COMMUNITY JUVENILE JUSTICE GRANT PROGRAM

Note: Sections 1 to 18, 22 and 23, chapter 670, Oregon Laws 1991, provide:

Sec. 1. For the purposes of encouraging counties to develop a coordinated local juvenile justice case management system, providing effective alternatives to confinement of juvenile offenders at the state level and allowing county juvenile department case managers to directly refer juveniles to state funded out-of-home care and treatment programs, the administrator of the Children's Services Division shall, out of funds appropriated for such purposes, make grants to counties that are selected to participate in a pilot program hereby established. [1991 c.670 §1]

Sec. 2. As used in chapter 670, Oregon Laws 1991:

(1) "Adjudicated juveniles" means juveniles who have been found to be within the jurisdiction of the juvenile court under section 149 (1) of this 1993 Act [419C.005].

(2) "Administrator" means the administrator of the Children's Services Division.

(3) "Case management" means activities aimed at linking adjudicated juveniles with the social service and corrections systems, coordinating services delivered to juveniles, assessing the needs of juveniles and obtaining those services. Case management includes the responsibility for parole decisions to be made by participating juvenile departments.

(4) "Community juvenile justice program" means a community-based or community-oriented program that provides services to juvenile offenders or services to persons charged with an act of delinquency. Community juvenile corrections programs may make available employment, educational, mental health, drug or alcohol abuse or counseling services, and may include housing or supervision.

(5) "Division" means the Children's Services Division of the Department of Human Resources.

(6) "Juvenile justice system" means the organizational structure or network aimed at serving adjudicated juveniles. [1991 c.670 §2; 1993 c.33 §363; 1993 c.742 §83]

Sec. 3. (1) The administrator of the Children's Services Division, in consultation with the Association of Oregon Counties, shall adopt rules necessary for the implementation and administration of the pilot program established under section 1 of this Act, including selection criteria, consistent with standards developed through the process described under section 9 of this Act to be used in selecting three to six counties or three to six consortia of counties that will participate in the program. The administrator shall provide consultation and technical assistance to counties to aid them in the development of plans for community juvenile justice programs.

(2) The pilot program shall be administered by the administrator and division employees designated by the administrator. The authority to adopt rules shall not be delegated.

(3) The administrator may adopt rules establishing additional requirements for receipt of grants under this Act. In order to remain eligible for grants, a county must substantially comply with the operating standards established by the administrator.

(4) The administrator or a designee is hereby authorized to enter any facility operated with grants received under this Act, and inspect books and records, for purposes of recommending changes and improvements. [1991 c.670 §3]

Sec. 4. (1) A county seeking a grant for the development, implementation and operation of community-based juvenile justice case management services and

programs must apply to the division in the manner and form prescribed in this Act. Application for a grant is subject to approval by the administrator. The application must include a plan for a community juvenile justice program.

(2) The plan must include:

(a) A description of the activities for which a grant is sought;

(b) The purpose, objective, administrative structure and staffing of the activity;

(c) The amount of community involvement and client participation in the activity;

(d) The location and description of facilities that will be used in the activity;

(e) Specific information relating the plan to the goal of reducing county commitments to state training schools;

(f) A review of the number of county minority juveniles confined in state training schools, and if the percentage of county minority youth confined exceeds the percentage of county minority population, the plan shall include steps to address that issue; and

(g) A description of services to girls and any special services that will be extended to the female population.

(3) The plan must outline an approach to juvenile justice services which:

(a) Holds each juvenile accountable for the juvenile's behavior;

(b) Recognizes the right of the community to be protected from criminal behavior; and

(c) Allows each juvenile to develop a broad range of skills.

(4) The plan shall include a case management system that includes, but need not be limited to:

(a) Individual assessment of each juvenile and the needs of each family;

(b) Supervision of juveniles under the jurisdiction of the court, including juveniles on probation or parole; and

(c) Establishment of a multidisciplinary team which makes recommendations to courts about the most appropriate primary case management system for juveniles who have multiple case managers or need services in more than one system.

