802.530 Authority for reciprocal agreements concerning traffic offenses; permitted provisions; fees; limitations; rules; report. The Motor Vehicles Division is authorized to enter into bilateral, reciprocal agreements with other jurisdictions to provide mutual assistance in the disposition of traffic offenses committed by residents of one jurisdiction while in the other jurisdic-

tion. Agreements authorized by this section are subject to the following:

(1) An agreement may provide for the sharing of information between jurisdictions concerning driving records, vehicle registration records and records concerning the granting, denial, revocation or suspension of driving privileges.

(2) An agreement may provide that a jurisdiction will suspend the driving privileges of a resident of the jurisdiction if the resident does not comply with the requirements and responsibilities created by citation for or conviction of a traffic offense in the other jurisdiction.

(3) An agreement may provide that a jurisdiction will refuse to issue or renew a driver license or permit or to issue a duplicate or replacement license or permit for a resident of the jurisdiction if the resident does not comply with the requirements and responsibilities created by citation for or conviction of a traffic offense in the other jurisdiction.

(4) An agreement may be limited to certain traffic offenses.

(5) An agreement may provide for the establishment of fees for and collection of fees from persons cited for traffic offenses or convicted of traffic offenses who are subject to the terms of the agreement. Any agency of this state that participates in a program established by an agreement authorized by this section is granted authority to establish fees for and collect fees from persons subject to an agreement. Fees established for purposes of this subsection must be established by rule. No fee established for purposes of this subsection may exceed an amount necessary to recover the actual cost incurred by participation in the program established by the agreement.

(6) An agreement may provide that residents of one jurisdiction who are issued citations for traffic offenses in the other jurisdiction will be released on recognizance without requirement of security deposit or bail. No provision described under this subsection may be established by agreement unless the Oregon Supreme Court establishes rules under ORS 1.520 to provide procedures for the participation of courts.

(7) An agreement may provide that one jurisdiction will act as agent for the other jurisdiction in the disposition of traffic offenses committed in the other jurisdiction. No provision described under this subsection may be established that requires the participation of courts of this state unless the Oregon Supreme Court establishes rules under ORS 1.520 to provide procedures for court participation.

(8) No agreement may be established under this section to provide for assistance in dealing with:

- (a) Offenses other than traffic offenses.
- (b) Parking offenses.
- (c) Bicycle offenses.
- (d) Pedestrian offenses.

(9) Any agreement established under this section must provide that this state may withdraw from the agreement upon notice of not more than 60 days.

(10) An agreement may include any other provision that the Motor Vehicles Division determines will assist in the disposition of traffic offenses committed by residents of one jurisdiction while in the other jurisdiction or will increase the convenience for residents of this state in complying with requirements and responsibilities created by citation for or conviction of a traffic offense in the other jurisdiction.

(11) The Motor Vehicles Division may adopt rules necessary to implement any agreement established under this section.

(12) The Motor Vehicles Division must submit a report on any agreement proposed under this section to the presiding officers of each house of the Oregon Legislative Assembly at least 30 days before the agreement may take effect. An agreement described under this section cannot take effect in this state unless the division complies with this subsection. [1985 c.396 §2]

802.540 Driver License Compact. The Driver License Compact is enacted into law and entered into on behalf of this state with all other states legally joining therein in a form substantially as follows:

ARTICLE I
FINDINGS AND DECLARATION
OF POLICY

(a) The party states find that:

(1) The safety of their streets and highways is materially affected by the degree of compliance with state laws and local ordinances relating to the operation of motor vehicles.

(2) Violation of such a law or ordinance is evidence that the violator engages in conduct which is likely to endanger the safety of persons and property.

(3) The continuance in force of a license to drive is predicated upon compliance with laws and ordinances relating to the operation of motor vehicles, in whichever jurisdiction the vehicle is operated.

(b) It is the policy of each of the party states to:

(1) Promote compliance with the laws, ordinances, and administrative rules and regulations relating to the operation of motor vehicles by their operators in each of the jurisdictions where such operators drive motor vehicles.

(2) Make the reciprocal recognition of licenses to drive and eligibility therefor more just and equitable by considering the overall compliance with motor vehicle laws, ordinances and administrative rules and regulations as a condition precedent to the continuance or issuance of any license by reason of which the licensee is authorized or permitted to operate a motor vehicle in any of the party states.

