(Generally)

475.005 Definitions for ORS 475.005 to 475.285, 475.295 and 475.940 to 475.995. As used in ORS 475.005 to 475.285, 475.295 and 475.940 to 475.995, unless the context requires otherwise:

(6) "Controlled substance" means a drug or its immediate precursor classified in Schedules I through V under the Federal Controlled Substances Act, 21 U.S.C. §§ 811 to 812, as modified under ORS 475.035. The use of the term "precursor" in this subsection does not control and is not controlled by the use of the term "precursor" in ORS 475.940, 475.950 and 475.955.

(7) "Counterfeit substance" means a controlled substance or its container or labeling, which, without authorization, bears the trademark, trade name, or other identifying mark, imprint, number or device, or any likeness thereof, of a manufacturer, distributor or dispenser other than the person who in fact manufactured, delivered or dispensed the substance.

(8) "Deliver" or "delivery" means the actual, constructive or attempted transfer, other than by administering or dispensing, from one person to another of a controlled substance, whether or not there is an agency relationship.

(9) "Device" means instruments, apparatus or contrivances, including their components, parts or accessories, intended:

(b) To affect the structure of any function of the body of humans or animals.

(13) "Drug" means:

(a) Substances recognized as drugs in the official United States Pharmacopoeia, official Homeopathic Pharmacopoeia of the United States or official National Formulary, or any supplement to any of them;

(14) "Manufacture" means the production, preparation, propagation, compounding, conversion or processing of a controlled substance, either directly or indirectly by extraction from substances of natural origin, or independently by means of chemical synthesis, or by a combination of extraction and chemical synthesis, and includes any packaging or repackaging of the substance or labeling or relabeling of its container, except that this term does not include the preparation or compounding of a controlled substance:

(a) By a practitioner as an incident to administering or dispensing of a controlled substance in the course of professional practice; or

(b) By a practitioner, or by an authorized agent under the practitioner's supervision, for the purpose of, or as an incident to, research, teaching or chemical analysis and not for sale.

(15) "Marijuana" means all parts of the plant Cannabis family Moraceae, whether

growing or not; the resin extracted from any part of the plant; and every compound, manufacture, salt, derivative, mixture, or preparation of the plant or its resin. It does not include the mature stalks of the plant, fiber produced from the stalks, oil or cake made from the seeds of the plant, any other compound, manufacture, salt, derivative, mixture, or preparation of the mature stalks (except the resin extracted therefrom), fiber, oil, or cake, or the sterilized seed of the plant which is incapable of germination.

(18) "Prescription" means a written or oral direction, given by a practitioner for the preparation and use of a drug. When the context requires, "prescription" also means the drug prepared under such written or oral direction. Any label affixed to a drug prepared under written or oral direction shall prominently display a warning that the removal thereof is prohibited by law.

(19) "Production" includes the manufacture, planting, cultivation, growing or harvesting of a controlled substance.

(20) "Research" means an activity conducted by the person registered with the federal Drug Enforcement Administration pursuant to a protocol approved by the United States Food and Drug Administration.

475.035 Authority to control schedule.

(1) In arriving at any decision on changes in or addition to classification when changes or additions are proposed by the federal Drug Enforcement Administration or by any other reliable source, the board shall review the scientific knowledge available regarding the substance, its pharmacological effects, patterns of use and misuse, and potential consequences of abuse, and consider the judgment of individuals with training and experience with the substance.

(2) Whenever the board determines that a change in or an addition to the schedule of a controlled substance is justified, the board by rule may order the change and fix the effective date thereof.

(3) If a substance is an ingredient of a controlled substance, the ingredient shall be considered to be in the same schedule as that controlled substance. Substances which are precursors of the ingredient shall not be subject to control solely because they are precursors of the ingredient. The use of the term "precursor" in this subsection does not control and is not controlled by the use of the term "precursor" in ORS 475.940, 475.950 and 475.955.

(4) The board shall administer ORS 475.005 to 475.285, 475.295 and 475.940 to 475.995 in accordance with ORS 183.310 to 183.550.

