

Chapter 492

1987 REPLACEMENT PART

Airports and Landing Fields

- STATE ASSISTANCE**
- 492 010 Definitions
- 492 020 Availability of services of division
- 492 030 Financial assistance by administrator
- 492 040 Division as municipal agent
- 492 050 Establishment of airports and air navigation facilities by division
- 492 060 Disposal of property
- 492 070 Effect of statute on airport zoning
- 492 080 Joint exercise of power
- 492 090 Condemnation by division
- 492 100 Condemnation of railroad or public utility property
- 492 110 Commercial concessions at state airports
- 492 120 Operation of state airports by private persons
- 492 130 Liens of state for repairs, improvements or services to personal property
- 492 140 Use of federal and other moneys
- 492 150 State airway system
- 492 160 Exemptions from ORS 492 170 to 492 240
- 492 170 Approval of airport sites, fee
- 492 180 Application for site approval
- 492 190 Approval criteria and conditions
- 492 200 Revocation of approval
- 492 210 Licensing of airports
- 492 220 Revocation of license, refusal of renewal
- 492 230 Public hearing regarding site or license, transcripts
- 492 240 Unlicensed airport operation prohibited
- MUNICIPAL AIRPORTS**
- 492 310 Authority to establish airports
- 492 320 Acquisition of lands declared to be for public purpose
- 492 330 Delegation of authority to develop and maintain airports, regulations for charges, fees and tolls
- 492 340 Municipal acquisition of property for airports
- 492 350 Source of airport funds
- 492 360 Use of funds from operation
- 492 370 Authorization to budget and levy taxes
- 492 380 Authority as supplemental
- 492 390 Acquisition by municipality of real property contiguous to airport, subsequent use or disposition, financing acquisition or use
- AIRPORT ZONING ACT**
- 492 510 Citation of short title
- 492 520 Definitions
- 492 530 Declaration of policy
- 492 540 Authority to adopt airport zoning regulations
- 492 550 Joint airport zoning board, authority to adopt airport zoning regulations
- 492 560 Incorporation of airport zoning regulations in comprehensive zoning regulations
- 492 570 Manner of adopting or amending zoning regulations
- 492 580 Airport zoning commission
- 492 590 Character of regulations which may be adopted
- 492 600 Railroad and public utility as airport hazards
- 492 610 Permit required for new and nonconforming structures
- 492 620 Variance from zoning regulations
- 492 630 Attaching conditions to permits or variances
- 492 640 Agency to administer and enforce regulations
- 492 650 Board of adjustment, powers, members, appointment, removal
- 492 660 Vote required for board decisions, rules and procedures
- 492 670 Appeal to board of adjustment from administrative agency
- 492 680 Appeal to circuit court from board of adjustment
- 492 690 Effect of unconstitutional regulations
- 492 700 Injunctive relief
- 492 710 Municipal acquisition of air rights, navigation easements or other interests
- MISCELLANEOUS**
- 492 760 Marks and lights on structures or obstructions, acquisition of right or easement
- 492 770 Designation of landing places on public lands, rules governing user
- 492 780 Use of certain ocean beaches as landing fields
- 492 790 Petition to set aside shore as landing field
- 492 800 Action on petition, order setting aside area for landing field, user permits, revocation of order or permit
- 492 810 Enforcement of ORS 492 780 and 492 800
- 492 820 Rules and standards, orders, appeals

STATE ASSISTANCE

492.010 Definitions. When used in the laws of this state relating to aeronautics, unless the context otherwise provides

(1) "Administrator" means the Aeronautics Administrator of this state

(2) "Aeronautics" means the science and art of flight and including but not limited to transportation by aircraft, the operation, construction, repair or maintenance of aircraft, aircraft power plants and accessories, including the repair, packing and maintenance of parachutes, the design, establishment, construction, extension, operation, improvement, repair or maintenance of airports or other air navigation facilities, and instruction in flying or ground subjects pertaining thereto

(3) "Aircraft" means any contrivance used or designed for navigation of or flight in the air, but does not mean a one-person motorless glider which is launched from the earth's surface solely by the operator's power

(4) "Airman" means any individual who engages, as the person in command, or as pilot, mechanic, or member of the crew, in the navigation of aircraft while under way, and any individual who is directly in charge of the inspection, maintenance, overhauling or repair of aircraft engines, propellers or appliances, and any individual who serves in the capacity of aircraft dispatcher, or air-traffic control-tower operator, but does not include any individual employed outside the United States, or any individual employed by a manufacturer of aircraft, aircraft engines, propellers or appliances to perform duties as inspector or mechanic in connection therewith, or any individual performing inspection or mechanical duties in connection with aircraft owned or operated by the individual

(5) "Air navigation facility" means any facility other than one owned or operated by the United States used in, available for use in, or designed for use in, aid of air navigation, including airports and any structures, mechanisms, lights, beacons, markers, communicating system or other instrumentalities or devices used or useful as an aid, or constituting an advantage or convenience to the safe taking-off, navigation and landing of aircraft, or the safe and efficient operation or maintenance of an airport, and any combination of any or all of such facilities

(6) "Airport" means any area of land or water, within or without this state, which is used, or intended for use, for the landing and take-off of

aircraft, and any appurtenant areas which are used, or intended for use, for airport buildings or other airport facilities or rights of way, together with all airport buildings and facilities located thereon

(7) "Airport hazard" means any structure, object of natural growth, or use of land, which obstructs the airspace required for the flight of aircraft in landing or taking off at an airport, or is otherwise hazardous to such landing or taking off