ARTICLE II DEFINITIONS

As used in this compact:

(a) "State" means a state, territory or possession of the United States, the District of Columbia, or the Commonwealth of Puerto Rico.

(b) "Home state" means the state which has issued and has the power to suspend or revoke the use of the license or permit to operate a motor vehicle.

(c) "Conviction" means a conviction of any offense related to the use or operation of a motor vehicle which is prohibited by state law, municipal ordinance or administrative rule or regulation, or a forfeiture of bail, bond or other security deposited to secure appearance by a person charged with having committed any such offense, and which conviction or forfeiture is required to be reported to the licensing authority.

ARTICLE III REPORTS OF CONVICTION

The licensing authority of a party state shall report each conviction of a person from another party state occurring within its jurisdiction to the licensing authority of the home state of the licensee. Such report shall clearly identify the person convicted; describe the violation specifying the section of the statute, code or ordinance violated; identify the court in which action was taken; indicate whether a plea of guilty or not guilty was entered, or the conviction was a result of the forfeiture of bail, bond or other security; and shall include any special findings made in connection therewith.

ARTICLE IV EFFECT OF CONVICTION

(a) The licensing authority in the home state, for the purposes of suspension, revocation or limitation of the license to operate a motor vehicle, shall give the same effect to the conduct reported, pursuant to Article III of this compact, as it would if such conduct

had occurred in the home state, in the case of convictions for:

(1) Manslaughter or negligent homicide resulting from the operation of a motor vehicle;

(2) Driving a motor vehicle while under the influence of intoxicating liquor or a narcotic drug or a controlled substance, or under the influence of any other drug or substance to a degree which renders the driver incapable of safely driving a motor vehicle;

(3) Any felony in the commission of which a motor vehicle is used;

(4) Failure to stop and render aid in the event of a motor vehicle accident resulting in the death or personal injury of another.

(b) As to other convictions, reported pursuant to Article III, the licensing authority in the home state shall give such effect to the conduct as is provided by the laws of the home state.

(c) If the laws of a party state do not provide for offenses or violations denominated or described in precisely the words employed in subdivision (a) of this Article, such party state shall construe the denominations and descriptions appearing in subdivision (a) hereof as being applicable to and identifying those offenses or violations of a substantially similar nature and the laws of such party state shall contain such provisions as may be necessary to ensure that full force and effect is given to this Article.

ARTICLE V APPLICATIONS FOR NEW LICENSES

Upon application for a license to drive, the licensing authority in a party state shall ascertain whether the applicant has ever held, or is the holder of a license to drive issued by any other party state. The licensing authority in the state where application is made shall not issue a license to drive to the applicant if:

(1) The applicant has held such a license, but the same has been suspended by reason, in whole or in part, of a violation and if such suspension period has not terminated.

(2) The applicant has held such a license, but the same has been revoked by reason, in whole or in part, of a violation and if such revocation has not terminated, except that after the expiration of one year from the date the license was revoked, such person may make application for a new license if permitted by law. The licensing authority may refuse to issue a license to any such applicant if, after investigation, the licensing authority determines that it will not be safe to grant to such person the privilege of driving a motor vehicle on the public highways.

(3) The applicant is the holder of a license to drive issued by another party state and currently in force unless the applicant surrenders such license.

ARTICLE VI APPLICABILITY OF OTHER LAWS

Except as expressly required by provisions of this compact, nothing contained herein shall be construed to affect the right of any party state to apply any of its other laws relating to licenses to drive to any person or circumstance, nor to invalidate or prevent any driver license agreement or other cooperative arrangement between a party state and a nonparty state.

ARTICLE VII COMPACT ADMINISTRATOR AND INTERCHANGE OF INFORMATION

(a) The head of the licensing authority of each party state shall be the administrator of this compact for his state. The administrators, acting jointly, shall have the power to formulate all necessary and proper procedures for the exchange of information under this compact.

(b) The administrator of each party state shall furnish to the administrator of each other party state any information or documents reasonably necessary to facilitate the administration of this compact.

ARTICLE VIII ENTRY INTO FORCE AND WITHDRAWAL

(a) This compact shall enter into force and become effective as to any state when it has enacted the same into law.

