(c) The transferee shall sign the certificate of title and fill in the information required by the division in the applicable spaces and complete the odometer reading described under ORS 815.400 in the manner required by the division under ORS 803.020. If the transferee is a vehicle dealer the transferee is not required to comply with this paragraph.

(d) The transferee shall present the certificate of title to the division in compliance with ORS 803.105 and pay the transfer fee established under ORS 803.090. If the transferee is a vehicle dealer, the transferee is not required to comply with this paragraph.

(e) If the transferee is a vehicle dealer, the transferee shall give notice to the division in compliance with ORS 803.105, and shall submit an odometer reading described under ORS 815.400.

(f) Subject to ORS 803.115, the division, upon receipt of a certificate of title, a separate odometer reading information form, if necessary, and required fee, shall:

(A) Issue a new registration card and deliver it to the transferee; and

(B) Issue to the transferee a new certificate of title and, if necessary, a separate odometer reading information form and deliver them to the first security interest holder in order of priority, if any, otherwise, to the transferee.

(2) This subsection does not apply to leasehold interests described in subsection (4) of this section. The creation of a leasehold interest in a vehicle requires all of the following:

(a) The lessor and lessee shall do all of the following on the appropriate space provided on the back of the certificate of title:

(A) Sign and enter the date.

(B) In order of priority, indicate any unsatisfied security interest shown on the face of the certificate of title together with any new security interest.

(C) Complete an odometer reading described under ORS 815.400 if required to do so under ORS 803.020.

(b) The lessor shall cause the certificate of title to be presented to the division in compliance with ORS 803.105, submit a separate odometer reading information form if required under ORS 803.020 and pay the transfer fee established under ORS 803.090.

(c) Subject to ORS 803.115, the division, upon receipt of a certificate of title, separate odometer reading information form, if required, and required fee, shall issue and deliver a new registration card to the lessee and a new certificate of title and, if necessary, a separate odometer reading information form to the security interest holder first named or, if none, to the lessor.

(3) This subsection does not apply to leasehold interests described in subsection (4) of this

section. All of the following apply to the termination of a leasehold interest:

(5) Except as provided in subsection (6) of this section or under ORS 820.510, the exclusive means of perfecting security interest in a vehicle issued a certificate of title by the division is by application for notation of the security interest on the certificate of title in accordance with this section. All of the following apply to the creation of the security interest:

(a) The owner of the vehicle or, if there is a lease, the lessor shall sign and enter the date on the appropriate space on the back of the certificate of title, shall complete an odometer reading described under ORS 815.400 in the manner required under ORS 803.020 and shall deliver the certificate to the person in whom the security interest is created. If the certificate of title is in possession of a prior security interest holder, the owner or lessor may arrange for direct delivery of the certificate to the division by the prior security interest holder rather than delivery as otherwise provided by this paragraph.

(b) The person in whom the security interest is created shall sign the certificate of title, pay the transfer fee established under ORS 803.090 and, if the person receives the title under this subsection, present the certificate of title to the division in compliance with ORS 803.105.

(c) Subject to ORS 803.115, the division, upon receiving the certificate and fee under this

subsection, shall issue a new certificate of title, note the change upon its records in order of priority and mail the certificate to the security interest holder first named on the certificate.

(d) Except as provided in paragraph (e) of this subsection, a security interest that is perfected as described in this subsection is perfected as of the date the application is received by the division. In order to establish the date of perfection under this subsection, the division, at the time the division first processes an application for a security interest, shall mark upon the application the date the division first received the application either by mail or by presentation to any office of the division. Proof of the date of perfection may be provided as described under ORS 802.240.

(e) The date the division receives an application to perfect a security interest as described in this subsection, does not establish the date that the security interest is perfected if the division determines that the application is not in proper form and so indicates upon the application in a manner showing the date placed on the application under paragraph (d) of this subsection is invalid.

(6) A security interest in a vehicle may not be perfected as described under subsection (5) of this section but is subject to the perfection provisions under ORS chapter 79 if the debtor who granted the security interest is in the business of selling vehicles and the vehicle constitutes inventory held for sale.

