(b) A person who is convicted of violating this section is subject to ORS 806.230, if the person does not make future responsibility filings as required by that section.

(4) A person convicted for violation of this section must file with the division, and thereafter maintain for a period of three years, proof of financial responsibility that complies with ORS 806.060. Failure to comply with this subsection is subject to ORS 809.410.

806.020 Exemptions from financial responsibility requirements. This section provides exemptions from the necessity for compliance with or proof of compliance with financial responsibility requirements in accident reports under ORS 811.725, when applying for vehicle registration under ORS 803.460 and for operating a vehicle under ORS 806.010. The owner or operator of a vehicle is exempt, as provided by this section, from financial responsibility requirements if the vehicle involved in the accident, sought to be registered or operated is any of the following:

(3) Any person convicted of knowingly certifying falsely to the existence of motor vehicle liability insurance or to the existence of some other means of satisfying the financial responsibility requirements shall be imprisoned for no less than three consecutive days. (5) Failure of an owner either to return the certification of compliance with financial responsibility requirements to the division within 30 days after mailing by the division or to certify compliance as of the date of the letter, or a determination by the division that a certification is not accurate constitutes reasonable grounds for the division to proceed with a demand for verification under ORS 806.160.

(6) The division shall investigate all certifications returned to the division under this section as follows:

(a) If the owner certifies the existence of insurance described under ORS 806.080, the division shall forward the certification to the listed insurer to determine whether the certification is correct. An insurer shall notify the division if the certification is not correct.

(b) The division may also determine the correctness of certifications of other means of satisfying financial responsibility requirements for the vehicle.

(7) No civil liability shall accrue to the insurer or any of its employes for reports made to the division under this section when the reports are made in good faith based on the most recent information available to the insurer. [1983 c.338 §851, 1985 c.16 §431; 1985 c.714 §2]

806.160 Demand for proof of compliance; when authorized; report to district attorney. (1) The division shall demand a person to provide the division, within 30 days after the date of the mailing of the demand, with satisfactory proof that the person is in compliance with the financial responsibility requirements as of the date of the letter from the division under ORS 806.150 if the division has reasonable

grounds to believe that the person was or is violating any of the following, whether or not the person has been convicted of the violation:

(a) Driving uninsured under ORS 806.010.

(b) Falsification of financial responsibility under ORS 806.050.

(2) If the person cannot provide the required proof within the required time:

(a) The person is subject to the requirements under ORS 806.220; and

(3) No civil liability shall accrue to the division or any of its employes for reports made to a district attorney under this section. [1983 c.338 §852; 1985 c.714 §3]

806.170 Division check on financial certification on accident reports. The division shall investigate all certifications of compliance with financial responsibility requirements made on reports of accidents under ORS 811.725 and 811.730. The division shall contact the insurers listed on the certifications to determine whether each certification is accurate. If the certification is not correct, an insurer shall so notify the division. [1983 c.338 §853]

FUTURE RESPONSIBILITY FILINGS

806.200 Failure to file after accident; penalty. (1) A person commits the offense of failure to make a future responsibility filing after

an accident if the person is the owner or driver of a vehicle that is in any manner involved in an accident that is required to be reported under ORS 811.720 and the person does not make a future responsibility filing within 30 days after the filing of the accident report required under ORS 811.725.

(2) Exemptions from this section are established under ORS 806.210.

(3) The employer of a driver is subject to the requirements and penalties under this section if the driver is an employe exempted from this section under ORS 806.210. (4) In addition to any other penalties under this section, violation of this section subjects the violator to suspension of driving privileges as provided under ORS 809.410.

(5) The offense described in this section, failure to make a future responsibility filing after an accident, is a Class B traffic infraction. [1983 c 338 §855; 1985 c 393 §63]

806.210 Exemption from requirement to file after accident. As appropriate, the driver or the owner, or both, are exempt from the requirement under ORS 806.200 to make a future responsibility filing if the person claiming exemption furnishes to the division proof of any of the following:

(4) The owner of the vehicle involved in the accident was a self-insurer under ORS 806.130.

(5) The vehicle involved in the accident was being operated under a permit issued by the Public Utility Commissioner of Oregon.

(6) At the time of the accident the owner's vehicle was being operated without the owner's permission, expressed or implied, or was parked by a person who had been operating such vehicle without the owner's permission unless the vehicle at the time of its taking had been left unattended

in a condition prohibited by a regulation or ordinance designed to prevent the operation of vehicles by unauthorized persons. This subsection only exempts owners of vehicles who qualify.