(b) Any party state may withdraw from this compact by enacting a statute repealing the same, but no such withdrawal shall take effect until six months after the executive head of the withdrawing state has given notice of the withdrawal to the executive heads of all other party states. No withdrawal shall affect the validity or applicability by the licensing authorities of states remaining party to the compact of any report of conviction occurring prior to the withdrawal.

ARTICLE IX CONSTRUCTION AND SEVERABILITY

This compact shall be liberally construed so as to effectuate the purposes thereof. The provisions of this compact shall be severable and if any phrase, clause, sentence or provision of this compact is declared to be contrary to the constitution of any partystate or of the United States or the applicability thereof to any government, agency, person or circumstance is held invalid, the validity of the remainder of this compact and the applicability thereof to any government,

agency, person or circumstance shall not be affected thereby. If this compact shall be held contrary to the constitution of any state party thereto, the compact shall remain in full force and effect as to the remaining states and in full force and effect as to the state affected as to all severable matters.

[1983 c.338 §168]

802.550 Administrative provisions relating to license compact. The following relate to the Driver License Compact under ORS 802.540:

(1) The Administrator of the Motor Vehicles Division of the Department of Transportation or the administrator's deputy shall act as the compact administrator. The compact administrator shall not be entitled to any additional compensation on account of service as compact administrator, but shall be entitled to expenses incurred in connection with such service, payable the same as expenses in connection with services as the normal duties of the person.

(2) When reference in the compact is made to the executive head in this state, the reference applies to the Governor of this state.

(3) When reference in the compact is made to the licensing authority in this state, the reference applies to the Motor Vehicles Division of the Department of Transportation.

(4) In accordance with subdivision (c) of Article IV of the compact, the following offenses or violations provided by Oregon law hereby are designated as offenses or violations of a substantially similar nature as the respective denominations and descriptions of conduct appearing in subdivision (a) of Article IV of the compact.

(a) ORS 809.410 (1) - Article IV (a) (1).

(b) ORS 813.400 - Article IV (a) (2).

(c) ORS 809.410 (4) - Article IV (a) (3).

(d) ORS 809.410 (5) - Article IV (a) (4).

(5) Offenses or violations other than those referred to in subsection (4) of this section reported to the department pursuant to Article III of the compact shall be given effect within the purpose of Article IV (b) of the compact as the other laws of this state provide. [1983 c 338 §169]

802.560 Multistate Highway Transportation Agreement. The Multistate Highway Transportation Agreement is hereby enacted into law and entered into on behalf of this state with all other jurisdictions legally joining therein in a form substantially as follows:

ARTICLE I
FINDINGS AND PURPOSES

SECTION 1. Findings. The participating jurisdictions find that:

(a) The expanding regional economy depends on expanding transportation capacity;

(b) Highway transportation is the major mode for movement of people and goods in the western states;

(c) Uniform application in the west of more adequate vehicle size and weight standards will result in a reduction of pollution, congestion, fuel consumption and related transportation costs, which are necessary to permit increased productivity;

(d) A number of western states, already having adopted substantially the 1964 Bureau of Public Roads recommended vehicle size and weight standards, still find current federal limits more restrictive;

(e) The 1974 revision of federal law (23 U.S.C. 127) did not contain any substantial improvements for vehicle size and weight standards in the western states and deprives states of interstate matching money if vehicle weights and widths are increased, even though the interstate system is nearly ninety-two percent (92%) complete; and

(f) The participating jurisdictions are most capable of developing vehicle size and weight standards most appropriate for the regional economy and transportation requirements, consistent with and in recognition of principles of highway safety.

SECTION 2. Purposes. The purposes of this agreement are to:

(a) Adhere to the principle that each participating jurisdiction should have the freedom to develop vehicle size and weight standards that it determines to be most appropriate to its economy and highway system.

(b) Establish a system authorizing the operation of vehicles traveling between two (2) or more participating jurisdictions at more adequate size and weight standards.

(c) Promote uniformity among participating jurisdictions in vehicle size and weight standards on the basis of the objectives set forth in this agreement.

(d) Secure uniformity insofar as possible, of administrative procedures in the enforcement of recommended vehicle size and weight standards.

