The failure to renew the license, or make application therefor, for any location for a fixed fishing gear in any of the waters of this state, on January 1 of any year, constitutes abandonment of the location. However, any licensee entering the Armed Forces of the United States during any period which would qualify him under the laws of this state as a war veteran is not deemed to have abandoned such location or gear so licensed, either by reason of absence from the location during such service or by failure to renew his license as required. Such licensee may file application for renewal of his license at any time following the date of his release from the Armed Forces of the United States, until January 1 of the following year, and shall have preference over other persons therefor. [Amended by 1965 c.570 §72]

508.480 Failure to construct or install fishing gear held to be abandonment. Should the holder of any license neglect to construct or install at the site the fishing gear called for by the license during two consecutive years covered by his license, the location shall be deemed abandoned. [Amended by 1965 c.570 §73]

508.485 Revocation of license for violation of commercial fishing laws or rules. The commission may, in its discretion, revoke for the remainder of the license year any license issued to such person under the authority of the commission or the director, and in its discretion may refuse the issuance of any license issued under the authority of the commission or director during any period not to exceed one year from the date of the conviction or forfeiture of bail:

(1) Upon conviction within this state of any person of violation of any of the commercial

fishing laws or rules or upon forfeiture of bail on account of one of such offenses;

(2) Upon receiving notice from the agency that regulates commercial fishing in the State of Washington of the conviction of any person in that state of an offense which was a violation of Columbia River commercial fishing rules adopted pursuant to the Columbia River Compact and which if committed in this state would be grounds for license revocation pursuant to subsection (1) of this section; or

(3) Upon conviction within this state of any person for violation of ORS 498.022, or any rule promulgated pursuant thereto, involving game fish, through the use of a license issued pursuant to the commercial fishing laws, or upon forfeiture of bail in connection with such an offense. [Amended by 1965 c 570 §74, 1971 c 569 §1; 1977 c 350 §6]

(1) Upon conviction within this state of any person of violation of any of the commercial fishing laws or rules after such person has once been convicted and penalized under ORS 508.485; or

(2) Upon receiving notice from the agency that regulates commercial fishing in the State of Washington of the conviction of any person in that state of an offense which was a violation of Columbia River commercial fishing rules adopted pursuant to the Columbia River Compact and which if committed in this state would be grounds for refusal to issue a license pursuant to subsection (1) of this section. [Amended by 1965 c.570 §75, 1977 c.350 §7]

508.495 Certificate in lieu of lost or destroyed license. Upon the receipt of a fee of \$2 and the filing of an affidavit that a license issued under authority of ORS 508.406 has been lost or destroyed, the director or his authorized agent shall issue a certificate that such license has been issued and has been lost or destroyed. Except as provided in ORS 508.260, the certificate may be used in lieu of the lost or destroyed license. [1957 c.140 §1; 1965 c.570 §76; 1973 c.768 §18]

508.500 Alteration, false application and multiple possession of licenses prohibited. No person shall:

(2) In applying for a license or permit issued by the department knowingly make any false statement of any information required by the application regarding the person in whose name the license or permit is to be issued.

However, frozen food fish or frozen shellfish received in a wrapped package to which a legible label is stamped or printed showing the name, address, brand or trade name of the original processor or wholesale distributor under which the package is marketed and the kind of frozen food fish or frozen shellfish contained therein, for distribution and ultimate sale in the original package are not subject to poundage fees. [Formerly 508.305; 1969 c.172 §4; 1971 c.243 §1; 1973 c.768 §15; 1979 c.378 §1]

[Formerly 508.325]

508.525 Lien for unpaid fee; foreclosure; jurisdiction of courts. The poundage fee required by ORS 508.505 constitutes a first lien upon the cannery, packing plant, scow, boat and its equipment used in the canning, receiving or transporting of the fish. This lien may be foreclosed by the commission in the name of the state by a suit in equity in the circuit court of the county in which the property upon which a lien is given by this section is situated. (2) At least one copy of this record shall be kept:

(a) On each boat, vessel, scow, pickup boat or other craft, truck, automobile, motor vehicle or other vehicle of any kind whatsoever used in buying, receiving or transporting the fish.

(b) By the canner, buyer, retailer, fish bait dealer or wholesaler.

(3) This record is subject to inspection by the commissioners, the director, his authorized agent, or any duly authorized police officer. This

(4) Every person shall always keep open to inspection by the commission or its agent any books, records, papers or memoranda which are pertinent to the administration of ORS 508.505 to 508.540. For the purpose of ascertaining the correctness of any poundage fee record or report or the number of pounds of fish upon which the additional poundage fee is based or such other information as may be necessary to the administration of ORS 508.505 to 508.540, the commission or its agent may inspect such books, records, papers or memoranda.

