488.650 Abandoned boats; disposition by sheriff. (1) Any boat left on the waters of this state, except at an established or attended moorage, for a period in excess of three months shall be considered abandoned. No person may abandon a boat upon public or private property. If a sheriff finds a boat which appears to have been abandoned upon the waters of this state, he shall proceed as provided in subsection (2) of this section. If a sheriff finds a boat which appears to have been abandoned on public or private property he shall proceed as provided in subsection (2) of this section. If any other peace officer finds such a boat, he shall notify the sheriff of the county in which the boat was found of the place where the boat was located and of any available information as to the ownership of the boat.

(2) Upon being notified of, or upon finding, a boat which appears to have been abandoned, the sheriff shall make reasonable efforts to ascertain the names and addresses

of the owners, security interest holders or persons entitled to possession of the boat. If the names and addresses of such persons, or any of them, can be ascertained, the sheriff shall notify each of them to appear and claim the boat by presentation of satisfactory proof of ownership or right of possession, or the boat will be taken into custody and sold or otherwise disposed of as provided by ORS 488.665. If the boat has an identifying number, notice is considered given when a registered or certified letter addressed to the owner of the boat, and a similar letter addressed to the security interest holder, if any, at the respective latest address of each as shown by the records of the State Marine Board, return receipt requested and postage prepaid thereon, is mailed at least 30 days before the boat is sold or otherwise disposed of as provided by ORS 488.665. [1967 c.128 §2; 1973 c.485 §1]

488.655 Taking abandoned boat into custody. If the owner, security interest holder or person entitled to possession does not claim the boat within 30 days after the date notice is mailed as provided by ORS 488.650, the boat shall be taken into custody by the sheriff and held at the expense of the owner, security interest holder or person entitled to possession of the boat. The sheriff may utilize his own personnel, equipment and facilities for the removal and preservation of such boat, or may hire other personnel, equipment and facilities for that purpose. [1967 c.128 §3]

The owner, security interest holder or person entitled to possession of a boat taken into custody and held by the sheriff under ORS 488.655, may reclaim the boat at any time after it is taken into custody and before it is sold or disposed of under ORS 488.665, upon presentation to the sheriff of satisfactory proof of ownership or right to possession and upon payment of the costs and expenses incurred in the removal, preservation and custody of the boat. However, the owner, security interest holder or person entitled to possession of the boat shall not be liable for nor required to pay storage charges for a period in excess of 90 days. [1967 c.128 §4]

488.665 Sale of boat if not reclaimed; other disposition; right of former owner to boat. If a boat is not reclaimed under ORS 488.660 within 90 days after it is taken into custody, the sheriff of the county in which the boat was located at the time it was taken into custody under ORS 488.655 shall sell the boat

at public auction in the manner provided in ORS 23.450 to 23.480. If a bid for the boat is not offered at the public auction, the sheriff may destroy or otherwise dispose of the boat. After any boat has been sold or otherwise disposed of under this section, the former owner, security interest holder or person entitled to possession has no further right, title, claim or interest in or to the boat itself. [1967 c.128 §5]

488.670 Certificate of sale; issuance of certificate of number for boat. When any boat is sold under ORS 488.665, the sheriff, at the time the purchase price is paid, shall execute a certificate of sale in duplicate. The certificate of sale shall contain the name and address of the purchaser, the date of sale, the consideration paid, a description of the boat and a stipulation that no warranty is made as to the condition or title of the boat. The purchaser, upon presentation of the certificate of sale to the State Marine Board and payment of the fees required by law, is entitled to be issued a certificate of number for the boat. [1967 c.128 §6]

488.675 Transmitting return of sale and balance of proceeds. (1) When a boat is sold under ORS 488.665, the sheriff selling the boat shall transmit to the State Marine Board and to the county treasurer a return of sale setting forth a description of the boat, the purchase price, the name and address of the purchaser, the costs incurred in the sale and the costs and expenses incurred in the removal, preservation and custody of the boat.

(2) The sheriff shall transmit to the county treasurer, with the return of sale, the balance of the proceeds of the sale after deducting the costs incurred in the sale and the costs and expenses incurred in the removal, preservation and custody of the boat. Grants may also be given for construction and maintenance of boating facilities, for the acquisition of property therefor, and other related facilities such as parking, potable water, sanitation and other facilities for the convenience of the public using the boating facilities and for the removal of derelict structures floating upon and abandoned dock or boat mooring facilities situated in, upon or over the waters of this state if such structures or facilities constitute a hazard to boating upon such waters.

(3) Prior to making any grant under this section, the board shall hold a public hearing in the area where a facility is to be constructed or land acquired if in the judgment of the board, use of the facility would stimulate significant change in the character of the recreational use of the waters.

(4) The board shall make no grant under this section for construction or acquisition if in the judgment of the board the applicant has not included in the construction or acquisition plans adequate provision for protecting the quality of the waters affected by the plans. The board's denial of any application under this subsection must include specific notice to the applicant of the point or points of the plan that are found by the board to be inadequate.
