GENERAL PROVISIONS

261.005 Short title. This chapter shall be known as the People's Utility District Law.

261.007 Policy. The purpose of this chapter is to implement the intent and purpose of section 12, Article XI, of the Oregon Constitution including authorization for the establishment of people's utility districts to develop the water and energy resources of this state for the benefit of the people of this state and to supply public utility service, including water, water power and electric energy for all uses and users. [1979 c.588 §2]

261.010 Definitions. As used in this chapter, unless otherwise required by the context:

(1) "People's utility district" or "district" means an incorporated people's utility district, created under the provisions of this chapter.

(2) "Municipality" means an incorporated city or town with a council or legislative body.

(3) "Board of directors," "directors" or "board" means the governing body of a people's utility district, elected and functioning under the provisions of this chapter.

(4) "Parcel of territory" means a portion of unincorporated territory, or an area in a municipality comprised of less than the entire municipality.

(5) "Separate parcel of territory" means unincorporated territory that is not contiguous to other territory that is a part of a district or that is described in a petition filed with the county clerk in pursuance of the provisions of this chapter, but when a proposed district includes territory in more than one county, the contiguous territory in each such county shall be considered as a separate parcel of territory. When a proposed district includes any area in a municipality comprised of less than the entire municipality, that area shall be considered as a separate parcel of territory.

(6) "Utility" means a plant, works or other property used for development, generation, storage, distribution or transmission of electric energy produced from resources including, but not limited to, hydroelectric, pump storage, wave, tidal, wind, solid waste, wood, straw or other fiber, coal or other thermal generation, geothermal or solar resources, or development or transmission of water for domestic or municipal purposes, waterpower or electric energy, but transmission of water shall not include water for irrigation or reclamation purposes, except as secondary to and when used in conjunction with a hydroelectric plant.

(7) "Initial utility system" means a complete operating utility system, including energy efficiency measures and installations within the district or proposed district, capable of supplying the consumers required to be served by the district at the time of acquisition or construction with all of their existing water or electrical energy needs.

(8) "Electric cooperative" means a cooperative corporation owning and operating an electric distribution system.

(9) "Affected territory" means that territory proposed to be formed into, annexed to or consolidated with a district.

(10) "Electors' petition" means a petition addressed to the county governing body and filed with the county clerk, containing the signatures of electors registered in the affected territory, equal to not less than three percent of the total number of votes cast for all candidates for Governor within the affected territory at the most recent election at which a candidate for Governor was elected to a full term, setting forth and particularly describing the boundaries of the parcel of territory, separate parcels of territory, municipality and district, or any of them, referred to therein, and requesting the county governing body to call an election to be held within the boundaries of the parcel of territory, separate parcels of territory, municipality and district, or any of them, for the formation of a district, the annexation of a parcel of territory or a municipality to a district, or the consolidation of two or more districts.

(11) "County governing body" means either the county court or board of county commissioners and, if the affected territory is composed of portions of two or more counties, the governing body of that county having the greatest portion of the assessed value of all taxable property within the affected territory, as shown by the most recent assessment roll of the counties.

(12) "Replacement value of unreimbursed investment" means original cost new less depreciation of capitalized energy efficiency measures and installations in the premises of customers of an investor owned utility. [Amended by 1961 c.224 §10; 1979 c.558 §4; 1981 c.804 §76; 1983 c.83 §32; 1989 c.174 §3; 1991 c.358 §1]

261.015 [Renumbered 261.121]

261.020 [Repealed by 1973 c.796 §79]

261.025 Statutory provisions cumulative. The provisions of this chapter are additional and cumulative to the provisions of any other law now or hereafter existing for the holding of elections in districts.

261.030 Chapter not to interfere with existing utilities of electric cooperatives or municipalities; joint operating agen-

cies allowed. Nothing contained in this chapter authorizes or empowers the board of directors of any district to interfere with or exercise any control over any existing utility owned and operated by any electric cooperative or municipality in the district unless by consent of the governing body of the electric cooperative or of the city council or the governing body of the municipally owned plant, when the control of the municipally owned plant is vested in a governing body other than the city council or governing body of the municipality. However a district may participate fully with electric cooperatives and municipally owned utilities in the formation and operation of joint operating agencies for electric power under ORS chapter 262. [Amended by 1979 c.558 §5]

261.035 Charter provisions of cities and towns not affected; municipality not prohibited from acquiring plant. Nothing in this chapter modifies in any manner any charter provisions of any incorporated city or town, or prohibits any municipality from acquiring and operating its own plant.