(5) Restaurants licensed under ORS 624.020 shall keep a record of all fresh or frozen fish received or bought while such fish are in the restaurant's possession. (2) Any person failing to pay the poundage fee required shall be denied a renewal of such license or the issuance of any other license which may be issued by the director. [Formerly 508.345]

(3) If the proposed operation is to be located on the same stream or river or tributary thereof on which a state or federal fish culture facility is established or is planned to be established.

(4) If the proposed operation is not consistent with sound resource management and is not in close proximity to the ocean.

(5) If the commission determines the applicant does not have the financial capability to successfully construct and operate the hatchery or may not properly conduct the operation authorized under the permit. [1971 c.203 §3]

508.715 Conditions of permits. Any permit granted by the commission pursuant to ORS 508.700 to 508.745 shall contain at least the following conditions:

(1) All propagated fish released into state waters shall as far as the commission determines practical be marked.

(2) Prior to release into state waters, the fish must be subject to examination by a qualified fish pathologist approved by the commission to determine that they are not diseased or infected with any disease which in the opinion of the commission may be detrimental to the state fishery resources. Cost of such examination shall be paid by the permittee. No fish shall be released without written approval from the commission. The commission may require diseased fish to be destroyed. The commission shall not suffer civil or criminal liability for any fish destroyed under this section.

(3) The permittee may be authorized by the commission to divert all fish returning to the stream to an inspection area, the location of such area to be approved by the commission, to examine all fish for the purpose of identifying propagated fish.

508.720 Altering terms of permits; findings; hearing; restoration of fish population. (1) If the commission finds that the operation described in the permit is not in the

best public interest, it may alter the conditions of the permit to mitigate such adverse effects or may cause an orderly termination of the operation under the permit. Proceedings to cause such alteration or termination shall be conducted in accordance with ORS 183.310 to 183.550. An orderly termination shall not exceed a four-year period and shall culminate in the revocation of the permit in its entirety. During this period the permittee may continue to examine and take specified propagated chum salmon, chinook salmon, silver salmon or pink salmon according to the provisions of the permit but may not release additional fish.

(2) If the commission finds the operation has caused deterioration of the natural run of anadromous fish or any population of resident game fish in the waters covered by the permit, it may require the permittee to return the fish populations to the same condition that existed prior to issuance of the permit. If the permittee fails to take appropriate action, the commission may take such action and the permittee shall bear any cost incurred by the commission. (1) Notwithstanding any other provision of the commercial fishing laws, in order to provide a roe-herring commercial fishery with optimum profits to those engaged in the fishery and to prevent a concentration of fishing effort that would deplete the resource, the commission, by rule, shall establish a system for limiting participation in the roe-herring commercial fishing.

Any such system may include, but is not limited to, provisions on the following matters:

(a) Establishment of criteria for initial entry into fishery participation and for annual qualification for participation thereafter.

(b) Establishment of participation fees, in an amount not to exceed \$1.

(c) Establishment of terms and conditions for transferring participation rights.

(2) Any determination by the department regarding the eligibility of a person to participate in the roe-herring commercial fishery or to transfer participation rights is subject to review by the Commercial Fishery Permit Board, in accordance with ORS 183.310 to 183.550. Orders issued by the board are not subject to review by the commission, but may be appealed as provided in ORS 183.480 to 183.550. [1983 c 419 §2]

RESTRICTED VESSEL PERMIT SYSTEMS (Ocean Troll Salmon Fishery)

Note: Sections 1 to 9 and 11, chapter 613, Oregon Laws 1979, as amended by chapters 43 and 365, Oregon Laws 1981, and chapters 419 and 797, Oregon Laws 1983, provide:

Sec. 1. Sections 2 to 11 of this Act are added to and made a part of ORS chapter 508.

Sec. 2. (1) Notwithstanding any other provision of the commercial fishing laws, it is unlawful for an individual to operate a vessel in the ocean troll salmon fishery without first obtaining a vessel permit issued pursuant to sections 2 to 11, chapter 613, Oregon Laws 1979.

(2) Notwithstanding any other provision of the commercial fishing laws, it is unlawful for a wholesaler, canner or buyer to buy or receive salmon taken in the ocean troll fishery from a vessel for which the permit required by subsection (1) of this section has not been issued.

(3) The permit required by subsection (1) of this section is in addition to and not in lieu of the boat license required by ORS 508.260.

Sec. 3. Except as provided in section 8 of this 1979 Act, an individual is eligible to obtain the vessel permit required by section 2 of this 1979 Act only if:

(1) The vessel for which application is made was licensed pursuant to this chapter during at least one year during calendar years 1974-1978 and was used in the ocean troll salmon fishery during the time licensed to take at least one salmon which was landed in this state; or

(2) The commercial fishing vessel for which application is made was under construction as a commercial fishing vessel designed to be used in the ocean troll fishery or was the subject of a written contract for construction as a commercial fishing vessel designed to be used in the ocean troll fishery during calendar years 1974-1978.

