(2) In lieu of any bond that may be required under subsection (1) of this section, any applicant may deposit with the commission, under such terms and conditions as the director may prescribe, a like amount of lawful money of the United States or an irrevocable letter of credit issued by a commercial bank as defined in ORS 706.005. This certificate shall be admitted in evidence as to the issuance or nonissuance of the license in any such prosecution.

508.450 Contents of license. Each license issued under ORS 508.406 shall be numbered and dated by the director or an

508.455 [Amended by 1955 c.122 §1; repealed by 1965 c.570 §152]

508.460 Oregon-Washington reciprocity on gillnet licenses. 508.475 Failure to renew license for fixed fishing gear constitutes abandonment; exception for Armed Forces. The failure to renew the license, or make application therefor, for any location for a fixed fishing gear in any of the waters of this state, on January 1 of any year, constitutes abandonment of the location. However, any licensee entering the Armed Forces of the United States during any period which would qualify the licensee under the laws of this state as a war veteran is not deemed to have abandoned such location or gear so licensed, either by reason of absence from the location during such service or by failure to renew the license as required. Such licensee may file application for renewal of the license at any time following the date of release from the Armed Forces of the United States, until January 1 of the following year, and shall have preference over other persons therefor. (1) Upon conviction within this state of any person of violation of any of the commercial fishing laws or rules or upon forfeiture of bail on account of one of such offenses;

(2) Upon receiving notice from the agency that regulates commercial fishing in the State of Washington of the conviction of any person in that state of an offense which was a violation of Columbia River commercial fishing rules adopted pursuant to the Columbia River Compact and which if committed in this state would be grounds for license revocation pursuant to subsection (1) of this section; or

(3) Upon conviction within this state of any person for violation of ORS 498.022, or any rule promulgated pursuant thereto, involving game fish, through the use of a license issued pursuant to the commercial fishing laws, or upon forfeiture of bail in connection with such an offense. [Amended by 1965 c.570 §74; 1971 c.569 §1; 1977 c.350 §6; 1987 c.213 §4]

(1) Upon conviction within this state of any person of violation of any of the commercial fishing laws or rules after such person has once been convicted and penalized under ORS 508.485; or

(2) Upon receiving notice from the agency that regulates commercial fishing in the State of Washington of the conviction of any person in that state of an offense which was a violation of Columbia River commercial fishing rules adopted pursuant to the Columbia River Compact and which if com-

mitted in this state would be grounds for refusal to issue a license pursuant to subsection (1) of this section. [Amended by 1965 c.570 §75; 1977 c.350 §7; 1987 c.213 §5]

508.495 Certificate in lieu of lost or destroyed license. Upon the receipt of a fee of \$2 and the filing of an affidavit that a license issued under authority of ORS 508.406 has been lost or destroyed, the director or the authorized agent of the director shall issue a certificate that such license has been issued and has been lost or destroyed. (3) Possess any license or permit that has been altered, borrowed or loaned or for which any false statements were knowingly made in applying therefor. [1981 c.365 §20]

CATCH FEES

508.505 Additional fees based on value of fish at time of landing; exceptions. (1) Additional fees shall be collected by the director in the amount prescribed by this section, except as provided in ORS 508.510. Every person operating within the state as a canner, buyer, bait dealer or wholesaler of any food fish or shellfish shall pay, in addition to all other licenses or fees provided by law, a fee equal to the value of the food fish at the point of landing multiplied by the following rates:

(a) All salmon and steelhead, 3.15 percent.

(b) All other food fish and shellfish, 1.09 percent for the period beginning January 1, 1992, and ending December 31, 1992. Thereafter the commission may increase the rate to not more than 1.25 percent to the extent that the commission determines upon review that revenues received are inadequate to maintain the legislatively adopted program level. The commission shall report its revenue review and any proposed rate increase to the Emergency Board prior to the time the rate increase is implemented.

