The coverage and insuring amount applicable in such bond to any officer or employe of the state shall be at least equal to that required by statute. The cost of the premium on the bond shall be charged to the various state agencies employing the state officers and employes covered by the bond and

paid in the same manner as other claims against the state agencies are paid

(3) The provisions of this section are considered to satisfy any provision of law requiring individual fidelity bonds for elected officers if the level of coverage of the blanket fidelity bond is at least equal to the individual statutory requirements

(4) As used in this section

(a) "Officers and employes of the state" includes all elected and appointed officers and employes of the State of Oregon and all persons appointed by a state agency on a temporary or intermittent basis to act for the state in particular matters where such persons have charge of, handle or have access to any money or property belonging to the state or in which the state may have an interest

(2) Except as otherwise provided by law, the department may authorize subject to its control the decentralized performance by state agencies of fiscal functions of the department [1967 c 419 §10]

291.016 Making administrative and organizational surveys. The department may make or cause to be made administrative and organizational surveys of the state agencies for the purpose of determining the feasibility of improving the administration of the state government by the elimination of unnecessary positions and activities, the improvement of internal operating forms, the avoidance of duplication, and increasing efficiency and economical operation

291.018 Conducting research; requiring administrative reports from agencies.

The department shall conduct research for use in administrative planning, policy review and organization and methods improvement. Periodic administrative reports to the department and the Governor, designed to outline factually the quantitative and qualitative aspects of work performance by operating units, may be required of state agencies. The department may require submission of such information in reports as will permit sound analysis and will provide the basis for detecting administrative weaknesses, correcting performance difficulties and permitting better planning and management of state services

291.020 [Renumbered 291.028]

291.021 Requirements and procedures applicable to personal service contracts; exceptions. (1) The Executive Department shall approve all personal service contracts of state agencies as defined in ORS 291.002 except architectural and engineering service contracts described in ORS 279.712 (2), before any such contract becomes binding and before any service may be performed under the contract

(c) Allow procurements for personal services through negotiation with providers rather than through advertising, if competition is encouraged to the maximum extent practical. The rules shall also require that agency procurement records provide justification for the contractor's selection and the basis for the cost negotiated. The rules may provide that contracts of \$2,500 or more

must be submitted to the department with procurement justification and that contracts less than \$2,500 may be supported by procurement justification maintained in the agency's contract file for review by the department upon request.

(4) The department may exempt certain personal contracts or classes of contracts from the requirements of this section upon the following findings

(a) It is unlikely that such exemption will encourage favoritism in the awarding of personal service contracts or substantially diminish competition for these contracts, and

(b) The awarding of personal service contracts pursuant to the exemption will result in substantial cost savings to the state agency. In making such finding, the department may consider the type, cost, amount of the contract, number of persons available and such other factors as the department may deem appropriate.

(5) Each state agency shall file a copy of each personal service contract with the department, whether the contract is approved by the department or authority is delegated to the state agency under subsection (3) of this section. The filing shall include a statement of agency justification for the contract. The department shall keep on file for three years all personal service contracts and the justifying statement accompanying the contracts. All such files may be destroyed after three years.

(6) The department shall maintain a system for filing copies of personal service contracts so as to enable inspection of the contracts by members of the public.

(7) The department shall submit annual reports to the Legislative Assembly concerning the use of personal service contracts by state agencies. The reports shall include the name of the agency, amount to be paid under the contract, the name of the contractor, the duration of the contract and its basic purpose. The report shall also include the total dollar figure of all personal service contracts for each year.

(8) The department shall not approve any personal service contracts calling for payment in excess of \$25,000 unless the contract is reviewed and approved as legally sufficient by the Attorney General. The approval of the Attorney General must be given prior to the effective date of the contract or the contract is not binding on the State of Oregon and no service can be performed under the contract.

(9) Whenever a state agency pays more in a year to a contractor under a personal service

contract for services historically performed by state employees than would have been paid to an agency employee performing the same work, the state agency shall report that fact, with a justifying statement to the Executive Department.

