1957 c.206 §5; 1959 c.421 §1; 1961 c.245 §3; 1961 c.672 §1; 1963 c.97 §6; 1965 c.376 §5; 1967 c.507 §7; 1967 c.554 §§1, 2, 3, 4, 1973 c.156 §4; 1973 c.724 §6; 1975 c.682 §2]

482.260 Examination required for license; reexamination. (1) Except as provided in subsections (2) and (3) of this section, the division shall examine every applicant for an operator's or chauffeur's license before issuing either license. The examination shall include:

- (a) A test of the applicant's eyesight;
- (b) An examination of his knowledge and understanding of the traffic laws of this state, including the rights of blind pedestrians, the

meaning of official traffic signs and signals, safe driving practices including proper operating procedure in emergency situations, vehicle safety equipment and its use, and factors which cause accidents, including pedestrians and bicyclists, but in no event shall the examination cover any subject which is not presented in the publications of the Motor Vehicles Division intended for the instruction of applicants for operator's and chauffeur's licenses;

(B) Whether the applicant is fit to operate a motor vehicle safely on the highways.

(2) The division may waive the examination of any person applying for the renewal of an operator's or operator-chauffeur's license issued under the laws of this state, except when the division has reason to believe that an applicant for an operator's license is not qualified to hold an operator's license under this chapter, or when an applicant for the renewal of an operator-chauffeur's license has not previously been examined.

(3) The division may waive the drive test required in paragraph (c) of subsection (1) of this section, for a person applying for an Oregon driver's license when the applicant has in his possession a valid operator's or operator-chauffeur's license issued to him by another jurisdiction.

(4) The division may require any licensed motor vehicle operator to appear for an examination whenever the division has reason to believe that the operator might not be qualified to hold an operator's license under this chapter. The failure of an operator to appear within a reasonable length of time after being notified so to do, or his failure to satisfactorily complete the required examination, shall be sufficient reason for the suspension of his license or of his right to apply for an operator's license.

(5) An examination under paragraph (d) of subsection (1) of this section shall be an investigation only of facts relating directly to the ability of the applicant to operate a motor vehicle safely and other facts that are specifically required under this chapter to show the fitness of the applicant for a license.

[Amended by 1963 c 97 §9; 1963 c 596 §3; 1975 c.79 §1]

Except as provided in subsection (3) of this section every operator's and every combined operator-chauffeur's license shall bear a full-faced color photograph of the licensee of a size approved by the division, taken at the time of application for the original license and of all subsequent renewals of the license.

(4) The division may issue a temporary driver's permit to an applicant for an operator's or chauffeur's license permitting him to operate a motor vehicle while the division is determining all facts relative to the applicant's right to receive a license. The permit must be in the applicant's immediate possession while operating a motor vehicle. It shall be valid for a period of 30 days from the date issued, except that it shall become invalid when the applicant's license has been issued or, for good cause, has been refused. The division may, for sufficient cause, extend the term of the permit for not to exceed an additional 30 days.

(5) Upon request of the licensee the division will include on the license the fact that the licensee is an anatomical donor.

(6) A license issued to any person under the age of 21 years shall bear a photograph of the licensee with a background color which is readily distinguishable from the background color on licenses issued to persons 21 years of age or over. If a person is issued a license while under 21 years of age, and the person reaches the age of 21 years before the license expires, the division shall issue to him, upon application and payment of the duplicate license fee specified in ORS 482.290, a license bearing a photograph of the licensee with a

background color for licensees 21 years of age or over.

(2) The division may issue a special restricted license or may set forth such restrictions upon the usual license form. A person to whom such license has been issued shall not operate a motor vehicle in any manner in violation of the restrictions imposed.

(3) The division may, upon receiving satisfactory evidence of any violation of the restrictions of such license, suspend or revoke the license, but the licensee shall be entitled to the hearings provided for in ORS 482.450 and 482.490.

(4) A person who violates any provision of this section commits a Class B traffic infraction.