(Registration)

475.125 Registration requirements. (1) Every person who manufactures, delivers or dispenses any controlled substance within this state or who proposes to engage in the manufacture, delivery or dispensing of any controlled substance within this state, must obtain annually a registration issued by the board in accordance with its rules.

(2) Persons registered by the board under ORS 475.005 to 475.285, 475.295 and 475.940 to 475.995 to manufacture, deliver, dispense or conduct research with controlled substances may possess, manufacture, deliver, dispense or conduct research with those substances to the extent authorized by their registration and in conformity with the other provisions of ORS 475.045, 475.095 and 475.125 to 475.185 and other applicable laws of this state.

(3) The following persons need not register and may lawfully possess controlled substances under ORS 475.005 to 475.285, 475.295 and 475.940 to 475.995:

(a) An agent or employee of any registered manufacturer, distributor or dispenser of any controlled substance if the agent or employee is acting in the usual course of business or employment.

(b) A common or contract carrier or warehouseman, or an employee thereof, whose possession of any controlled substance is in the usual course of business or employment.

(c) An ultimate user or a person in possession of any controlled substance pursuant to a lawful order of a practitioner or in lawful possession of a Schedule V substance, unless otherwise prohibited.

(d) A practitioner otherwise licensed under the laws of this state and authorized to dispense or administer a controlled substance by the licensing authority.

(4) The board may waive by rule the requirement for registration of certain manufacturers or dispensers if it finds it consistent with the public health and safety.

(5) A separate registration is required at each principal place of business or professional practice where the applicant manufactures, delivers or dispenses controlled substances.

(6) The board may inspect the establishment of a registrant or applicant for registration in accordance with the rules of the board. [1977 c.745 §8]

475.130 [Repealed by 1957 c.587 §12]

475.135 Grounds to grant or deny registration; scope of registration; effect of federal registration. (1) The board shall register or renew the registration of an applicant to manufacture or dispense controlled substances included in schedules under procedures defined in ORS 475.035, unless it determines that the issuance of that registration would be inconsistent with the public interest. In determining the public interest, the board shall consider the following factors:

(a) Failure to maintain effective controls against diversion of controlled substances into other than legitimate medical, scientific or industrial channels;

(b) Failure to comply with applicable state or local laws;

(c) Any convictions of the applicant under any federal or state laws relating to any controlled substance;

(d) Past experience in the manufacture, delivery or dispensing of controlled substances and the existence in the applicant's establishment of effective controls against diversion;

(e) Furnishing by the applicant of false or fraudulent material in any application filed under ORS 475.005 to 475.285, 475.295 and 475.940 to 475.995;

(f) Suspension or revocation of the applicant's federal registration to manufacture, deliver or dispense controlled substances as authorized by federal law; or

(g) Any other factors relevant to and consistent with the public health and safety.

(2) Registration under subsection (1) of this section does not entitle a registrant to manufacture, deliver or dispense controlled substances in Schedule I or II other than those specified in the registration.

(3) Practitioners must be registered to conduct research with controlled substances in Schedules I through V if they are authorized to conduct research under the law of this state. The board need not require sepa-

rate registration under ORS 475.045, 475.095 and 475.125 to 475.185 for practitioners engaging in research with controlled substances in Schedules I through V where the registrant is already registered under ORS 475.045, 475.095 and 475.125 to 475.185 in another capacity. Persons with valid registration from the Drug Enforcement Administration for research on controlled substances may conduct research within this state in compliance with other state law upon furnishing the board evidence of that federal registration, and are exempt from state prosecution for possession and distribution of controlled substances to the extent of the registration. Registration under ORS 475.005 to 475.285 and 475.940 to 475.995 does not exempt the registrant from compliance with any other relevant law of this state or the United States, unless such exemption is expressly provided under ORS 475.005 to 475.285 and 475.940 to 475.995.

(4) Notwithstanding this section, the manufacture, delivery or dispensing of any controlled substance excluded from any medical use by federal law is prohibited, except:

(a) For research authorized under subsection (3) of this section and ORS 475.225; or

(b) As otherwise provided by state or federal law.