(8) "Department" means the Department of Transportation

(9) "Civil aircraft" means any aircraft other than a public aircraft

(10) "Municipality" means any county, city, town, village, borough, authority, district or other political subdivision or public corporation of this state "Municipal" means pertaining to a municipality as defined in this section

(11) "Operation of aircraft" or "operate aircraft" means the use, navigation or piloting of aircraft in the airspace over this state or upon any airport within this state

(12) "Person" means any individual, firm, partnership, corporation, company, association, joint stock association, or body politic, and includes any trustee, receiver, assignee, or other similar representative thereof

(13) "Public aircraft" means any aircraft used exclusively in the service of any government or of any political subdivision thereof, including the government of any state, territory or possession of the United States, or the District of Columbia, but not including any government-owned aircraft engaged in carrying persons or property for commercial purposes

(14) "State" or "this state" means the State of Oregon and territory over which any municipality of the State of Oregon has jurisdiction [Amended by 1975 c 302 §1, 1975 c 755 §1, 1983 c 66 §2, 1985 c 565 §77]

492.020 Availability of services of division. The administrator may, insofar as is reasonably possible, make available the division's engineering and other technical services with or without charge, to any person requesting such services in connection with the planning, acquisition, construction, improvement, maintenance or operation of airports or air navigation facilities [Amended by 1987 c 105 §4]

492.030 Financial assistance by administrator. The administrator as authorized by the commission may render financial assistance by grant or loan, or both, to any municipality or

municipalities acting jointly in the planning, acquisition, construction, improvement, maintenance or operation of an airport owned or controlled, or to be owned or controlled by such municipality or municipalities, out of appropriation made by the legislature for such purposes. The financial assistance may be furnished in connection with federal or other financial aid for the same purposes. [Amended by 1987 c 105 §5]

492.040 Division as municipal agent. The division shall, upon request, act as agent of any municipality or municipalities acting jointly, in accepting, receiving, receipting for and disbursing federal moneys and other moneys, public or private, made available to finance in whole, or in part, the planning, acquisition, construction, improvement, maintenance or operation of a municipal airport or air navigation facility. The division shall upon request, act as its or their agents in contracting for and supervising such planning, acquisition, construction, improvement, maintenance or operation. All municipalities are authorized to designate the division as their agent for such purposes. [Amended by 1987 c 105 §6]

492.050 Establishment of airports and air navigation facilities by division. (1) The division may, on behalf of and in the name of the state out of moneys made available for such purposes, plan, establish, construct, enlarge, improve, maintain, equip, operate, regulate, protect and police airports and air navigation facilities, either within or without the state, including the construction, installation, equipment, maintenance and operation at such airports of buildings and other facilities for the servicing of aircraft or for the comfort and accommodation of air travelers.

(2) For such purposes the division may, by purchase, gift, devise, lease, condemnation or otherwise, acquire property, real or personal, or any interest therein, including easements in airport hazards or land outside the boundaries of an airport or airport site, as are necessary to permit safe and efficient operation of the airports or to permit the removal, elimination, obstruction-marking or obstruction-lighting of airport hazards, or to prevent the establishment of airport hazards. In like manner the division may acquire existing airports and air navigation facilities, provided it shall not acquire or take over any airport or air navigation facility owned or controlled by a municipality of this or any other state without the consent of the municipality. [Amended by 1987 c 105 §7]

492.060 Disposal of property. The division as authorized by the commission may by

sale, lease, or otherwise, dispose of any property mentioned in ORS 492 050, any airport, air navigation facility, or portion thereof or interest therein. The disposal by sale, lease or otherwise shall be in accordance with the laws of this state governing the disposition of other property of the state, except that in the case of disposals to any municipality or state government or the United States for aeronautical purposes incident thereto, the sale, lease, or other disposal may be effected in such manner and upon such terms as the division may deem in the best interest of the state. [Amended by 1987 c 105 §8]

492.070 Effect of statute on airport zoning. ORS 492 010 to 492 250, 492 310, 492 320, 492 340, 492 350 and 492 370 do not limit any right, power or authority of the state or a municipality to regulate airport hazards by zoning.

492.080 Joint exercise of power. The department may exercise any powers granted by ORS 492 050 to 492 100 jointly with any municipalities or agencies of the state government, with other states or their municipalities, or with the United States.

492.090 Condemnation by division. In the condemnation of property authorized by ORS 492 050, the division as authorized by the commission shall proceed in the name of the state in the manner provided by ORS chapter 35. For the purpose of making surveys and examinations relative to any condemnation proceedings, it shall be lawful to enter upon any land, doing no unnecessary damage. Notwithstanding the provisions of any other statute, or the charter of any municipality, the division may take possession of any property to be condemned at any time after the commencement of the condemnation proceedings. The division shall not be precluded from abandoning the condemnation of any such property in any case where possession thereof has not been taken. [Amended by 1971 c 741 §31, 1987 c 105 §9]

492.100 Condemnation of railroad or public utility property. No operating property of any railroad as defined in ORS 760 005 and 760 010, or any public utility as defined in ORS 757 005 shall be condemned pursuant to ORS 492 050 and 492 090 unless the Public Utility Commission, after notice and hearing in accordance with the rules of procedure of the commission, has found that public convenience and necessity require such condemnation. All administrative expenses incurred in any such hearing shall be paid by the party not prevailing therein.

Note. The amendments to 492 100 by section 108 chapter 447 Oregon Laws 1987, take effect July 1 1989. See

section 143 chapter 447, Oregon Laws 1987 The text is set forth for the user's convenience

492.100 No operating property of any railroad as defined in ORS 760.005 and 760.010, any public utility as defined in ORS 757.005 or any telecommunications utility as defined in section 1, chapter 447, Oregon Laws 1987, shall be condemned pursuant to ORS 492.050 and 492.090 unless the Public Utility Commission, after notice and hearing in accordance with the rules of procedure of the commission, has found that public convenience and necessity require such condemnation. All administrative expenses incurred in any such hearing shall be paid by the party not prevailing therein.