[Amended by 1977 c.882 §6]

482.290 Issuance of duplicate license when name or residence changed or original lost or destroyed. (1) If an operator's or combined operator-chauffeur's license issued under this chapter is lost, destroyed or mutilated, the person to whom it was issued may make application to the division and be issued a duplicate license upon furnishing proof satisfactory to the division of the loss, destruction or mutilation and upon payment of a fee of \$3. Upon receiving the application and fee, the division shall issue a license bearing the same distinguishing number as the old license.

(2) If an instruction permit or a special permit issued under this chapter is lost, destroyed or mutilated, a duplicate permit shall be issued upon application and payment of a fee of \$2.

(3) Persons licensed as operators or combined operator-chauffeurs under this chapter

Notice shall be given in writing within 30 days after the date of the change. The notice shall indicate the old and new residence address or the former and new name and the number of the license then held. Upon receiving the notice, the division shall note the change of name or address on its records. The division shall issue a new license bearing a full-face color photograph and the same distinguishing number as the old license upon receipt of the notice and old license.

(4) Whenever a license is issued under this section, the older license shall be invalid and shall be surrendered to the division or destroyed.

(5) A person who fails to comply with subsection (2) of this section commits a Class D traffic infraction.

[Amended by 1961 c.286 §4; 1971 c.169 §4, 1973 c.156 §5, 1975 c.451 §213; 1975 c.682 §4a]

Within 60 days of the expiration date, the notice shall be mailed to the person to whom the license was issued at the address shown in the driver's license file.

(3) Failure to receive a notice of expiration from the division is not a defense to a charge of driving with an expired operator's or combined operator-chauffeur's license. However, the court may dismiss the charge if the person renews the license before the scheduled court appearance.

(4) The division is not required to maintain records of the preparation and mailing of the notices required by this section.

Each original operator's license issued to a person born in a year ending with an even number shall expire on the anniversary of the licensee's birthday in the second even-numbered calendar year after such issuance. However, if the license issued would expire in less than three years from the date of its issue, the expiration date of the license shall be extended for an additional period of two years. A combined operator-chauffeur's license, if issued, shall expire on the expiration date shown on the operator's license.

[Amended by 1961 c.245 §1; 1963 c.97 §11; 1975 c.682 §5]

An operator's or combined operator-chauffeur's license renewal may be used on or after the date of issuance; however, if a license renewal is issued to a person before the expiration of the

license being renewed, the older license shall be invalid and shall immediately be forwarded or delivered to the division.

(a) Fleeing or attempting to elude a police officer.

(b) Reckless driving.

(3) The division forthwith shall suspend any person's permit or license to operate motor vehicles upon receiving a record of the conviction of the person for driving under the influence of intoxicants when the conviction is the second or subsequent conviction within a five-year period. The period of suspension shall be one year for a second conviction and three years for the third or subsequent conviction within a five-year period.

(4) The period of suspension under subsection (2) of this section shall be:

(a) First conviction within a five-year period, 90 days.

(b) Second conviction within a five-year period, one year.

(c) Third or subsequent conviction within a five-year period, three years.

(5) If a defendant is before the court for sentencing upon conviction for any offense that is grounds for mandatory revocation or suspension under this section and the defendant has a driver's license or permit, the judge shall take possession of the license or permit and immediately send it and notice of the conviction to the division. Any suspension or revocation of the defendant's license or permit or right to apply shall become effective on the date on which the court takes possession of the license or permit or on the date otherwise ordered by the court.

[Amended by 1955 c.291 §1; 1957 c.417 §1; 1963 c.510 §3; 1969 c.696 §2; 1969 c.697 §1; 1971 c.743 §392, 1973 c.798 §3; 1975 c.451 §144; 1977 c.882 §7]

482.435 Effect of unvacated forfeiture of bail for purposes of revoking or suspending license. As used in ORS chapters 484, 486 and this chapter, for the purposes of determining whether grounds exist for revoking or suspending a person's operator's or chauffeur's license or for prosecuting the person for a Class A misdemeanor under ORS 484.365, an unvacated forfeiture of bail equals a conviction.