(5) Compliance by manufacturers and distributors with the provisions of the federal law respecting registration, excluding fees, entitles them to be registered under ORS 475.045, 475.095 and 475.125 to 475.185. [1977 c.745 §9; 1979 c.777 §53; 1981 c.666 §5]

475.140 [Repealed by 1957 c.587 §12]

475.145 Revocation and suspension of registration. (1) A registration under ORS 475.135 to manufacture, deliver or dispense a controlled substance may be suspended or revoked by the board upon a finding that:

(a) The registrant has furnished false or fraudulent material information in any application filed under ORS 475.005 to 475.285 and 475.940 to 475.995;

(b) The registrant has been convicted of a felony under any state or federal law relating to any controlled substance;

(c) The registrant has had the federal registration suspended or revoked to manufacture, deliver or dispense controlled substances;

(d) The registrant has violated any rule of the board under ORS 475.005 to 475.285, 475.295 and 475.940 to 475.995;

(e) The registrant has failed to maintain proper records or has failed to follow proper refill procedures; or

(f) Continuance of registration would be inconsistent with the public interest under any factor stated in ORS 475.135.

(2) The board may limit revocation or suspension of a registration to the particular controlled substance with respect to which grounds for revocation or suspension exist.

(3) If the board suspends or revokes a registration, all controlled substances owned or possessed by the registrant at the time of suspension or the effective date of the revocation order may be placed under seal. No disposition may be made of substances under seal until the time for taking an appeal has elapsed or until all appeals have been concluded unless a court, upon application therefor, orders the sale of perishable substances and the deposit of the proceeds of the sale with the court. Upon a revocation order becoming final, all controlled substances may be forfeited to the state.

(4) The board shall promptly notify the administration of all orders suspending or revoking registration and all forfeitures of controlled substances. [1977 c.745 §10; 1981 c.666 §6]

475.150 [Amended by 1959 c.411 §1; 1971 c.418 §14; repealed by 1977 c.745 §54]

475.155 Order to show cause. (1) Before denying, suspending or revoking a registration, or refusing a renewal of registration, the board shall serve upon the applicant or registrant an order to show cause why registration should not be denied, revoked or suspended, or why the renewal should not be refused. The order to show cause shall contain a statement of the basis therefor and shall call upon the applicant or registrant to appear before the board at a time and place not less than 30 days after the date of service of the order. These proceedings shall be conducted in accordance with ORS 183.310 to 183.550 without regard to any criminal prosecution or other proceeding. Proceedings to refuse renewal of registration shall not abate the existing registration which shall remain in effect pending the outcome of the administrative hearing.

(2) The board may suspend, without an order to show cause, any registration simultaneously with the institution of proceedings under ORS 475.145 or where renewal of registration is refused, if it finds that there is an imminent danger to the public health or safety which warrants this action. The suspension shall continue in effect until the conclusion of the proceedings, including judicial review thereof, unless sooner withdrawn by the board or dissolved by a court of competent jurisdiction. [1977 c.745 §11]

475.160 [Repealed by 1977 c.745 §54]

475.165 Records of registrants. Persons registered to manufacture, deliver or dispense controlled substances under ORS 475.005 to 475.285, 475.295 and 475.940 to 475.995 shall keep records and maintain inventories in conformance with the recordkeeping and inventory requirements of federal law and with any additional rules the board issues. [1977 c.745 §12]

(Records)

475.175 When order forms required. Controlled substances in Schedules I and II shall be distributed by a registrant to another registrant only pursuant to an order form. Compliance with the provisions of federal law respecting order forms shall be deemed compliance with this section. [1977 c.745 §13]

475.185 When prescriptions required. (1) Except when dispensed directly by a practitioner to an ultimate user, no controlled substance in Schedule II may be dispensed without the written prescription of a practitioner.

(2) In emergency situations, as defined by rule of the board, Schedule II drugs may be dispensed upon oral prescription of a practitioner, reduced promptly to writing and filed by the pharmacy. Prescriptions shall be retained in conformity with the requirements of ORS 475.165. No prescription for a Schedule II substance may be refilled.

