being properly and fully informed, the commission may hold a hearing on an application although no protest is filed

(2) If no person protests within the time provided in subsection (1) of this section, the commission may order the issuance, transfer or extension of the certificate without a hearing, if the applicant shows compliance with paragraphs (a), (b) and (d) to (f) of subsection (4) of this section

(3) If all protests to the application are withdrawn prior to the closing of the record, the commission may order the issuance or transfer of the certificate if the applicant shows compliance with paragraphs (a), (b) and (d) to (f) of subsection (4) of this section

(b) Service performed under any temporary authority granted under this section is subject to all provisions of this chapter and the rules of the commission

(c) Service performed under any temporary authority granted under this section creates no presumption that transfer of the certificate is required by the public convenience and necessity or is in the public interest

The commission may issue a certificate under this subsection if the commission determines the transportation is necessary.

(b) Because the number of carriers having proper operating authority and their equipment or equipment necessary to provide the service requested in an area is temporarily insufficient, or

(c) Because weather or other conditions require expeditious transportation to meet the needs of agricultural production.

(7) The emergency authority issued under this section will not convey any right to permanent authority or be evidence of a need for permanent authority. [Amended by 1961 c 112 §1, 1961 c 403 §4,

1969 c 699 §11, 1971 c 520 §6, 1971 c 655 §171a, 1977 c 401 §1, 1977 c 469 §1, 1981 c 79 §3, 1985 c 38 §2]

(3) Common or contract carriers may interchange equipment upon which an identification plate or marker has been issued by the commission and such identification plate or marker may remain on the equipment and no transfer of registration with either the Motor Vehicles Division of the Department of Transportation or the commission shall be required, provided that such interchange shall be permitted only in accordance with rules adopted by the commission pertaining to insurance coverage, accounts, records, reports, operations and practices thereof

(4) If, after notice and hearing, the commission finds that any carrier is operating in a class other than that for which the certificate or permit is issued, the commission shall revoke or suspend the certificate or permit, or order the carrier to cease and desist the illegal or irregular practices found

(5) A carrier operating as a common and contract carrier shall maintain separate records pertaining to each class of operation as prescribed by the commission [Amended by 1955 c 79 §1, 1957 c 561 §2, 1969 c 699 §12, 1971 c 655 §172, 1973 c 507 §3, 1977 c 253 §13]

767 185 [Amended by 1961 c 249 §1, 1969 c 699 §13, 1971 c 655 §173, repealed by 1973 c 426 §1 (767 186 enacted in lieu of 767 185)]

767.186 Legal status of certificates and licenses. (1) Notwithstanding any other provision of law

(a) No certificate issued under this chapter, or any prior law, shall be assigned or otherwise transferred except as provided in ORS 767 135

(b) No license issued under this chapter shall be assigned or otherwise transferred without the written approval of the commission that such assignment or transfer is consistent with the public interest and conforms with ORS 767 120

(2) No such certificate or license shall be construed to be a franchise or irrevocable or exclusive or to possess value for ratemaking purposes. However, upon the death of an individual holding a certificate or license

(a) If the estate of such individual is admitted to probate, the executor or personal representative may continue the operation thereunder, for the purpose of transferring the certificate or license, for a period not to exceed two years from the date of death, or

(b) If the estate of such individual is not probated, all the heirs of the deceased holder of the certificate or license may file with the commission an application for the transfer of the certificate or license together with an affidavit signed by the heirs stating the name of the person to whom the certificate or license is to be transferred. If any heir has not reached the age of majority or is otherwise legally incapacitated, the heir's parent or guardian shall sign for the heir. The affidavit shall be on a form prescribed and furnished by the commission. Subject to the provisions of ORS 767 130, the commission shall transfer the certificate or license to the person named as transferee in the affidavit

(3) In determining the scope of authority to be transferred under subsection (2) of this section, the commission shall consider, as evidence of past use under the certificate or license, only the services furnished during the two-year period immediately preceding the death of the certificate or license holder

(4) If an application under subsection (2) of this section for the transfer of the certificate or license is not filed within 18 months of the date of death, and if such certificate or license is not transferred within two years of the date of death, the certificate or license shall be deemed automatically revoked [1973 c 426 §2 (enacted in lieu of 767 185), 1977 c 253 §14, 1981 c 633 §82, 1987 c 94 §108]

767.190 Cancellation or suspension of authority. (1) Certificates and permits when issued shall be valid until suspended or revoked when the carrier is found by the commission to be in violation of this chapter

(2) Certificates, permits or licenses may be suspended or canceled by the commission based upon the commission's own or other complaint after notice and hearing, when the certificate, permit or license holder

(a) Or agents or employes of the holder have repeatedly violated this chapter or other highway or motor laws of this state

(b) Has repeatedly violated or avoided any order or rule of the commission

(c) Has repeatedly made unlawful rebates or repeatedly underestimated transportation charges to clients

(d) Has repeatedly refused or has repeatedly failed, after being requested to do so, to furnish service authorized by certificate or permit or granted by license. The commission in such cases may also, in the discretion of the commission, restrict the certificate, permit or license to conform with operations conducted

