FISCAL AGENCY FOR PUBLIC BOND PAYMENTS

288.010 Definitions for ORS 288.010 to 288.110. As used in ORS 288.010 to 288.110, unless the context otherwise requires:

(1) "Fiscal agency" means the bank or trust company designated pursuant to ORS 288.020.

(2) "Subdivision" means a municipal corporation, quasi-municipal corporation or civil subdivision in this state. [Amended by 1987 c.869 §7]

288.020 Designating banking institution as fiscal agency; qualifications; duration. (1) The State Treasurer may designate, as fiscal agency for payment of the bonds issued by this state or by any subdivision, a reputable and responsible bank or trust company. The appointment when so made shall continue for a period of two years unless sooner revoked by the State Treasurer for valid and sufficient reasons. The appointment may be renewed for a period of two years.

(2) Until its successor has been appointed, the bank or trust company named shall act as the fiscal agency of the State of Oregon, in accordance with such terms as shall be agreed upon between the State Treasurer and the agency. The fiscal agency shall act as custodian of such securities owned by the State of Oregon as the State Treasurer shall specify.

(3) If no such bank or trust company is willing to accept appointment as fiscal agency, or if the State Treasurer considers unsatisfactory the terms under which such a bank or trust company is willing so to act, the bonds and bond interest shall thereupon become payable at the State Treasury or at the office of the treasurer or fiscal officer of the subdivision concerned, as the case may be. [Amended by 1981 c.660 §13; 1987 c.869 §8; 1991 c.352 §4]

288.030 Notice of appointment of agent; bonds and coupons payable at agency. The State Treasurer, immediately after the establishment of the fiscal agency, shall publish a notice thereof in some financial paper of general circulation in the city in which the fiscal agency is to act on behalf of the state. Thereafter all bonds and coupons of the state or one of its subdivisions which are by their terms payable in a specified city, shall be paid at the fiscal agency appointed in that city. [Amended by 1987 c.869 §9]

288.040 Remitting funds by state and local treasurers to pay bonds and coupons. Unless otherwise provided by law, the State Treasurer and the treasurer or other fiscal officer of every affected subdivision

shall remit to the fiscal agency, before the maturity of any bonds or coupons payable at the fiscal agency, sufficient moneys out of any funds in the hands of any such treasurer or other fiscal officer applicable to such purpose, for the redemption of such bonds or coupons. [Amended by 1967 c.220 §1; 1991 c.352 §5]

288.050 Notice of receipt of funds. Upon the receipt of any funds by the fiscal agency, the agency shall notify the officers from whom the funds were received that the funds have been received.

288.060 Return of canceled bonds and coupons. (1) After payment of the bonds or coupons issued by a subdivision for which the funds were remitted by the treasurer or other fiscal officer of the subdivision, the bonds or coupons shall be canceled and returned to the officer from whom the funds were received, not less often than quarterly by January 15, April 15, July 15 and October 15 of each year. At the option of the treasurer or other fiscal officer, the bonds and coupons may be held for destruction as are state bonds and coupons under ORS 288.120 and may be destroyed in the same manner as state bonds and coupons are destroyed under ORS 288.120.

(2) After payment of the bonds or coupons issued by this state for which funds were remitted by the State Treasurer, the bonds or coupons shall be canceled and held for destruction under ORS 288.120. [Amended by 1975 c.462 §3; 1981 c.252 §1]

288.070 Release of treasurers from liability for funds remitted. Neither the State Treasurer nor the treasurer or other fiscal officer of any subdivision shall be held responsible for funds remitted to the fiscal agency. The acknowledgment of the receipt of such funds, for which canceled bonds and coupons have not been returned, shall be a voucher to such treasurer in any settlement.

288.080 Fiscal agency to furnish statements. The fiscal agency shall render on the first business day in January, April, July and October of each year, to the State Treasurer for the state account and to each fiscal officer concerned, for the account of the subdivision of which the fiscal officer is such officer, an accurate statement showing the daily balances of the money on deposit for the quarter next preceding. Like statements shall be furnished, when requested in writing by the Governor or State Treasurer, by successors to fiscal officers concerned, by auditors duly authorized to examine the accounts of the State Treasurer or of such fiscal officers, or by their legal representatives.

288.090 Postage and express costs. Postage and express costs shall be proper charges against the state or subdivision

therein for which they are incurred and shall be paid to the fiscal agency and in turn be allowed the treasurer or other fiscal officer in settlement.