(3) Except when dispensed directly by a practitioner to an ultimate user, a controlled substance included in Schedule III, IV or V, which is a prescription drug, shall not be dispensed without a written or oral prescription of a practitioner. The prescription shall not be filled or refilled more than six months after the date on which it was issued and no prescription authorized to be refilled may be refilled more than five times. Additional quantities of the controlled substances listed in Schedule III, IV or V may only be authorized by a practitioner through issuance of a new prescription.

(4) A controlled substance shall not be delivered or dispensed other than for a medical purpose.

(5) Except in good faith and in the course of professional practice only, a practitioner or a pharmacist may not dispense controlled substances.

(6) Any oral prescription authorized by statute or rule shall be reduced promptly to writing and filed by the pharmacy.

(7) Issuance, preparation, labeling, dispensing, recordkeeping and filing of prescriptions or medication orders shall be in conformance with the requirements of the

federal law and rules of the board. [1977 c.745 §14; 1979 c.777 §54; 1981 c.666 §7]

475.190 Exception to prescription requirement. (1) Notwithstanding the provisions of ORS 475.185, upon registration with the State Board of Pharmacy, a humane society or animal control agency may purchase, possess and, subject to subsection (4) of this section, administer sodium pentobarbital to euthanize injured, sick, homeless or unwanted domestic pets and other animals.

(2) The State Board of Pharmacy, after consultation with the Oregon State Veterinary Medical Examining Board, shall adopt rules according to ORS 183.325 to 183.410 establishing requirements for registration, renewal of registration and revocation or suspension of registration under subsection (1) of this section. Those rules shall include a provision that the State Board of Pharmacy will suspend or revoke the registration of any humane society or animal control agency that allows a person who is not certified under subsection (4) of this section to administer sodium pentobarbital.

(Enforcement)

475.235 Burden of proof; status of analysis by state crime detection laboratory or criminalist conducting analysis; subpoena of criminalist; liabilities. (1) It is not necessary for the state to negate any exemption or exception in ORS 475.005 to 475.285, 475.295 and 475.940 to 475.995 in any complaint, information, indictment or other pleading or in any trial, hearing or other proceeding under ORS 475.005 to 475.285, 475.295 and 475.940 to 475.995. The burden of proof of any exemption or exception is upon the person claiming it.

(2) In the absence of proof that a person is the duly authorized holder of an appropriate registration or order form issued under ORS 475.005 to 475.285, 475.295 and 475.940 to 475.995, the person is presumed not to be the holder of the registration or form. The burden of proof is upon the person to rebut the presumption.

(3) In all prosecutions under ORS 475.005 to 475.375 and 475.805 to 475.999 involving the analysis of a controlled substance or sample thereof, a certified copy of the analytical report signed by the director of the state police crime detection laboratory or the criminalist conducting the analysis shall be accepted as prima facie evidence of the results of the analytical findings.

(4) Notwithstanding any statute or rule to the contrary, the defendant may subpoena the criminalist to testify at the preliminary hearing and trial of the issue at no cost to the defendant. [1977 c.745 §23; 1989 c.194 §1]

475.245 Conditional discharge for possession as first offense. Whenever any person who has not previously been convicted of any offense under ORS 475.005 to 475.285, 475.295 and 475.940 to 475.995 or under any statute of the United States or of any state relating to narcotic drugs, marijuana, stimulant, depressant or hallucinogenic drugs, pleads guilty to or is found guilty of possession of a controlled substance under ORS 475.992 (4), the court, without entering a judgment of guilt and with the consent of the accused, may defer further proceedings and place the person on probation. Upon violation of a term or condition of probation, the court may enter an adjudication of guilt

and proceed as otherwise provided. Upon fulfillment of the terms and conditions, the court shall discharge the person and dismiss the proceedings against the person. Discharge and dismissal under this section shall be without adjudication of guilt and is not a conviction for purposes of this section or for purposes of disqualifications or disabilities imposed by law upon conviction of a crime. There may be only one discharge and dismissal under this section with respect to any person. [1977 c.745 §21]

The board shall keep the copies on file and shall permit examination only by the patient, the physician supervising the administration of the experimental drug and if not specified to the contrary in writing by the patient in so far as the supplemental forms are concerned, to persons acting on behalf of the patient or the physician. [1977 c.636 §2; 1979 c.674 §2]

(5) If the patient is a minor, written consent may be provided by a parent or the guardian of the patient.