(7) At the time of the accident, the driver was operating a vehicle owned, operated or leased by the driver's employer with the permission of that employer. This subsection only exempts drivers of vehicles. Owners remain subject as provided under ORS 806.200. [1983 c 338 §856]

806.220 Failure to file after failing verification; penalty. (1) A person commits the offense of failure to make future responsibility filing after failing verification if the person:

(2) The offense described in this section, failure to make future responsibility filing after failing verification, is a Class B traffic infraction. [1983 c 338 §857; 1985 c 393 §64, 1985 c 714 §5]

806.230 Failure of previous violator to file. (1) A person commits the offense of failure of a previous violator to make a future responsibility filing if the person is convicted of a violation of ORS 806.010 or 806.050 and the person does not make a future responsibility filing within 30 days after the conviction.

(2) In addition to any other penalties under this section, a violator of this section is subject to suspension of driving privileges under ORS 809.410.

(3) The offense described in this section, failure of a previous violator to make future responsibility filing, is a Class A traffic infraction. [1983 c.338 §858; 1985 c.393 §65]

806.240 What constitutes proof of compliance; filing for another; failure of proof to meet requirements. Future responsibility filings required by ORS 806.200, 806.220 or 806.230 or by any other law of this state are subject to all of the following:

(1) The person required to make the filing must file, or have filed for the benefit of the person, proof that meets the requirements of this section and must maintain the proof as long as required under ORS 806.250.

(2) The proof given for a future responsibility filing must be one or more of the following proofs

that the person is in compliance with financial responsibility requirements:

The division shall not accept a certificate under this paragraph unless the deposit is accompanied by evidence that there are no unsatisfied judgments of any character against the depositor in the county where the depositor resides.

(3) The owner of a motor vehicle may make a future responsibility filing under this section on behalf of the owner's employe or a member of the owner's immediate family or household in lieu of the filing being made by such person. Filing under this subsection permits the person on whose behalf the filing is made to operate only a motor vehicle covered by the proof given in the filing. The division shall indorse restrictions, as appropriate, on any license or driver permit the person holds as the division determines necessary to limit the person's ability to operate vehicles consistent with this subsection.

(4) At the request of a person who has made a future responsibility filing under this section, the division shall return the proof filed upon the substitution of other adequate proof.

(5) Whenever proof filed under this section no longer meets the requirements of this section, the division shall require the furnishing of other proof for the future responsibility filing. If such other proof is not so furnished, the division shall suspend the driving privileges of the person as provided under ORS 809.410 or, if applicable, any registration as provided under ORS 809.050. [1983 c.338 §859]

806.250 Termination of future responsibility filing requirement; reasons. The division shall terminate the requirement that a person maintain future responsibility filings according to this section and may return proof given for the filing as provided in this section. A termination of the requirement to maintain a future responsibility filing under this section does not remove a person's responsibility to comply with financial responsibility requirements. The

authority of the division to terminate future responsibility filing requirements or to return proof made for such filings is subject to the following:

(1) Subject to subsection (4) of this section, the division shall terminate requirements for a future responsibility filing under any of the following circumstances:

(a) In the event of the death of the person on whose behalf such proof was filed.

(b) On the request of the person on whose behalf such proof was furnished if:

(A) More than three years have passed from the date such proof was required; and

(B) During the one-year period preceding the request, the division has not received record of a conviction that would require or permit the suspension of the driving privileges or registration of the person by or for whom the proof was furnished.

(c) On request of the person on whose behalf such proof was furnished, when the person was required to provide proof of future responsibility:

(A) Because of an error committed by the division;

(B) Because the person failed to respond as required under ORS 806.160 but the division later determines that the person in fact was in compliance with financial responsibility requirements as of the date of the division's letter of verification under ORS 806.150;

(C) Because of an error committed by an insurance company in notifying the division regarding the correctness of a certification under ORS 806.150; or

(D) Because the person was not in compliance with financial responsibility requirements as of the date of the division's letter of verification under ORS 806.150, but the division later determines that the person reasonably and in good faith believed that the person was in compliance with financial responsibility requirements on the date of the division's letter of verification.

(2) Subject to subsection (4) of this section, the division shall return any proof submitted for a future responsibility filing to the person entitled thereto upon termination of the requirement for a future responsibility filing under this section.

(3) Subject to subsection (4) of this section, the division shall return any proof submitted for a future responsibility filing to the person entitled thereto if the person on whose behalf the proof was submitted surrenders to the division any

license or driver permit held by the person or if the person is subject to suspension of registration under ORS 809.050 surrenders to the division any such registration. If the division returns proof under this subsection, the requirement for the person to make future responsibility filings is not terminated and the division shall refuse any application for driving privileges or registration the person thereafter makes unless the person makes a future responsibility filing for the remainder of the three-year period.