(e) Has not, except for reasons beyond the control of the holder, transported property or persons authorized by the certificate or furnished service authorized by the license for a period exceeding 180 consecutive days immediately preceding the filing of the complaint in the proceeding, or, in the case of a common or contract carrier authorized to transport logs, poles, piling, sand, gravel, rock, dirt, debris, cinders, wet ready-mix concrete, asphaltic concrete mix or metallic ores or concentrates or raw nonmetallic products, whether crushed or otherwise, when moving from mines, pits or quarries, has not, except for reasons beyond the control of the holder, transported commodities as authorized by the certificate, or furnished service authorized by the license for a period exceeding 365 consecutive days immediately preceding the filing of a complaint in the proceeding. The commission in these cases may also, in the discretion of the commission, restrict the certificate to conform with operations performed that were required by the public convenience and necessity or may conform the license to services furnished

(f) Has not, except for reasons beyond the control of the holder, transported property or persons authorized by the permit for a period exceeding three consecutive years immediately preceding the filing of the complaint in the proceeding

(g) Has refused, or has failed, within the time provided, to file the annual report required by ORS 767 605 or has failed or refused to maintain records required by the commission or to produce such records for examination within the time set by the commission

(i) Has filed with the commission an application which is false with regard to the ownership, possession or control of the equipment being used or the operation being conducted [Amended by 1957 c 263 §3, 1959 c 86 §1, 1961 c 120 §1, 1963 c 210 §1, 1967 c 30 §1, 1969 c 146 §1, 1969 c 699 §14, 1971 c 655 §174, 1973 c 534 §1, 1975 c 692 §12, 1977 c 253 §15, 1981 c 554 §7, 1983 c 357 §8, 1985 c 18 §1]

767.195 Liability insurance of carriers. (1) Except as provided in ORS 767 215, no certificate or permit shall be issued to any person to operate as a motor carrier until the person has in effect a policy of public liability and property damage issued by an insurance company or reciprocal insurance exchange authorized to transact business within this state, and in accordance with the policies, forms and manuals on file with the Director of the Department of Insurance and Finance

(2) Insurance required under this section shall be provided at minimum limits the commission by rule may prescribe, and upon such terms, conditions and provisions as the commission may determine to be necessary for the reasonable indemnification of the patrons of the applicant and of the public against damage and injury for which the applicant may be liable by reason of the operation of any motor vehicle. However, the insurance policy required of a carrier or persons engaged solely in interstate commerce need not provide for the protection of their patrons

(3) In fixing the amount of the insurance policy the commission shall give due consideration to the character and amount of traffic, the number of persons involved and the degree of danger which the proposed operation involves [Amended by 1953 c 582 §1, 1959 c 412 §4, 1969 c 98 §1, 1969 c 699 §15, 1971 c 655 §175, 1975 c 692 §13, 1977 c 253 §16, 1981 c 676 §3, 1985 c 135 §2]

767.200 Collect on delivery service authorized for intrastate carriers; cargo insurance; bond. (1) Common and contract carriers of property intrastate may provide collect on delivery service. Any carrier providing collect on delivery service shall obtain a satisfactory bond in a sum to be fixed by the commission, conditioned that such carrier shall make compensation to shippers or consignees for all property shipped collect on delivery, or money collected therefor, belonging to shippers or consignees and coming into the possession of such carrier in connection with its transportation business

(2) No certificate or permit shall be issued to any person to operate intrastate as a common or contract carrier of freight or express until the person has in effect cargo insurance in such penal sum as the commission may deem necessary to protect adequately the interests of the public. This policy shall bind the assurer for loss of, or damage to, property carried in, upon or attached to the motor vehicles or other equipment operated by, for or under the control of the assured, or while in the care or custody of the assured

(3) The commission may waive the requirement of such bond or cargo insurance for any

carrier whose service is limited to commodities not subject to material damage or loss through ordinary transportation hazards, or any carrier who does not engage in transporting collect on delivery shipments [Amended by 1969 c 699 §16, 1973 c 507 §4, 1981 c 676 §4, 1985 c 135 §3]

767.205 Rules for compliance with ORS 767.195 and 767.200, notice prior to cancellation of insurance or bond; suspension of authority when insurance or bond inoperative. (1) The commission by rule shall establish a system for determining how motor carriers demonstrate compliance with the insurance and bond requirements of ORS 767 195 and 767 200. The system may require certification of compliance by the carrier or the filing of a policy or bond with the commission and may require different acts of compliance based on class of carrier or experience. The system shall also specify what acts constitute failure to comply for purposes of revocation or suspension of the carrier's authority.

(2) No insurance policy or collect on delivery bond furnished under ORS 767 195 or 767 200 may be canceled or otherwise terminated at any time prior to its expiration until the indemnity or surety company or reciprocal insurance exchange which executed the same, has filed with the commission a notice of cancellation as provided in such bond or policy. Such cancellation shall be effective not less than 15 days from the date of receipt, and no agreement between the parties thereto shall operate to avoid this restriction upon cancellation.