(5) A letter from the local commissions on children and families stating that the community juvenile justice plan is consistent with the commission's local comprehensive plan for children in the county must accompany the plan. [1991 c.670 §4]

Sec. 5. Failure of a county to qualify for grants under this Act does not affect its eligibility for other state funds for juvenile corrections purposes otherwise provided by law. [1991 c.670 §5]

Sec. 6. (1) The county juvenile departments making application shall develop a community juvenile justice plan in conjunction with local commissions on children and families.

(2) Local children and youth services commissions shall submit a written response to the plan to the administrator of the Children's Services Division and the main governing body of their county.

(3) An opportunity to participate in the development of the plan must be given to the following:

(a) Members of the public;

(b) County juvenile judge;

(c) County juvenile department;

(d) Main governing body of the county;

(e) Local Children's Services Division employees;

HUMAN SERVICES; JUVENILE CODE; CORRECTIONS

- (f) School districts within the county;
- (g) Mental health professionals;
- (h) County district attorney;
- (i) Local law enforcement units;
- (j) Private providers;
- (k) Local community children and youth services commissions;

(L) Juvenile parole officer employed by the Children's Services Division who is recommended by the certified collective bargaining agent; and

(m) Caseworker employed by the Children's Services Division who is recommended by the certified collective bargaining agent.

(4) Following development, review and comment by the individuals and organizations listed in subsection (3) of this section, the proposal shall be approved in the form of a resolution by the governing body of the appropriate county. A letter of review and comment from the presiding judge of the juvenile court having jurisdiction in juvenile cases must accompany the plan. The community juvenile justice plan shall then be submitted to the administrator for the approval or denial of a county's proposed community juvenile justice program. [1991 c.670 §6; 1993 c.742 §84]

Sec. 7. Participation in the pilot program established under section 1 of this Act does not exempt a facility or program from applicable licensing, inspection or other supervisory requirements imposed by law. The Children's Services Division shall remain responsible for the licensing and funding of out-of-home juvenile programs. [1991 c.670 §7]

Sec. 8. The Children's Services Division shall allow counties participating in the pilot program established under section 1 of this Act to directly refer juveniles to a continuum of out-of-home placement options including but not limited to juvenile training schools, youth care centers, foster care and private placements. Participating counties shall be assured access to an equitable share of out-of-home placements through the process described in section 13 (1) of this Act. [1991 c.670 §8]

Sec. 9. The State Commission on Children and Families in collaboration with the Children's Services Division and other groups shall adopt rules prescribing minimum standards for the establishment, operation and evaluation of community juvenile justice programs. [1991 c.670 §9; 1993 c.742 §85]

Sec. 10. Local juvenile departments participating in the pilot program established under section 1, chapter 670, Oregon Laws 1991, shall:

(1) Monitor the operation of community juvenile justice programs in the county.

(2) Make an annual report to the governing body of the county, the administrator of the Children's Services Division and the State Commission on Children and Families containing an evaluation of the effectiveness of activities receiving grants under chapter 670, Oregon Laws 1991, in achieving the objectives in the county's community juvenile justice plan and make recommendations for the improvement, modification or discontinuance of these activities.

(3) Make recommendations to programs receiving grants under chapter 670, Oregon Laws 1991, concerning compliance with the standards adopted by the commission under section 9, chapter 670, Oregon Laws 1991.

(4) Recommend to the governing body of the county the approval or rejection of contracts with units of local government or nongovernment agencies who desire to participate in the community juvenile justice program. Before recommending approval of a contract, the juvenile department must determine that a program is capable of meeting the standards adopted by the

commission under section 9, chapter 670, Oregon Laws 1991.

(5) Have responsibility for parole decisions regarding juveniles from the county committed to training schools. In the event that a county is operating over its allocated training school cap, the division may assume parole authority until the county population is at its cap.

(6) Develop and implement the plan as described in section 4, chapter 670, Oregon Laws 1991. [1991 c.670 §10; 1993 c.742 §86]

Sec. 11. (1) The governing body of the county shall retain all authority for the expenditure of funds, including grants received under this Act.