288.100 Certain bond issues not affected. Nothing in ORS 288.010 to 288.110 shall be construed to affect any bond issues existing on May 20, 1911, or on February 17, 1943, that by their provisions are made payable at a fiscal agency in the City of New York designated before February 17, 1943. However, if desired by the holder, such bond issues and the interest thereon may be paid at the regular fiscal agency appointed in accordance with ORS 288.020.

288.110 Civil liability of treasurers failing to comply with law. If the State Treasurer or the treasurer or other fiscal officer of any subdivision neglects or refuses to perform the duties imposed by ORS 288.010 to 288.110, the State Treasurer or treasurer or other fiscal officer shall be liable to the holder of any bonds or coupons aggrieved by such neglect, in a sum, recoverable in an action at law against such treasurer and the bondsmen of such treasurer, for twice the amount of the face value of any such bonds or coupons as are dishonored on account of the neglect or refusal of such officer to comply with the provisions of ORS 288.010 to 288.110.

288.120 Destruction of bonds and coupons upon payment; when destroyed; certification; responsibility of fiscal agency. (1) When the principal and interest upon bonds issued by this state must be paid only at the office of the State Treasurer, the bonds and interest coupons surrendered to the State Treasurer upon payment shall be retained by the State Treasurer for two years or until audited by the Secretary of State. Thereafter, the State Treasurer, shall destroy them. The State Treasurer shall prepare a list of the bonds and coupons destroyed and shall maintain a certificate signed by the State Treasurer that the bonds and coupons described therein were destroyed by the State Treasurer on the date of the certificate.

(2) When the principal and interest upon bonds issued by this state must be paid at the office of the fiscal agency or may be paid at either the office of the fiscal agency or the State Treasurer, bonds and interest coupons surrendered upon payment shall be destroyed by the fiscal agency. Bonds and interest coupons that must be destroyed by the fiscal agency under this subsection that are surrendered to the State Treasurer upon payment shall be sent in due course by the State Treasurer to the fiscal agency for destruction.

(3) The fiscal agency shall destroy paid bonds and interest coupons under subsection (2) of this section not earlier than one year after the date upon which those bonds and coupons are surrendered on payment. For each occasion on which bonds or coupons are destroyed, the fiscal agency shall prepare a destruction certificate for bonds and a separate destruction certificate for coupons. A destruction certificate shall contain a list of the bonds or coupons destroyed, the date of destruction and the signature of an authorized agent of the fiscal agency, and shall be filed with the State Treasurer.

(4) The fiscal agency is responsible for proper payment and disposition of all bonds and coupons, and for any duplicate payments, payments to unauthorized persons and non-payment to authorized persons occurring as a result of destruction of bonds or coupons under this section. (1975 c.462 §2)

FORMS OF GOVERNMENTAL UNIT BORROWING

288.150 Definitions for ORS 288.150 to 288.165. As used in ORS 288.150 to 288.165:

(1) "Actual cost" has the meaning given the term under ORS 310.140.

(2) "Capital construction" has the meaning given the term under ORS 310.140.

(3) "Costs" when used with capital construction or improvements has the same meaning as "actual costs" as defined under ORS 310.140.

(4) "Credit agreement" means a note, letter of credit, line of credit or similar agreement in which a financial institution agrees to loan funds to the governmental unit, and the governmental unit pledges its full faith and credit and agrees to repay the amounts loaned over time, with or without interest.

(5) "General obligation bond" means a bond including a credit agreement, which is a full faith and credit obligation, and which is payable from taxes which may be levied without limitation by section 11, Article XI of the Oregon Constitution, and without limitation by section 11b, Article XI of the Oregon Constitution.

(6) "Governmental unit" means a unit of local government within the State of Oregon, including, but not limited to, cities, counties, school districts, special districts, public corporations and intergovernmental corporations organized under the authority of ORS 190.010.

(7) "Improvement" has the meaning given "capital improvements" under ORS 310.140.

(8) "Limited tax bond" means a bond or other obligation which is a full faith and

credit obligation, and which is payable from any taxes which the issuer may levy within the limitations of section 11 or 11b, Article XI of the Oregon Constitution.