(3) If any insurance policy or collect on delivery bond required under ORS 767 195 or 767 200 becomes inoperative, the authority under the certificate or permit involved shall cease and be suspended insofar as it pertains to any affected vehicles until an insurance policy or collect on delivery bond meeting the requirements of ORS 767 195 and 767 200 becomes effective and is accepted by the commission [Amended by 1963 c 119 §1, 1969 c 699 §17, 1971 c 655 §176, 1981 c 676 §5, 1983 c 285 §1, 1985 c 135 §1]

767.210 Deposit of securities in lieu of insurance or bond. (1) In lieu of the insurance policy or surety bond, the holder of any certificate or permit may file with the commission money, bank or savings and loan savings certificates, or bonds, negotiable by delivery, of the State of Oregon, school districts therein, or of any county therein, or obligations of the United States, or obligations for which the faith of the United States is pledged for the payment of both the principal and interest, equal in amount to the

amount of the insurance policy or bond required by the commission.

(2) So long as the deposit remains unencumbered the depositor is entitled to collect the interest upon such securities.

(3) The commission shall hold the securities upon such terms as the commission shall designate and approve pursuant to the provisions of this chapter, and shall deliver such securities to the State Treasurer, who shall receive and hold them subject to the lawful orders of the commission. The State Treasurer and the surety of the treasurer shall be liable upon the official bond for their safekeeping. The depositors shall reimburse the State Treasurer for any expenses incurred by the treasurer in the mailing, insuring, shipping or delivering of any such securities, or of the interest coupons attached thereto as they mature.

(4) Such substituted security shall be subject to the liabilities imposed by the terms of the policy of insurance or surety bond then currently used by the commission.

(5) If the securities provided for in this section are furnished in lieu of an insurance policy or bond, they shall not be subject to withdrawal or assignment by the holder of the certificate or permit, either voluntarily or by operation of law, until the expiration of one year after the holder of the certificate or permit, in connection with which they are furnished has

(a) Substituted therefor a policy of insurance or surety bond as provided in ORS 767 195 and 767 200,

(b) The certificate or permit canceled, or

(c) Surrendered such certificate or permit to the commission for cancellation and has ceased operation thereunder.

(6) If any such securities become impaired in value, the commission shall require additional protection by insurance, bond or substitute security to the extent that the value of the securities may have become impaired [Amended by 1969 c 699 §18, 1971 c 655 §177, 1977 c 253 §17, 1979 c 444 §1]

767 212 [1971 c 655 §178, repealed by 1977 c 253 §43]

767.215 Self-insurance in lieu of insurance or bond. (1) Any common carrier, engaged in interstate or interstate and intrastate operations within the State of Oregon, which is or becomes qualified as a self-insurer with the Interstate Commerce Commission of the United States in accordance with laws of the United States applicable to self-insurance by motor carriers, is exempt, so long as such qualification remains effective, from the provisions of ORS 767 195 to 767 210.

(2) The commission may require proof of the existence and continuation of such exempt status to be made by affidavit of the carrier in such form and at such times as the commission may prescribe [Amended by 1957 c 368 §1]

(Taxes and Fees)

767.305 Application fee; transfer fee; refunds. (1) In addition to the other fees prescribed in this chapter, every person applying for a certificate under ORS 767 135 or a license under ORS 767 120, or a permit under ORS 767 145 shall pay to the commission with the application a fee of \$150 for a certificate or license application and \$50 for a permit application. A fee of \$150 shall accompany an application for transfer of certificates. If an application under any other provision of this chapter is set for hearing, a \$150 fee shall be paid before such hearing.

(2) The commission may refund the fees collected under this section if the applicant parties or their duly authorized representatives make written request therefor, if

(a) Request for withdrawal of the application was received by the commission no later than five days before the hearing date or if no hearing is required, such request must have been received prior to issuance of authority, and

(b) The commission finds that

(A) Applicant is not eligible to file application,

(B) Certificate authority is not needed for the service intended,

(c) Applicant's death or serious illness precludes conducting the operations for which application was made, or

(d) Transferor withdraws consent for transfer of certificate

(3) When the commission fixes a time and place for a hearing as required by ORS 767.135 (1), if any person who protested fails to appear at the hearing and failed to withdraw the protest at least five days before the date of the hearing, the commission may require such person to pay a sum equal to the application fee [Amended by 1961 c 44 §1, 1969 c 699 §19, 1971 c 655 §179, 1975 c 692 §14, 1977 c 253 §18, 1979 c 349 §6]

(Regulation and Enforcement)

767.405 Commission's authority over common carriers. Except as provided in ORS 767 425, the commission shall supervise and regulate all common carriers of persons or property, and with respect thereto shall

(1) After hearing, regulate and prescribe just, fair and reasonable rates, classifications and practices

(2) Prescribe the kind and form of accounts, manifests, receipts and records to be used and kept pertaining to operation, and the method and manner of keeping them and require their preservation for such time as the commission may determine proper, and have access thereto with right of audit and inspection at all reasonable times

(3) Require the filing of such periodical or other reports or data of such carriers as the commission deems necessary