261.040 [Amended by 1979 c.558 §6; renumbered 261.118]

261.045 Procedure in absence of specific provision. Where the procedure for formation of a district, annexation of territory to a district, consolidation of two or more districts, issuance of bonds and levying and collection of taxes, holding of elections or any other matter in connection with organization or operation of utility districts is not specifically provided for, any suitable method and proceeding, or either, may be adopted which may appear most conformable to the spirit of this chapter and the provisions of section 12, Article XI, Oregon Constitution.

261.050 Taxation of district property. All property, real and personal, owned, used, operated or controlled by any people's utility district, in or for the production, transmission, distribution or furnishing of electric power or energy or electric service for or to the public, shall be assessed and taxed in the same manner and for the same purposes, and the district and the directors and officers thereof shall be subject to the same requirements, as are provided by law in respect to assessment and taxation of similar property owned, used, operated or controlled by private corporations or individuals for the purpose of furnishing electric power or energy or electric service to the public.

261.055 Special elections called by board. When any people's utility district desires to hold an election for the purpose of submitting to the electors of the district any question that may lawfully be submitted to them, the board may, at any regular or spe-

cial meeting called in accordance with its rules or the statutes governing the same, adopt a resolution calling a special election to be held on a date specified in ORS 255.345, and may in the same resolution designate and describe in general terms the question which is to be submitted at the special election. [Formerly 261.505]

261.060 Election procedure. Except as otherwise specifically provided in this chapter, every district election shall be conducted in accordance with ORS 255.005 to 255.035, 255.055, 255.075 to 255.095, 255.215 to 255.288 and 255.295 to 255.355. [1975 c.598 §3 and 1975 c.647 §16; 1989 c.503 §29]

existing utility districts, the description of the territory sought to be included therein and the name by which the utility district is to be known. The statement shall be printed on a separate page or pages.

(2) There shall be a signature sheet with sufficient space for 20 signatures, and opposite the name of each signer, a space for the residence address of the signers of the petition and the number of their voting precinct. Each petition containing signatures shall be verified by the person circulating the petition, stating that every person who signed the petition did so in the circulator's presence and that the circulator believes that each signer stated that signer's correct residence address and is an elector.

The board of directors may borrow from banks or other financial institutions, on notes payable within 12 months, such sums as the board of directors deems necessary or advisable; however, the amounts so borrowed, together with the principal amounts of other like borrowings then outstanding and unpaid, shall not exceed the amount which the board of directors estimates as the district's net income (determined in accordance with the system of accounts maintained by the board pursuant to ORS 261.470) for the 12 full calendar months following the date of the proposed borrowing, adjusted by adding to the net income an amount equal to the estimated charges to depreciation for the 12-month period. No indebtedness shall be incurred or

(7) To enter into rental or lease-purchase agreements to rent, lease or acquire real or personal property, or both, required for district purposes. Except when approved by a majority of the electors of the district voting on the question, a people's utility district shall not enter into rental or leasing agreements when the annual aggregate amount of payment for any and all property directly related to a single transaction exceeds 10 percent of the revenues of the district in the preceding fiscal year.

If a part of the facilities is located within a municipality, the election shall be conducted so that the electors of the municipality may vote separately and their votes counted separately, and the part within any municipality may not be acquired unless a majority of the electors of the municipality voting on the question approves.

(2) When a district desires to acquire facilities outside its boundaries for distribution of electric energy, the board of directors shall pass a resolution declaring that purpose, specifying the facilities which it desires to acquire and describing the boundaries of the territory served by the facilities so as to include all those receiving service or can be reasonably served through the facilities.

(3) A certified copy of the resolution shall be filed with the county governing body. Within 90 days thereafter, the county governing body shall designate the boundaries of the territory served by the facilities, and certify the boundaries to the counties in which they are located. The county governing body shall at the same time notify each of the counties of the call of an election for the purpose of authorizing acquisition of the facilities. This certification and notification shall be given to the county clerks of the respective counties. The notice shall state the time of the election and contain a ballot title stated in clear and concise language.