[1977 c.882 §1b]

482.440 Effect of offense by person who is unlicensed or whose license has been revoked or suspended. Whenever the division has reason under any laws of this state to suspend or revoke the license or permit of any person who has not been issued a current Oregon license or permit to operate motor vehicles or whose license is due to expire during a suspension period, the division shall suspend or revoke the right of such person to apply for a license or permit to operate motor vehicles in this state.

[Amended by 1963 c.97 §13; 1971 c.156 §1]

(2) Whenever the division suspends the license of any person for any reason set forth in subsection (1) of this section, the division immediately shall notify the licensee and afford him an opportunity of a hearing before a representative of the division in the county wherein the licensee resides. The hearing shall be conducted as a contested case in accordance with ORS 183.310 to 183.500. Upon such hearing, the division either shall rescind the order of suspension, or, good cause appearing therefor, may continue, modify or extend the suspension of such license or revoke such license.

[Amended by 1963 c.97 §14; 1971 c.734 §73; 1975 c.451 §145]

(1) The division may suspend or revoke the license of any resident of this state upon receiving notice of the conviction of such person in another state of an offense therein which, if committed in this state, would be grounds for the suspension or revocation of the license of an operator or chauffeur.

(2) The division may, upon receiving a record of the conviction in this state of a nonresident driver of a motor vehicle of any offense under the motor vehicle laws of this state, forward a certified copy of such record to the motor vehicle administrator in the state wherein the person so convicted is a resident.

[Amended by 1963 c.484 §8]

the suspension period, except as otherwise provided in this chapter.

(3) When any license is suspended or revoked it shall be surrendered to and retained by the division. Upon the conviction of any operator or chauffeur for any violation of a statute or municipal ordinance which by this chapter is cause for suspension, the court in which the conviction was had shall take up the operator's or chauffeur's license and immediately forward it to the division. When necessary to give full effect to this section, the court shall issue a temporary operator's permit, on a form provided by the division, to the convicted person which shall be valid until midnight of the day of the conviction. At the end of the period of suspension upon a license so surrendered, it shall be returned to the licensee upon request being made to the division by the licensee. However, the division may require the licensee to furnish evidence to the effect that he is qualified to continue as an operator or chauffeur under this chapter, before returning the license.

[Amended by 1957 c.170 §1; 1973 c.480 §1; 1977 c.882 §8]

(b) That he is not incompetent to drive nor a habitual incompetent, reckless or criminally negligent driver within the meaning of paragraphs (c) and (d) of subsection (1) of ORS 482.450; and

(c) Proof of his future responsibility as defined in subsection (7) of ORS 486.011 and compliance with any applicable law relating to security deposit.

(d) In addition to all the other requirements of this section, when the suspension is based upon a conviction of ORS 487.550 or 487.555 the defendant must submit a recommendation from the judge before whom he was convicted.

(2) If the division finds that the person meets the requirements of subsection (1) of this section, the division shall issue the person an occupational license, valid for the duration

of the suspension unless sooner suspended under subsection (3) of this section. The occupational license shall restrict the licensee to operation of a motor vehicle only during specified times. The license may bear other reasonable restrictions or limitations relating to the operation of a motor vehicle that the division deems proper or necessary.

(3) The division may, upon receiving satisfactory evidence of any violation of the restrictions of an occupational license issued under subsection (2) of this section, suspend or revoke the occupational license; but the licensee is entitled to the hearings provided under ORS 482.450 and 482.490.

(e) He files with the division proof of his future responsibility as required by ORS chapter 486; and

(f) He is not incompetent to drive nor a habitual incompetent, reckless or criminally negligent driver within the meaning of paragraphs (c) and (d) of subsection (1) of ORS 482.450.

(2) Notwithstanding subsection (1) of this section, a person whose license has been suspended as provided by paragraph (b) or (c) of subsection (4) of ORS 482.430 may have his license reinstated pursuant to ORS 482.478 when the Mental Health Division determines that he is not a problem drinker or drug-dependent person if the judge before whom he

was convicted recommends the reinstatement in writing to the division.

