RURAL FIRE PROTECTION DISTRICTS

Note: Chapter 569, Oregon Laws 1983, provides:

Sec. 2. A district board may divide its district into zones for the purpose of imposing and levying ad valorem taxes at different rates on the assessed value of all taxable property in each zone. The establishment of zones within a district under this section shall be based upon differences in the services provided by the district to the residents and their property in each zone.

Sec. 3. When a district board decides to divide the district into zones under section 2 of this 1983 Act, it shall conduct a public hearing on the formation of the proposed zones. The hearing shall be held after notice to the public is published as provided in section 4 of this 1983 Act. The notice shall set forth the date, hour and place of the hearing and the information required under section 4 of this 1983 Act. The notice shall state that all interested persons may attend and shall be given a reasonable opportunity to be heard.

Sec. 4. (1) The district board shall cause a notice of a public hearing relating to the formation of zones under section 2 of this 1983 Act to be published once a week for two successive weeks in the newspaper in general circulation in the district which, in the judgment of the district board, will afford the best notice to the residents of the district.

(2) The notice published under this section shall set forth:

(a) The resolve of the district board to divide the district into zones.

(b) The boundaries of the proposed zones.

(c) The percentage of the total amount of ad valorem taxes of the district that will be collected in each zone.

Sec. 5. (1) After the public hearing required under section 3 of this 1983 Act, if the district board decides to proceed with the proposal, it shall submit the question of dividing the district into zones to the electors of the district at the next regular district election on the date specified in ORS 255.335 (1).

(2) If a majority of the electors of the district voting upon the question vote in favor of dividing the district into zones, the district board shall enter an order in its journal declaring that fact. The order shall be conclusive as to the regularity of all proceedings in reference to the election and to the existence of the zones.

Sec. 6. (1) When a proposal for dividing a district into zones is approved by the electors of a district, a proposal for changing the boundaries of the zones shall not be submitted to the electors at the regular district election next following such approval, but may be submitted at any regular district election thereafter.

(2) Following approval of the formation of zones within a district by the electors of the district, the boundaries of the zones shall not be changed by the district board unless notice of that change is given to, and approved by, the electors of the district as provided in sections 3 to 5 of this 1983 Act.

Sec. 7. If a district is divided into zones under section 2 of this 1983 Act, the district board shall determine, make and declare the ad valorem tax levy for each zone when the district board adopts its budget for any fiscal year. The determination of the amount of ad valorem taxes to be levied in each zone shall be in accordance with the proposal ap-

proved by the electors under section 5 of this 1983 Act and shall be entered in the proper records of the district board.

Sec. 8. (1) When formation of a district is proposed after the effective date of this 1983 Act [October 15, 1983], the petition or order for formation may include, in addition to other information required under ORS 198.750 or 198.835:

(a) A statement that the district shall be divided into a specified number of zones for the purpose of imposing and levying ad valorem taxes at different rates in each zone based upon differences in services provided by the district in each zone.

(b) The boundaries of the proposed zones.

(2) If an election on formation of the district is held, the county board shall order the questions of whether or not to form the district and, if the district is formed, whether or not to divide it into zones to be submitted to the electors as separate questions to be voted upon separately.

(3) After an election on formation is held, if both the formation of the district and the division of the district into zones are approved by the electors, the order issued under ORS 198.820 (3) creating the district shall declare that the district contains zones with the boundaries specified in the petition or order for formation. If only formation of the district is approved by the electors, the order creating the district shall be issued as provided in ORS 198.820.

(4) If the district is formed without an election, the order issued under ORS 198.820 (3) creating the district shall declare that the district contains zones with the boundaries specified in the petition or order for formation.

(5) When a district containing zones is formed under this section, the first board of directors of the district, prior to the levy of any ad valorem taxes by the district, shall provide notice of a public hearing and conduct the hearing as provided in sections 3 and 4 of this 1983 Act. After the public hearing required under this section, the board shall enter an order in its journal stating the percentage of the total amount of ad valorem taxes of the district that will be collected in each zone. The board may then determine, make and declare the ad valorem tax levy for each zone.

(6) The boundaries of the zones and the percentages of taxes collected in each zone that are established for a district under this section shall be effective until the regular district election in the first odd-numbered year following the year in which the district is formed. At that regular district election, a proposal for changing the boundaries of the zones may be submitted to the electors of the district as provided in sections 3 to 5 of this 1983 Act. If no proposal for a boundary change is submitted, the boundaries of the zones established upon formation of the district shall be retained until notice of a change is given to, and approved by, the electors of the district as provided in sections 3 to 5 of this 1983 Act.

Sec. 9. This 1983 Act applies only to rural fire protection districts located within those counties of the state lying east of a line beginning at the intersection of the northern boundary of the State of Oregon and the western boundary of Wasco County, and then running south along the western boundaries of the counties of Wasco, Jefferson, Deschutes and Klamath to the southern boundary of the State of Oregon.

Sec. 10. The formation of a district containing zones under section 8 of this 1983 Act and the initial formation of zones within an existing district are not authorized by this 1983 Act after July 1, 1987.

FORMATION

478.002 Status of districts existing in 1957. (1) There hereby is created a rural fire protection district territorially coterminous with each rural fire protection district existing on July 2, 1957, or established after July 2, 1957, and prior to November 22, 1957, if such rural fire protection district was at that time a valid district but for the fact that its electorate was restricted to property owners. In determining the boundaries of districts created by this subsection, full effect shall be given to annexations, withdrawals and consolidations effected by rural fire protection districts prior to November 22, 1957, under ORS chapter 478 or other statutes authorizing or purporting to authorize such action.