(4) Require reasonably adequate service and facilities

(5) Regulate operating schedules of regular route common carriers so as to meet the needs of any community served and so as to prevent unnecessary duplication by regular route common carriers of the transportation services afforded by other regular route common carriers

(6) Relieve the highways of all undue burdens and safeguard traffic thereon by promulgating and enforcing reasonable rules and orders designed and calculated to prevent serious highway congestion, and minimize the dangers attending transportation on the public highways of all commodities including hazardous materials, hazardous substances and hazardous wastes [Amended by 1971 c 655 §181, 1975 c 692 §15 1977 c 253 §19, 1981 c 117 §5 1983 c 127 §1]

767.407 Temporary rate procedures.

Notwithstanding ORS 767 405 (1), after petition by any interested person, or upon the commission's own motion, the commission may permit the establishment or modification of rates, classifications and practices to become temporarily effective without a hearing if the commission finds that such action is in the public interest. The commission shall hold the hearing required by ORS 767 405 (1) as soon thereafter as is practicable. Any such rates, classifications and practices determined after hearing shall be effective as though originally determined pursuant to ORS 767 405 [1971 c 655 §182, 1983 c 357 §9]

767.409 Publication of notice of proposed rate establishment or modification.

When directed by the commission, any carrier, or agent on behalf of the carrier, which proposes the establishment or modification of a rate, classification or practice shall publish notice thereof in a newspaper of general circulation in the area in which the proposal shall be effective. Publication shall be within the time provided by the commission [1981 c 554 §19]

767.410 Regulation of common carriers and contract carriers. Except as provided in ORS 767 425

(1) The rates, rules and practices used by common carriers shall be prescribed by the commission and

(a) Be plainly stated in tariffs or schedules available to the public at each carrier's office, and at the office of the commission, and

(b) Be just, reasonable and fair and shall not be unduly discriminatory, prejudicial or preferential

(2) All contracts governing services performed by contract carriers acting under authority of certificates issued by the commission shall be submitted to the commission for approval and

(a) All contracts of contract carriers shall plainly state the rates, rules and practices to be applied to the service performed, and

(b) Shall specifically reflect the specialized or other services performed by the contract carrier

(3) No common carrier or contract carrier shall

(a) Charge, collect or receive a different remuneration for the transportation of passengers or property or for any service in connection therewith, than the rates which have been legally prescribed and filed with the commission

(b) Refund or remit in any manner or by any device any portion of the rates required to be collected by its tariffs or written contracts on file with the commission

(4) Any action against common carriers for recovery of overcharges or by common carriers for the collection of undercharges shall be commenced within two years from the time the cause of action accrued. As used in this subsection, overcharges or undercharges shall mean charges assessed for transportation service different from those applicable under the tariff lawfully in effect

(5) The commission shall check the records of common carriers and contract carriers for the purpose of discovering all discriminations and rebates. The commission

(a) Upon the commission's own motion, may, and upon the complaint of any aggrieved person, shall, pursuant to written notice served upon any common or contract carrier, investigate the rates, classifications, rules and practices of common or contract carriers and service in connection therewith, and

(b) To the extent that the rates, classifications, rules or practices are found by the commission to be unreasonable, unlawful, unfair or unduly discriminatory, preferential or prejudicial, shall, by orders based upon the evidence, require the carrier to comply with just, fair, lawful and reasonable rates, classifications, rules and practices established by the commission. Such carrier shall forthwith comply with such orders

(6) The commission may suspend a tariff or time schedule that the commission believes will impair the ability of carriers to serve the public or appears to be unjust, unfair, unreasonable, prejudicial, discriminatory or otherwise unlawful

(7) No common carrier will be permitted to restrict its services to paying time schedules on passenger routes or on high-class commodities with a low rate in competition with a common carrier giving complete service. However, this

subsection does not apply to the transportation of commodities requiring special equipment or to the transportation of express or any special or particular commodity which because of its character or use requires rapid transit

(8) Notwithstanding subsection (7) of this section, the commission may, upon application and hearing, or upon the commission's own motion, permit two or more common carriers authorized to serve the same point or points to enter into an agreement for the pooling or division of traffic, or of service, or of gross or net earnings, or any portion thereof as to such service point or points whenever it appears that such agreement will be in the interest of better service to the public, of economy of operation and will not unduly restrain competition. An agreement established under this subsection may not have a duration of longer than one year. The commission

(a) May, subject to the governing policies of this chapter, prescribe rules and impose such terms and conditions as are found to be just and reasonable

(b) Shall require any carrier not providing physical service under an agreement under this subsection to either institute service or abandon authority for such service after one year. (Amended by 1961 c 548 §1, 1971 c 655 §183, 1973 c 507 §5, 1975 c 692 §16, 1977 c 253 §20, 1981 c 117 §6, 1983 c 357 §10, 1985 c 22 §1)

767.415 Classes of common carriers; rights and duties of each class. Except as provided in ORS 767.425

(1) Common carriers shall be classified, and the classification shall be shown on the common carrier's certificate or permit when issued or reissued by the commission, as follows