(2) Only fresh or frozen in the round or dressed food fish or shellfish are subject to

the fees provided in this section. "Dressed" includes but is not limited to beheaded, gutted, filleted, loined or shucked. However, frozen food fish or frozen shellfish received in a wrapped package to which a legible label is stamped or printed showing the name, address, brand or trade name of the original processor or wholesale distributor under which the package is marketed and the kind of frozen food fish or frozen shellfish contained therein, for distribution and ultimate sale in the original package are not subject to the fees provided in this section. [Formerly 508.305; 1969 c.172 §4; 1971 c.243 §1; 1973 c.768 §15; 1979 c.378 §1; 1989 c.166 §1; 1991 c.701 §2]

Note: Section 8, chapter 512, Oregon Laws 1989, provides:

Sec. 8. Additional fee through 1997. In addition to the poundage fee prescribed by law, during the period beginning January 1, 1990, and ending December 31, 1997, there shall be paid for each fish species referred to in ORS 508.505 (1)(a), an additional fee of five cents per pound. The poundage fee referred to in this section is subject to ORS 508.505 to 508.540. [1989 c.512 §8; 1991 c.184 §3]

508.507 [1971 c.540 §10; repealed by 1991 c.701 §3]

508.510 Place where fish caught is immaterial; exceptions; special fee. (1) The fee provided for in ORS 508.505 shall be paid irrespective of where the fish were caught. However, the fees shall not be paid on any food fish or shellfish brought into this state after having been landed:

(a) In another state, territory or possession of the United States, and upon or in regard to which a tax or fee has been levied and collected in the other state, territory or possession; or

(b) In another country.

(2) Notwithstanding ORS 508.505, there shall be paid a fee of one percent of the value of all food fish or shellfish brought into this state after having been landed in another state, territory or possession of the United States, and upon or in regard to which a tax or fee has not been levied and collected in the other state, territory or possession. [Formerly 508.320; 1991 c.701 §4]

508.515 Time of paying fees; report; interest on overdue fees; waiver or extension of payment. (1) The fee required by ORS 508.505 shall be paid to the director on or before the 20th day of each calendar month for the preceding calendar month.

(2) The fee shall be accompanied by a report showing the total number of pounds of all varieties of food fish, stated separately upon blanks furnished by the director, and the value at the point of landing.

(3) In the event that such fee is not paid within the time for payment provided in subsection (1) of this section, there shall be added as a late payment charge a sum equal

to five percent of the unpaid fees or \$5, whichever is greater, and there shall be charged an interest rate of one percent per month until the principal and interest is paid.

(4) Notwithstanding subsection (1), (2) or (3) of this section, the commission may waive or extend payment of any fees required by ORS 508.505 amounting to less than \$10 during any calendar year. [Formerly 508.310; 1971 c.243 §2; 1981 c.646 §5; 1991 c.701 §5]

508.520 Determination of disputes. It is the intention that only one fee based on the value of the fish at the point of landing shall be collected for each fish purchased or received, and in order that this end may be accomplished the commission and the director may determine finally any dispute arising out of the operation and enforcement of ORS 508.505. [Formerly 508.325; 1991 c.701 §6]

508.525 Lien for unpaid fee; foreclosure; jurisdiction of courts. The fee required by ORS 508.505 constitutes a first lien upon the cannery, packing plant, scow, boat and its equipment used in the canning, receiving or transporting of the fish. This lien may be foreclosed by the commission in the name of the state by a suit in equity in the circuit court of the county in which the property upon which a lien is given by this section is situated. If situated in two or more counties the court first acquiring jurisdiction of a part of the property shall have jurisdiction of all the property described in such foreclosure suit. [Formerly 508.330; 1991 c.701 §7]

508.530 Rules; reports; violation or falsification. (1) The commission may make such rules and require such reports to be made as, in its judgment, are necessary to insure the collection and payment of the fee required by ORS 508.505.

(2) It is unlawful for any person to falsify any of the reports or to violate any of the rules made or required by the commission. [Formerly 508.335; 1991 c.701 §8]

508.535 Keeping record of food fish received and bought; inspection. (1) Every fish canner, fish buyer, retail fish dealer, fish bait dealer or wholesale fish dealer shall keep a record, of all food fish received and bought, in accordance with rules promulgated by the commission. Such information may be required as is necessary to enable the commission to carry out its duties of conservation, protection, administration or enforcement under the commercial fishing laws without imposing undue hardship on the licensees.

(2) At least one copy of this record shall be kept:

(a) On each boat, vessel, scow, pickup boat or other craft, truck, automobile, motor

vehicle or other vehicle of any kind whatsoever used in buying, receiving or transporting the fish.

