(3) If a substance is an ingredient of a controlled substance, the ingredient shall be considered to be in the same schedule as that controlled substance. Substances which are precursors of the ingredient shall not be subject to control solely because they are precursors of the ingredient. (1) Every person who manufactures, delivers or dispenses any controlled substance within this state or who proposes to engage in the manufacture, delivery or dispensing of any controlled substance within this state, must obtain annually a registration issued by the board in accordance with its rules

(2) Persons registered by the board under ORS 475 005 to 475 285, 475 940 to 475 965 and 475 991 to 475 995 to manufacture, deliver, dispense or conduct research with controlled substances may possess, manufacture, deliver, dispense or conduct research with those substances to the extent authorized by their registration and in conformity with the other provisions of ORS 475 045, 475 095 and 475 125 to 475 185 and other applicable laws of this state

(3) The following persons need not register and may lawfully possess controlled substances under ORS 475 005 to 475 285, 475 940 to 475 965 and 475 991 to 475 995

(a) An agent or employe of any registered manufacturer, distributor or dispenser of any controlled substance if the agent or employe is acting in the usual course of business or employment

(b) A common or contract carrier or warehouseman, or an employe thereof, whose possession of any controlled substance is in the usual course of business or employment

order of a practitioner or in lawful possession of a Schedule V substance, unless otherwise prohibited

(d) A practitioner otherwise licensed under the laws of this state and authorized to dispense or administer a controlled substance by the licensing authority

(6) The board may inspect the establishment of a registrant or applicant for registration in accordance with the rules of the board [1977 c 745 §8]

**475 130** [Repealed by 1957 c 587 §12]

**475.135 Grounds to grant or deny registration; scope of registration; effect of federal registration.**

(1) The board shall register or renew the registration of an applicant to manufacture or dispense controlled substances included in schedules under procedures defined in ORS 475 035, unless it determines that the issuance of that registration would be inconsistent with the public interest. In determining the public interest, the board shall consider the following factors

(a) Failure to maintain effective controls against diversion of controlled substances into other than legitimate medical, scientific or industrial channels;

(b) Failure to comply with applicable state or local laws,

(c) Any convictions of the applicant under any federal or state laws relating to any controlled substance,

(d) Past experience in the manufacture, delivery or dispensing of controlled substances and the existence in the applicant's establishment of effective controls against diversion,

(e) Furnishing by the applicant of false or fraudulent material in any application filed under ORS 475 005 to 475 285 and 475 940 to 475 965,

(f) Suspension or revocation of the applicant's federal registration to manufacture, deliver or dispense controlled substances as authorized by federal law, or

(g) Any other factors relevant to and consistent with the public health and safety

(2) Registration under subsection (1) of this section does not entitle a registrant to manufacture, deliver or dispense controlled substances in Schedule I or II other than those specified in the registration

(3) Practitioners must be registered to conduct research with controlled substances in Schedules I through V if they are authorized to conduct research under the law of this state. The board need not require separate registration under ORS 475 045, 475 095 and 475 125 to 475 185 for practitioners engaging in research with controlled substances in Schedules I through V where the registrant is already registered under ORS 475 045, 475 095 and 475 125 to 475 185 in another capacity. Persons with valid registration from the Drug Enforcement Administration for research on controlled substances may conduct research within this state in compliance with other state law upon furnishing the board evidence of that federal registration, and are exempt from state prosecution for possession and distribution of controlled substances to the extent of the registration. Registration under ORS 475 005 to 475 285 and 475 940 to 475 965 does not exempt the registrant from compliance with any other relevant law of this state or the United States, unless such exemption is expressly provided under ORS 475 005 to 475 285 and 475 940 to 475 965

(4) Notwithstanding this section, the manufacture, delivery or dispensing of any controlled substance excluded from any medical use by federal law is prohibited, except

(a) For research authorized under subsection (3) of this section and ORS 475 225, or

(b) As otherwise provided by state or federal law

(5) Compliance by manufacturers and distributors with the provisions of the federal law respecting registration, excluding fees, entitles them to be registered under ORS 475 045, 475 095 and 475 125 to 475 185 [1977 c 745 §9 1979 c 777 §5.3, 1981 c 666 §5]

475 140 [Repealed by 1957 c 587 §12]

**475.145 Revocation and suspension of registration.** (1) A registration under ORS 475 135 to manufacture, deliver or dispense a controlled substance may be suspended or revoked by the board upon a finding that

(a) The registrant has furnished false or fraudulent material information in any application filed under ORS 475 005 to 475 285 and 475 940 to 475 965,

(b) The registrant has been convicted of a felony under any state or federal law relating to any controlled substance,