(a) Regular route, scheduled service, including sightseeing tours

(b) Irregular route

(c) Local cartage service

(2) Regular route carriers of persons shall file a schedule setting forth the termini between which service is rendered, the hours of departure and arrival, and tariffs and classifications governing rates. Carriers of property shall file a schedule setting forth the termini between which the service is rendered, the frequency of service, elapsed time between pick up and delivery of property and tariffs and classifications governing rates. Sightseeing tours may be offered to the public as regular route, scheduled services, subject to the following modifications. Routes, time schedules, tariffs of transportation rates and offerings of

special services filed with the commission shall be accepted and placed in effect only if they are such as to render the sightseeing tours noncompetitive with other regular route, scheduled carriers of passengers over the same, similar or a combination of routes. Transportation rates shall be stated separately from other rates. Schedules of sightseeing tours may be seasonal in nature, and individual schedules may be canceled owing to inclement weather or other conditions rendering the service impractical.

(3) Irregular route carriers shall file tariffs and classifications governing rates. Irregular route common carriers shall serve indiscriminately the territory which they are authorized to serve, and their service shall be on call, coincidental, nonscheduled, unperiodical, itinerant and ambulatory in nature. Such carriers shall not

(a) By solicitation, advertisement, or by a course of dealing or practice, or otherwise, hold themselves out to render regular service between any particular points or over any particular routes, or lead shippers to believe or understand that they may rely upon a continuous regularity of service by such carriers between particular or specified points or over any particular or specified route

(b) In the solicitation of business or the advertising of their service restrict or limit such solicitation or advertising to traffic moving between any particular or specified points or over any particular or specified routes

(c) Operate under a predetermined plan of operation or time schedule between any particular points or over any particular route, but this paragraph shall not prohibit repeated movements by such carriers over the same route or between the same points in instances where the character or volume of the traffic requires repeated movements over the same route for such reasonable periods of time as may be necessary to meet the needs of a particular shipper in particular instances or requiring specialized service

(4) Cartage carriers shall file tariffs and classifications governing rates. The commission shall, after hearing, determine what territorial limits will be included within the commercial area adjacent to the limits of any incorporated city

(5) Irregular route carriers providing charter service shall be limited to providing vehicles on an hourly or a mileage basis, and the tariffs of such carriers shall clearly state the hourly or mileage charge for each vehicle on its certificate or permit. Irregular route carriers providing spe-

cial operations may sell tickets on an individual basis. Special operations tariffs shall be filed with the commission and shall become effective on not less than three days' notice. [Amended by 1957 c 675 §1, 1969 c 699 §23, 1971 c 655 §184, 1973 c 507 §6, 1977 c 253 §21, 1981 c 280 §4, 1983 c 357 §11]

767.416 Distinctions between regular and irregular route carriers of property. The commission, after public hearing, shall adopt rules setting forth criteria for determination of distinctions between regular and irregular route motor carriers of property. The rules adopted by the commission under this section shall be published as provided under ORS 183 360 [1983 c 357 §13]

767.417 Applicability of ORS 767.405 to 767.415 to local cartage activities; application for authority. (1) The provisions of ORS 767 405, 767 407, 767 410 and 767 415, except for ORS 767 405 (2), (3), (4) and (6), do not apply to common or contract carriers engaged in local cartage of property within areas designated in rules adopted by the commission. The commission shall designate a local cartage area as exempt from economic regulation if the commission finds from the record and evidence in a rulemaking proceeding that

(a) The gross revenue derived from local cartage service in the designated cartage area by carriers does not exceed \$100,000 a year,

(b) The population of the affected city or cartage area is less than 10,000,

(c) The incorporated city or designated cartage area is not an essential part of a metropolitan, industrial or homogeneous economic area,

(d) The incorporated city or cartage area is not contiguous to another city or within the area encompassed by the commercial zone of another city,

(e) Service to the public would not be adversely affected,

(f) The carrier's ability to render service would not be adversely affected, and

(g) It is not otherwise adverse to the public interest to exclude such area from regulation.

(2) If the commission finds in a future rulemaking proceeding that adequate service is not being provided or that the public interest demands that the exemption be removed, the commission shall remove the exemption and require the affected cartage carriers to comply with the provisions of this chapter.

(3) Within 90 days after the effective date of the order removing the exemption, carriers who

operated within the local cartage area for at least six consecutive months immediately preceding the effective date of the order may file with the commission an application for operating authority. The application shall be accompanied by evidence of qualified operations in the local cartage area. If the commission finds that the applicant has engaged in qualified operations in the area, the commission shall issue an appropriate certificate authorizing the carrier to provide service within the area. Applicants may continue to provide service pending the commission's decision on the application. [1977 c 253 §25, 1983 c 540 §9]

767.420 Regulation of contract carriers. (3) Upon a written 10-day notice and complaint by the commission, a certificate, permit or license may be suspended or canceled for any of the reasons set forth in subsection (1) of this section. If the certificate, permit or license is suspended, the filing of the report, payment, bond or deposit will not reinstate the authority until the suspension period has expired, except on order of the commission [1975 c 692 §28 (enacted in lieu of 767 785 and 767 790)]

767 790 [1971 c 655 §213, 1973 c 507 §10, repealed by 1975 c 692 §27 (767 786 enacted in lieu of 767 785 and 767 790)]

767.795 Limitations on cancellation of bond; suspension of authority. (1) No bond filed pursuant to ORS 767 870 may be canceled or otherwise terminated at any time prior to its expiration until the surety company which executed the same, has filed with the commission a notice of cancellation as provided in such bond. Such cancellation shall be effective not less than 30 days from the date of receipt, and no agreement between the parties thereto shall operate to avoid this restriction upon cancellation.