492.110 Commercial concessions at state airports. (1) In operating an airport or air navigation facility owned or controlled by the state the division as authorized by the commission may enter into contracts, leases and other arrangements for a term not exceeding 30 years with any persons

(a) Granting the privilege of using or improving such airport or air navigation facility or any portion or facility thereof or space therein for commercial purposes,

(b) Conferring the privilege of supplying goods, commodities, things, services or facilities at such airport or air navigation facility, or

(c) Making available services to be furnished by the division or its agents at such airport or air navigation facility

(2) In each such case the division may establish the terms and conditions and fix the charges, rentals or fees for the privileges or services, which shall be reasonable and uniform for the same class of privilege or service and shall be established with due regard to the property and improvements used and the expenses of operation to the state, provided, that in no case shall the public be deprived of its rightful, equal and uniform use of the airport, air navigation facility, or portion or facility thereof [Amended by 1987 c 105 §10]

492.120 Operation of state airports by private persons. (1) The division as authorized by the commission may by contract, lease or other arrangement, upon a consideration fixed by it, grant to any qualified person for a term not to exceed 30 years the privilege of operating, as agent of the state or otherwise, any airport owned or controlled by the state, provided, that no such person shall be granted any authority to operate the airport other than as a public airport, or to enter into any contracts, leases, or other arrangements in connection with the operation of the airport which the division might not have undertaken under ORS 492.110

(2) The division shall grant no exclusive right for the use of any airway, airport, or air naviga-

tion facility under its jurisdiction. This subsection shall not prevent the making of contracts, leases, and other arrangements pursuant to this section or ORS 492.110 [Amended by 1975 c 302 §2 1987 c 105 §11]

492.130 Liens of state for repairs, improvements or services to personal property. To enforce the payment of any charges for repairs to, or improvements, or storage or care of any personal property made or furnished by the department or its agents in connection with the operation of an airport or air navigation facility owned or operated by the state, the state shall have liens on such property, which shall be enforceable by the department as provided by law

492.140 Use of federal and other moneys. The division as authorized by the commission may accept, receive, receipt for, disburse and expend federal moneys, and other moneys, public or private, made available to accomplish, in whole or in part, any of the purposes of ORS chapters 491, 492 and 493. In accepting federal moneys under this subsection, the division shall have the same authority to enter into contracts on behalf of the state as is granted to the division with respect to federal moneys accepted on behalf of municipalities [Amended by 1977 c 433 §1, 1987 c 105 §12]

492.150 State airway system. The division as authorized by the commission may designate, design and establish, expand or modify a state airway system which will serve the interest of the state. It may chart such airways system and arrange for publication and distribution of such maps, charts, notices and bulletins relating to such airways as may be required in the public interest. The system shall be supplementary to and coordinated in design and operation with the federal airways system. It may include all types of air navigation facilities, whether publicly or privately owned, provided that such facilities conform to federal safety standards [Amended by 1987 c 105 §13]

492.160 Exemptions from ORS 492.170 to 492.240. (1) The provisions of ORS 492.170 to 492.240 do not apply to airports owned or operated by the United States

(2) The division as authorized by the commission may, from time to time, to the extent necessary, exempt any class of airports, pursuant to a reasonable classification or grouping, from any rule or regulation promulgated under ORS 492.170 to 492.240, or from any requirement of such a rule or regulation, if it finds that the application of such rule, regulation or requirement would be an undue burden on such class and

is not required in the interest of public safety [Amended by 1961 c 107 §1, 1983 c 66 §3, 1987 c 105 §14]

492.170 Approval of airport sites; fee
Except as provided in ORS 492 160, the division as authorized by the commission shall provide for the approval of proposed airport sites and the issuance of certificates of such approval. The following apply to this section:

(1) A fee of \$75 shall be charged to defray the costs of processing any such approval and shall accompany the application for site approval.

(2) The division shall determine approval of airport sites under this section based on the conditions under ORS 492 190 [Amended by 1975 c 302 §3, 1983 c 66 §4, 1985 c 488 §1, 1987 c 105 §15]

492.180 Application for site approval.
Subject to the rules of procedure adopted by the commission providing for such approvals, any municipality or person desiring or planning to construct or establish an airport must, prior to the construction or establishment of the proposed airport, submit to the division an application for approval of the site which shall include an outline plan and written description of the project, showing particularly the airport location in respect to surrounding topography that could affect the airport location [Amended by 1961 c 107 §2, 1975 c 302 §4, 1987 c 105 §16]

492.190 Approval criteria and conditions. (1) The division shall, with reasonable dispatch, grant approval of a proposed airport site if it is satisfied that the site is adequate for the proposed airport, that such proposed airport, if constructed or established, will conform to minimum standards of safety and that safe air traffic patterns could be worked out for such proposed airport and for all existing airport and approved airport sites in its vicinity. In determining whether an airport site is adequate for a proposed airport, the division shall evaluate all of the following aspects of the site:

(a) All real property devoted to or to be used in connection with any aeronautical activity at the proposed airport.

(b) The location of the airport in relation to any surrounding topography, trees or structures that could affect the safety of the airport.

(c) The location and configuration of the proposed airport's runways and operation areas in relation to those of existing and approved airports or airport sites in the vicinity that could affect the safety of aircraft operating from the proposed airport, or from other airports.