(2) The plan for a community juvenile justice program shall be reviewed and approved by the governing body of each county to which the plan pertains prior to submission to the administrator of the Children's Services Division. [1991 c.670 §11]

Sec. 12. (1) The administrator of the Children's Services Division shall review periodically the performance of counties receiving grants under this Act. If the administrator determines that there are reasonable grounds to believe that a county is not in substantial compliance with its plan, the administrator, after giving the county at least 120 days' notice, shall conduct an investigation to ascertain whether there is substantial compliance or satisfactory progress being made toward compliance. After the investigation, the administrator may suspend any portion of those funds made available to the county under this Act until the required compliance occurs.

(2) Funds received by a county under this Act shall not be used to replace county general fund moneys or other federal or state funds currently being used by the county for existing juvenile programs, except when county juvenile department funding reductions are proportional to overall county spending reductions.

(3) Funds received under this Act shall not be used for capital construction. [1991 c.670 §12]

Sec. 13. The state and the counties participating in the pilot program may enter into one or both of the following contractual agreements:

(1) The number of Children's Services Division employees whose supervision will be transferred to participating county juvenile departments and the number of out-of-home placement slots the Children's Services Division shall make available to county juvenile departments shall be based on the local service benchmark. The Legislative Fiscal Office shall determine the local service benchmark by conducting an independent accounting of funds the division expended for delinquent children of the participating county during the 1989-1991 biennium. The accounting shall include costs of providing parole, case work and child placement services including out-of-home placements, salaries, benefits, space requirements, transportation, administrative overhead, supervision, secretarial support and all other reasonable costs associated with the provision of the services the state is transferring to the county under the contract. The service level hereby determined is the local service benchmark and shall be used to determine the local service allocation.

(2) Within the limits of funds appropriated by the Legislative Assembly, the division shall award training school reduction grants to participating counties. The training school reduction grant funding level for a county shall be determined as follows:

(a) First, the Legislative Fiscal Office shall determine the training school funding level by conducting an independent accounting of funds the division expended during the 1989-1991 biennium on training school services. The accounting shall include costs of care to children at MacLaren School for Boys, Hillcrest School

of Oregon and camps maintained under ORS chapter 420, including salaries, benefits, space requirements, transportation, administrative overhead, supervision, secretarial support, facility maintenance and depreciation, educational services and all other reasonable costs associated with the provision of the services the state is transferring to the county. The funding level hereby determined is the training school funding level.

(b) The training school funding level per youth shall be determined by dividing the training school funding level by the number of juveniles being served in the training school.

(c) The county training school reduction grant level shall be calculated by multiplying the number of training school commitments the county agrees to reduce from its current training school bed allocation by the training school funding level per youth. [1991 c.670 §13]

Sec. 14. (1) Except as otherwise provided in subsection (4) of this section, a county receiving a grant under this Act shall be charged a sum for each juvenile committed to a juvenile training school equal to the cost of confining a juvenile at the training school, as calculated annually using the formula described in section 13 of this Act.

(2) No charges shall be made for those juveniles convicted of offenses included in the public safety reserve, as defined by rule.

(3) The amount charged to counties shall be deducted from the grant payable to the participating county.

(4) No charges shall be made to a county which operates at or below the average daily training school population specified in its plan for a community juvenile justice program. [1991 c.670 §14]

Sec. 15. (1) The supervision of all state juvenile parole officers, Children's Services Division caseworkers and any supporting clerical personnel whose job involves rendering services assumed by the county shall be transferred to the county. The transferred personnel shall remain in the employment of the division and provide field services to the county under the terms of a contract for services between the county and the division. Nothing in this Act supersedes any provision of current collective bargaining agreements.

