The Department of General Services, or the agency specifically designated by the Department of General Services, shall notify other state agencies authorized to own land of the intended sale to determine whether purchase of the real property or interest therein would be advantageous to another state agency. In accordance with rules adopted by the Department of General Services, if no other state agency desires to purchase the property, the state agency desiring to sell the property shall cause it to be appraised by one or more competent and experienced appraisers. Except as provided in ORS 273.825, if such property has an appraised value exceeding \$5,000, it shall not be sold to any private person except after competitive bids and after notice calling for such

bids as specified by ORS 273.205. It is the policy of the State of Oregon to give political subdivisions as defined in ORS 271.005 the first opportunity after other state agencies to purchase real property to be sold or disposed of by the State of Oregon. The state agency responsible for selling or transferring the property may require at the time of the sale or transfer that any state real property sold or transferred to a political subdivision, as defined in ORS 271.005, shall be for use for a public purpose or benefit, and not be for resale to a private purchaser.

The Department of General Services shall notify other state agencies owning land of the intended purchase to determine whether another state agency desires to sell property which would meet the needs of the purchasing agency. In accordance with rules adopted by the Department of General Services, if no other state agency desires to sell property which would meet the needs of the agency, the agency may purchase the real property or interest therein, consistent with applicable provisions of law.

(3) Before any terminal disposition of real property or an interest in real property, the state agency acting for the state in the transaction must secure approval of the transaction from the Department of General Services.

(4) Subsection (3) of this section does not apply to terminal disposition of the following public lands:

273.216 Action taken if no satisfactory bid is received. If the provisions of ORS 273.201 and 273.205 have been complied with as to property administered by it and no satisfactory bid has been received, the state agency may, at any time during a period of six months after the advertised date of sale, sell such property in such manner as it considers appropriate. The division may inspect and audit books, records and accounts of each person removing material from any real property of the State of Oregon, and make other investigation and secure or receive other evidence necessary to determine whether or not the division is being paid the full amount payable to it for the removal of such material. The division may proceed by action or suit to enforce payment for all materials taken from any real property of the State of Oregon, for commercial uses, whether under lease, or otherwise, for which payment has not been made. If damages are assessed against the defendant in any such action, the state shall be awarded double the amount of damages assessed if the trespass is wilful. Proof by the state of its ownership of the premises is prima facie evidence that the trespass, if committed, was wilful.

(2) Any action under subsection (1) of this section must be commenced within six years from the date of the trespass or the date on which the trespass is discovered by the state, whichever last occurs. [Formerly 274.605]

(2) In carrying ORS 273.406 to 273.441 into effect, the state shall act by and through its duly constituted board, commission or agency. The state by statute or through its respective board, commission or agency, may provide rules necessary in carrying out ORS 273.406 to 273.441. [1981 c.787 §9]

273.410 [Repealed by 1967 c.421 §3 (273.031 enacted in lieu of 273.410)]

273.411 Disposition of property not needed for public use; procedure for clearing deed restrictions; lease or exchange; approval by Department of General Services. (1) Except as provided in subsection (2) of this section, whenever the state or any agency thereof possesses or controls real property not needed for public use, or whenever the public interest may be furthered, the state or its agency may sell, exchange, convey or lease for any period not exceeding 99 years all or any part of its interest in the property to or with the state or any political subdivision of the state or the United States of America or any agency thereof or private individual or corporation. The consideration for the transfer or lease may be cash or real property, or both.

(2) If the ownership, right or title of the state to any real property set apart by deed, will or otherwise for a burial ground or cemetery, or for the purpose of interring the remains of deceased persons, is limited or qualified or the use of such real property is restricted, whether by dedication or otherwise, the state or its agency may, after first declaring by resolution that such real property is not needed for public use, or that the sale, exchange, conveyance or lease thereof will further the public interest, file a complaint in the circuit court for the county in which such real property is located against all persons claiming any right, title or interest in such real property, whether the interest be contingent, conditional or otherwise, for authority to sell, exchange, convey or lease all or any part of such real property. The resolution is prima facie evidence that such real property is not needed for public use, or that the sale, exchange, conveyance or lease will further the public interest. The action shall be commenced and prosecuted to final determination in the same manner as an action not triable by right to a jury. The complaint shall contain a description of such real property, a statement of the nature of the restriction, qualification or limitations, and a statement that the defendants claim some interest therein. The court shall make such judgment as it shall deem proper, taking into consideration the limitation, qualifications or restrictions, the resolution, and all other matters pertinent thereto. Neither costs nor disbursements may be recovered against any defendant.