(10) The department shall notify all state agencies of the requirements of this section [1973 c 84 §2, 1981 c 766 §2]

The department, upon the basis of its research and reports received, shall submit, from time to time, for the Governor's consideration and appropriate action thereupon, suggestions for the development of interagency policies consistent with the executive policies of the Governor and for the improvement of operating methods and procedures and better personnel utilization and for the improvement of work performance and reduction of costs in state government activities [Formerly 291.020]

291.030 "Agency" defined for ORS 291.032 and 291.034. The department may provide technical services to state agencies for management improvement development and the development of economies in the organization and administration of state agencies. The technical services may include consulting studies in work simplification, work measurement, equipment utilization and other management improvement concepts. The cost of the technical services, or portions thereof, as determined by the department, shall be charged

The costs advanced from the fund shall be reimbursed to the fund from the charges paid to the department by the agency or unit served

(3) In order to facilitate financing the costs advanced as set forth in subsection (2) of this section, the department may at any time during the biennium transfer to the Executive Department Revolving Fund such amounts as it deems necessary, not to exceed \$200,000, from funds duly appropriated to the department for a biennial period. Such funds so transferred shall be retransferred from the Executive Department Revolving Fund by the department to the appropriation from which the original transfer was made. The retransfers shall be accomplished prior to the last day of each biennial period [1967 c 419 §37, 1969 c 80 §6, 1973 c 159 §1]

291.200 Legislative intent on the Governor's budget. It is the intent of the Legislative Assembly to require the Governor, in the preparation of the biennial budget, to state as precisely as possible what programs the Governor recommends be approved for funding under estimated revenues under ORS 291 342. If estimated revenues are inadequate, the Legislative Assembly intends that it be advised by the Governor as precisely as possible how the Legislative Assembly might proceed to raise the additional funds. It is also the intent of the Legislative Assembly, in the event that the additional funding is not possible, to be informed by the Governor precisely what programs or portions thereof the Governor recommends be reduced accordingly. Finally, if the Governor chooses to recommend additional new programs or program enhancements, the Legislative Assembly intends that the Governor specify how the additional funding might be achieved [1985 c 270 §1]

any state agency, shall be deemed to be the maximum amount necessary to meet the requirements of such agency for the biennium, excepting as may otherwise be provided by law, and that the Governor and the Executive Department are given the powers granted by ORS 291 202 to 291 222 and 291 232 to 291 260 in order that savings may be effected by careful supervision throughout each biennium, with due regard to changing conditions, and by promoting more economic and efficient management of state agencies.

291.234 Department to make allotments to state officers and agencies of appropriations and funds; allotment period. (1) The department shall make allotments to state officers and agencies of appropriations and funds pursuant to the allotment system provided for in ORS 291 234 to 291 260.

(2) For the purposes of the allotment system, each fiscal year shall be divided into four quarterly allotment periods, beginning, respectively, on the first days of July, October, January and April. (1) The provisions of ORS 291 234 to 291 260 relating to the allotment system shall apply to all appropriations for state officers and agencies. For this purpose "appropriation" includes standing, continuing and annual appropriations, and dedicated funds. 291.238 Expenditures without allotment prohibited; expenditures from dedicated, revolving and trust funds. Any such obligation so incurred shall not be binding

against the state, but where the obligation violates this section only for having been made in excess of an allotment, the department may authorize payment thereof from unallotted funds

(2) Excepting as to administrative expenditures from dedicated, revolving and trust funds and to revolving funds established to provide services rendered by any state agency to other state agencies or to any body politic of the State of Oregon, expenditures from dedicated funds, revolving funds and trust funds may be made by any state agency without appropriation or allotment

291.240 [Repealed by 1953 c 168 §4]

291.242 Allotment required before expenditure of appropriation; submitting estimates. No appropriation to which the allotment system is applicable shall become available to any state agency for expenditure thereby during any allotment period until

(2) The estimate is approved, increased or decreased by the department and funds allotted therefor

291.244 Department action on estimates. The department shall act promptly upon all estimates required by ORS 291.242 If the estimate is within the terms of the appropriation as to amount and purposes, having due regard for the probable further needs of the agency for the remainder of the term for which the appropriation was made, and if the department determines that there is a need for the estimated amount for the allotment period, the department shall approve the estimate and allot the estimated amount for expenditures Otherwise the department shall modify the estimate so as to conform with the terms of the appropriation and the prospective needs of the agency, and shall reduce the amount allotted accordingly

291.246 Allotments to be made for purpose or classification of expenditure prescribed in appropriation measure. Allotments shall be made according to purpose and classification of expenditures prescribed in

the appropriation measure as enacted by the Legislative Assembly, provided, however, that the department may make allotments for agencies by purposes or by other classification of expenditures of amounts appropriated or authorized to be expended in appropriation measures enacted by the Legislative Assembly, whether or not such measures establish classification of expenditures. In making allotments, the department shall not authorize the expenditure of moneys for any purpose not authorized by the Act appropriating the money or authorizing it to be expended, and the funds allotted for each purpose or classification of expenditure shall be used for no other purpose or classification of expenditure [Amended by 1963 c 182 §7]

291.248 Notice of allotment. Upon the granting of any allotment, the department shall transmit a notice of the allotment to the agency concerned