(9) "Structure" has the meaning given the term under ORS 310.140. [1991 c.902 §98]

288.155 When governmental unit may issue otherwise authorized general obligation bonds and limited tax bonds; priority of security interest. (1) If authorized by law other than ORS 288.150 to 288.165 and in the manner provided by law, a governmental unit may issue general obligation bonds when:

(a) The question of issuing the specific bonds has been approved by the electors of the issuing governmental unit or the bonds replace outstanding general obligation bonds pursuant to ORS 288.160; and

(b) The general obligation bonded indebtedness will be incurred for capital construction or improvements.

(2) In addition to the authority to issue limited tax bonds provided by other provisions of law, a governmental unit also is authorized to issue limited tax bonds in the following circumstances:

(a) When a governmental unit is authorized by a statute or charter to issue general obligation bonds without submitting the question of the issuance thereof to its electors, such governmental unit may exercise such statutory or charter authority to issue limited tax bonds for the same purposes and subject to the same terms and conditions of such statutory or charter authority.

(b) When the electors of a governmental unit have authorized the issuance of general obligation bonds for a particular purpose, the governing body, in its discretion and to carry out such purpose, may issue all or a portion of such bonds as limited tax bonds.

(3) Notwithstanding this section or any other provision of law requiring bonds to be authorized by ordinance, the limited tax bonds authorized by this section shall be issued pursuant to a resolution or ordinance of the governing body of the issuing governmental unit.

(4) For the purpose of paying all principal of and interest on any limited tax bonds authorized by this section or by any other provision of law, the issuing governmental unit may, subject only to the limitations of section 11b (1), Article XI of the Oregon Constitution, calculate, assess, levy and collect each fiscal year a tax on all taxable property within its boundaries. The amount of such tax shall be sufficient to pay all principal of and interest on such limited tax bonds which are due and payable in that year and to re-

plenish any debt service reserves required for such limited tax bonds. In computing the amount of such tax, the governmental unit shall deduct from the total amount otherwise required the amount of any other funds which are reasonably expected to be available to pay the principal and interest coming due on such limited tax bonds during the fiscal year in question.

(5) A governmental unit that has outstanding general obligation or limited general obligation bonds, on an annual basis and subject to any applicable covenants or agreements which limit payment of certain obligations to particular sources of funds, shall budget and appropriate amounts sufficient to pay in each succeeding annual period debt service on such bonds. However, this subsection does not require the governmental unit to adopt a supplemental budget to pay the principal and interest coming due on such bonds, or on limited tax bonds, in the fiscal year in which such bonds are authorized and issued, but the governmental unit may pay such principal and interest from any lawfully available source of funds without adopting a supplemental budget therefor.

(6) When issuing limited tax bonds, a governmental unit may:

(a) Establish the maturity schedule, interest rates, including variable or adjustable rates of interest, redemption provisions and other terms of the limited tax bonds. Notwithstanding this subsection, the governing body, in the ordinance or resolution authorizing the issuance of such bonds or notes, may delegate to any elected or appointed official or employee of the governmental unit the authority to determine the maturity dates, principal amounts, redemption provisions, interest rates or the method of determining a variable or adjustable interest rate, denominations and other terms and conditions of such bonds which are not appropriately determined at the time of enactment of the authorizing ordinance or resolution, which delegated authority shall be exercised subject to the applicable requirements of law and such limitations and criteria as may be set forth in such ordinance or resolution;

(b) Pledge as additional security for the limited tax bonds all or any portion of its revenues of whatever kind or nature and from whatever source derived which, under applicable law, are not specifically restricted to uses other than the payment of the amounts owing on such bonds, including but not limited to excise taxes, property taxes and other taxes of whatever kind or nature, revenues derived from any public utilities or other revenue producing enterprises operated

by the governmental unit or agencies or instrumentalities thereof, user charges, business and license fees, fines and penalties, and make and enter into covenants with the owners of such bonds to pay all or any portion of the amounts owing thereon out of all or any portion of such revenues;

(c) Grant mortgages, trust deeds or security interests in property which is financed with the limited tax bonds and related property, in order to enhance the security of limited tax bonds or the obligations of the governmental unit under or with respect to any related credit enhancement device. For purposes of this subsection, "related property" shall include any tangible personal or real property comprising a part of a system such as a water, sewer or other public utility system of which the financed property is a part, and shall also include any tangible personal or real property which is functionally related to or used in connection with the property financed;