(7) This subsection does not apply to security interests created under subsection (6) of this section. All of the following apply upon the satisfaction of security interests that are noted on the certificate of title:

(a) A security interest holder whose interest is satisfied shall sign and date a release. If the holder is in possession of the certificate of title, the holder shall complete the release by filling the appropriate places on the certificate of title. If the holder is not in possession of the certificate of title, the holder shall execute a release.

(b) The security interest holder whose interest is satisfied shall deliver the release as follows:

(A) If the release is on the certificate of title, to the security interest holder with the next priority or, if none, to the lessor or, if none, the owner of the vehicle.

(B) If the release is not on the certificate of title, to the person entitled thereto.

(c) A person who does not hold a certificate of title who receives a release under this subsection

shall promptly deliver the release to the person who holds the certificate of title.

(d) The holder of the certificate of title and the release of the security interest shall present the release and the certificate to the division in compliance with ORS 803.105, shall complete an odometer reading described under ORS 815.400 in the manner required under ORS 803.020 and shall pay the transfer fee established under ORS 803.090.

(e) Subject to ORS 803.115, the division, upon receipt of the fee, certificate of title, separate odometer reading information form, if required, and release, shall note the change upon its records and issue a new certificate of title and, if necessary, a separate odometer reading information form to the first security interest holder then named, if any, otherwise to the lessor or, if none, to the owner.

(8) A security interest holder or lessor, without the consent of the owner, may assign interest of the holder or lessor in a vehicle to a person other than the owner without affecting the interest of the owner of the validity or priority of the interest, but a person without notice of the assignment is protected in dealing with the security interest holder or lessor as the holder of the interest until the assignee files in accordance with ORS 79.1010 to 79.5070.

(9) This subsection establishes the procedures for the transfer by operation of law of the interest in a vehicle of an owner, security interest holder or lessor including by inheritance, devise, bequest, order in bankruptcy or insolvency, execution sale, repossession upon default in performance of the terms of an agreement that reserves or creates a security interest or any transfers effected other than by the voluntary act of the person whose interest or title is transferred. This subsection does not establish procedures for transfers at death of an owner if the estate is not being probated; such procedures are established by subsection (10) of this section. The following apply to a transfer under this subsection:

(a) The personal representative, receiver, trustee, sheriff or other representative or successor in interest of the person whose interest is so transferred shall do all of the following:

(A) Transfer the vehicle by signing the certificate of title, if available, upon the reverse thereof in lieu of the person whose interest is so transferred and completing the odometer reading described under ORS 815.400 in the manner required under ORS 803.020.

(B) File with the division a notice of any transfer of any such vehicle by the representative

or successor and satisfy the division concerning all facts entitling such representative or successor to transfer title.

(b) Subject to ORS 803.115, the division upon being satisfied as to the facts concerning the representative and upon receipt of the title certificate or application under ORS 803.065 shall issue a new certificate of title, a separate odometer reading information form, if necessary, and a new registration card.

(10) The following procedures are established for the transfer at death of the interest of an owner in a vehicle if the estate of the owner is not being probated:

(a) To transfer the vehicle the division must receive all of the following:

(A) The certificate of title, if available, and a completed odometer reading described under ORS 815.400 in the form required by the division under ORS 803.020.

(B) An affidavit, on a form prescribed and furnished by the division, signed by all of the heirs of the owner stating the name of the person to whom the ownership interest has passed. If any heir has not arrived at the age of majority or is otherwise legally incapacitated, the parent or guardian of the heir shall sign the affidavit. In lieu of submitting an affidavit, a person allowed to transfer or sell a vehicle under ORS 114.545 may comply with procedures established by the division for transfer or sale of the vehicle.

(C) The transfer fee established under ORS 803.090.

(b) The division may transfer title without the title certificate or application under ORS 803.065, if the division is satisfied as to the ownership of the vehicle.

stolen, the state police may seize the vehicle and any records relating to the vehicle and may hold the vehicle and records until completing an investigation to establish the origin and ownership of the vehicle. The division shall reimburse the Department of State Police for any inspections conducted under this subsection in an amount agreed upon by the division and the Department of State Police.