(e) Provide means for the encouragement and utilization of research which will facilitate the achievement of the foregoing purposes, with due regard for the findings set forth in section 1 of this article.

ARTICLE II
DEFINITIONS

SECTION 1. As used in this agreement:

(a) "Designated representative" means a legislator authorized to represent the jurisdiction appointed by the President of the Senate and the Speaker of the House of Representatives in consultation.

(b) "Jurisdiction" means a state of the United States or the District of Columbia.

(c) "Vehicle" means any vehicle as defined by statute to be subject to size and weight standards which operates in two or more participating jurisdictions.

ARTICLE III
GENERAL PROVISIONS

SECTION 1. Qualifications for Membership. Participation in this agreement is open to jurisdictions which subscribe to the findings, purposes and objectives of this agreement and will seek legislation necessary to accomplish these objectives.

SECTION 2. Cooperation. The participating jurisdictions, working through their designated representatives, shall cooperate and assist each other in achieving the desired goals of this agreement pursuant to appropriate statutory authority.

SECTION 3. Effect of Headings. Article and section headings contained herein shall not be deemed to govern, limit, modify, or in any manner affect the scope, meaning, or intent of the provisions of any article or section hereof.

SECTION 4. Vehicle Laws and Regulations. This agreement shall not authorize the operation of a vehicle in any participating jurisdiction contrary to the laws or regulations thereof.

SECTION 5. Interpretation. The final decision regarding interpretation of questions at issue relating to this agreement shall be reached by unanimous joint action of the participating jurisdictions, acting through the designated representatives. Results of all such actions shall be placed in writing.

SECTION 6. Amendment. This agreement may be amended by unanimous joint action of the participating jurisdictions, acting through the officials thereof authorized

to enter into this agreement, subject to the requirements of section 4, Article III. Any amendment shall be placed in writing and become a part hereof.

SECTION 7. Restrictions, Conditions or Limitations. Any jurisdiction entering this agreement shall provide each other participating jurisdiction with a list of any restriction, condition or limitation on the general terms of this agreement, if any.

SECTION 8. Additional Jurisdictions. Additional jurisdictions may become members of this agreement by signing and accepting the terms of the agreement.

ARTICLE IV COOPERATING COMMITTEE

SECTION 1. Pursuant to section 2, Article III, the designated representatives of the participating jurisdictions shall constitute a committee which shall have the power to:

(a) Collect, correlate, analyze and evaluate information resulting or derivable from research and testing activities in relation to vehicle size and weight related matters.

(b) Recommend and encourage the undertaking of research and testing in any aspect of vehicle size and weight or related matter when, in their collective judgment, appropriate or sufficient research or testing has not been undertaken.

(c) Recommend changes in law or policy with emphasis on compatibility of laws and uniformity of administrative rules or regulations which would promote effective governmental action or coordination in the field of vehicle size and weight related matters.

SECTION 2. Each participating jurisdiction shall be entitled to one (1) vote only. No action of the committee shall be binding unless a majority of the total number of votes cast by participating jurisdictions are in favor thereof.

SECTION 3. The committee shall meet at least once annually and shall elect, from among its members, a chairman, a vice-chairman and a secretary.

SECTION 4. The committee shall submit annually to the legislature of each participating jurisdiction, no later than November 1, a report setting forth the work of the committee during the preceding year and including recommendations developed by the committee. The committee may submit such additional reports as it deems appropriate or desirable. Copies of all such reports shall be

made available to the Transportation Committee of the Western Conference, Council of State Governments, and to the Western Association of State Highway and Transportation Officials.

ARTICLE V OBJECTIVES OF THE PARTICIPATING JURISDICTIONS

SECTION 1. Objectives. The participating jurisdictions hereby declare that:

(a) It is the objective of the participating jurisdictions to obtain more efficient and more economical transportation by motor vehicles between and among the participating jurisdictions by encouraging the adoption of standards that will, as minimums, allow the operation on all State highways, except those determined through engineering evaluation to be inadequate, with a single-axle weight of 20,000 pounds, a tandem-axle weight of 34,000 pounds, and a gross vehicle or combination weight of that resulting from application of the formula:

$$W = 500 ((LN/N - 1) + 12N + 36)$$

where W = maximum weight in pounds carried on any group of two or more axles computed to nearest 500 pounds

L = distance in feet between the extremes of any group, of two or more consecutive axles.