(2) If any bond filed pursuant to ORS 767 870 becomes inoperative, the authority under the certificate or permit involved shall cease and be suspended in so far as it pertains to any affected

vehicles until the requirements of ORS 767 870 have been met by the carrier [1971 c 655 §214, 1975 c 692 §33]

767.797 Reinstatement fees In addition to any other requirements of this chapter, a carrier whose operating authority has been suspended shall pay a reinstatement fee of \$25 to the commission before the operating authority may be reinstated, plus \$5 for each vehicle identification device outstanding under the carrier's authority at the time of suspension, if the suspension has been in effect more than 30 days. However, if the suspension has been in effect for 30 days or less, in addition to the reinstatement fee of \$25 the carrier only need pay \$5 for each identification device it does not surrender upon application for reinstatement of the authority [1975 c 692 §2, 1981 c 554 §12]

767 800 [1971 c 655 §215, repealed by 1977 c 253 §43]

(Taxes and Fees)

767.805 Plate fees; temporary pass fees; when plate or marker not to be displayed; summary recall of plate or marker.

(1) In addition to other fees prescribed in this chapter, each carrier holding or obtaining a certificate or permit under this chapter shall pay to the commission a fee of \$15 for each identification plate or marker issued to identify and be attached to each self-propelled or motor-driven vehicle operated or to be operated in connection with such certificate or permit. This fee shall be known as a plate fee to be paid in advance of the issuance of the identification plate or marker.

(2) In cases of emergency when, because of single trip or short-time operation not exceeding 10 days, it is impractical to assign and have an identification plate or marker attached to a motor vehicle, the commission may issue a temporary pass identifying the motor vehicle. The pass must be carried in the motor vehicle for which it is issued. For this pass a fee of \$9 for each motor vehicle shall be paid.

(3) Except as otherwise provided by rule, whenever a motor vehicle is no longer authorized for use under a certificate or permit, or when the certificate or permit under which the vehicle is authorized for use has been suspended or canceled, the identification plate or marker issued for the motor vehicle shall not be displayed. In such cases, the identification plate or marker may be summarily recalled by the commission and no refund of fees shall be allowed for the unexpired term of the plate or marker [1971 c 655 §216, 1979 c 322 §12, 1981 c 554 §13, 1983 c 35 §1, 1985 c 185 §2]

767.810 Determination of filing of reports or payments. (1) Any report or payment transmitted through the United States mail that is required to be filed with the commission by ORS 767 815 to 767 855 shall be considered filed.

(a) On the date shown by the post-office cancellation mark on the envelope or wrapper containing such report or payment.

(b) On the date such report or payment was mailed if the post-office cancellation mark on the envelope or wrapper containing the report or payment is omitted or is not legible or if the report or payment is not received by the commission and if the sender establishes to the satisfaction of the commission that the report or payment was deposited in the United States mail on or before the date due for filing.

(2) If the date for filing any report or payment required to be filed with the commission by ORS 767 815 to 767 855 falls on a Saturday, Sunday or legal holiday, a filing shall be considered timely if made on the next business day [1971 c 655 §217]

767.815 Motor carrier tax for use of highways. (1) In addition to other fees and taxes imposed by law upon carriers, there shall be assessed against and collected from every carrier a tax for the use of the highways, to apply to the cost of administration of this chapter and for the maintenance, operation, construction and reconstruction of public highways.

(2) The tax rate which shall apply to each motor vehicle shall be based upon the declared combined weight of the motor vehicle and in accordance with the weight group tax rates as shown in the tables set forth in ORS 767 820, except that the tax rate which shall apply to each passenger motor vehicle weighing more than 12,000 pounds and not more than 30,000 pounds and having an overall length not in excess of 35 feet shall be two mills less than the fee rates per mile set forth in tables "A" and "B."

(3) For the purpose of computing the tax due

(a) Tables "A" and "C" apply to motor vehicles using motor vehicle fuel as defined in ORS 319 010.

(b) Tables "B" and "D" apply to motor vehicles using fuel as defined in ORS 319 520.

(c) Table "B" or "D" applies to motor vehicles used upon the public highways in this state that use motor vehicle fuel of any description purchased outside this state.