### (Periods and Fees)

**803.400 Duration of registration periods.** This section establishes and distinguishes registration periods. Each registration period determines the period of validity for vehicle registration. Registration under the following registration periods is valid during the described registration period:

(1) Annual registration is valid for a one-year period. The period starts on the first day of a calendar month and runs through the last day of the same calendar month one year later. Once a vehicle is registered under annual registration, the registration period of the vehicle begins and ends with that same calendar month each time the vehicle is reregistered or registration for the vehicle is renewed.

(2) Biennial registration is valid for a two-year period. The period starts on the first day of a calendar month and runs through the last day of the same calendar month two years later. Once a vehicle is registered under biennial registration, the registration period of the vehicle begins and ends with that same calendar month each time the vehicle is reregistered or registration for the vehicle is renewed.

(3) Calendar-year registration starts on January 1 of a year and runs through December 31 of the same year.

(4) Ownership registration starts on the day the vehicle is registered and is valid until the ownership of the vehicle changes.

(5) Permanent registration starts on the day the vehicle is registered and is valid for the life of the vehicle.

(6) Quarterly registration starts on the first day of any calendar quarter and runs through the last day of the last calendar quarter in the registration period. The number of calendar quarters in a quarterly registration is elected by the vehicle owner at the time of registration. A person may not establish quarterly registration periods for more than four quarters. If a vehicle is registered for a quarterly registration period of less than four calendar quarters, the division shall collect, when issuing or renewing registration of the vehicle, the additional fee for quarterly registration established under ORS 803.420.

(7) Special five-year registration is valid for a five-year period. The period starts on the first day

of a calendar month and runs through the last day of the same calendar month five years later. Once a vehicle is registered under special registration, the registration periods of the vehicle begin and end with that same month each time the vehicle is reregistered or registration for the vehicle is renewed. [1983 c.338 §222]

**803.405 Effect of initial registration month.** The month in which any vehicle is initially registered under biennial or annual registration or when required under ORS 820.520 is the month established as the beginning and ending of registration periods for the vehicle unless the division adjusts the registration month of the vehicle upon initial registration under ORS 803.410. [1983 c.338 §223]

**803.410 Division authorized to adjust periods and fees.** The division is empowered to administer ORS 803.400 and 803.405, relating to the registration periods of vehicles and to adopt and enforce rules, including rules for the adjustment or proration of fees and registration periods, necessary to accomplish the enforcement of those sections. The authority granted the division under this section is subject to the following:

(1) The division may initially register a vehicle that is subject to biennial registration for less than a 24-month period or for more than a 24-month period, not exceeding a maximum of a 30-month period, and prorate the fee on a monthly basis, when in its opinion such fractional registration tends to fulfill the purpose of the biennial registration system.

(2) The division may initially adjust the registration periods of trailers for hire registered as part of a fleet under ORS 805.130 for a maximum 60-month period.

(3) The authority granted under this section includes authority to adjust the initial registration period of travel trailers and special use trailers that are required to be registered after being removed from assessment under the ad valorem tax laws by ORS 820.520.

(4) For vehicles that are initially registered under proportional registration under ORS 805.140 or 805.150 and that are either required to establish registration weights under ORS 803.430 or are commercial busses or commercial bus trailers, the division shall prorate the fees as provided in this subsection in order to carry out the purposes of calendar-year registration. This subsection does not allow such vehicles to be registered under quarterly registration. The proration of fees under this subsection shall be as follows:

(a) If the vehicle is registered after the expiration of the first quarter of the registration period, three-fourths of fees shall be paid.

(b) If the vehicle is registered after the expiration of the first half of the registration period, one-half of the fees shall be paid.

(c) If the vehicle is registered after the expiration of three-fourths of the registration year, one-fourth of the fees shall be paid.