(3) Real property needed for public use by the state shall not be sold, exchanged, leased or conveyed under the authority of ORS 273.406 to 273.441, except that it may be exchanged for property which is of equal or superior value. If the state agency having control of the property determines such property is not immediately

needed for public use and leasing the property is in the best interest of the public, the property may be leased if, in the discretion of the agency, it will not be needed for public use within the period of the lease.

(4) The authority to lease property granted by this section includes authority to lease property not owned or controlled by the state at the time of entering into the lease. Such lease shall be conditioned upon the subsequent acquisition of the interest covered by the lease.

The state agency, board or commission shall cause it to be appraised by one or more competent and experienced appraisers. 273.565 [Formerly 273.220; 1967 c.421 §17; renumbered 273.091]

273.566 Legislative findings. (1) The Legislative Assembly finds that many valuable natural heritage elements are represented in natural areas which can be protected through the voluntary cooperation of private landowners and public land managers. These areas will comprise a discrete and limited system of natural heritage conservation areas which are selected to represent the full range of Oregon's natural heritage resources. These areas shall have substantially retained their natural character, or, if altered in character, shall in addition to their natural heritage resource values be valuable as habitat for plant and animal species or for the study and appreciation of the natural features. As such they will be living museums for scientific research, educational purposes and nature interpretation.

(2) The Legislative Assembly also finds that it is necessary to establish a process and means for public and private sector cooperation in the development of this system of conservation areas. Private landowners and public land managers should be encouraged to voluntarily participate in the program through conservation activities which benefit all Oregonians.

(3) In order to assure that natural heritage conservation activities cause the minimum of conflict with other resource uses and that they are cost effective, the Legislative Assembly finds that the Natural Heritage Advisory Council should provide a specific framework for natural heritage conservation decision making through a classification and planning process known as the Natural Heritage Program. Future natural heritage conservation areas should avoid unnecessary duplication of already protected natural heritage elements. Each natural heritage conservation decision should address alternative methods of accomplishing the same purpose and should consider cost effectiveness.

(4) The Legislative Assembly recognizes that there is a need for systematic, accessible information concerning the locations of the resources of Oregon's natural heritage including special plant and animal species, native terrestrial ecosystems, aquatic ecosystems, and geologic features, and especially including the areas already protected that contain these elements. (a) Lands defined by ORS 273.251 as indemnity lands, school lands or farm lands.

(b) Lands which have escheated to the state.

ORS 273.805 to 273.825 and 327.430 are not the result of a legislative intent or belief that the division is without authority to acquire, lease, manage, protect or control common school grazing lands. [1963 c.517 §§1, 5; 1967 c.421 §84]

273.810 [1963 c.517 §2; repealed by 1967 c.421 §206]

273.820 Exchange of lands. The division may exchange common school grazing lands for land of approximately equal aggregate value, when such exchange is in furtherance of the purposes of ORS 273.805 to 273.825. No exchange shall be made until the title to the lands to be received has been validated by the Attorney General. All lands received in exchange shall have the same status and be subject to the same provisions of law as lands given in exchange therefor. [1963 c.517 §4; 1967 c.421 §86]

273.825 Purchase of lands by lessee or other person. (1) The lessee of any common school grazing land, upon its classification for sale by the division, may purchase such land at a price and on terms prescribed under subsection (2) of this section if he is an individual person, a resident of this state and owns, in fee simple, land immediately adjacent to the common school grazing land for which he has applied. For purposes of this section, lands are considered to be adjacent if their boundaries are common or intersect at a common point.

(2) Application to purchase common school grazing land under subsection (1) of this section must be made in a manner prescribed by the rules of the division. Upon receiving an applica-

tion, the division shall determine whether the applicant qualifies under subsection (1) of this section. If the applicant qualifies, the division shall cause an appraisal to be made of the land for which application has been made. The division then shall fix a price for such land. ORS 273.201 to 273.241 and 273.275 does not apply to the sale of land under this subsection. The applicant shall pay not less than 10 percent of the purchase price at the time of purchase, and shall pay the remainder in 10 equal instalments, at least one instalment to be paid each year, over a period not to exceed 10 years from the time of purchase, with interest at the rate fixed by the division for purposes of ORS 327.425.

(3) If application to purchase common school grazing land is made by a person other than the lessee of such land, the division promptly shall notify the lessee by registered or certified mail. Not later than the 90th day after notice was mailed to the lessee, the lessee may make written application in a manner prescribed by the rules of the division to purchase such land. If the division determines that the lessee qualifies under subsection (1) of this section, the division shall proceed under subsection (2) of this section. If the division determines that the lessee does not so qualify, or if the lessee does not make timely application as required by this subsection, the division shall proceed to sell such land in accordance with applicable provisions of law other than this section. City of Astoria as such boundaries existed on June 13, 1969.

