344.070 Revolving accounts for federally sponsored education or training; advances; uses. (1) The Secretary of State may draw warrants upon any state fund to which federal funds for training or education have been credited, in payment of vouchers approved by the State Board of Education, in favor of school districts and community college districts, for such sums, not exceeding \$100,000 for a single district in the aggregate, as the state board, by duly adopted resolution, shall determine. The warrants, upon delivery thereof to the school districts, shall constitute advances from state funds to enable the districts more readily to effectuate the purposes set forth in any federal law or regulation pertaining to vocational education or training of war workers, or other education or training sponsored by the Federal Government.

(2) The districts to which moneys are advanced shall be responsible for the full repayment to the state of all sums advanced. The advances are not within any limitation upon indebtedness prescribed by law for school districts. The moneys advanced to school districts and community college districts shall not exceed in the aggregate the moneys to the credit of the state fund from which they are paid, and shall constitute advances to the recipient school district in anticipation of verified vouchers to be supplied therefor. The advances are to be used as revolving funds for the payment of the costs of vocational training programs. The advances shall be made only in those cases in which the Federal Government defrays all or part of the cost of such programs. [Amended by 1965 c.100 §435, 1965 c.102 §1]

344.080 Reimbursement vouchers; accounts and records; bond. (1) All reimbursement vouchers for claims paid from the revolving funds mentioned in ORS 344.070 shall be approved by the State Board of Education or by such person as the board, by appropriate and duly recorded action taken at a meeting thereof regularly called and held,

shall designate, and shall be audited by the Secretary of State. When vouchers are so approved and audited, warrants covering the same shall be drawn by the Secretary of State, payable from the appropriate fund, and be used to reimburse the revolving funds.

(2) The school districts receiving such advances shall maintain their accounts and records so as to disclose at all times the true status of the unpaid vouchers issued for the reimbursement of said funds, the school district warrants drawn against the funds advanced and the balances to the credit thereof.

(3) The revolving funds and accounts shall be subject to examination and audit by the state in the manner provided by law for other state funds and accounts. The State Board of Education may require an audit of the revolving accounts and shall take proper precautions as to the safety of, and accountability for, all funds advanced.

(4) The State Board of Education may require the filing with it of a bond of a corporate surety duly licensed to transact business in this state to insure the proper handling of and responsibility for any funds advanced. The bond shall be cumulative and supplemental to fidelity insurance coverage already held by the school district concerned. The state may have recourse to any and all fidelity bonds of clerks or other financial officers of the district to protect such advances.

344.090 Procedure when training programs are no longer needed, or when advances are improperly handled or accounted for. When it appears to the State Board of Education that the training and educational programs for which funds are advanced under ORS 344.070 have been completed, or that the need for such advances or revolving funds no longer exists, or that the sums advanced are not being properly handled or accounted for, the board, by appropriate and duly recorded action taken at a meeting regularly called and held, may require that all or part of the amounts advanced to any school district shall be returned, with any interest earned, to the state funds or accounts from which the amounts originally were withdrawn. Upon receipt of notification from the board that funds advanced are to be returned, the school district concerned shall immediately repay the same to the State Treasurer, for credit to the proper fund or account. To the extent that funds advanced are so repaid, security or protection theretofore required by

the board to insure the safety of such funds may be released.

344.100 Acceptance of provisions of federal vocational education Act. The State of Oregon hereby accepts all provisions and benefits of an Act of Congress entitled "An act to provide for the promotion of vocational education; to provide for cooperation with the states in the promotion of such education in agriculture and the trades and industries; to provide for cooperation with the states in the preparation of teachers of vocational subjects; and to appropriate money and regulate its expenditure."

344.110 State Treasurer designated custodian of federal appropriation; authority to disburse federal and state appropriations. The State Treasurer is designated and appointed custodian of all moneys received by the state from the appropriation made by the Act of Congress accepted by ORS 344.100. He is authorized to receive and provide for the proper custody of the moneys and to make disbursements thereof in the manner provided in that Act and for the purposes therein specified. He shall also pay out of any moneys appropriated for vocational education purposes by the State of Oregon upon the order of the State Board of Education.

344.120 Audit and payment of claims approved by board. The Secretary of State shall audit all lawfully incurred claims duly approved by the State Board of Education, including all claims to be paid from the moneys received by the state from the Federal Government for vocational education purposes and for which the State Treasurer is made custodian, and shall draw his warrants on the State Treasurer in payment thereof out of the proper appropriations or funds.

344.130 Cooperation by district school boards to establish vocational training. Any district school board may cooperate with the State Board of Education in establishment of vocational schools or classes giving instruction in agricultural subjects, the trade or industrial subjects, or in home economics subjects, and may use any moneys raised by public taxation in the same manner as moneys for other school purposes are used for the maintenance and support of public schools.

It progresses through the steps of awareness and exploration of work, preparation for a broad range of occupations and specialization in a specific occupation.

(2) Vocational education is defined as a component of career education which offers specific skill training in a wide variety of subtechnical, technical and subprofessional skills to prepare individuals for gainful employment. It is completed initially at the high school level or in a post-high school technical institution, community college or apprenticeship program and may continue through skill upgrading or retraining for a new job. The state advisory council shall designate an appropriate state agency or other public agency, eligible to receive funds and to act as its fiscal agent for purpose of disbursement, accounting and auditing.
