However, unless otherwise provided in an urban growth area management agreement jointly adopted by a city and county to establish procedures for regulating land use outside the city limits and within an urban growth boundary acknowledged under ORS 197.251, if the county governing body has adopted ordinances or regulations for subdivisions and partitions under ORS 92.044, land within the six-mile limit shall be under the jurisdiction of the county for those purposes.

(2) It shall be unlawful to receive or record such plat or replat or deed in any public office unless the same bears thereon the approval, by indorsement, of such commission or city engineer. However, the indorsement of the commission or city engineer of the city with boundaries nearest the land such document affects shall satisfy the requirements of this section in case the boundaries

of more than one city are within six miles of the property so mapped or described. If the governing bodies of such cities mutually agree upon a boundary line establishing the limits of the jurisdiction of the cities other than the line equidistant between the cities and file the agreement with the recording officer of the county containing such boundary line, the boundary line mutually agreed upon shall become the limit of the jurisdiction of each city until superseded by a new agreement between the cities or until one of the cities files with such recording officer a written notification stating that the agreement shall no longer apply. A certified copy of each such ordinance shall be filed for record with the county clerk or recorder, and a like copy shall be filed with the county assessor and county surveyor. The county surveyor shall enter the new names of such streets and roads in red ink on any filed plat and tracing thereof which may be affected, together with appropriate notations concerning the same.

227.160 Definitions for ORS 227.160 to 227.185. As used in ORS 227.160 to 227.185:

(1) "Hearings officer" means a planning and zoning hearings officer appointed or designated by a city council under ORS 227.165.

(2) "Permit" means discretionary approval of a proposed development of land, under ORS 227.215 or city legislation or regulation. "Permit" does not include:

(a) A limited land use decision as defined in ORS 197.015;

(c) A decision which determines final engineering design, construction, operation, maintenance, repair or preservation of a transportation facility which is otherwise authorized by and consistent with the comprehensive plan and land use regulations. [1973 c.739 §6; 1975 c.767 §5; 1991 c.817 §8a]

227.165 Planning and zoning hearings officers; duties and powers. A city may appoint one or more planning and zoning hearings officers, to serve at the pleasure of the appointing authority. Such an officer shall conduct hearings on applications for such classes of permits and zone changes as the council designates. [1973 c.739 §7; 1975 c.767 §6]

227.170 Hearing procedure. The city council shall prescribe one or more procedures for the conduct of hearings on permits and zone changes. [1973 c.739 §8; 1975 c.767 §7]

227.173 Basis for decision on permit application or limited land use decision; statement of reasons for grant or denial.

(1) Approval or denial of a discretionary permit application shall be based on standards and criteria, which shall be set forth in the development ordinance and which shall relate approval or denial of a discretionary permit application to the development ordinance and to the comprehensive plan for the area in which the development would occur and to the development ordinance and comprehensive plan for the city as a whole.

(2) Approval or denial of a permit application or limited land use decision shall be based upon and accompanied by a brief statement that explains the criteria and standards considered relevant to the decision, states the facts relied upon in rendering the decision and explains the justification for the decision based on the criteria, standards and facts set forth.

(3) Written notice of the approval or denial shall be given to all parties to the proceeding. [1977 c.654 §5; 1979 c.772 §10b; 1991 c.817 §16]

227.175 Application for permit or zone change; fees; consolidated procedure; hearing; approval criteria; decision without hearing. (1) When required or author-

ized by a city, an owner of land may apply in writing to the hearings officer, or such other person as the city council designates, for a permit or zone change, upon such forms and in such a manner as the city council prescribes. The governing body shall establish fees charged for processing permits at an amount no more than the actual or average cost of providing that service.

(2) The governing body of the city shall establish a consolidated procedure by which an applicant may apply at one time for all permits or zone changes needed for a development project. The consolidated procedure shall be subject to the time limitations set out in ORS 227.178. The consolidated procedure shall be available for use at the option of the applicant no later than the time of the first periodic review of the comprehensive plan and land use regulations.