(b) That the licensee completes the rehabilitation program referred to by paragraph (b) of subsection (1) of ORS 482.477; and

(c) That the licensee during the term of the license complies with any additional conditions placed on the license pursuant to the rules of the division.

(2) The division forthwith shall revoke a license issued under subsection (1) of this section:

(a) Upon receiving a record of the conviction of the licensee for a major traffic offense, as defined by ORS 484.010.

(b) If the licensee fails to complete the rehabilitation program referred to by paragraph (b) of subsection (1) of ORS 482.477.

(1) "Compact" means the Driver License Compact.

(2) "Compact administrator" means the Administrator of the Motor Vehicles Division of the Department of Transportation or his deputy.

(3) "Executive head," with reference to this state, means the Governor.

(4) "Licensing authority," with reference to this state, means the Motor Vehicles Division of the Department of Transportation.
[1963 c.484 §2]

482.820 Driver License Compact. The Driver License Compact hereby is enacted into law and entered into on behalf of this state with all other states legally joining therein in a form substantially as follows:

ARTICLE I

FINDINGS AND

DECLARATION OF POLICY

(a) The party states find that:

(1) The safety of their streets and highways is materially affected by the degree of compliance with state laws and local ordinances relating to the operation of motor vehicles.

(2) Violation of such a law or ordinance is evidence that the violator engages in conduct which is likely to endanger the safety of persons and property.

(3) The continuance in force of a license to drive is predicated upon compliance with laws and ordinances relating to the operation of motor vehicles, in whichever jurisdiction the vehicle is operated.

(b) It is the policy of each of the party states to:

(1) Promote compliance with the laws, ordinances, and administrative rules and regulations relating to the operation of motor vehicles by their operators in each of the jurisdictions where such operators drive motor vehicles.

(2) Make the reciprocal recognition of licenses to drive and eligibility therefor more just and equitable by considering the overall compliance with motor vehicle laws, ordinances and administrative rules and regulations as a condition precedent to the continuance or issuance of any license by reason of which the licensee is authorized or permitted to operate a motor vehicle in any of the party states.

ARTICLE II

DEFINITIONS

As used in this compact:

(a) "State" means a state, territory or possession of the United States, the District of Columbia, or the Commonwealth of Puerto Rico.

(b) "Home state" means the state which has issued and has the power to suspend or revoke the use of the license or permit to operate a motor vehicle.

(c) "Conviction" means a conviction of any offense related to the use or operation of a motor vehicle which is prohibited by state law, municipal ordinance or administrative rule or regulation, or a forfeiture of bail, bond or other security deposited to secure appearance by a person charged with having committed any such offense, and which conviction or forfeiture is required to be reported to the licensing authority.

ARTICLE III

REPORTS OF CONVICTION

The licensing authority of a party state shall report each conviction of a person from another party state occurring within its jurisdiction to the licensing authority of the home state of the licensee. Such report shall clearly identify the person convicted; describe the violation specifying the section of the statute, code or ordinance violated; identify the court in which action was taken; indicate whether a plea of guilty or not guilty was entered, or the conviction was a result of the forfeiture of bail, bond or other security; and shall include any special findings made in connection therewith.

ARTICLE IV EFFECT OF CONVICTION

(a) The licensing authority in the home state, for the purposes of suspension, revocation or limitation of the license to operate a motor vehicle, shall give the same effect to the conduct reported, pursuant to Article III of this compact, as it would if such conduct had occurred in the home state, in the case of convictions for:

(1) Manslaughter or negligent homicide resulting from the operation of a motor vehicle;

(2) Driving a motor vehicle while under the influence of intoxicating liquor or a narcotic drug, or under the influence of any other drug to a degree which renders the driver incapable of safely driving a motor vehicle;

(3) Any felony in the commission of which a motor vehicle is used;

(4) Failure to stop and render aid in the event of a motor vehicle accident resulting in the death or personal injury of another.