(2) Subsection (1) of this section applies to lands created before May 28, 1963, by artificial fill or deposit on lands formerly submersible or submerged, if such lands were possessed under color of title by a person or governmental entity, or predecessors in interest of such person or governmental entity, throughout the period beginning when such lands were created and ending on January 1, 1970.

(3) Nothing in ORS 273.850 to 273.890 applies with respect to land that remained submerged or submersible on May 28, 1963.

(4) For purposes of section 5, Article VIII, Oregon Constitution, lands described in subsections (1) and (2) of this section are not under the jurisdiction of the State Land Board on or after January 1, 1970. [1969 c.495 §§1, 4]

273.855 Clatsop County to transfer title to lands and improvements to certain possessors; fee on execution of deed. (1) ORS 273.850 (1) and (2) apply with respect to any lands described therein only when the Board of County Commissioners of Clatsop County executes and delivers a deed remising, releasing and forever quitclaiming all rights, title and interest that may remain or be vested in such county with respect to such lands, to a person or governmental entity that has been found under subsections (3), (4) and (5) of this section and ORS 273.860 to 273.880 to have such possession of the lands as of the time of application for a deed under ORS 273.850 to 273.890 as would bar an action or suit for recovery of the lands by a private person under no disability holding legal title thereto. However, in the case of lands heretofore or hereafter acquired by Clatsop County through foreclosure for delinquent ad valorem taxes or otherwise, ORS 273.850 (1) and (2) apply with respect to any lands described therein when it has been found under subsections (3), (4) and (5) of this section and ORS 273.860 to 273.880 that Clatsop County or its predecessor in interest with respect to such lands has such possession of the lands as would bar an action or suit for recovery of the lands by a private person under no disability holding legal title thereto.

(2) A deed executed under this section is intended only to evidence the action of the State of Oregon and Clatsop County in remising, releasing and quitclaiming their rights, title and interest, and does not confer any rights, title or interest on the recipient of the deed or indicate any judgment of the State of Oregon or Clatsop County with respect to any other rights, title or

interest that remain or be vested in the recipient of the deed.

(3) Except as provided in ORS 273.870 (2) the Board of County Commissioners of Clatsop County shall not execute any deed under subsections (1) and (2) of this section, until the expiration of the time for appeal from the decision of the board or of the circuit court, as the case may be.

(5) The county treasurer shall remit all of such moneys received under subsection (4) of this section to the State Treasurer, who shall deposit it in the Common School Fund to be credited to the Distributable Income Account.

[1969 c.495 §§5, 11, 12, 14]

In addition to such fee, if the county board determines that an investigation under ORS 273.865 (2) is necessary, it may require the applicant, prior to execution of any deed under ORS 273.855 (1), to pay an additional fee sufficient to pay the costs incurred by the county board in excess of \$25 in carrying out its duties with respect to that application under ORS 273.855 (3), (4) and (5) and 273.860 to 273.880. [1969 c.495 §7]

273.865 Application for deed; investigation; deadline on application. (1) Application for a deed under ORS 273.855 (1) shall be made to the Board of County Commissioners of Clatsop County in a manner and form prescribed by the county board. The application shall include:

(c) Evidence that the applicant, if other than a governmental entity, has paid all ad valorem taxes that were assessed with respect to the

lands during the period he asserts to have possessed the lands;

(d) Evidence establishing that the applicant or his predecessors in interest have had such possession of the lands as of the time of application for a deed under ORS 273.850 to 273.890 as would bar an action or suit for recovery of the lands by a private person under no disability holding legal title thereto.

(2) The Board of County Commissioners of Clatsop County may cause an investigation to be made to determine whether the facts alleged in an application are correct.

(3) The Board of County Commissioners of Clatsop County shall not accept any applications under ORS 273.850 to 273.890 after December 31, 1971. However, this does not affect proceedings with respect to applications filed not later than December 31, 1971. [1969 c.495 §§6, 9, 15]

273.870 Notice of deed application; protest; hearing; dual applications. (1) The Board of County Commissioners of Clatsop County shall give public notice of each application received by it under ORS 273.865 (1), prior to its consideration thereof, by advertisement not less than once each week for four successive weeks in a newspaper of general circulation in Clatsop County. Such notice need not describe the lands applied for in legal terms, but by the use of common descriptions or maps shall be designed to identify the lands in a manner intelligible to the layman. Each notice shall indicate that a protest against the execution of the deed applied for may be filed, in a manner prescribed by the county board, with the county board not later than the 60th day after the fourth publication of the notice, or within such further time as the county board authorizes on a showing of good cause. Not later than the fifth day after the first publication of the notice, the county board shall send written notice of the application to the Division of State Lands.