(3) Except as provided in subsection (10) of this section, the hearings officer shall hold at least one public hearing on the application.

(4) The application shall not be approved unless the proposed development of land would be in compliance with the comprehensive plan for the city and other applicable land use regulation or ordinance provisions. The approval may include such conditions as are authorized by ORS 227.215 or any city legislation. Notwithstanding other requirements of this section, limited land use decisions shall be subject to the requirements outlined in ORS 197.195 and 197.828.

(5) Hearings under this section may be held only after notice to the applicant and other interested persons and shall otherwise be conducted in conformance with the provisions of ORS 197.763.

(6) Notice of a public hearing on a zone use application shall be provided to the owner of an airport, defined by the Department of Transportation as a "public use airport" if:

(a) The name and address of the airport owner has been provided by the Aeronautics Division of the Department of Transportation to the city planning authority; and

(b) The property subject to the zone use hearing is:

(A) Within 5,000 feet of the side or end of a runway of an airport determined by the Department of Transportation to be a "visual airport"; or

(B) Within 10,000 feet of the side or end of the runway of an airport determined by the Department of Transportation to be an "instrument airport."

(7) Notwithstanding the provisions of subsection (6) of this section, notice of a zone

use hearing need only be provided as set forth in subsection (6) of this section if the permit or zone change would only allow a structure less than 35 feet in height and the property is located outside of the runway "approach surface" as defined by the Department of Transportation.

(8) If an application would change the zone of property which includes all or part of a mobile home or manufactured dwelling park as defined in ORS 446.003, the governing body shall give written notice by first class mail to each existing mailing address for tenants of the mobile home or manufactured dwelling park at least 20 days but not more than 40 days before the date of the first hearing on the application. The governing body may require an applicant for such a zone change to pay the costs of such notice.

(9) The failure of a tenant or an airport owner to receive a notice which was mailed shall not invalidate any zone change.

(10)(a) The hearings officer, or such other person as the governing body designates, may approve or deny an application for a permit without a hearing if the hearings officer or other designated person gives notice of the decision and provides an opportunity for appeal of the decision to those persons who would have had a right to notice if a hearing had been scheduled or who are adversely affected or aggrieved by the decision. Notice of the decision shall be given in the same manner as required by ORS 197.195 or 197.763, whichever is applicable. An appeal from a hearings officer's decision shall be made to the planning commission or governing body of the city. An appeal from such other person as the governing body designates shall be to a hearings officer, the planning commission or the governing body. In either case, the appeal shall be a de novo hearing.

(b) If a local government provides only a notice of the opportunity to request a hearing, the local government may charge a fee for the initial hearing. The maximum fee for an initial hearing shall not be in excess of \$100. If an appellant prevails at the hearing or upon subsequent appeal, the fee for the initial hearing shall be refunded. The fee allowed in this paragraph shall not apply to appeals made by:

(A) The Department of Land Conservation and Development;

(B) Neighborhood or community organizations recognized by the governing body and whose boundaries include the site.

(11) A decision described in ORS 227.160 (2)(b) shall:

(a) Be entered in a registry available to the public setting forth:

(A) The street address or other easily understood geographic reference to the subject property;

(B) The date of the decision; and

(C) A description of the decision made.

(b) Be subject to the jurisdiction of the Land Use Board of Appeals in the same manner as a limited land use decision.

(c) Be subject to the appeal period described in ORS 197.830 (4)(b).