(2) An approval of a proposed airport site may be granted under this section subject to any

reasonable conditions which the division may deem necessary to effectuate the purposes of ORS 492 170 to 492 240, and shall remain in effect, unless sooner revoked by the division, until a license for an airport located on the approved site has been issued pursuant to ORS 492 210 [Amended by 1983 c 66 §5, 1987 c 105 §17]

492.200 Revocation of approval. The division may, after notice and opportunity for hearing to holders of certificates of airport site approval under ORS 492 190, revoke such approval when it reasonably determines:

(1) That there has been an abandonment of the site as an airport site,

(2) That there has been a failure within two years, to develop the site as an airport or to comply with the conditions of the approval, or

(3) That prior to commencement of construction and because of change of physical or legal conditions or circumstances the site is no longer usable for the aeronautical purposes for which the approval was granted [Amended by 1975 c 302 §5, 1983 c 66 §6, 1987 c 105 §18]

492.210 Licensing of airports. Except as provided in ORS 492 160, the division is authorized to provide for the licensing of airports and the annual renewal of such licenses. The following apply to this section:

(1) The division may charge license fees not exceeding \$10 for each original license, and not exceeding \$10 for each renewal thereof.

(2) Upon the adoption of a rule providing for such licensing, the division shall, with reasonable dispatch, upon receipt of an application for an original license and the payment of the duly required fee therefor, issue an appropriate license if it is satisfied that the airport conforms to minimum standards of safety and that safe air traffic patterns can be worked out for such airport and for all existing airports and approved airport sites in its vicinity.

(3) All licenses shall be renewable annually upon payment of the fees prescribed.

(4) Licenses and renewals thereof may be issued subject to any reasonable conditions that the division may deem necessary to effectuate the purposes of ORS 492 170 to 492 240 [Amended by 1985 c 488 §2, 1987 c 105 §19]

492.220 Revocation of license; refusal of renewal. The division may, after notice and opportunity for hearing to the licensee, revoke any airport license or renewal thereof, or refuse to issue a renewal, when it shall reasonably determine

(1) That there has been an abandonment of the airport as such,

(2) That there has been a failure to comply with the conditions of the license or renewal thereof, or

(3) That because of change of physical or legal conditions or circumstances the airport has become either unsafe or unusable for the aeronautical purposes for which the license or renewal was issued [Amended by 1975 c 302 §6, 1987 c 105 §20]

492.230 Public hearing regarding site or license; transcripts. In connection with the grant of approval of a proposed airport site or the issuance of an airport license under ORS 492 170 to 492 220 the division may, on its own motion, or upon the request of an affected or interested person, hold a hearing open to the public on any issue Hearing transcripts shall be provided to requesting parties, at cost [Amended by 1975 c 302 §7, 1987 c 105 §21]

492.240 Unlicensed airport operation prohibited Except as provided in ORS 492 160, no person, municipality or officer or employe thereof, shall operate an airport without an appropriate license for such, as is duly required by rule or regulation issued pursuant to ORS 492 210

492 250 [Repealed by 1987 c 105 §33]

MUNICIPAL AIRPORTS

492 310 Authority to establish airports. All municipalities of this state, separately or jointly or in cooperation with the Federal Government or state, may acquire, establish, construct, expand or lease, control, equip, improve, maintain, operate, police and regulate airports for the use of aircraft, either within this state or within any adjoining state, and may use for such purposes any available property owned or controlled by such municipalities or political subdivisions All municipalities shall notify the division of, and allow the Aeronautics Division to participate in an advisory capacity in, all municipal airport or aviation system planning [Amended by 1987 c 107 §2]

492.320 Acquisition of lands declared to be for public purpose. All lands heretofore or hereafter acquired, owned, leased, controlled or occupied by municipalities, for the purposes specified in ORS 492 310 are declared to be acquired, owned, leased, controlled or occupied for public and governmental and municipal purposes

492.330 Delegation of authority to develop and maintain airports; regulations for charges, fees and tolls. Municipalities of

this state which establish airports, or which acquire, lease or set apart real property for such purposes, may

(1) Delegate the authority for the planning, construction, equipment, improvement, maintenance and operation thereof in any offices, board or body of such municipality

(2) Provide by regulation for charges, fees and tolls for the use of such airport and civil penalties for the violation of such regulations

492.340 Municipal acquisition of property for airports. Private property, or any interest therein of whatever kind, and an easement for the operation of aircraft and all operations incidental thereto, to and from the property for the purposes specified in ORS 492 310, may be acquired by any municipality, by gift, grant, purchase, lease or contract, if it is able to agree with the property owners on the terms of acquisition If they are unable to agree upon terms, private property may be acquired by condemnation in the manner provided in ORS chapter 35 As an alternative, the municipality, if a port, may condemn said private property, or any interest therein, for the operation of aircraft and all operations incidental thereto, in the same manner and procedure as is then provided by statute for condemnation of property by corporations organized for construction and operation of railroads [Amended by 1971 c 741 §32]

492.350 Source of airport funds. The purchase price or compensation for real or other property acquired in accordance with ORS 492 340 and the cost and expenses for the development, improvement, maintenance and operation of airports, may be paid for by appropriation of moneys available, or entirely or in part from the proceeds of the sale of bonds of the municipality, as the governing body of the municipality may determine, subject, however, to the authorization therefor at a regular or special election, if such authorization is a prerequisite to the issuance of bonds of the municipality for public purposes generally

492.360 Use of funds from operation. The officials of any municipality acquiring, establishing, developing, operating, maintaining or controlling an airport under authority of ORS 492 310 may use for such purposes funds derived from operation of the airport