(2) Any disputes arising from employee transfers under this Act shall be resolved as provided by collective bargaining agreements or by the Employment Relations Board. [1991 c.670 §15]

Sec. 16. A participating county may, by resolution of its board of commissioners, notify the administrator of its intention to withdraw from the pilot program established under section 1 of this Act, and the withdrawal shall be effective six months later. Upon withdrawal, the unexpended balance of moneys allocated to the county, or that amount necessary to reinstate state correctional services displaced by that county's participation, shall be transferred to the Children's Services Division for the reinstatement of the displaced services. [1991 c.670 §16]

Sec. 17. The Children's Services Division shall provide for an independent evaluation of the pilot program. The administrator of the Children's Services Division shall make the reports submitted under section 10, chapter 670, Oregon Laws 1991, available to the evaluator. The evaluator shall submit the evaluation to the administrator of the Children's Services Division who shall submit it to the Sixty-seventh Legislative Assembly. The evaluation shall contain recommendations concerning the efficacy of the program and whether it should be continued, expanded, made permanent or terminated. [1991 c.670 §17; 1993 c.742 §87]

Sec. 18. (1) In addition to other funds made available for grants, the Children's Services Division may

accept gifts and grants from private sources for the purpose of providing the grants authorized under this Act.

(2) The moneys received under subsection (1) of this section shall be deposited in a special account, separate and distinct from the General Fund, to be named the Children's Services Division Community Juvenile Justice Account, which account is established. All moneys in the account and all earnings thereon are continuously appropriated to the Children's Services Division to be used to provide grants under this Act.

(3) The amount in the Children's Services Division Community Juvenile Justice Account that is available after grants under this Act have been awarded for any period shall be reported to the Oregon Investment Council by the Children's Services Division and shall be considered investment funds within the meaning of ORS 293.701 to 293.820 and shall be invested in accordance with the standards of ORS 293.726. All earnings on such investments shall be credited to the Children's Services Division Community Juvenile Justice Account. [1991 c.670 §18]

Sec. 22. Nothing in this Act prohibits the Children's Services Division from operating other pilot programs as alternatives to the program created in this Act. The independent evaluation required by section 17 of this Act shall include all pilot programs being operated by the division under this Act. [1991 c.670 §22]

Sec. 23. This Act is repealed on June 30, 1995. [1991 c.670 §23]

(4) "Student" means any person committed to a juvenile training school, including persons confined to a state hospital by virtue of a transfer from a juvenile training school, and any person who is on parole from a juvenile training school. [1965 c.616 §29; 1969 c.597 §128; 1971 c.401 §96; 1985 c.229 §1]

420.010 [Repealed by 1965 c.616 §101]

420.011 Admissions to juvenile training schools; assignment of persons within custody of Department of Corrections; temporary assignment. (1) Except as provided in subsections (2) and (3) of this section, admissions to the juvenile training schools are limited to persons 12 years of age and older but less than 19 years of age, found by the juvenile court to be within the court's jurisdiction by reason of a ground set forth in ORS 419C.495 and placed in the legal custody of the Children's Services Division. No

child under the age of 12 years may be admitted to, received by or cared for in a juvenile training school. No child admitted to a juvenile training school shall be transferred by administrative process to any penal or correctional institution.

(2) In addition to the persons placed in the legal custody of the Children's Services Division under ORS 419B.337 (1), 419C.478 (1) or 419C.481 and with the concurrence of the assistant director or designee, persons under the age of 21 years who are committed to the custody of the Department of Corrections under ORS 137.124 may be temporarily assigned to a juvenile training school by the Department of Corrections. A person assigned on such a temporary basis remains within the legal custody of the Department of Corrections under ORS 137.124 and such assignment shall be subject to termination by the Assistant Director for Children's Services by referring such youths back to the Department of Corrections.

(3) Any person under 18 years of age who, after waiver under ORS 419C.349, 419C.352, 419C.364 or 419C.370, is sentenced to a term of imprisonment in the custody of the Department of Corrections, and any person under 16 years of age who after waiver is sentenced to a term of imprisonment in the county jail, shall be temporarily assigned to a juvenile training school by the Department of Corrections, or by the sheriff to whose custody the person has been committed, pursuant to ORS 137.124 (4). The Children's Services Division shall designate the appropriate juvenile training school or schools for such assignment. A person assigned to a juvenile training school under ORS 137.124 (4) and this subsection remains within the legal custody of the Department of Corrections or sheriff to whose custody the person was committed. The assignment of such a person to the juvenile training school shall be subject, when the person is 16 years of age or older, to termination by the Assistant Director for Children's Services by referring the person back to the Department of Corrections or the sheriff to serve the balance of the person's sentence. Assignment to a juvenile training school pursuant to ORS 137.124 (4) and this subsection, if not terminated earlier by the Assistant Director for Children's Services, shall terminate upon the person's attaining the age of 21 years, and the person shall be referred to the Department of Corrections or the sheriff having legal custody of the person to serve the balance of the person's sentence.