(d) Table "A" or "B," or both, apply to motor vehicles used upon the public highways of this

state that use motor vehicle fuel as defined in ORS 319 010, purchased part inside and part outside this state, but in no event shall table "A" be applied in the computation of any tax to more than the maximum miles which could be traveled in this state on motor vehicle fuel purchased within the state

(e) Table "D" shall be used by persons paying taxes on the flat fee basis in arriving at the fee payable on motor vehicles which use motor vehicle fuel as defined in ORS 319 010, when insufficient fuel is purchased in Oregon to propel the motor vehicles the extreme miles traveled within this state

(f) The declared combined weight, except as provided in paragraph (g) of this subsection, shall be the combined weight, as defined in ORS 767 005, declared in the application for authority under ORS 767 105, subject to audit and approval by the commission

(g) The declared combined weight, authorized pursuant to ORS 818 200, shall be the actual weight of the motor vehicle and its load with respect to each trip subject to the tax, determined by scale weights, records required by this chapter or any regulation issued thereunder, or from any other information available to the commission

(4) All carriers who use tables "A," "A" and "B" or "C" in the computation of the tax or fee due under this section shall maintain records and purchase documents to substantiate and justify the use of such tables. The failure of any carrier to keep such records and documents or to disclose them to the commission or the duly authorized representative of the commission is prima facie evidence that the tax or fee should have been computed by using table "B" or "D"

(5) The tax for each motor vehicle when tables "A" or "B," or both, are used shall be computed by multiplying the extreme mileage of travel in Oregon by the appropriate weight group tax rate as it appears in the table or, for each passenger motor vehicle weighing more than 12,000 pounds and not more than 30,000 pounds and having an overall length not in excess of 35 feet, by the tax rate determined by subtracting two mills per mile from the appropriate weight group tax rate as it appears in the table set forth in ORS 767 820 [Formerly 767 325, 1975 c 692 §29, 1977 c 253 §33, 1983 c 338 §973, 1985 c 196 §1]

Sec 17 On January 1, 1990, the alternate flat fees for each category of vehicle described in ORS 767 825 shall be derived by multiplying the appropriate mileage tax rates by the estimated average miles traveled by that category of vehicle [1987 c 899 §17].

767.830 Effect of carrier tax law on other taxes; offset of fees or taxes erroneously paid. (1) The fees or taxes listed in ORS 767 815 to 767 825 shall be in addition to, and not in lieu of, other fees and taxes of the state, county or municipality which may be imposed, levied, assessed or collected against the business or property of such carrier. This section does not authorize the imposition of license fees by municipalities upon intercity carriers, or deprive any

city within which a passenger motor vehicle, having a seating capacity of not more than seven passengers, is principally operated for hire, from imposing and collecting license fees upon and from such motor vehicle, or the owner or operator thereof, as to such portion of its operations as are wholly within the corporate limits of such city

(2) ORS 319 510 to 319 880 do not apply to vehicles or fuels used therein when the vehicles are subject to, and report and pay, the tax for the use of Oregon highways based upon the combined weight of the vehicle and in accordance with the weight group rates prescribed in ORS 767 815 to 767 825

(3) When an audit of the operations of a carrier shows that the use fuel taxes reported and paid under ORS chapter 319 should have been reported and paid under this chapter, or that fees or taxes reported and paid under this chapter should have been reported and paid under ORS chapter 319, the fees or taxes erroneously reported and paid under one chapter need not be refunded but may be considered an offset of fees or taxes due under the other chapter [Formerly 767 340]

767.835 Fees required of interstate carriers. A person engaged exclusively in the conduct of interstate transportation shall currently pay to the commission the road tax mileage fees prescribed by ORS 767 815 to 767 830, 767 840, 767 850 and 767 855 [Formerly 767 345]

767.840 Due date of taxes and fees; penalty; deficiency assessments; refund of overpayment; limitation on audit. (1) On or before the last day of each month, except for the time of payment provided in ORS 767 825 and 767 845, all persons shall report and pay to the commission the amount of taxes and fees due from them for the preceding calendar month. If no taxes or fees are due, the report shall so state. If payment is not made on or before such date, there shall be added as a late payment charge a sum equal to 10 percent of the unpaid amount of the tax

(2) Whenever practicable, and in no event later than three years after any report of taxes or fees is filed, the commission shall audit it if the commission deems such audit practicable. If the commission is not satisfied with the report filed or amount of taxes or fees, including fees for temporary passes required under ORS 767 805 (2), paid to the state by any person, the commission may, not later than three years after the report was filed or the taxes or fees were paid, make a proposed assessment of additional taxes or fees due from such person based upon any

information available to the commission. There shall be added to each such assessment, as a late payment charge, a sum equal to 10 percent of the amount of additional taxes or fees due

(3) Every such additional assessment shall bear interest at the rate of one percent per month, or fraction thereof, from the last day of the month following the close of the month for which the additional assessment is imposed until paid

(4) If the additional assessment imposed exceeds by at least five percent but not more than 15 percent the amount of taxes or fees reported or paid a penalty of five percent of the amount of the additional assessment shall be added thereto in addition to the 10 percent late payment charge provided in subsection (2) of this section

(5) If the additional assessment imposed exceeds by more than 15 percent the amount of taxes or fees reported or paid, a penalty of 20 percent of the amount of the additional assessment shall be added thereto in addition to the 10 percent late payment charge provided in subsection (2) of this section