492.370 Authorization to budget and levy taxes. Any municipality acting under authority of ORS 492 310 may provide in its annual budget and tax levy an amount of money necessary for the maintenance and operation of such airports

492.380 Authority as supplemental. The authority conferred by ORS 492 310, 492 320, 492 340, 492 350 and 492 370 is in addition and supplemental to the authority conferred by any other law

492.390 Acquisition by municipality of real property contiguous to airport, subsequent use or disposition; financing acquisition or use (1) In addition to the authority conferred upon them by any other law, any municipality of this state acquiring, establishing, developing, operating, maintaining or controlling an airport under ORS 492 310 to 492 380, may acquire real property, or any interest therein of whatever kind, contiguous to the airport by gift, grant, purchase, lease or contract for future development and expansion of the airport or its facilities. Until needed for such future development and expansion, the municipality may use the real property or interest therein so acquired by renting, leasing, controlling or occupying it

(2) If any real property owned by any municipality referred to in subsection (1) of this section and held for the use of an airport or its facilities is determined not to be needed for such purposes by the governing body of a municipality controlling the airport, such governing body may lease, occupy, use, sell, convey or dispose of such real property. Any sale of real property shall be made in accordance with the provisions of ORS 275 110 and 275 120. The proceeds of any sales made by the municipality shall apply against any indebtedness acquired under ORS 492 350. If no indebtedness exists, such funds shall be deposited to the general fund of such municipality

(3) All funds needed by any municipality to carry out any provision of this section may be provided in the same manner as funds may be provided under ORS 492 350 or 492 370, or both [1961 c 701 §§ 1, 2, 3]

AIRPORT ZONING ACT

492.510 Citation of short title. ORS 492 510 to 492 710 shall be known and may be cited as the Airport Zoning Act

492.520 Definitions. As used in ORS 492 510 to 492 710, unless the context otherwise requires

(1) "Airport" means any area of land or water designated and set aside for the landing and taking-off of aircraft and utilized or to be utilized in the interest of the public for such purposes, whether or not such airport is publicly or privately owned

(2) "Airport hazard" means any structure or tree or use of land which unreasonably obstructs

the airspace required for the safe flight of aircraft in landing or taking-off at any airport or is otherwise hazardous to such landing or taking-off of aircraft

(3) "Airport hazard area" means any area of land or water upon which an airport hazard might be established if not prevented as provided in ORS 492 530 to 492 710

(4) "Political subdivision" means any municipality, city, town, village or county

(5) "Structure" means any object constructed or installed by humans, including, but without limitation, buildings, towers, smokestacks and overhead transmission lines

492.530 Declaration of policy. It hereby is found that an airport hazard endangers the lives and property of users of the airport and of occupants of land in its vicinity, and also, if such airport hazard is of the obstruction type, it in effect reduces the size of the area available for the landing, taking-off and maneuvering of aircraft, thus tending to destroy or impair the utility of the airport and the public interests therein. Accordingly, it hereby is declared

(1) That the creation or establishment of an airport hazard is a public nuisance and an injury to the community served by the airport in question,

(2) That it is therefore necessary in the interest of the public health, public safety and general welfare that the creation or establishment of airport hazards be prevented,

(3) That this should be accomplished, to the extent legally possible, by exercise of the police power, and

(4) That both the prevention of the creation or establishment of airport hazards and the elimination, removal, alteration, mitigation or marking and lighting of existing airport hazards are public purposes for which political subdivisions may raise and expend public funds and acquire land or property interests therein

492.540 Authority to adopt airport zoning regulations. In order to prevent the creation or establishment of airport hazards, every political subdivision having an airport hazard area within its territorial limits may adopt, administer and enforce, under the police power and in the manner and upon the conditions prescribed in ORS 492 540 to 492 710, airport zoning regulations for such airport hazard area. The regulations may divide such area into zones, and, within such zones, specify the land uses permitted and regulate and restrict the height to which structures and trees may be erected or allowed to grow

492.550 Joint airport zoning board; authority to adopt airport zoning regulations. Where an airport is owned or controlled by a political subdivision and any airport hazard area appertaining to such airport is located outside the territorial limits of the political subdivision, or partly within and partly without the political subdivision owning or controlling the airport, the political subdivisions within which the airport hazard area is located may, by ordinance or resolution duly adopted, create a joint airport zoning board. The board shall have the same power to adopt, administer and enforce airport zoning regulations applicable to the airport hazard area in question as that vested by ORS 492 540 in the political subdivision within which the airport hazard area is located. Each such joint board shall have as members two representatives appointed by each political subdivision participating in its creation and in addition a chairman elected by a majority of the members so appointed.

492.560 Incorporation of airport zoning regulations in comprehensive zoning regulations. (1) If a political subdivision adopts a comprehensive zoning ordinance regulating, among other things, the height of buildings, any airport zoning regulations applicable to the same area or portion thereof, may be incorporated in and made a part of such comprehensive zoning regulations, and be administered and enforced in connection therewith.

(2) In the event of conflict between any airport zoning regulation adopted under authority of ORS 492 540 or 492 550 and any other regulation applicable to the same area, if the conflict be with respect to the height of structures or trees, the use of land, or any other matter, and if such other regulation was adopted by the airport zoning commission or by some other political subdivision, the more stringent limitation or requirement shall govern and prevail.

492.570 Manner of adopting or amending zoning regulations. No airport zoning regulations shall be adopted, amended or changed under ORS 492 540 to 492 610 except by action of the governing body of the political subdivision in question, or the joint airport zoning board provided for in ORS 492 550 after a public hearing in relation thereto, at which parties in interest and citizens shall have an opportunity to be heard. At least 15 days' notice of the hearing shall be published in an official paper, or a paper of general circulation, in the political subdivision or subdivisions in which is located the airport hazard area to be zoned.