(5) The division, by rule, may adjust registration fees or registration periods for a vehicle, as is administratively convenient for the division, if:

(a) The vehicle is changed from one type of registration to another type; or

(b) Any other change relating to the registration of the vehicle is made where it would be administratively convenient for the division to make such adjustments. [1983 c.338 §224; 1985 c.16 §83; 1985 c.253 §3]

If there is uncertainty as to the classification of a vehicle for purposes of the payment of registration fees under the vehicle code, the division may classify the vehicle to assure that registration fees for the vehicle are the same as for vehicles the division determines to be comparable. The registration fees for the vehicle shall be those based on the classification determined by the division. The fees described in this section are for an entire registration period for the vehicle as described under ORS 803.415, unless the vehicle is registered quarterly. A person who falsely certifies compliance with financial responsibility requirements on the card is subject to the penalties under ORS 806.050. (3) The owner of a registered vehicle to which a plate is assigned may replace a registration plate that is illegally altered or that is lost, destroyed or mutilated in a manner that renders illegible any identification on the plate. The following apply to this subsection:

(d) Commercial busses.

(2) If a vehicle described under this subsection is destroyed accidentally so as to be incapable of further operation, the person in whose name the vehicle is registered is entitled to a refund of that portion of the fee applicable to the then unexpired portion of the registration period. The certificate of title, registration card and registration plates must be surrendered to the division for cancellation when application for refund is made under this section. Claims for refunds under this section shall be filed and paid as provided for refunds under ORS 802.110. To qualify for a refund under this section, a registration fee in excess of \$10 must have been paid for the vehicle, the vehicle must have been registered in this state and the vehicle must be one of the following:

The amount credited to the account under this subsection shall be equal to the amount paid with respect to the vehicle when it was first proportionally registered in the registration period, reduced by one-twelfth of the total proportional registration responsibility of the vehicle for each calendar month and fraction thereof elapsing between the first day of the month of the current registration period in which the vehicle was registered and the date the notice of withdrawal is received by the division. The credit shall be applied against liability for subsequent additions to be prorated during the registration year or for additional fees due upon audit. If the credit is less than \$5, no credit shall be made or entered. In no event shall the amount be credited against fees other than those for the registration period, nor shall any such amount be subject to refund. [1983 c.338 §219; 1985 c.253 §2]

**VEHICLE PERMITS****803.600 Trip permits; authority granted; types; records; when not required.**

A trip permit grants authority to temporarily operate a vehicle on the highways of this state under circumstances where the operation would not otherwise be legal because the vehicle is not registered by this state or because provisions relating to the vehicle's registration do not allow the operation. The division shall provide for the issuance of trip permits in a manner consistent with this section. All of the following apply to permits issued under this section:

(1) The division shall issue the following types of trip permit to authorize the described type of operation and shall not issue trip permits for any other purpose:

(a) A commercial vehicle trip permit may be issued for a vehicle that is regulated by the Public Utility Commissioner under ORS chapter 767 and that is not registered in this state to allow operation of the vehicle in this state without registration. A permit described in this paragraph is valid for 10 consecutive days.

(b) A noncommercial vehicle trip permit may be issued for a vehicle not registered in this state and not regulated by the Public Utility Commissioner under ORS chapter 767 to allow operation of the vehicle in this state without registration. Permits described in this paragraph may be issued for periods of 10 days, 30 days, 60 days, 90 days or 120 days but no person may receive the authority granted under a noncommercial vehicle trip permit for more than 120 days in any 12-month period for any given vehicle. A person who applies for a noncommercial permit must certify that the person has not been granted permits that together authorize the person to exceed the maximum number of days of operation allowed by this paragraph and that the permit applied for would not, in conjunction with other permits received, authorize the person to exceed the maximum number of days of operation allowed by this paragraph.

(c) A registration weight trip permit may be issued for a vehicle that is registered in this state to allow the vehicle to be operated with a greater loaded weight than is permitted by the registration weight established for the vehicle or at a greater loaded weight than is otherwise permitted under the registration for the vehicle if the vehicle is not required to establish a registration weight. A permit issued under this paragraph does not authorize movements or operations for which a variance permit is required under ORS

818.200. A permit issued under this paragraph shall show the maximum loaded weight allowed for operation under the permit. A permit issued under this paragraph is valid for 10 consecutive days.

(d) A registered vehicle trip permit may be issued for a vehicle that is registered in this state to allow the vehicle to operate under conditions or in ways not permitted by the terms of the vehicle registration. The division shall determine by rule the kinds of operation for which permits may be issued under this paragraph. A permit issued under this paragraph is valid for 10 consecutive days.