(4) Whenever a person committed to the custody of the Department of Corrections is temporarily assigned to a juvenile training

school pursuant to this section, the Children's Services Division shall have authority to provide such programs and treatment for such person, and to adopt rules relating to conditions of confinement at the training school, as the Children's Services Division shall determine are appropriate. However, the person shall remain subject to laws and rules of the State Board of Parole and Post-Prison Supervision relating to parole. [1965 c.616 §31; 1969 c.679 §5; 1971 c.401 §98; 1971 c.458 §1; 1975 c.182 §1; 1983 c.815 §2; 1985 c.631 §7; 1987 c.320 §159; 1993 c.33 §343; 1993 c.546 §122]

420.014 Population limits; controlling admissions. (1) The total population of children confined in the juvenile training schools, as defined in ORS 420.005, for calendar year 1993 shall not exceed 513. The total population limit shall not include offenders in the juvenile training schools who were remanded by the juvenile court to be prosecuted as adults. The total limit shall be indexed to increase or decrease based on the change in the general population of persons under 18 years of age, with the base number of 513 on January 1, 1993. Thereafter, the total limit shall be revised on January 1 of each year.

(2) The Assistant Director for Children's Services by rule shall determine reasonable standards for care and treatment of juvenile offenders housed in juvenile training schools. Within the total limit established under subsection (1) of this section, the assistant director shall establish and impose a maximum allowable population level for each juvenile training school. The maximum allowable population shall not exceed the design capacity for the school and shall be further limited by the ability of the facility to meet the standard of care and treatment established by rule under this subsection, protect communities, hold juvenile offenders accountable for their behavior and improve the competency of students to become responsible and productive members of their communities.

(3) The Assistant Director for Children's Services by rule shall establish criteria upon which the decision to place a child in a juvenile training school must be based, and which, in turn, shall be based upon behaviors and characteristics of children otherwise eligible for commitment to a training school.

(4) After conferring with the juvenile court judges and the State Commission on Children and Families, the Assistant Director for Children's Services shall develop and implement by rule, a method of controlling admissions to the juvenile training schools so as not to exceed maximum levels determined under subsections (1) and (2) of this section. [1985 c.500 §4; 1987 c.507 §1; 1993 c.762 §1]

Note: 420.014 was enacted into law by the Legislative Assembly but was not added to or made a part of ORS chapter 420 or any series therein by legislative action. See Preface to Oregon Revised Statutes for further explanation.

(2) In consultation with the local commissions on children and families established under ORS 417.760, the juvenile departments shall develop a plan for services needed to divert the commitment of youth from the juvenile training schools, and how these services are to be administered if funds are provided. Following review and comment by local commissions, the plan must be approved in the form of a resolution by the governing body of the appropriate county and of a letter of concurrence from the presiding judge of the juvenile court having jurisdiction in juvenile cases.

(3) The division or the office shall develop a statewide diversion plan after taking the local juvenile departments' plans into consideration. [1985 c.500 §7; 1993 c.676 §47; 1993 c.742 §88]

420.019 Implementation of diversion plan. (1) The Children's Services Division may contract with the governing body of the county for implementing the statewide diversion plan.

(3) The governing body of the county may subcontract for services as stipulated in the contract with the division.

(4) The division shall be responsible for performance auditing of contracts and subcontracts.

(5) The division shall contract directly with service providers in those counties where the governing body of the county chooses not to contract with the division.