(d) Obtain a credit enhancement device providing additional security for the payment of all or any portion of the amounts owing under such bonds or for the purpose of funding, in lieu of cash, all or any portion of any debt service reserve established with respect to such bonds. The governmental unit may pledge as security for its obligations arising under or with respect to any credit enhancement device any revenues pledged to the payment of the related bonds, and such obligations shall in any event be payable from the same sources from which such bonds are payable. For purposes of this subsection, "credit enhancement device" means a letter of credit, line of credit, municipal bond insurance policy, standby purchase agreement or other device or facility used to enhance the creditworthiness or marketability of municipal bonds;

(e) Enter into agreements with bond trustees and deposit funds with trustees for the benefit of bond owners and the providers of credit enhancement devices for bonds;

(f) Enter into covenants for the benefit of bond owners or the providers of credit enhancement devices for bonds which are intended to improve the security of bond owners or providers of credit enhancement devices, or to maintain the tax exempt status of interest payable on bonds or credit enhancement agreements. Such covenants may include, but are not limited to, covenants regarding the issuance of additional bonds and other financial obligations, the imposition and collection of any revenues which secure the bonds, and the priority of payment of bonds and other financial obligations of the governmental unit; and

(g) Establish a debt service reserve for the purpose of paying when due all amounts owing on such bonds, which debt service reserve may be funded out of the proceeds derived from the issuance and sale of such bonds or from such other sources as the governing body of the governmental unit may determine.

(7) A security interest granted by a governmental unit under authority of ORS 288.150 to 288.165 shall attach and be perfected on the date the security interest is granted or the date the governmental unit takes possession of the property in which the security interest is granted, whichever is later. A security interest authorized by ORS 288.150 to 288.165 shall have priority over all other liens and claims. [1991 c.902 §99; 1993 c.97 §5]

288.160 When governmental unit may issue otherwise authorized refunding bonds. (1) If authorized by law other than ORS 288.150 to 288.165 and in the manner provided by law, a governmental unit may issue general obligation bonds to refund outstanding general obligation bonds or to reimburse the governmental unit for costs of capital construction or improvements, if:

(a) The refunding general obligation bonds have been approved by the electors, and the obligations which are refunded, or the first obligations in the series, if the refunding general obligation bonds are part of a series of refundings, or the costs which are to be reimbursed, were incurred for capital construction or improvements; or

(b) The refunding general obligation bonds replace an issue of outstanding general obligations bonds which were incurred for capital construction or improvements.

(2) For the purposes of this section, refunding general obligation bonds shall be deemed to replace outstanding general obligation bonds if:

(a) The refunded general obligation bonds are paid or lawfully deemed paid upon issuance of the refunding general obligation bonds; and

(b) The net proceeds of the refunding bonds shall be used to pay only the debt service on the refunded bonds and the costs of issuance of the refunding bonds; and

(c) The bond refunding satisfies at least one of the following tests:

(A) The principal amount of the refunding general obligation bonds does not exceed the outstanding principal amount of the refunded general obligation bonds, plus the amount of any authorized but unissued general obligation bonds of the governmental unit; or

(B) The total amount of principal and interest payable on the refunding general obligation bonds does not exceed the total amount of principal and interest payable on the refunded bonds as of the date of issuance of the refunding general obligation bonds; or

(C) The present value of the debt service on the refunding general obligation bonds does not exceed the present value of the debt service on the refunded general obligation bonds, with the present values calculated at the refunding bond yield.

(3) For purposes of section 11b (3)(b), Article XI of the Oregon Constitution:

(a) If refunding general obligation bonds replace an issue of general obligation bonds, the refunding general obligation bonds shall be deemed to have been issued on the date of issuance of the bonds which are replaced, or the first issue of general obligation bonds, if the refunding general obligation bonds are part of a series of refundings; and

(b) If the bonds which are replaced were approved by the electors, the refunding general obligation bonds shall be deemed to have been specifically approved by the vote which approved the bonds which are replaced, or the first issue, in a series of refundings.

(4) Notwithstanding ORS 221.200, 255.085, 287.056 or any other law to the contrary, a ballot measure authorizing issuance of refunding general obligation bonds need not state the principal amount of refunding general obligation bonds, so long as the refunding bonds comply with subsection (2) of this section. A ballot measure may authorize issuance of general obligation bonds to refund a specific series of outstanding general obligation bonds, or may authorize issuance of general obligation bonds to refund all or any portion of the outstanding bonds or future general obligation bonds, or any combination thereof.

