state. Financing agreements shall be subject to the following limitations:

(1) Amounts payable by the state under a financing agreement shall be limited to available funds. In no circumstance shall the state be obligated to pay amounts due under a financing agreement from any source other than available funds. If there are insufficient available funds to pay amounts due under a financing agreement, the lender may exercise any property rights which the state has granted to it in the financing agreement, against the property which was purchased with the proceeds of the financing agreement, and apply the amounts so received toward payments scheduled to be made by the state under the financing agreement.

(2) No property rights may be granted in property unless the property is being acquired, substantially improved or refinanced with the proceeds of a financing agreement, or is land on which such property is located.

(4) For periods after June 30, 1989, the principal amount of financing agreements entered into by the state pursuant to ORS 283.085 to 283.092, 286.515 and 286.525 shall be treated as an amount of bonds and shall be subject to the provisions of ORS 286.505 to 286.545.

(5) The limitations of subsections (3) and (4) of this section shall not apply to financing agreements which are used to refinance previously executed financing agreements.

(6) The state or any state agency shall not enter into financing agreements under any provision of law other than ORS 283.085 to 283.092, 286.515 and 286.525 if the principal amount of the financing agreement, together with the principal amount of any financing agreement previously issued by the state or a state agency for the same project, exceeds \$100,000. held with a trustee shall be invested by the trustee at the direction of the treasurer. Interest earned on any investments held by a trustee as security for a financing agreement may, at the option of the director, be credited to the accounts held by the trustee and applied in payment of sums due under a financing agreement.

(2) Enter into credit enhancement agreements for financing agreements or certificates of participation, provided that such credit enhancement agreements shall be payable solely from available funds and amounts received from the exercise of property rights granted under such financing agreements.

(3) Use financing agreements to finance the costs of acquiring or refinancing property, plus the costs of reserves, credit enhancements and costs associated with obtaining the financing.

(4) Use a single financing agreement to finance property to be used by multiple state agencies.

(5) Subject to ORS 283.087 (2), grant leases of real property with a trustee or lender. Such leases may be for a term which ends on the date on which all amounts due under a financing agreement have been paid or provision for payment has been made, or 10 years after the last scheduled payment under a financing agreement, whichever is later. Such leases may grant the trustee or lender the right to evict the state and exclude it from possession of the real property for the term of the lease if the state fails to pay when due the amounts scheduled to be paid under a financing agreement or otherwise defaults under a financing agreement. Upon default, the trustee or lender may sublease the land to third parties and apply any rentals toward payments scheduled to be made under a financing agreement.

(6) Subject to ORS 283.087 (2), grant security interests in personal property to trustees or lenders. Such security interests shall attach and be perfected on the date the state takes possession of the personal property, or the date the lender advances money under a financing agreement, whichever is later. A security interest authorized by this section shall have priority over all other liens and claims. Upon default, the secured party shall have the rights and remedies available to a secured party under ORS 79.1010 to 79.5070 for a first, perfected security interest in goods and fixtures. No later than 10 days after a security interest authorized by this section attaches, the state shall cause a financing statement for the security interest to be filed with the Secretary of State in the same manner as financing statements are filed for goods; however, failure to file such

a statement shall not affect the perfection of the security interest.

(7) Pledge for the benefit of trustees and lenders any amounts which are deposited with a trustee in accordance with a financing agreement. The pledge shall be valid and binding from the time it is made, the amounts so pledged shall immediately be subject to the lien of the pledge without filing, physical delivery or other act, and the lien of the pledge shall be superior to all other claims and liens of any kind, whatsoever.

(8) Bill any state agency which benefits from property acquired with the proceeds of a financing agreement for an appropriate share of the financing costs, including debt service, on a monthly or other periodic basis, and deposit payments received in connection with such billings with a trustee as security for a financing agreement. Any state agency receiving such a bill shall pay the amounts billed from the first amounts legally available to it.

(9) Purchase fire and extended coverage or other casualty insurance for property which is acquired or refinanced with proceeds of a financing agreement, assign the proceeds thereof to a lender or trustee to the extent of their interest, and covenant to maintain such insurance while the financing agreement is unpaid, so long as available funds are sufficient to purchase such insurance. [1989 c.1032 §3]

Note: See note under 283.085.

283.091 Governor's budget to include amount needed to pay amounts due on unpaid financing agreements. The Executive Department shall include in the Governor's budget request to the Legislative Assembly for each fiscal period amounts sufficient to permit the payment of all amounts which will be due on unpaid financing agreements during that fiscal period. [1989 c.1032 §4]

Note: See note under 283.085.

283.092 Effect of financing agreement on tax status. A lease or financing agreement authorized by ORS 283.085 to 283.092, 286.515 and 286.525 shall not cause property to be subject to property taxation and shall be disregarded in determining whether property is exempt from taxation under ORS chapter 307. [1989 c 1032 §5]

Note: See note under 283.085.