492.580 Airport zoning commission. Prior to the zoning of any airport hazard area under authority of ORS 492 540 or 492 550, the political subdivision or joint airport zoning board which is to adopt the regulations shall appoint a commission, to be known as the airport zoning commission, to recommend the boundaries of the various zones to be established and the regulations to be adopted therefor. The commission shall make a preliminary report and hold public hearings thereon before submitting its final report. The governing body of the political subdivision or the joint airport zoning board shall not hold its public hearings or take other action until it has received the final report of the commission. Where a city planning commission or comprehensive zoning commission already exists, it may be appointed as the airport zoning commission.

492.590 Character of regulations which may be adopted. (1) All airport zoning regulations adopted under authority of ORS 492 540 or 492 550 shall be reasonable and none shall impose any requirement or restriction which is not reasonably necessary to effectuate the purposes of ORS 492 510 to 492 710. In determining what regulations it may adopt, each political subdivision and joint airport zoning board shall consider, among other things, the character of the flying operations expected to be conducted at the airport, the nature of the terrain within the airport hazard area, the character of the neighborhood, and the uses to which the property to be zoned is put and adaptable.

(2) Except as provided in ORS 492 630, no airport zoning regulation adopted under authority of ORS 492 540 or 492 550 shall require the removal, lowering or other change or alteration of any structure or tree not conforming to the regulations when adopted or amended, or otherwise interfere with the continuance of any nonconforming use.

492.600 Railroad and public utility as airport hazards. (1) No structure or facility of any common carrier railroad shall be deemed to be an airport hazard unless the Public Utility Commission, after notice and hearing in accordance with the rules of practice of the commission, shall find that such structure, facility or equipment is not reasonably necessary for the proper performance of the common carrier obligations of such railroad, provided that no new railroad trackage or facilities shall be constructed without a permit as provided in ORS 492 610 on railroad right of way within 1,500 feet of any airport established prior to the use of such right of way for railroad purposes.

(2) No airport zoning regulations adopted under authority of ORS 492 540 or 492 550 shall require the alteration or relocation of the operating property of any public utility, as defined in ORS 757 005, without the consent of such utility or unless the Public Utility Commission, after notice and hearing in accordance with the rules of procedure of the commission, determines that such alteration or relocation is justified by the public interest

(3) All administrative expenses incurred in any such hearing shall be paid by the party not prevailing therein. All actual and necessary expenses incurred in making such alteration or change, if any, shall be borne by the municipality.

Note The amendments to 492 600 by section 132 chapter 447 Oregon Laws 1987, take effect July 1 1989. See section 143 chapter 447, Oregon Laws 1987. The text is set forth for the user's convenience.

492 600 (1) No structure or facility of any common carrier railroad shall be deemed to be an airport hazard unless the Public Utility Commission, after notice and hearing in accordance with the rules of practice of the commission, shall find that such structure, facility or equipment is not reasonably necessary for the proper performance of the common carrier obligations of such railroad, provided that no new railroad trackage or facilities shall be constructed without a permit as provided in ORS 492 610 on railroad right of way within 1 500 feet of any airport established prior to the use of such right of way for railroad purposes.

(2) No airport zoning regulations adopted under authority of ORS 492 540 or 492 550 shall require the alteration or relocation of the operating property of any public utility or telecommunications utility, as defined in ORS 757 005 without the consent of such utility or unless the Public Utility Commission after notice and hearing in accordance with the rules of procedure of the commission determines that such alteration or relocation is justified by the public interest.

(3) All administrative expenses incurred in any such hearing shall be paid by the party not prevailing therein. All actual and necessary expenses incurred in making such alteration or change, if any, shall be borne by the municipality.

492 610 Permit required for new and nonconforming structures. Any airport zoning regulations adopted under authority of ORS 492 540 or 492 550 may require that a permit be obtained before any new structure or use may be made and before any existing use or structure may be substantially changed or substantially altered or repaired, in a manner that would cause or substantially increase any airport hazard. In any event, however, all such regulations shall provide that before any nonconforming structure or tree may be replaced, substantially altered or repaired, rebuilt, allowed to grow higher or replanted, a permit must be secured from the administrative agency authorized to administer and enforce the regulation authorizing such

replacement, change or repair. No permit shall be granted that would allow the establishment or creation of an airport hazard or permit a nonconforming structure or tree or nonconforming use to be made or become higher or become a greater hazard to air navigation than it was when the applicable regulation was adopted or than it is when the application for a permit is made. Except as provided in this section, all applications for permits shall be granted.

492.620 Variance from zoning regulations. Any person desiring to erect any structure, or increase the height of any structure, or permit the growth of any tree, or otherwise use the property of the person in violation of airport zoning regulations adopted under authority of ORS 492 540 or 492 550, may apply to the board of adjustment for a variance from the zoning regulations in question. Variances shall be allowed where a literal application or enforcement of the regulations would result in practical difficulty or unnecessary hardship and the relief granted would not be contrary to the public interest but would do substantial justice and be in accordance with the spirit of the regulations and ORS 492 510 to 492 710.

492.630 Attaching conditions to permits or variances. Any variance may be allowed subject to any reasonable conditions that the board of adjustment may deem necessary to effectuate the purposes of ORS 492 510 to 492 710. In granting any permit or variance under ORS 492 610 or 492 620, the administrative agency or board of adjustment may if it deems such action advisable to effectuate the purposes of ORS 492 510 to 492 710 and reasonable in the circumstances, so condition such permit or variance as to require the owner of the structure or tree in question to permit the political subdivision, at its own expense, to install, operate, and maintain thereon such markers and lights as are necessary to indicate to flyers the presence of an airport hazard.