(6) The commission shall give to the person concerned written notice of such additional assessment

(7) Except as provided in ORS 767 830 (3), the commission shall refund to any person the amount of any overpayment caused by any incorrect report

(8) Whenever the commission has made an assessment pursuant to this section which has become final the commission may not reopen or reassess such taxes, interest or penalties unless the commission is satisfied that the taxpayer fraudulently or with intent to evade taxation destroyed, concealed or withheld any books, accounts, papers, records or memoranda required to be maintained by the taxpayer pursuant to this chapter or the rules of the commission. [Formerly 767 355, 1975 c 692 §31, 1981 c 554 §14, 1985 c 111 §1]

767.845 Annual and quarterly reports authorized. (1) Whenever in the judgment of the commission the estimated annual tax payable by a carrier will be less than \$100, and the vehicles operated by the carrier are of less than 30,000 pounds combined weight, the commission may authorize the carrier to file reports annually in lieu of monthly reports required by ORS 767 840 and 767 905. Annual reports and accompanying remittances shall be filed on or before the due date of January 31 for the preceding calendar year

(2) Whenever in the judgment of the commission the estimated annual tax payable by a carrier

[Formerly 767 357, 1977 c 253 §35, 1981 c 554 §15]

767.850 Assessment by commission upon failure to report tax or fee due. (1) If any person neglects or refuses to make a fee or tax report as required by this chapter, the commission shall make a proposed assessment, based upon any information available to the commission, for the period for which such person failed to make a report, of the amount of taxes and fees, including fees for temporary passes required under ORS 767 805 (2), due for the period for which such proposed assessment is made.

(2) Each assessment shall bear interest at the rate of one percent per month, or fraction thereof, from the last day of the month following the close of the month for which the assessment is imposed until paid.

(3) There shall be added to every such assessment a penalty of 25 percent of the amount thereof.

(4) The commission shall give to such person written notice of such assessment.

(5) Whenever the commission has made an assessment pursuant to this section which has become final the commission may not reopen or reassess such taxes, fees, interest or penalties unless the commission is satisfied that the taxpayer fraudulently or with intent to evade taxation destroyed, concealed or withheld any books, accounts, papers, records or memoranda required to be maintained by a person subject to this chapter or the rules of the commission. If a petition is not filed

within the 30-day period, the assessment becomes final. If a petition for reassessment is filed within the 30-day period the commission shall reconsider the assessment and, if the person has requested in the petition, shall grant such person a hearing and give the person 10 days' notice of the time and place of the hearing. The commission has power to continue the hearing from time to time as may be necessary. The decision of the commission upon a petition for reassessment shall become final 30 days after service of notice upon the person concerned.

(2) The commission may waive or reduce the interest and penalties provided in ORS 767 840 (1), (2), (3), (4) or (5) or 767 850 (2) or (3) on those terms as the commission considers proper if request for waiver or reduction is made within 30 days after service of notice of assessment upon the person concerned, or as part of the pleas made in the commission's reconsideration of the assessment.

penalty imposed under ORS 767 470, is not paid in full, the commission may issue a warrant under the commission's official seal directed to the sheriff of any county of the state commanding the sheriff to levy upon and sell the real and personal property of the taxpayer found within that county, for payment of the amount thereof, with the added penalties or charges, interest and the cost of executing the warrant, and to return such warrant to the commission and pay to the commission the money collected by virtue thereof by a time to be specified therein, not less than 60 days from the date of the warrant

Thereupon the amount of the warrant so recorded shall become a lien upon the title to and interest in property of the taxpayer against whom it is issued in the same manner as a judgment duly docketed

(3) The sheriff thereupon shall proceed upon the same in all respects, with like effect and in the same manner prescribed by law in respect to executions issued against property upon judgment of a court of record, and shall be entitled to the same fees for services in executing the warrant, to be added to and collected as a part of the warrant liability

mined proper by the commission, taking into account the nature and scope of the carrier's operations. The deposit required may be increased or reduced by the commission at any time. In determining the necessity for an applicant or carrier to maintain a deposit the commission shall consider the applicant or carrier's financial capability and responsibility and the commission's prior experience, if any, in collecting fees, taxes, charges or penalties from the applicant, carrier or any person having a substantial interest or control, directly or indirectly, in or over the operations conducted or to be conducted under the carrier's authority

The commission shall hold the securities upon such terms as the commission shall designate and approve pursuant to the provision of this chapter, and shall deliver such securities to the State Treasurer, who shall receive and hold them subject to the lawful orders of the commission. The State Treasurer and the surety of the treasurer shall be liable upon the official bond of the treasurer for their safekeeping. The depositors shall reimburse the State Treasurer for any expenses incurred by the treasurer in the mailing, insuring, shipping or delivering of any such securities, or of the interest coupons attached thereto as they mature

(4) If a carrier ceases to be a carrier under this chapter, within a reasonable time of the receipt by the commission of all payments due, the commission shall refund or have returned to the carrier all deposits and securities remaining to the carrier's credit and shall release the surety on any bond given under this section