(e) A mobile home trip permit may be issued to allow movement of a mobile home. Except movements of mobile homes by vehicle transporters permitted under ORS 822.310, all movements of mobile homes on the highways of this state shall be by trip permit. The provisions under ORS 820.560 and 820.570 apply to trip permits for mobile homes in addition to the requirements under this section. A permit issued under this paragraph is valid during the movement of the mobile home specifically authorized by the permit.

(2) The following requirements for records are established concerning permits issued under this section:

(a) Any carrier regulated by the Public Utility Commissioner shall maintain records of commercial vehicle trip permits and registration weight trip permits issued to the carrier as required by the commissioner by rule.

(b) The division is not required to keep records concerning commercial vehicle trip permits, but shall provide the Public Utility Commissioner with the information from each such permit issued.

(c) Requirements for the division to maintain records concerning trip permits other than commercial vehicle trip permits are established under ORS 802.200.

(3) An owner or operator of a vehicle may obtain a trip permit. The fees for issuance of trip permits are as provided under ORS 803.645.

(4) The division shall make the trip permits available to all field offices and agents maintained by the division and may make arrangements for the issuance of the permits by designated individuals, firms or associations for the convenience of the motoring public.

(5) The division may also sell commercial vehicle trip permits in advance of issuance to contractors, transportation companies and other

users for issuance to their own vehicles or vehicles under their control.

(6) The division shall adopt rules for the issuance, sale and control of all trip permits.

(7) Trip permits are not required for the operation of unregistered vehicles other than mobile homes where such operation is permitted as follows:

(a) By vehicle dealers as permitted under ORS 822.040.

(b) By vehicle transporters as permitted under ORS 822.310.

(c) By towing businesses as permitted under ORS 822.210.

(8) Trip permits are not required for the operation of unregistered vehicles where such operation is permitted under ORS 803.305.

(9) Unregistered vehicles that are operated without a trip permit are subject to the prohibitions and penalties for operation of unregistered vehicles under ORS 803.300 or 803.315, as appropriate. Mobile homes that are moved on the highways without a trip permit, where a trip permit is required, are subject to penalty as provided under ORS 820.570.

(10) The division shall prepare a report that details the instances of noncommercial vehicle, registration weight and registered vehicle trip permits. The report shall explain the reasons noncommercial vehicle, registration weight and registered vehicle trip permits are issued. A copy of the report shall be submitted, during the Sixty-fourth Legislative Assembly, to each legislative committee established to deal primarily with issues concerning transportation.

(11) A trip permit may be issued to a school vehicle registered under ORS 805.050 for use of the vehicle for purposes not permitted under ORS 805.050. [1983 c.338 §272; 1985 c.16 §111; 1985 c.313 §4; 1985 c.547 §16]

**803.605 Erroneous issuance of trip permit; refund of fee.** When the division determines that it has erroneously issued a trip permit to a person who did not require the permit, the division may refund to the person any fee the person paid for the permit. [1985 c.313 §6]

**Note:** ORS 803.605 was enacted into law by the Legislative Assembly but was not added to or made a part of ORS chapter 803 or any series therein by legislative action. See Preface to Oregon Revised Statutes for further explanation.

**803.615 Temporary permit for registration applicant.** The division may issue a temporary permit in a form determined by the division to an applicant for registration to permit the applicant to operate the vehicle while the division is determining, under ORS 803.210, all facts relative to the right of the applicant to receive a certificate of title, regular registration plates and regular registration. (2) Forms for temporary permits issued under this section shall be furnished and, subject to ORS 803.640, prescribed by the division.

(3) The division shall specify, by rule, the procedures to be followed by persons issuing and using temporary permits issued under this section. (2) The division may require that permits described in this section contain the driver license number of the registered owner or of the person who has applied for registration or titling of the vehicle displaying the permit and the name of the state that issued the driver license.

(3) If the division determines that the information authorized by subsection (2) of this section is not sufficient to identify the registered owner or person who has applied for registration or titling of a vehicle issued a permit described in this section, the division may require that the person operating the vehicle have in the person's possession any information the division determines is necessary for identification.