The agency shall not create any claim or encumbrance for the future disbursement of appropriated moneys unless the proposed expenditure as estimated, together with expenses theretofore paid from or encumbered against such allotment, is within the total amount and for the purposes specified in the notice of allotment transmitted to such agency

291.252 Modifying allotment previously made. The department may at any time modify or amend any allotment previously made by it, upon application of, or upon notice to, the agency concerned, but no such modification or amendment shall reduce an allotment below the amount required to meet valid obligations or commitments previously incurred against the allotted funds

291.254 Reducing allotment to prevent deficit. If the department determines at any time that the probable receipts from taxes or any other sources for any appropriation will be less than was anticipated, and that consequently the amount available for the remainder of the term of the appropriation or for any allotment period will be less than the amount estimated or allotted therefor, the department shall, with the approval of the Governor, and after notice to the agency or agencies concerned, reduce the amount allotted or to be allotted so as to prevent a deficit

291.256 [Repealed by 1959 c 608 §1]

291.258 Approval of department required for establishment of new personnel position or classification. A new personnel position or classification, not provided in the

budget of an agency upon which appropriations have been based, shall not be established without prior approval of the department

The department shall have authority to approve, disapprove, modify or amend any such request or budget before it is submitted to the proper federal authority

ESTIMATES OF STATE REVENUES

291.342 Annual estimation of state revenues; apportionment among counties of any state property tax levy necessary to make up deficiency; quarterly estimates.

(1) By August 15 of each year, but not earlier than 90 days from the end of the regular session, if any, of the Legislative Assembly held in that calendar year, the Executive Department, with the assistance of the Department of Revenue, shall.

(a) Ascertain by computation and estimate the total amount of revenue available for state purposes for the current fiscal year, and

(b) Apportion the state tax levy on property, if any, among the several counties in the manner provided in ORS 291.344

(2) In addition to the requirement in subsection (1) of this section, the Executive Department with the assistance of the Department of Revenue shall for each calendar quarter of the year ascertain by computation and estimate the total amount of revenue available for state purposes for the current fiscal year, as well as the amount of revenue received quarterly, cumulated throughout the biennium, and report its estimate to the Legislative Revenue Officer and to the Emergency Board, or if the Legislative Assembly

is in session, to the Joint Committee on Ways and Means

(3) In carrying out its duties under subsection (2) of this section, the Executive Department shall issue quarterly a statement setting forth the methodology and assumptions used in making the revenue estimate. Nothing in this subsection requires the statement to set forth procedures used or methods used to determine either the methodology or the assumptions [Formerly 309 510, 1971 ss c 5 §3, 1975 c 789 §10, 1980 ss c 11 §1]

291.344 Procedure for computation, levy, offset and apportionment of state property tax levy. (1) The department shall proceed as prescribed in this section

(2) The department shall prepare a statement, summarizing

(a) All the items of expense or deficiency, including interest on unpaid warrants left over from the previous year, to which the state will be subject under existing laws for the fiscal year next after that year or period for which the last preceding levy of state revenues was computed and declared, and

(b) When the levy is made on the assessment of an even year, the estimated expense of one biennial session of the Legislative Assembly

(3) There shall be segregated from the total of the items tabulated in accordance with subsection (2) of this section the amount necessary for the payment of bonded indebtedness and interest thereon, and this amount shall constitute the state tax levy on property.

(4) From the total of the items summarized in accordance with subsection (2) of this section, after the amounts segregated pursuant to subsection (3) of this section have been deducted, there shall be deducted, in the order listed in subsection (5) of this section, all miscellaneous receipts, including any surplus remaining in the State Treasury from all funds, however derived, excepting only the following

(a) Funds whose use is restricted to particular purposes by the Constitution of Oregon.

(b) Funds whose use is restricted to particular purposes by federal law.

(c) All trust funds, as defined in ORS 291 002

(5)(a) The department shall deduct first those miscellaneous receipts not excluded by paragraphs (a), (b) and (c) of subsection (4) of this section and not includable in the definitions of dedicated or revolving funds in ORS 291 002

(b) If necessary, in order to provide revenue for all of the items summarized in subsection (2)

of this section, the department shall then deduct as much as is necessary or available from any fund remaining in the State Treasury and not excluded by subsection (4) of this section. The department shall list these deductions in its records

(6) The state tax levy on property segregated and levied pursuant to subsection (3) of this section shall be offset first by the application of miscellaneous receipts to the extent that they are not applied in accordance with subsection (4) of this section. Subject to the limitations of ORS 311 660, the amount of the state tax levy on property not offset by the foregoing application shall be apportioned among and charged to the several counties in that proportion which the total assessed value of all the taxable property in each county bears to the total assessed value of all the taxable property of the state as equalized