(2) Rural fire protection districts territorially coterminous with the districts created by subsection (1) of this section hereby are abolished.

(3) Rural fire protection districts created by this section shall be governed by this chapter. [1957 s.s. c.10 §1; 1959 c.344 §1]

478.004 New district succeeds to and replaces abolished district. Each rural fire protection district created by ORS 478.002 shall in all respects succeed to and replace the territorially coterminous rural fire protection district abolished by ORS 478.002. Without limiting the foregoing:

478.100 Immaterial defects in organization not to invalidate district organization. No final order of a county board establishing a district shall be set aside, or annulled upon appeal or review, on account of any defect or irregularity in the petition asking for organization of such district, or notice thereof, which does not materially affect the substantial rights of an interested party. [1977 c.292 §4]

478.930 Violation of code, failure to remove hazards, burning waste without permit prohibited. When a district has adopted a fire prevention code as provided in ORS 478.910:

- (1) No person shall violate the provisions of the code or fail to remove hazards found on inspection within the time set by the inspecting

officer, after written notice to either the owner or occupant of the premises.

- (2) No person shall burn waste materials or trash in an unguarded manner without a permit, when a permit is required by the district code or this chapter. [Amended by 1969 c.667 §56]

478.940 Copies of code to be filed with State Fire Marshal and posted at fire stations. Copies of the fire prevention code shall be filed with the State Fire Marshal's office and a copy shall be posted at each fire station within the district.

478.960 Burning of certain materials permitted only with permission of fire chief; burning schedules. (1) No one, within the boundaries of a district, shall cause or permit to be initiated or maintained on his own property, or cause to be initiated or maintained on the property of another, any open burning of commercial waste, demolition material, domestic waste, industrial waste, land clearing debris or field burning without first securing permission from the fire chief of the district and complying with his direction. A deputy of a fire chief has the power to perform any act or duty of the fire chief under this section.

(2) The fire chief shall prescribe conditions upon which permission is granted and which are necessary to be observed in setting the fire and preventing it from spreading and endangering life or property or endangering the air resources of this state. The Environmental Quality Commission shall notify the State Fire Marshal of the type of and time for burning to be allowed on each day under schedules adopted pursuant to ORS 468.450 and after ORS 468.460 becomes operative under rules as provided in ORS 468.460. The State Fire Marshal shall cause all fire chiefs and their deputies in the affected area to be notified of the type and time for burning to be allowed on each day with updating messages each day as required. A fire chief or his deputy shall grant permission only in accordance with the schedule of the Environmental Quality Commission but may reduce hours to be allowed for burning if necessary to prevent danger to life or property from fire. The State Fire Marshal may refuse, revoke or postpone permission when necessary in his judgment to prevent danger to life or property from fire, notwithstanding any determination by the fire chief.

(3) Nothing in this section relieves a person starting a fire from responsibility for providing adequate protection to prevent injury or damage to the person or property of another. If such burning results in the escape of fire and injury or

damage to the person or property of another, such escape and damage or injury constitutes prima facie evidence that the burning was not safe.

(4) Within a district, no person shall, during the closed season, operate any power equipment in forest harvesting operations unless each piece of equipment is provided with a fire extinguisher of sufficient size and capacity and with such other tools and fire-fighting equipment as may be reasonably required by the fire chief of the district.

(5) No person shall dispose of any building or building wreckage within a district by fire without having first secured permission therefor from the fire chief. No person shall refuse to comply with any reasonable requirements of the fire chief as to the safeguarding of such fire from spreading.

(6) This section is not intended to limit the authority of a district to adopt a fire prevention code as provided in ORS 478.910 to 478.940 or to issue permits when the burning is done by mechanical burners fired by liquid petroleum gas.

(7) The fire chief shall maintain records of all permits and the conditions thereof, if any, that are issued for field burning under this section and shall submit at such times, as the Environmental Quality Commission shall require such records or summaries thereof to the commission. The Environmental Quality Commission shall provide forms for the reports required under this subsection.

(8) Notwithstanding any other provision of this section, a permit is required for field burning authorized pursuant to ORS 468.450 to 468.495. [1955 c.469 §1, 2; 1959 c.363 §16; 1967 c.420 §1; 1967 c.438 §1; 1969 c.613 §3; 1969 c.667 §57; 1971 c.563 §9; 1973 c.832 §7b; 1975 c.635 §4; 1979 c.321 §1]

478.965 Recovery by district of costs of suppressing unlawful fire; attorney fees. (1) If the fire-fighting apparatus or personnel, or either of a district, are required to respond and be used actively or on a standby basis in connection with the extinguishment or control of a fire that has been started or allowed to spread in wilful violation of ORS 478.960 (1) to (5), the person responsible therefor shall be liable to the district furnishing such apparatus or personnel, or both, for the actual costs incurred by the district in controlling, extinguishing or patrolling the fire. Such costs may be recovered in an action prosecuted in the name of the district. If the district prevails in such action, there shall be taxed and allowed to the district, at trial and on appeal, a reasonable amount to be fixed

by the court as attorney fees for the prosecution of the action.

(2) An itemized statement of the actual costs incurred by the district, certified under oath by the treasurer of the district, shall be accepted as prima facie evidence of such costs in the action authorized by this section. [1967 c.420 §6; 1969 c.667 §58; 1981 c.897 §55]