(b) As to other convictions, reported pursuant to Article III, the licensing authority in the home state shall give such effect to the conduct as is provided by the laws of the home state.

(c) If the laws of a party state do not provide for offenses or violations denominated or described in precisely the words employed in subdivision (a) of this Article, such party state shall construe the denominations and descriptions appearing in subdivision (a) hereof as being applicable to and identifying those offenses or violations of a substantially similar nature and the laws of such party state shall contain such provisions as may be necessary to ensure that full force and effect is given to this Article.

ARTICLE V APPLICATIONS FOR NEW LICENSES

Upon application for a license to drive, the licensing authority in a party state shall ascertain whether the applicant has ever held, or is the holder of a license to drive issued by any other party state. The licensing authority in the state where application is made shall not issue a license to drive to the applicant if:

(1) The applicant has held such a license, but the same has been suspended by reason, in

whole or in part, of a violation and if such suspension period has not terminated.

(2) The applicant has held such a license, but the same has been revoked by reason, in whole or in part, of a violation and if such revocation has not terminated, except that after the expiration of one year from the date the license was revoked, such person may make application for a new license if permitted by law. The licensing authority may refuse to issue a license to any such applicant if, after investigation, the licensing authority determines that it will not be safe to grant to such person the privilege of driving a motor vehicle on the public highways.

(3) The applicant is the holder of a license to drive issued by another party state and currently in force unless the applicant surrenders such license.

ARTICLE VI APPLICABILITY OF OTHER LAWS

Except as expressly required by provisions of this compact, nothing contained herein shall be construed to affect the right of any party state to apply any of its other laws relating to licenses to drive to any person or circumstance, nor to invalidate or prevent any driver license agreement or other cooperative arrangement between a party state and a nonparty state.

ARTICLE VII COMPACT ADMINISTRATOR AND INTERCHANGE OF INFORMATION

(a) The head of the licensing authority of each party state shall be the administrator of this compact for his state. The administrators, acting jointly, shall have the power to formulate all necessary and proper procedures for the exchange of information under this compact.

(b) The administrator of each party state shall furnish to the administrator of each other party state any information or documents reasonably necessary to facilitate the administration of this compact.

ARTICLE VIII ENTRY INTO FORCE AND WITHDRAWAL

(a) This compact shall enter into force and become effective as to any state when it has enacted the same into law.

(b) Any party state may withdraw from this compact by enacting a statute repealing the same, but no such withdrawal shall take effect until six months after the executive head of the withdrawing state has given notice of the withdrawal to the executive heads of all other party states. No withdrawal shall affect the validity or applicability by the licensing authorities of states remaining party to the compact of any report of conviction occurring prior to the withdrawal.

ARTICLE IX CONSTRUCTION AND SEVERABILITY

This compact shall be liberally construed so as to effectuate the purposes thereof. The provisions of this compact shall be severable and if any phrase, clause, sentence or provision of this compact is declared to be contrary to the constitution of any party state or of the United States or the applicability thereof to any government, agency, person or circumstance is held invalid, the validity of the remainder of this compact and the applicability thereof to any government, agency, person or circumstance shall not be affected thereby. If this compact shall be held contrary to the constitution of any state party thereto, the compact shall remain in full force and effect as to the remaining states and in full force and effect as to the state affected as to all severable matters.

[1963 c.484 §3]

482.830 Designation of offenses under law of this state similar to offenses described in compact. (1) In accordance with subdivision (c) of Article IV of the Driver License Compact, the following offenses or violations provided by Oregon Law hereby are designated as offenses or violations of a substantially similar nature as the respective denominations and descriptions of conduct appearing in subdivision (a) of Article IV of the compact:

compact as the other laws of this state provide.

[1963 c.484 §4]

482.840 Expenses of Administrator of Motor Vehicles Division as compact administrator. The compact administrator shall not be entitled to any additional compensation on account of his service as administrator, but shall be entitled to expenses incurred in connection with such service, payable the same as expenses in connection with his services as head of the licensing authority.