(7) Immediately after the department has completed the computation, levy, offset and apportionment of the state tax levy on property in accordance with this section, a certificate thereof, signed by the director of the department, shall be filed in the office of the department [Formerly 309 520, 1967 c 454 §97, 1981 c 804 §83]

291.348 Biennial estimate of General Fund and State Lottery Fund revenues; certification to Secretary of State. 291.349 Revenue estimate; effect of revenue in excess of estimate. (1) As soon as practicable after adjournment sine die of the regular session of the Legislative Assembly, the

Executive Department shall report to the Emergency Board the estimate as of July 1 of the first year of the biennium of General Fund and State Lottery Fund revenues that will be received by the state during that biennium. The Executive Department shall base its estimate on the last forecast given to the Legislative Assembly before adjournment sine die of the regular session on which the printed, adopted budget prepared in the Executive Department is based, adjusted only insofar as necessary to reflect changes in laws adopted at that session. The report shall contain the estimated revenues from corporate income and excise taxes separately from the estimated revenues from other General Fund sources. The Executive Department may revise the estimate if necessary following adjournment sine die of any special or emergency session of the Legislative Assembly but any revision does not affect the basis of the computation described in subsection (3) or (4) of this section.

(2) As soon as practicable after the end of the biennium, the Executive Department shall report to the Emergency Board, or the Legislative Assembly if it is in session, the amount of General Fund revenues collected as of the last June 30 of the preceding biennium. The report shall contain the collections from corporate income and excise taxes separately from collections from other sources.

(3) If the revenues received from the corporate income and excise taxes during the biennium exceed the amounts estimated to be received from such taxes for the biennium, as estimated after adjournment sine die of the regular session, by two percent or more, the total amount of that excess shall be credited to corporate income and excise taxpayers in a percentage amount of corporate excise and income tax liability as determined under subsection (5) of this section. However, no credit shall be allowed against tax liability imposed by ORS 317.090.

(4) If the revenues received from General Fund revenue sources, exclusive of those described in subsection (3) of this section, during the biennium exceed the amounts estimated to be received from such sources for the biennium, as estimated after adjournment sine die of the regular session, by two percent or more, the total amount of that excess shall be credited in a percentage amount of income tax liability as determined under subsection (5) of this section.

(5) If there is an excess to be credited under either subsection (3) or (4) of this section, or both, on or before October 1, following the end of each biennium, the Executive Department shall

determine and certify to the Department of Revenue the percentage amount of credit for purposes of subsection (3) or (4) of this section. The percentage amount determined shall be a percentage amount to the nearest one-tenth of a percent that will distribute the excess to be credited to either the corporate excise and income taxpayers or personal income taxpayers for taxable years beginning in the calendar year during which such excess is determined. The credit shall be computed after the allowance of any credit allowed or allowable under ORS chapter 316, 317 or 318, whichever may be applicable, and before the application of estimated tax payments, withholding or other advance tax payments [1979 c 241 §30, 1981 c 885 §1, 1985 c 828 §19].

(1) Each biennium, growth of state governmental appropriations for general governmental purposes shall be no greater than the rate of growth of personal income in Oregon in the two preceding calendar years. The rate of growth shall be computed based on the U.S. Department of Commerce reports for the two preceding calendar years.

(2) For the 1979-1981 biennium, the base to which the rate of growth applies shall equal state governmental appropriations for general governmental purposes in the 1977-1979 biennium plus expenditures from non-General Fund sources that are to be funded in 1979-1981 out of the General Fund and less any General Fund expenditures in 1977-1979 that are to be funded in 1979-1981 from non-General Fund sources.

(3) In bienniums subsequent to the 1979-1981 biennium, the base shall be adjusted as necessary to reflect transfer of funding sources between General Fund sources and non-General Fund sources in order to maintain a base used for general governmental purposes.

(4) Debt service and tax relief other than that provided under ORS 310.630 to 310.690 shall not

be considered appropriations for general governmental purposes [1979 c 241 §29]

If the legislative agency disapproves of the application, it shall not be submitted to any federal agency unless it is or can be modified to meet the objections of the legislative agency

(3) Notwithstanding subsection (1) of this section, the Joint Committee on Ways and Means and the Emergency Board may exempt any state agency from the requirements of this section. Project grants for departmental research, organized activities related to instruction, sponsored research or other sponsored programs carried on within the Department of Higher Education, for which no biennial expenditure limitations have been established, are exempt from the requirements of this section

(4) The review required by this section is in addition to and not in lieu of the requirements of ORS 293 550 [1973 c 44 §1]