(6) The funds provided for services to implement the diversion plan shall not be used by a county to supplant moneys otherwise provided to the county juvenile department for services to delinquent youth. [1985 c.500 §8]

"Youth care center" or "center" does not include detention facilities established under ORS 419A.050 to 419A.057 except that when a county operates a combined facility to provide both care and rehabilitation services under ORS 420.855 to 420.885, and detention facilities, the combined facility may be considered a "youth care center" to the extent that it is used to provide the care and rehabilitation services for children not in detention. 420.860 Policy and intent. It is declared to be the policy and intent of the Legislative Assembly that the State of Oregon shall encourage, aid and financially assist its county

[1967 c.444 §10; 1993 c.33 §347]

(1) The Children's Services Division may place a child who has been placed in its legal custody pursuant to ORS 419B.337 (1), 419C.478 or 419C.481 in a youth care center if the center complies with the provisions of ORS 420.855 to 420.885 and has been approved by the Children's Services Division.

(2) Placement of a child by the Children's Services Division in a youth care center does not terminate the juvenile court's wardship over the child or the custody of the Children's Services Division. The center may retain such children in full or part-time residential care or, with the consent of the Children's Services Division, may place them on a full or part-time basis in foster homes. [1967 c.444 §§2, 4; 1971 c.401 §63; 1971 c.698 §5; 1993 c.33 §348]

420.870 Standards for approval of youth care centers. Approval of the youth care center by the Children's Services Division, required by ORS 420.865, shall be based on reasonable and satisfactory assurance that:

(1) Adequate physical facilities exist which comply with applicable rules of the Health Division and the State Fire Marshal.

(2) There is employment of capable and trained or experienced personnel.

(3) The youth care programs include educational, vocational, recreational and counseling opportunities that will be in the best interests of the child.

420.875 Application for state support of center; required reports. (1) An approved youth care center is eligible for state support from funds appropriated to the Children's Services Division for that purpose to meet its operating expenses. Public or private agencies operating a youth care center shall make application for state support to the division. The application shall contain such information as may be required by the division.

(2) Upon receiving the application, the division shall cause an investigation of the affairs and methods of the youth care center

and, if it finds that the center meets the requirements of ORS 420.870, shall grant its application for state support.

(3) At such times as the Children's Services Division may require, all youth care centers receiving state support under the provisions of ORS 420.855 to 420.885, shall file with the division a financial and statistical report, and a report on the content and conduct of the program, in such form as may be prescribed by the division. If any youth care center fails to file the prescribed reports within 30 calendar days after requested by the division, no further state support shall be paid until it has complied with the provisions of this subsection. [1967 c.444 §5; 1969 c.196 §1; 1971 c.401 §65]

420.880 Level of state support; support of child placed outside center. (1) Subject to the availability of funds, each youth care center that has received approval from the Children's Services Division and continues to meet the requirements of ORS 420.855 to 420.885 and the rules of the division is eligible to receive state support in an amount to be negotiated between the youth care center and Children's Services Division.

(2) Subject to the availability of funds, if in the opinion of the youth care center, the welfare of the child requires special care or the interests of the child would be better served outside the center, the center, with the consent of the Children's Services Division, may place the child in foster care or hospital and state support for such child shall be allowed to the center in an amount equal to 50 percent of the actual monthly cost for each such child. [1967 c.444 §6; 1969 c.196 §2; 1971 c.401 §66; 1971 c.698 §6; 1974 s.s. c.57 §1; 1977 c.279 §1; 1985 c.500 §11]

420.885 Audit and payment of claims. (1) The youth care center shall present to the Children's Services Division an itemized statement showing the names of the children being cared for during the period for which the statement is submitted and the amount which the center claims for the period. The division shall investigate the claim and approve only that portion which is in accordance with the provisions of ORS 420.855 to 420.885 and the rules of the division.

(2) When certified by the Children's Services Division, claim for state reimbursements shall be presented to the Oregon Department of Administrative Services and paid in the same manner as the claims against the state are paid.

(3) If the center is operated jointly by more than one public or private agency, each agency participating in the operation shall be entitled to a pro rata share of the amount due, to be determined by the contribution of