(4) The division shall not terminate any requirements or return any proof under this section if any action for damages which may result in a judgment of a type described under ORS 806.040 is then pending nor in the event any such judgment is outstanding and unsatisfied. An affidavit of an applicant for termination or release stating the nonexistence of such facts is sufficient evidence thereof in the absence of evidence to the contrary in the records of the division. [1983 c.338 §860; 1985 c.16 §432, 1985 c.714 §9]

806.260 Lien created by bond; filing of bond to perfect lien. The State of Oregon shall have a lien upon any real property scheduled in a bond submitted for a future responsibility filing under ORS 806.240. The division shall perfect the lien by filing notice of the lien with the county clerk of the counties in which the real property is located. The lien shall exist in favor of any holder of a judgment described under ORS 806.040 that is against the person who is principal on the bond and that results from a cause of action that occurred after the bond was filed. [1983 c.338 §861]

806.270 Certificate of insurance. A certificate of insurance that is used to comply with future responsibility filing requirements under ORS 806.240 is subject to all of the following:

(1) Except as provided by ORS 806.280, the certificate must be issued by an insurance carrier doing business in this state.

(2) The certificate must show that the person required to make the future responsibility filing is covered by insurance that provides minimum coverage necessary for payment of the schedule of payments under ORS 806.070.

(3) The certificate must show that the person required to make the future responsibility filing is either:

(a) Insured by a policy meeting the requirements under ORS 806.080 that also covers all other persons who, with the consent of the insured, use the vehicles owned by the person making the filing; or

(b) Insured against loss arising from liabilities imposed by law for damages arising out of

the ownership, operation, use or maintenance of motor vehicles not owned by the person required to make the filing.

(4) The certificate must:

(a) Be dated as of the date of the motor vehicle policy for which it is given;

(b) Contain the policy number; and

(c) Describe all vehicles covered by the policy, unless such policy is issued with respect to all vehicles operated by the insured.

(5) The certificate must provide that the insurers will give the division written notice of any cancellation of the policy within 10 days after the effective date of the cancellation or termination. The notice requirement under this subsection does not apply where the insurance is terminated under ORS 806.290.

(6) The division shall not accept any certificate or certificates unless all vehicles are covered that are registered in the name of or operated by the person furnishing the proof except vehicles that are in storage and for which the current registration plates and cards have been surrendered to the division.

(7) A person who causes a certificate or certificates to be tendered for the future responsibility requirements must file with the division a statement that the certificate or certificates cover all vehicles registered in the person's name. The division may rely upon the accuracy of the information in a statement as to the extent of the coverage unless and until the division has reason to believe that the information is erroneous.

(8) The requirements under this section may be fulfilled by the policies of one or more insurance carriers. [1983 c.338 §862; 1985 c.16 §433]

806.280 When certificate of carrier not authorized to do business in this state may be used. The division shall not accept a certificate of insurance for purposes of future responsibility filings from an insurance company or surety company that is not authorized to do business in Oregon unless the company meets all of the following requirements:

(1) The company must execute and deliver to the division a power of attorney authorizing the division to accept on behalf of the company service of process in any action arising out of a vehicle accident in this state involving the principal or insured of the company.

(2) The company must execute and deliver to the division a written agreement that the bond or policy shall be deemed to conform to the laws of this state relating to such bond or insurance policy.

(3) The company must not be in default in any of its agreements or undertakings under a certificate of insurance used for a future responsibility filing in this state. The division shall not accept any certificate of insurance from a company described in this subsection so long as such default continues. [1983 c.338 §863]

806.290 Automatic termination of insurance under future responsibility filing upon subsequent filing. An insurance policy for which a certificate of insurance is filed to comply with future responsibility requirements is terminated with respect to any operator or vehicle designated in the certificate if the operator or vehicle is also covered by an insurance policy subsequently procured and certified to the division. The date of termination under this section is the date the subsequent certificate is filed with the division. [1983 c.338 §864]

806.300 Failure to surrender license and registration on cancellation of future responsibility filing; penalty. (1) A person

commits the offense of failure to surrender license and registration on cancellation of future responsibility filing if the person does not immediately return the person's license or driver permit and registration to the division when any of the following occur:

(a) A policy of insurance or bond required under ORS 806.240 is canceled or terminated.

(b) The person neglects to furnish other proof for a future responsibility filing upon request of the division.

(2) If any person fails to return to the division the license, driver permit or registration, the division may request any peace officer to secure possession thereof and return it to the division.

(3) The offense described in this section, failure to surrender license and registration on cancellation of future responsibility filing, is a Class C misdemeanor. [1983 c.338 §865; 1985 c.16 §434; 1985 c.393 §66]