(12) At the option of the applicant, the local government shall provide notice of the decision described in ORS 227.160 (2)(b) in the manner required by ORS 197.763 (2), in which case an appeal to the board shall be filed within 21 days of the decision. The notice shall include an explanation of appeal rights. [1973 c.739 §§9,10; 1975 c.767 §8; 1983 c.827 §24; 1985 c.473 §15; 1987 c.106 §3; 1987 c.729 §18; 1989 c.648 §63; 1991 c.612 §21; 1991 c.817 §6]

227.178 Final action on certain applications required within 120 days; exceptions; mandamus authorized. (1) Except as provided in subsections (3) and (4) of this section, the governing body of a city or its designate shall take final action on an application for a permit, limited land use decision or zone change, including resolution of all appeals under ORS 227.180, within 120 days after the application is deemed complete.

(2) If an application for a permit, limited land use decision or zone change is incomplete, the governing body or its designate shall notify the applicant of exactly what information is missing within 30 days of receipt of the application and allow the applicant to submit the missing information. The application shall be deemed complete for the purpose of subsection (1) of this section upon receipt by the governing body or its designate of the missing information. If the applicant refuses to submit the missing information, the application shall be deemed complete for the purpose of subsection (1) of this section on the 31st day after the governing body first received the application.

(3) If the application was complete when first submitted or the applicant submits the requested additional information within 180 days of the date the application was first submitted and the city has a comprehensive plan and land use regulations acknowledged under ORS 197.251, approval or denial of the application shall be based upon the standards and criteria that were applicable at the time the application was first submitted.

(4) The 120-day period set in subsection (1) of this section may be extended for a reasonable period of time at the request of the applicant.

(5) The 120-day period set in subsection (1) of this section applies:

(a) Only to decisions wholly within the authority and control of the governing body of the city; and

(b) Unless the parties have agreed to mediation as described in ORS 197.318 (2)(b).

(6) Notwithstanding subsection (5) of this section, the 120-day period set in subsection (1) of this section does not apply to an amendment to an acknowledged comprehensive plan or land use regulation or adoption of a new land use regulation that was forwarded to the director under ORS 197.610 (1).

(7) If the governing body of the city or its designate does not take final action on an application for a permit, limited land use decision or zone change within 120 days after the application is deemed complete, the applicant may apply in the circuit court of the county where the application was filed for a writ of mandamus to compel the governing body or its designate to issue the approval. The writ shall be issued unless the governing body shows that the approval would violate a substantive provision of the city comprehensive plan or land use regulations as defined in ORS 197.015. [1983 c.827 §27; 1989 c.761 §16; 1991 c.817 §15]

227.180 Review of action on permit application. (1)(a) A party aggrieved by the action of a hearings officer may appeal the action to the planning commission or council of the city, or both, however the council prescribes. The appellate authority on its own motion may review the action. The procedure for such an appeal or review shall be prescribed by the council, but shall:

(A) Not require that the appeal be filed within less than seven days after the date the governing body mails or delivers the decision of the hearings officer to the parties;

(B) Require a hearing at least for argument; and

(C) Require that upon appeal or review the appellate authority consider the record of the hearings officer's action. That record need not set forth evidence verbatim.

(b) Notwithstanding paragraph (a) of this subsection, the council may provide that the decision of a hearings officer or other decision-making authority in a proceeding for a discretionary permit or zone change is the final determination of the city.

(c) The governing body may prescribe, by ordinance or regulation, fees to defray the costs incurred in acting upon an appeal from a hearings officer, planning commission or other designated person. The amount of the fee shall be reasonable and shall be no more

than the average cost of such appeals or the actual cost of the appeal, excluding the cost of preparation of a written transcript. The governing body may establish a fee for the preparation of a written transcript. The fee shall be reasonable and shall not exceed the actual cost of preparing the transcript up to \$500. In lieu of a transcript prepared by the governing body and the fee therefor, the governing body shall allow any party to an appeal proceeding held on the record to prepare a transcript of relevant portions of the proceedings conducted at a lower level at the party's own expense. If an appellant prevails at a hearing or on appeal, the transcript fee shall be refunded.

(2) A party aggrieved by the final determination in a proceeding for a discretionary permit or zone change may have the determination reviewed under ORS 197.830 to 197.845.