(c) The registrant has had the federal registration suspended or revoked to manufacture, deliver or dispense controlled substances,

(d) The registrant has violated any rule of the board under ORS 475 005 to 475 285 and 475 940 to 475 965,

(e) The registrant has failed to maintain proper records or has failed to follow proper refill procedures, or

(f) Continuance of registration would be inconsistent with the public interest under any factor stated in ORS 475 135

(2) The board may limit revocation or suspension of a registration to the particular controlled substance with respect to which grounds for revocation or suspension exist

(3) If the board suspends or revokes a registration, all controlled substances owned or possessed by the registrant at the time of suspension or the effective date of the revocation order may be placed under seal. No disposition may be made of substances under seal until the time for taking an appeal has elapsed or until all appeals have been concluded unless a court, upon application therefor, orders the sale of perishable substances and the deposit of the proceeds of the sale with the court. Upon a revocation order becoming final, all controlled substances may be forfeited to the state

(4) The board shall promptly notify the administration of all orders suspending or revoking registration and all forfeitures of controlled substances [1977 c 745 §10 1981 c 666 §6]

475 150 [Amended by 1959 c 411 §1, 1971 c 418 §14 repealed by 1977 c 745 §5.4]

**475.155 Order to show cause** (1) Before denying, suspending or revoking a registration, or refusing a renewal of registration, the board shall serve upon the applicant or registrant an order to show cause why registration should not be denied, revoked or suspended, or why the renewal should not be refused. The order to show cause shall contain a statement of the basis therefor and shall call upon the applicant or registrant to appear before the board at a time and place not less than 30 days after the date of service of the order. These proceedings shall be conducted in accordance with ORS 183 310 to 183 550 without regard to any criminal prosecution or other proceeding. Proceedings to refuse renewal of registration shall not abate the existing registration which shall remain in effect pending the outcome of the administrative hearing

(2) The board may suspend, without an order to show cause, any registration simultaneously

with the institution of proceedings under ORS 475 145 or where renewal of registration is refused, if it finds that there is an imminent danger to the public health or safety which warrants this action. The suspension shall continue in effect until the conclusion of the proceedings, including judicial review thereof, unless sooner withdrawn by the board or dissolved by a court of competent jurisdiction [1977 c 745 §11]

**475 160** [Repealed by 1977 c 745 §54]

**475 165 Records of registrants.** Persons registered to manufacture, deliver or dispense controlled substances under ORS 475 005 to 475 285, 475 940 to 475 965 and 475 991 to 475 995 shall keep records and maintain inventories in conformance with the recordkeeping and inventory requirements of federal law and with any additional rules the board issues [1977 c 745 §12]

**(Records)**

**475 175 When order forms required.** Controlled substances in Schedules I and II shall be distributed by a registrant to another registrant only pursuant to an order form. Compliance with the provisions of federal law respecting order forms shall be deemed compliance with this section [1977 c 745 §13]

**475.185 When prescriptions required.** (1) Except when dispensed directly by a practitioner to an ultimate user, no controlled substance in Schedule II may be dispensed without the written prescription of a practitioner

(2) In emergency situations, as defined by rule of the board, Schedule II drugs may be dispensed upon oral prescription of a practitioner, reduced promptly to writing and filed by the pharmacy. Prescriptions shall be retained in conformity with the requirements of ORS 475 165. No prescription for a Schedule II substance may be refilled

(3) Except when dispensed directly by a practitioner to an ultimate user, a controlled substance included in Schedule III, IV or V, which is a prescription drug, shall not be dispensed without a written or oral prescription of a practitioner. The prescription shall not be filled or refilled more than six months after the date on which it was issued and no prescription authorized to be refilled may be refilled more than five times. Additional quantities of the controlled substances listed in Schedule III, IV or V may only be authorized by a practitioner through issuance of a new prescription

(4) A controlled substance shall not be delivered or dispensed other than for a medical purpose

(5) Except in good faith and in the course of professional practice only, a practitioner or a pharmacist may not dispense controlled substances

(6) Any oral prescription authorized by statute or rule shall be reduced promptly to writing and filed by the pharmacy

Those rules shall include a provision that the State Board of Pharmacy will suspend or revoke the registration of any humane society or animal control agency that allows a person who is not certified under subsection (4) of this section to administer sodium pentobarbital

(3) Any person who is registered under ORS 475 005 to 475 285, 475 940 to 475 965 and 475 991 to 475 995 to deliver or dispense controlled substances may deliver or dispense sodium pentobarbital to a humane society or animal control agency registered under subsections (1) and (2) of this section