(5) Refunding general obligation bonds shall be deemed paid within the meaning of subsection (2) of this section if:

(a) The refunded general obligation bonds are deemed paid or defeased under the provisions of the documents authorizing issuance of the refunded general obligation bonds; or

(b) The governmental unit complies with ORS 288.677. [1991 c.902 §100]

288.165 When governmental unit may borrow money; form of borrowing; procedure; effect of debt limitation. (1) Subject to any applicable limitations imposed by the Constitution or laws of the State of Oregon or the charter, ordinance or resolution of a governmental unit, a governmental unit

or the State of Oregon, acting through the State Treasurer, may borrow money by entering into a credit agreement, or issuing notes, warrants, short-term promissory notes, commercial paper or other obligations:

(a) In anticipation of taxes, grants or other revenues for purposes that include, but are not limited to, the payment of current expenses;

(b) To provide interim financing for capital assets to be undertaken by the governmental unit; or

(c) To refund outstanding obligations.

(2) To secure obligations authorized under this section, a governmental unit or the State Treasurer may:

(a) Pledge its anticipated taxes, grants, other revenues, the proceeds of any bonds or other permanent financing, or any combination thereof;

(b) Segregate any pledged funds in separate accounts which may be held by the governmental unit, the State Treasurer or third parties;

(c) Enter into contracts with third parties to obtain standby lines of credit or other financial commitments designated to provide additional security for obligations authorized by this section;

(d) Establish any reserves deemed necessary for the payment of the obligations; and

(e) Adopt resolutions and enter into agreements containing covenants and provisions for protection and security of the owners of obligations, which shall constitute enforceable contracts with such owners.

(3) Obligations authorized by this section which are issued in anticipation of taxes or other revenues, and any obligations authorized by this section which are issued to refund them, shall not be issued prior to the beginning of, and shall mature not later than, the end of the fiscal year in which the taxes or other revenues are expected to be received. Obligations issued in anticipation of taxes or other revenues shall not be issued in an amount greater than 80 percent of the amount budgeted to be received in the fiscal year in which the obligations are issued.

(4) Obligations authorized by this section which are issued in anticipation of a grant shall mature not later than one year after the date the grant is estimated to be received. Obligations issued to provide interim financing for capital assets shall mature not later than one year from the estimated completion or acquisition of the capital assets.

(5) Refunding obligations issued pursuant to subsection (1)(c) of this section shall mature as soon as the issuer deems practicable

and no later than 18 months after the refunding obligations are issued.

(6) The debt limitations imposed by law or the charter of any governmental unit shall not affect the right of any governmental unit to issue obligations under authority of this section, nor shall any of the obligations be taken into consideration in determining the percentage or extent to which the governmental unit is indebted under the debt limitation. Obligations issued to refund outstanding obligations shall not be considered to be within any of such debt limitations.

(7) Except as provided in this section, obligations authorized by this section may be in any form and contain any terms, including provisions for redemption at the option of the owner and provisions for the varying of interest rates in accordance with any index, banker's loan rate or other standard.

(8) The governing body of an issuing governmental unit, in the ordinance or resolution authorizing the issuance of obligations under this section, may delegate to any elected or appointed official or employee of the governmental unit the authority to determine maturity dates, principal amounts, redemption provisions, interest rates or the method for determining a variable or adjustable interest rate, denominations and other terms and conditions of such obligations which are not appropriately determined at the time of enactment or adoption of the authorizing ordinance or resolution, which delegated authority shall be exercised subject to applicable requirements of law and such limitations and criteria as may be set forth in such ordinance or resolution. Except to the extent of any such delegation, the governmental unit or the State Treasurer shall determine:

(a) The maximum effective rate of interest the obligations shall bear;

(b) The manner of sale;

(c) The discount, if any, the governmental unit may allow;

(d) The terms and conditions by which the obligations may be redeemed prior to maturity;

(e) The maturities of the obligations;

(f) The form and denominations of the notes or other obligations; and

(g) All other terms and conditions related to the sale of the obligations.

(9) The governmental unit or the State Treasurer may contract with third parties to serve as issuing, paying and authenticating agents for any obligations authorized by this section.

288.610 Legislative findings; applicability of ORS 288.605 to 288.695. (1) The Legislative Assembly finds that:

(a) It is desirable to afford public bodies the authority to reduce the costs on their outstanding bonds, thereby resulting in a savings in the costs of capital expenditures of a public body; that such a savings is for the benefit of the people of the state;

(b) Legislation permitting a public body to pay and discharge all or any part of outstanding bonds in arrears, or about to become due and for which sufficient funds are not available, or to effect a reorganization of its permanent debt, or to effect a savings is desirable to protect the credit of the state and its public bodies; and

(c) To determine the extent of the need for advance refunding bonds and to insure that issuance of such bonds is to the advantage of and in the best interests of and for the general welfare of the state and all public bodies, it is desirable that the State Treasurer approve of the issuance of all such bonds.

