EDUCATION AND CULTURAL FACILITIES

GENERAL

334.005 Purpose. (1) It is the purpose of this chapter to provide maximum excellence in education and as nearly equal educational opportunities for all the children of this state as is feasible under optimum local control. In order to accomplish this purpose the Legislative Assembly intends that the education service districts established under the provisions of ORS 334.010 shall succeed the rural school district.

(2) In its state role, the education service district serves to assist the State Board of Education, through contract, in providing state-level services and support of state laws and state minimum standards.

(3) At the local level, the education service district shall provide professional services and facilities in education and shall furnish such services and facilities, on a cooperative basis with local districts, as may further the intent and purposes of this chapter. [1963 c.544 §1; 1975 c.477 §1, 1983 c.610 §2]

334.010 Education service district; inapplicability of certain statutes to certain boards. (1) There is created in each county not operating under ORS chapter 333, and which has more than one school district, a district to be known as the education service district and a governing body thereof to be known as the education service district board.

(2) There is created in any county which ceases to operate under ORS chapter 333 and which has more than one school district a district to be known as the education service district and a governing body thereof to be known as the education service district board.

(3) The education service district board of education service districts formed under subsection (2) of this section shall consist of the members of the school boards of all school districts within the county.

(4) The provisions of ORS 334.025, 334.035, 334.045 and 334.090 shall not apply to school boards established by subsection (2) of this section. [Amended by 1961 c.153 §1, subsections (3) and (4) enacted as 1961 c.153 §2; 1963 c.544 §29; 1965 c.100 §170; 1977 c.481 §1]

334.020 Composition of education service district. (1) Except as the boundaries of an education service district may be changed by merger under ORS 334.710 to 334.770 or other provision of law, the education service district consists of the common or union high school districts within or part of the education service district on September 2, 1963.

(2) Where a boundary change or formation of a common school or union high

school district results in a joint school district, the joint school district shall be included in the education service district in which the joint district's administrative office is located. [Amended by 1957 c.678 §2; 1963 c.544 §30; 1965 c.100 §171; 1975 c.770 §39]