(6) If a patient is unable to give informed consent personally, and consent is obtained as provided in subsections (2) to (5) of this section, experimental drugs may be administered to the patient only for the purpose of diagnosing, treating or mitigating a disease or injury of the patient. (1) The patient or any other person providing written consent pursuant to ORS 475.325, before signing the consent form, shall be apprised of the names of manufacturers of the experimental drug and the physician who will supervise its administration and shall be advised of all known medical risks attendant to the use of the experimental drug.

(2) If the patient is to sign the consent form personally, the closest available relative of the patient shall be notified of the proposed use of the experimental drug and provided the information required in subsection (1) of this section unless the patient specifically requests by a supplemental form in writing that the relative not be advised of the patient's consent to the proposed use. If there is no written objection by the patient to the contrary, the relative shall be given opportunity to consult with the patient before the patient signs the consent form, unless none of the persons specified in ORS 475.325 (2) can be located after the exercise of due diligence.

(3) Failure to comply with the provisions of this section shall nullify any consent given pursuant to ORS 475.325. [1977 c.636 §4; 1979 c.674 §4]

475.345 Revocation of consent. Consent given under ORS 475.325 and any supplemental form filed under ORS 475.335 may be revoked at any time by written communication to the physician supervising the administration of the experimental drug. [1977 c.636 §5; 1979 c.674 §5]

The physician supervising the administration of the experimental drug shall also provide such information, upon request, to the guardian of an adult patient and to any person having a relationship to the adult patient specified in ORS 475.325 (2) unless the patient has specifically directed in writing that such persons not be notified.

Nothing in this section is intended to relieve any person of responsibility under ORS 475.315. [1977 c.636 §7; 1979 c.674 §7]

(e) Any person who unlawfully hinders or delays entry to, investigation of or cleanup action at a site.

(2) Except as provided in paragraphs (b) to (e) of subsection (1) of this section and subsection (4) of this section, the following persons shall not be liable for cleanup costs incurred by the state or any other person that are attributable to or associated with a site, or for damages for injury to or destruction of any natural resources caused by chemicals at the site:

(b) Failed to take reasonable precautions against the reasonably foreseeable acts or omissions of a third party and the reasonably foreseeable consequences of such acts or omissions.

(d) Nothing in this section shall restrict any right that the state or any person might have under federal statute, common law or other state statute to recover cleanup costs or to seek any other relief related to the cleanup of an alleged illegal drug manufacturing site.

(6) To establish, for purposes of paragraph (b) of subsection (1) of this section or paragraph (a) of subsection (2) of this section, that the person did or did not have reason to know, the person must have undertaken, at the time of acquisition, all appropriate inquiry into the previous ownership and uses of the property consistent with good commercial or customary practice in an effort to minimize liability.

(7)(a) Except as provided in paragraph (b) of this subsection, no person shall be liable under ORS 475.415 to 475.455, 475.475 and 475.485 for costs or damages as a result of actions taken or omitted in the course of rendering care, assistance or advice in accordance with rules adopted by the commission or at the direction of the department or its authorized representative, with respect to an incident creating a danger to public health, safety, welfare or the environment as a result of any cleanup of a site. This paragraph shall not preclude liability for costs or damages as the result of negligence on the part of such person.

(b) No state or local government shall be liable under this section for costs or damages as a result of actions taken in response to an emergency created by the chemicals at or generated by or from a site owned by another person. This paragraph shall not preclude liability for costs or damages as a result of gross negligence or intentional misconduct by the state or local government.