(2) The Legislative Assembly declares that the issuance of advance refunding bonds is a matter of general statewide concern and ORS 288.605 to 288.695 preempts all statutory or charter authority to issue advance refunding bonds, except that ORS 288.605 to 288.695 is not applicable to nor shall it affect advance refunding bonds issued prior to October 4, 1977. known earned income from the investment of the refunding bond proceeds pending redemption or prepayment of the bonds or obligations to be refunded.

If the governing body determines that the redemption or advance refunding furthers such policies, the governing body may proceed with the redemption or advance refunding authorized by this section. [1985 c.429 §2; 1993 c.97 §23]

288.640 Redemption of advance refunding bonds. Investment shall take place at a time or at times as may be required to provide funds sufficient to pay principal, interest and redemption premiums, if any, in accordance with the advance refunding plan. To the extent incidental expenses have been capitalized, the advance refunding bond proceeds may be used to defray such expenses. The governmental obligations used for investment and reinvestment of advance refunding bonds shall be approved by the State Treasurer in accordance with ORS 288.620. [1977 c.536 §10]

288.655 Tax levies. (1) Notwithstanding any other provision of law, no governing body shall cause to be levied upon the taxable property within its district a tax to pay the maturing interest and principal on any bond or bonds being refunded pursuant to ORS 288.605 to 288.695, if the amount owed on the bonds being refunded is secured by the investment of the advance refunding bond proceeds together with any other funds the governing body may set aside for the payment of the bonds to be refunded.

(2) The governing body may provide in the refunding plan that until such moneys are required to redeem, retire or pay interest and principal installments on the general obligation or revenue bonds to be refunded, the refunding bond proceeds and other funds and the income from the advance refunding bond

proceeds shall be used to pay and secure the payment of the principal of and the interest on the advance refunding bonds.

(3) For the payment of revenue refunding bonds, the governing body may pledge, or otherwise make the bonds payable from, any revenues which might legally be pledged for the payment of revenue bonds of the issuer of the type being refunded.

(4) Provisions shall be made by the governing body for moneys sufficient in amount to accomplish the refunding as scheduled. [1977 c.536 §12; 1993 c.97 §11]

288.665 Advance refunding of revenue bonds; conditions. (1) Subject to subsection (2) of this section, when a public body has irrevocably set aside for and pledged to the payments of revenue bonds to be refunded advance refunding bond proceeds and other moneys in amounts which together with known earned income from the investment of the advance refunding bond proceeds are sufficient in amount to pay the principal of and interest and any redemption premiums on such revenue bonds as the same become due and to accomplish the refunding as scheduled, the governing body may provide that the advance refunding revenue bonds shall be payable from any source which, at the time of the issuance of either the advance refunding bonds or the revenue bonds to be refunded, might legally either be or have been designated as a source from which the advance refunding revenue bonds shall be payable or be or have been pledged for the payment of the revenue bonds refunded to the extent it may legally do so, notwithstanding the designation or pledge of such revenues for the payment of the outstanding revenue bonds being refunded.

Such maturities may be changed in amount or shortened in term if the estimated respective annual principal and interest requirements of the refunding bonds, computed upon the anticipated effective interest rate the governing body shall in its discretion determine will be borne by such bonds, will not exceed

If a public body causes government obligations to be placed irrevocably in escrow in an amount calculated to be sufficient to pay principal and interest on outstanding bonds issued by the body as they mature or have been irrevocably called for prior redemption, in accordance with rules established by the State Treasurer, the amounts of money and investments credited to or on deposit for the payment of such outstanding bonds shall be deducted from the amount of outstanding indebtedness in computing indebtedness for the purpose of any constitutional or statutory debt limitation. Bonds for which government obligations have been so deposited irrevocably in escrow shall be deemed to be defeased to the same extent as if such bonds had been advance refunded pursuant to the provisions of ORS 288.605 to 288.690. [1983 c.347 §5]

288.680 Issuance of refunding bonds with other bonds. Bonds for refunding and bonds for any other purpose or purposes authorized may be issued separately or issued in combination in one or more series or issued by the same issuer. [1977 c.536 §16]