492.640 Agency to administer and enforce regulations. All airport zoning regulations adopted under authority of ORS 492 540 or 492 550 shall provide for the administration and enforcement of such regulations by an administrative agency which may be an agency created by such regulations or any official, board or other existing agency of the political subdivision adopting the regulations or of one of the political subdivisions which participated in the creation of the joint airport zoning board adopting the regulations, if satisfactory to that political subdivision. In no case shall such administrative agency be or include any member of the board of adjust-

ment The duties of any administrative agency designated pursuant to this section shall include that of hearing and deciding all permits under ORS 492 610 The administrative agency shall not have or exercise any of the powers delegated by ORS 492 650 to 492 670 to the board of adjustment

492.650 Board of adjustment; powers; members; appointment; removal. (1) All airport zoning regulations adopted under authority of ORS 492 540 or 492 550 shall provide for a board of adjustment to have and exercise the following powers

(a) To hear and decide appeals from any order, requirement, decision or determination made by the administrative agency in the enforcement of the airport zoning regulations

(b) To hear and decide any special exceptions to the terms of the airport zoning regulations upon which such board may be required to pass under such regulations

(c) To hear and decide specific variances under ORS 492 620 and 492 630

(2) Where a zoning board of appeals or adjustment already exists, it may be appointed as the board of adjustment Otherwise, the board of adjustment shall consist of five members, each to be appointed for a term of three years by the authority adopting the regulations and to be removable by the appointing authority for cause, upon written charges and after a public hearing

492.660 Vote required for board decisions; rules and procedures. (1) The concurring vote of a majority of the members of the board of adjustment shall be sufficient to reverse any order, requirement, decision or determination of the administrative agency, or to decide in favor of the applicant on any matter upon which it is required to pass under the airport zoning regulations, or to effect any variation in such regulations

(2) The board shall adopt rules in accordance with the provisions of the ordinance or resolution by which it was created Meetings of the board shall be held at the call of the chairman and at such other times as the board may determine The chairman, or in the absence of the chairman the acting chairman, may administer oaths and compel the attendance of witnesses. All hearings of the board shall be public The board shall keep minutes of its proceedings, showing the vote of each member upon each question, or, if absent or failing to vote, indicating such fact, and shall keep records of its examinations and other official actions, all of which immediately shall be

filed in the office of the board and shall be a public record

492.670 Appeal to board of adjustment from administrative agency. (1) Any person aggrieved by any decision of any administrative agency made in its administration of airport zoning regulations adopted under authority of ORS 492 540 or 492 550, or any governing body of a political subdivision, or any joint airport zoning board, which is of the opinion that a decision of any such administrative agency is an improper application of such airport zoning regulations, may appeal to the board of adjustment authorized to hear and decide appeals from the decisions of such administrative agency

(2) All appeals taken under this section must be taken within a reasonable time fixed by the rules of the board, by filing with the agency from which the appeal is taken and with the board, a notice of appeal specifying the grounds thereof The agency from which the appeal is taken forthwith shall transmit to the board all the papers constituting the record upon which the action appealed from was taken

(3) An appeal shall stay all proceedings in furtherance of the action appealed from, unless the agency from which the appeal is taken certifies to the board, after the notice of appeal has been filed with it, that by reason of the facts stated in the certificate a stay would, in its opinion, cause imminent peril to life or property In such cases proceedings shall not be stayed otherwise than by order of the board on notice to the agency from which the appeal is taken and on due cause shown

(4) The board shall fix a reasonable time for the hearing of appeals, give public notice, due notice to the parties in interest and decide such appeals within a reasonable time Upon the hearing any party may appear in person or by agent or by attorney

(5) The board may, in conformity with the provisions of ORS 492 510 to 492 710, reverse, affirm wholly or partly, or modify, the order, requirement, decision or determination appealed from and may make such order, requirement, decision or determination as ought to be made, and to that end shall have all the powers of the administrative agency from which the appeal is taken

492.680 Appeal to circuit court from board of adjustment. (1) Any person aggrieved, or taxpayer affected, by any decision of a board of adjustment, or any governing body of a political subdivision or any joint airport zoning board which is of the opinion that a decision of a

board of adjustment is improper, may present to the circuit court a verified petition setting forth that the decision is improper, in whole or in part, and specifying the grounds thereof. The petition shall be presented to the court within 30 days after the decision is filed in the office of the board.

(2) Upon presentation of such petition the court shall review the board's decision. The filing of the petition shall not, of course, stay proceedings upon the decision appealed from, but the court on application, and on notice to the board, for good cause shown, may grant a supersedeas.

(3) The board of adjustment shall file with the court to which the appeal is taken the original papers acted upon by it or certified copies thereof.

(4) The cause on appeal shall be tried de novo. The court shall have exclusive jurisdiction to affirm, modify or set aside the decision appealed from, in whole or in part, and if need be, to order further proceedings by the board of adjustment.

(5) Costs shall not be allowed against the board of adjustment unless it appears to the court that it acted with gross negligence, in bad faith or with malice, in making the decision appealed from.

492.690 Effect of unconstitutional regulations. In any case in which airport zoning regulations adopted under ORS 492 540 or 492 550, although generally reasonable, are held by a court so to interfere with the use or enjoyment of a particular structure or parcel of land to such extent, or to be so onerous in their application to such structure or parcel of land, as to constitute a taking or deprivation of that property in violation of the Constitution of the state or the Constitution of the United States, such holding shall not affect the application of such regulations to other structures or parcels of land.