(2) If no protest is received within the time provided for in subsection (1) of this section, and if the county board thereafter determines that the application conforms to the requirements of ORS 273.865 (1), the county board shall execute and deliver to the applicant a deed in accordance with ORS 273.855 (1).

(3) If protest is received within the time provided for in subsection (1) of this section, the county board shall cause a hearing to be held with respect to the protest, in a manner prescribed by its rules, prior to the making of its findings with respect to an application.

(4) If two or more applications are filed with respect to the same lands, the county board shall cause a hearing to be held at which all such applicants may appear or be represented. [1969 c.495 §8]

273.875 Findings of board; notice; rehearing procedure. The findings of the Board of County Commissioners of Clatsop County with respect to an application shall be set out concisely in writing, and a copy served on the applicant not later than the 10th day after they are rendered. Not later than the 30th day after receipt of a copy of such findings or within such further time as the county board authorizes on a showing of good cause, an applicant may request a rehearing if the applicant was denied on grounds that there was insufficient evidence under ORS 273.865 (1)(d). If the county board grants a rehearing, it shall give notice thereof as provided in ORS 273.870. The findings of the county board after a rehearing, or after the time for requesting a rehearing has elapsed, are final, subject only to judicial review as provided in ORS 273.880. [1969 c.495 §10]

273.880 Judicial review procedure.

(1) Jurisdiction for judicial review of actions of the Board of County Commissioners of Clatsop County under ORS 273.855 (3), (4) and (5) and 273.860 to 273.880 is conferred on the circuit court for the county in which the land applied for is located. Proceedings for review shall be instituted by filing a petition not later than the 60th day after the date on which the findings of the county board became final. The petition shall state the nature of the petitioner's interest, the facts showing how the petitioner is aggrieved by the county board's decision, and the grounds on which the petitioner contends that the decision should be reversed or set aside. True copies of the petition shall be served by registered or certified mail on the county board and all other parties of record in the proceeding. No responsive pleading is required of the county board. In its discretion the court may permit other interested persons to intervene.

(2) Not later than the 30th day after service of the petition, or within such further time as the court may allow, the county board shall transmit to the court the original or a certified copy of the entire record of the proceeding under review; however, by stipulation of all parties to the review proceeding, the record may be shortened. Any party unreasonably refusing to stipulate to limit the record may be taxed by the court for the additional costs. The court may require or permit subsequent corrections or additions to the record when deemed desirable.

(3) If, before the date set for hearing, application is made to the court for leave to present additional evidence to the issues in the case, and it is shown to the satisfaction of the court that the additional evidence is material and that there were good and substantial reasons for failure to present it in the proceeding before the county board, the court may order that the additional evidence be taken before the county board on such conditions as the court deems proper. The county board may modify its findings and decision by reason of the additional evidence and, within a time to be fixed by the court, shall file with the reviewing court, to become a part of the record, the additional evidence, together with any modifications or new findings or decision, or its certificate that it elects to stand on its original findings and decision, as the case may be.

(4) The review shall be conducted by the court without a jury as a suit in equity and shall be confined to the record, except that, in cases of alleged irregularities in procedure before the county board, not shown in the record, testimony thereon may be taken in the court. The court, on request, shall hear oral argument and receive written briefs.

(5) The court may adopt the county board's findings of fact and affirm the decision of the county board; or it may reverse and set aside the county board's decision, or reverse and remand for further proceedings, after review of all the facts disclosed by the record, and any additional facts established under subsection (4) of this section. The court thereupon shall enter its decree. In the case of reversal the court shall make special findings of fact based on evidence in the record and conclusions of law indicating clearly all respects in which the county board's decision is erroneous.

(6) Any party to the proceedings before the circuit court may appeal from the decree of that court to the Court of Appeals. Such appeal shall be taken in the manner provided by law for appeals from the circuit courts in suits in equity. [1969 c.495 §13; 1979 c.562 §10]

The State of Oregon shall not call into question the title of any person possessing lands described in ORS 273.850 (1) to (3) before January 1, 1973. The State of Oregon shall not call into question the title of any person possessing lands described in ORS 273.850 (1), if an application with respect to such lands has been filed under ORS 273.850 to 273.880 and is pending before the Board of County Commissioners of Clatsop County, or with respect to