(4) The provisions of ORS 261.200 shall be complied with insofar as applicable. Ballots cast by electors of municipalities shall be separately kept and counted as to each municipality. [Amended by 1973 c.796 §13a; 1979 c.558 §21; 1983 c.83 §34]

[1991 c.358 §7]

261.330 District water right appropriation exclusive if not excessive. Any filing made by any utility district upon the unappropriated waters of this state for use in the future development of a hydroelectric plant by the district shall be reserved to the district and shall not be subject to appropriation by any other person, municipality or corporation, unless it is judicially determined that such filing exceeds the reasonable present and future requirements of the district, in which event the surplus or excess may be by decree of a court of competent jurisdiction released and discharged from such filing. Proceedings in court for the determination of whether or not the filing by any utility district exceeds its reasonable present and future requirements may be instituted by the State of Oregon, by the Water Resources Commission in the name of and for the State of Oregon, or by any other applicant for the right to the use of the waters involved. [Amended by 1955 c.707 §35]

(2) The minimum scale of wages to be paid by a people's utility district or by any contractor or subcontractor for such district shall be not less than the prevailing wage for the character of work in the same trade in the largest city having a population of 5,000 or more in the district, or if there is none, the nearest to the district.

(3) The board of directors of any utility district may negotiate, sign and maintain collective bargaining agreements concerning employment, rates of pay and working conditions with the representatives of its employees. Notice in writing of any intended change

The provisions of ORS 243.650 to 243.782 shall govern the negotiation of a collective bargaining agreement and any changes to an existing agreement. (b) Where the employees of the private utility are, at the time of acquisition, covered by any collective bargaining contract, plan for individual annuity contracts, retirement income policies, group annuity contract or group insurance for the benefit of employees, the district shall:

(A) Maintain any benefits or privileges which employees of the acquired utility would receive or be entitled to had the acquisition not occurred; and

(C) By agreement with a majority of the employees affected, substitute a similar plan or contract.

(c) The district may pay all or part of the premiums or other payments required under paragraph (b) of this subsection out of the revenue derived from the operation of its properties.

261.350 Agreements with others for use of excess district facilities. Whenever any of the facilities, works or utilities of the district, or any part thereof, are not used or employed to its fullest capacity for the benefits or requirements of the district or its inhabitants, the district may enter into agreements, upon terms and conditions satisfactory to the board, for renting, leasing or otherwise using the available portion or parts of such facilities, works or utilities. In connection with any such agreement, renting

or leasing, the district may undertake or perform any services incidental thereto. [Amended by 1981 c.758 §3]

(3) Notwithstanding subsection (1) of this section and subject to subsection (4) of this section, any district may, by a duly adopted resolution of its board, issue and sell revenue bonds for the purpose of betterments and extensions within the existing boundaries of the district, but the amount so issued shall be limited to the reasonable value of the betterments and extensions plus an amount not to exceed 10 percent thereof for administrative purposes. Revenue bonds shall not be issued and sold for the purpose of acquiring an initial utility system or acquiring property or facilities owned by another entity that provides electric utility service without first obtaining the affirmative vote of the electors within the district.

(4) Not later than the 30th day prior to a board meeting at which adoption of a resolution under subsection (3) of this section will be considered, the district shall:

(a) Provide for and give public notice, reasonably calculated to give actual notice to interested persons including news media which have requested notice, of the time and place of the meeting and of the intent of the board to consider and possibly adopt the resolution; and

(b) Mail to its customers notice of the time and place of the meeting and of the intent of the board to consider and possibly adopt the resolution.

(5) Any authorizing resolution adopted for the purposes of subsection (3) of this section shall provide that electors residing within the district may file a petition with the district asking to have the question of whether to issue such bonds referred to a vote.

(6) If within 60 days after adoption of a resolution under subsection (3) of this section the district receives petitions containing valid signatures of not fewer than five percent of the electors of the district, the question of issuing the bonds shall be placed on the ballot at the next date on which a district election may be held under ORS 255.345 (1).

(10) The district shall order an election for the authorization of revenue bonds to finance the acquisition or construction of an initial utility system as early as practicable under ORS 255.345 after filing the certificate required under subsection (9) of this section. An election under this subsection shall be held no more than twice in any one calendar year for any district. In even-numbered years no election shall be held on any other date than the date of the regular primary or general elections. [Amended by 1959 c.548 §1; 1979 c.558 §24; 1991 c.572 §1]