Sec. 4. An individual who obtained the permit required by section 2, chapter 613, Oregon Laws 1979, for a particular calendar year is eligible to obtain renewal of the

permit in a subsequent calendar year, upon application and payment of the fees therefor, if during the preceding calendar year the vessel for which permit renewal application is made was used in the ocean troll salmon fishery to take at least one salmon which was lawfully landed in this state or in the State of Alaska, Washington or California.

Sec. 5. In making determinations regarding issuance or renewal of the permits required by section 2 of this 1979 Act, the department and the Commercial Fishery Permit Board may consider as evidence of permit qualifications or requirements department records and such receipts, accounts, contracts and other business records of private parties as the department or the board considers reliable evidence of the qualifications or requirements in question.

Sec. 6. The Commercial Fishery Permit Board may revoke and refuse subsequent issuance of a permit required by section 2 of this 1979 Act in the manner provided in ORS 508.485 and 508.490.

Sec. 7. (1) The annual fee for the vessel permit required by section 2, chapter 613, Oregon Laws 1979, is \$1.

(2) Applications shall be in such form and contain such information as the department, by rule, may prescribe.

Sec. 8. If all individuals with vessels meeting the requirements of section 4, chapter 613, Oregon Laws 1979, fail to obtain a permit during a particular calendar year, the department shall in the next succeeding calendar year issue permits by a lottery system for vessels that do not meet such requirements. However, the number of such permits issued in a particular calendar year shall not increase the number of all licenses and permits issued so that the total number issued exceeds the number of boat licenses issued pursuant to ORS 508.260 for boats that participated in the ocean troll salmon fishery during calendar year 1978.

Note: Section 4, chapter 797, Oregon Laws 1983, provides:

Sec. 4. Notwithstanding section 8, chapter 613, Oregon Laws 1979, a lottery system for the issuance of ocean troll salmon vessel permits shall not be implemented until after January 1, 1988.

Sec. 9. (1) The vessel permit required by section 2, chapter 613, Oregon Laws 1979, is transferable:

(a) To a replacement vessel of the permit holder.

(b) To the purchaser of the vessel when the vessel is sold.

(2) Notwithstanding subsection (1) of this section, upon request of a permit holder, the department may authorize transfer of a permit to a replacement vessel owned by an individual other than the permit holder. However, any transfer of a permit away from a vessel without the written consent of each person holding a security interest in such vessel is void.

(3) Notwithstanding any other provision of this section, a vessel permit is transferable to a vessel of larger size and capability only if:

(a) The individual who owns the vessel to which the permit is transferred was the holder of a vessel permit required by section 2, chapter 613, Oregon Laws 1979, prior to the effective date of this 1983 Act [August 8, 1983]; and either

(b) The vessel to which the permit is transferred is of new construction and has never been used in any commercial fishery; or

(c) The vessel to which the permit is transferred is one for which a vessel permit required by section 2, chapter 613, Oregon Laws 1979, has been issued prior to the effective date of this 1983 Act.

Sec. 11. (1) An individual whose application for issuance, renewal or transfer of the permit required by section 2, chapter 613, Oregon Laws 1979, is denied by the department may make written request to the Commercial Fishery Permit Board for review of the denial. The review provided in this subsection is in lieu of any such review by the department or the commission. The request shall be in such form and shall contain such information as the board considers appropriate.

(2) In accordance with any applicable provision of ORS 183.310 to 183.550, the board shall review the eligibility of individuals whose application for permits were denied by the department. Orders issued by the board are not subject to review by the commission, but may be appealed as provided in ORS 183.480 to 183.550. The board may waive eligibility requirements for permits if the board finds that the individual for personal or economic reasons chose to actively commercially fish the permit vessel in some other ocean fishery during the salmon season or if the board finds that the individual fails to meet the requirements as the result of illness, accident or other circumstances beyond the individual's control.

(3) In accordance with any applicable provision of ORS 183.310 to 183.550, the board may promulgate such rules as it considers necessary to carry out its duties, functions and powers.

(4) The board may delegate to the department its authority to waive eligibility requirements for permits.

(5) Notwithstanding any other provision of law, without the prior approval of the Commercial Fishery Permit Board, an ocean troll salmon vessel permit acquired as a result of a waiver of eligibility pursuant to subsection (2) of this section may not be transferred to another vessel until the vessel for which the permit was issued has been used in the ocean troll salmon fishery for two or more calendar years.

Note: Section 21, chapter 365, Oregon Laws 1981, provides:

Sec. 21. Notwithstanding chapter 613, Oregon Laws 1979, a vessel not having a permit may in an emergency and with the approval of the department land salmon by purchase of a single delivery license

However, the number of such permits issued in a particular calendar year shall not increase the number of all licenses and permits issued so that the total number issued exceeds the number of boat licenses issued pursuant to ORS 508.260 for boats that participated in the ocean pink shrimp fishery during calendar year 1978.