N = number of axles in group under consideration

(b) It is the further objective of the participating jurisdictions that in the event the operation of a vehicle or combination of vehicles according to the provisions of subsection (a) of this section would result in withholding or forfeiture of federal-aid funds pursuant to section 127, title 23, U.S. Code, the operation of such vehicle or combination of vehicles at axle and gross weights within the limits set forth in subsection (a) of this section will be authorized under special permit authority by each participating jurisdiction which could legally issue such permits prior to July 1, 1956, provided all regulations and procedures related to such issuance in effect as of July 1, 1956, are adhered to.

(c) The objectives of subsections (a) and (b) of this section relate to vehicles or combinations of vehicles in regular operation, and the authority of any participating jurisdiction to issue special permits for the movement of any vehicle or combinations of vehicles having dimensions and/or weights in excess of the maximum statutory limits in each participating jurisdiction will not be affected.

(d) It is the further objective of the participating jurisdictions to facilitate and expedite the operation of any vehicle or combination of vehicles between and among the participating jurisdictions under the provisions of subsection (a) or (b) of this section, and to that end the participating jurisdictions hereby agree, through their designated representatives, to meet and cooperate in the consideration of vehicle size and weight related matters including, but not limited to, the development of: uniform enforcement procedures; additional vehicle size and weight standards; operational standards; agreements or compacts to facilitate regional application and administration of vehicle size and weight standards; uniform permit procedures; uniform application forms; rules and regulations for the operation of vehicles, including equipment requirements, driver qualifications, and operating practices; and such other matters as may be pertinent.

(e) In recognition of the limited prospects of federal revision of section 127, title 23, U.S. Code, and in order to protect participating jurisdictions against any possibility of withholding or forfeiture of federal-aid highway funds, it is the further objective of the participating jurisdictions to secure congressional approval of this agreement and, specifically of the vehicle size and weight standards set forth in subsection (a) of this section.

(f) In recognition of desire for a degree of national uniformity of size and weight regulations, it is the further objective to encourage development of broad, uniform size and weight standards on a national basis, and further that procedures adopted under this agreement be compatible with national standards.

ARTICLE VI ENTRY INTO FORCE AND WITHDRAWAL

SECTION 1. This agreement shall enter into force when enacted into law by any two (2) or more jurisdictions. Thereafter, this agreement shall become effective as to any other jurisdiction upon its enactment thereof, except as otherwise provided in section 8, Article III.

SECTION 2. Any participating jurisdiction may withdraw from this agreement by canceling the same but no such withdrawal shall take effect until thirty (30) days after the designated representative of the withdrawing jurisdiction has given notice in

writing of the withdrawal to all other participating jurisdictions.

ARTICLE VII CONSTRUCTION AND SEVERABILITY

SECTION 1. This agreement shall be liberally construed so as to effectuate the purposes thereof.

SECTION 2. The provisions of this agreement shall be severable and if any phrase, clause, sentence or provision of this agreement is declared to be contrary to the constitution of any participating jurisdiction or the applicability thereto to any government, agency, person or circumstance is held invalid, the validity of the remainder of this agreement shall not be affected thereby. If this agreement shall be held contrary to the constitution of any jurisdiction participating herein, the agreement shall remain in full force and effect as to the jurisdictions affected as to all severable matters.

ARTICLE VIII FILING OF DOCUMENTS

SECTION 1. A copy of this agreement, its amendments, and rules or regulations promulgated thereunder and interpretations thereof shall be filed in the highway department in each participating jurisdiction and shall be made available for review by interested parties.

ARTICLE IX EXISTING STATUTES NOT REPEALED

SECTION 1. All existing statutes prescribing weight and size standards and all existing statutes relating to special permits shall continue to be of force and effect until amended or repealed by law.

ARTICLE X STATE GOVERNMENT DEPARTMENTS AUTHORIZED TO COOPERATE WITH COOPERATING COMMITTEE

SECTION 1. Within appropriations available therefor, the departments, agencies and officers of the government of this state shall cooperate with and assist the cooperating committee within the scope contemplated by Article IV, section 1(a) and (b) of the agreement. The departments, agencies and officers of the government of this state are authorized generally to cooperate with said cooperating committee.