492.700 Injunctive relief. Any political subdivision or agency adopting zoning regulations under authority of ORS 492 540 or 492 550 may institute in any court of competent jurisdiction, a suit to prevent, restrain, correct or abate any violation of ORS 492 510 to 492 710, or of any airport zoning regulation adopted under ORS 492 540 or 492 550, or of any order or ruling made in connection with their administration or enforcement. The court shall adjudge to the plaintiff such relief, by way of injunction, which may be mandatory or otherwise, as may be proper under all the facts and circumstances of the case, in order fully to effectuate the purposes of ORS 492 510 to 492 710 and of the regulations adopted and orders and rulings made pursuant thereto.

492.710 Municipal acquisition of air rights, navigation easements or other interests. In any case in which

(1) It is desired to remove, lower or otherwise terminate a nonconforming structure or use, or

(2) The approach protection necessary, because of constitutional limitations, cannot be provided by airport zoning regulations under ORS 492 540 or 492 550, or

(3) It appears advisable that the necessary approach protection be provided by acquisition of property rights rather than by airport zoning regulations,

the political subdivision within which the property or nonconforming use is located or the political subdivision owning the airport or served by it may acquire, by purchase, grant or condemnation in the manner provided by the law under which political subdivisions are authorized to acquire real property for public purposes, such air right, navigation easement or other estate or interest in the property or nonconforming structure or use in question as may be necessary to effectuate the purpose of ORS 492 510 to 492 710.

MISCELLANEOUS

492.760 Marks and lights on structures or obstructions; acquisition of right or easement. Every municipality which develops or operates an airport may acquire the right or easement for a term of years or perpetually, to place and maintain suitable marks for the daytime, and to place, operate and maintain suitable lights for the nighttime marking of buildings or other structures or obstructions, to enhance the safety of aircraft utilizing such airport. Such rights or easements may be acquired by grant, purchase, lease or condemnation in the same manner as is provided in ORS chapter 35 [Amended by 1971 c 741 §33].

492.770 Designation of landing places on public lands; rules governing user. (1) Landing places for aircraft may from time to time be designated, set apart and marked by the division or other public officials who are in charge of any land owned or controlled by the state or by any municipality, or park commission.

(2) Such officials may make reasonable rules and regulations subject to the approval of the commission governing the use of the landing places by aviators and other persons, and may change the rules and regulations from time to time. The rules and regulations shall be such as will promote the safe and orderly use of the airports affected. All aviators and other persons

using such landing places shall at all times comply with all such rules and regulations [Amended by 1987 c 105 §22]

492.780 Use of certain ocean beaches as landing fields. Except as permitted under ORS 492.800, no person shall use for a landing field for aircraft any part of the Oregon shore of the Pacific Ocean between high and low tide, commonly known as the "beach," and which by law has been made a state recreation area, except for an emergency [Amended by 1965 c 368 §9]

492.790 Petition to set aside shore as landing field. Any person, municipality or municipal corporation desiring to use for a landing field for aircraft any part of the Oregon shore of the Pacific Ocean described in ORS 492.780 shall petition the commission to set aside and designate a particular area of the shore for a landing field for aircraft. The petition shall clearly describe the area sought for such purpose and shall contain information giving the type and number of aircraft which will use such field, the extent to which and the purpose for which such field shall be so used, together with such other information as the commission may require. Before the petition is filed with the commission it shall be approved in writing by the division [Amended by 1987 c 105 §23]

492.800 Action on petition; order setting aside area for landing field; user permits; revocation of order or permit. The commission shall give due consideration to each petition submitted under ORS 492.790, and may in its discretion order a public hearing in the vicinity in which it is proposed to establish the landing field, at which hearing all persons interested may appear and be heard. If after due consideration the commission is of the opinion that the best interests of the general public will be served by granting the petition, an order may be made which shall be entered in the minutes of the commission. The order shall provide that the described area shall be set aside as a landing field for aircraft and the order may authorize the issuance of a permit to the applicant to use the field for said purpose. The permit shall contain such conditions and safeguards with respect to policing and other matters incident to the public welfare as the commission deems proper for the

safety of the general public. The commission may, for a violation of any of the terms or conditions of the permit, recall and cancel the same. The commission may in its discretion vacate the order setting aside the area for a landing field whenever in the judgment of the commission the interests of the general public warrant such action [Amended by 1987 c 105 §24]

492.810 Enforcement of ORS 492.780 and 492.800. The law enforcing agencies authorized to enforce the laws of the state with respect to the rules of the road and the regulation of motor vehicles using the public highways of the state are likewise authorized to enforce ORS 492.780 and 492.800

492.820 Rules and standards; orders; appeals. (1) In addition to any other rulemaking authority, the administrator may adopt rules

(a) To define physical hazards to air navigation and determine whether specific types or classes of objects or structures constitute hazards

(b) Establishing standards for lighting or marking objects and structures that constitute hazards to air navigation

(2) In accordance with the rules adopted under this section, the administrator shall do the following

(a) Determine whether specific objects or structures constitute a hazard to air navigation

(b) Determine responsibility for installation and maintenance of lighting or marking specific objects or structures that constitute hazards to air navigation

(c) Issue orders to require that specific objects or structures determined to be hazards to air navigation be marked or lighted in accordance with rules adopted under this section

(3) Rules and standards adopted under this section are limited to and shall not be more restrictive than current federal norms, including but not limited to, regulations and circulars, pertaining to objects affecting navigable airspace

(4) Any person or entity required to comply with an order issued under this section may contest the order as provided under ORS 183.310 to 183.550 [1981 c 553 §2]

492.990 [Repealed by 1981 c 702 §1]