(3) No decision or action of a planning commission or city governing body shall be invalid due to ex parte contact or bias resulting from ex parte contact with a member of the decision-making body, if the member of the decision-making body receiving the contact:

(a) Places on the record the substance of any written or oral ex parte communications concerning the decision or action; and

(b) Has a public announcement of the content of the communication and of the parties' right to rebut the substance of the communication made at the first hearing following the communication where action will be considered or taken on the subject to which the communication related.

(4) A communication between city staff and the planning commission or governing body shall not be considered an ex parte contact for the purposes of subsection (3) of this section.

(5) Subsection (3) of this section does not apply to ex parte contact with a hearings officer. [1973 c.739 §§11,12; 1975 c.767 §9; 1979 c.772 §12; 1981 c.748 §43; 1983 c.656 §2; 1983 c.827 §25; 1991 c.817 §12]

227.185 Transmission tower; location; conditions. The governing body of a city or its designate may allow the establishment of a transmission tower over 200 feet in height in any zone subject to reasonable conditions imposed by the governing body or its designate. [1983 c.827 §27a]

227.187 Public sale of copies of city comprehensive plan and land use regulations. A city shall maintain copies of its comprehensive plan and land use regulations, as defined in ORS 197.015, for sale to the public. [1991 c.363 §3]

SOLAR ACCESS ORDINANCES

227.190 Solar access ordinances; purpose; standards. (1) City councils may adopt and implement solar access ordinances. The ordinances shall provide and protect to the extent feasible solar access to the south face of buildings during solar heating hours, taking into account latitude, topography, microclimate, existing development, existing vegetation and planned uses and densities. The city council shall consider for inclusion in any solar access ordinance, but not be limited to, standards for:

(a) The orientation of new streets, lots and parcels;

(b) The placement, height, bulk and orientation of new buildings;

(c) The type and placement of new trees on public street rights of way and other public property; and

(d) Planned uses and densities to conserve energy, facilitate the use of solar energy, or both.

(2) The Department of Energy shall actively encourage and assist city councils' efforts to protect and provide for solar access.

(3) As used in this section, "solar heating hours" means those hours between three hours before and three hours after the sun is at its highest point above the horizon on December 21. [1981 c.722 §5]

227.195 Effect of land use regulations and comprehensive plans. Solar access ordinances shall not be in conflict with acknowledged comprehensive plans and land use regulations. [1981 c.722 §6]

DEVELOPMENT ORDINANCES

227.210 [Repealed by 1975 c.767 §16]

227.290 Building setback lines established by city council; criteria. (1) The council or other governing body of any incorporated city, under an exercise of its police powers, may establish or alter building setback lines on private property adjacent to any alley, street, avenue, boulevard, highway or other public way in such city. It may make it unlawful and provide a penalty for erecting after said establishment any building or structure closer to the street line than such setback line, except as may be expressly provided by ordinance. The council or body shall pass and put into effect such ordinances as may be needed for the purpose of providing for a notice to and hearing of persons owning property affected before establishing any such setback line. Such setback lines may be established without requiring a

cutting off or removal of buildings existing at the time.

(2) The council may consider, in enacting ordinances governing building setback lines, the site slope and tree cover of the land with regard to solar exposure. The council shall not restrict construction where site slope and tree cover make incident solar energy collection unfeasible, except an existing solar structure's sun plane shall not be substantially impaired.

(3) The council may consider, in enacting ordinances governing building setback lines and maximum building height, the impact on available wind resources. The ordinances shall protect an existing wind energy system's wind source to the extent feasible.

The council or other governing body of the city shall pass and put into effect such ordinances as may be needed for the purpose of providing for a notice to and hearing of persons whose property is affected by such establishment. In case of the exercise of the power of eminent domain, provision shall be made for ascertaining and paying just compensation for any damages caused as the result of establishing such setback lines.