(b) By the canner, buyer, retailer, fish bait dealer or wholesaler.

(3) This record is subject to inspection by the commissioners, the director, the authorized agent of the director, or any duly authorized police officer. This record shall be transmitted to the office of the director at such times and in such manner as the commission directs.

(4) Every person shall always keep open to inspection by the commission or its agent any books, records, papers or memoranda which are pertinent to the administration of ORS 508.505 to 508.540. For the purpose of ascertaining the correctness of any fee record or report or the number of pounds or value of fish upon which the additional fee is based or such other information as may be necessary to the administration of ORS 508.505 to 508.540, the commission or its agent may inspect such books, records, papers or memoranda.

(5) Restaurants licensed under ORS 624.020 shall keep a record of all fresh or frozen fish received or bought while such fish are in the restaurant's possession. This record shall be subject to inspection by the commissioners, the director, the authorized agent of the director, or any duly authorized police officer. An invoice or receipt shall be adequate for the purposes of this subsection. [Formerly 508.340; 1969 c.172 §5; 1971 c.540 §11; 1973 c.437 §1; 1977 c.242 §5; 1991 c.701 §9]

508.540 Failure to keep or submit records or to pay fee. (1) In addition to the penalty prescribed by ORS 506.991, failure on the part of any person to keep the record required by ORS 508.535 or failure of such person to submit the books, records, papers or memoranda of the person for inspection, pursuant to ORS 508.535 (4), to any member of the commission or any of its representatives presenting written authority from the commission is good and sufficient reason for the commission to order the director to suspend or revoke the license granted to such person.

(2) Any person failing to pay the fee required by ORS 508.505 shall be denied a renewal of such license or the issuance of any other license which may be issued by the director. [Formerly 508.345; 1991 c.701 §10]

508.545 [Formerly 508.350; repealed by 1973 c.794 §34]

508.550 Sale of fish from license holder's boat; permit; fee; reports; payment of fees. Notwithstanding any other provision of this chapter, a person who holds a valid Oregon commercial fishing license may sell

any species of food fish taken in lawful commercial fishing activity directly from the license holder's boat, subject to the following conditions:

(1) The person must first obtain from the commission an annual limited fish seller permit for such sales, the fee for which is \$20. No more than 40 such permits shall be issued for the sale of salmon, and those permits shall be issued on the basis of the order of the date of application.

(2) Prior to making any sale pursuant to this section, the person must notify the commission, in such manner as the commission prescribes, of the estimated number of food fish on board the boat and of the location where the sale is to take place.

(3) Within seven days of making any sale pursuant to this section, the person shall submit to the commission a report thereof, in such form as the commission may prescribe. The person must pay the fees required as prescribed in ORS 508.505 to 508.540, or in such other manner as the commission by rule may prescribe.

(4) The person may sell food fish from any port and dock location in this state.

(5) If a person fails to comply with subsection (3) of this section, the commission may revoke and thereafter refuse to issue another limited fish seller permit. [1985 c.533 §2; 1987 c.802 §1; 1991 c.701. §11]

SALMON HATCHERY PERMITS

508.700 Permits for salmon hatcheries; fees. (1) The commission may issue a permit, subject to such restrictions and regulations as the commission deems desirable, to any person to construct and operate a hatchery for:

(a) Chinook salmon, also known as *Oncorhynchus tshawytscha*; or

(b) Chum salmon, also known as *Oncorhynchus keta* or dog salmon; or

(c) Silver salmon, also known as *Oncorhynchus kisutch* or coho salmon; or

(d) Pink salmon, also known as *Oncorhynchus gorbuscha* or humpback salmon.

(2) The application for a permit to construct and operate a chum salmon, chinook salmon, silver salmon, or pink salmon hatchery shall include an application fee of \$100. [1971 c.203 §1; 1973 c.356 §1; 1979 c.556 §1]

508.705 Hearing for permits. (1) Prior to issuance of any permit by the commission, a public hearing shall be held. Notice of the hearing shall be published at least once and at least 10 days prior to the hearing in a newspaper of general circulation in each of the counties in which the hearing is to be held, or if no such newspaper is published in that county or counties, then such a newspaper in an adjoining county.

(2) The hearing shall be conducted by either the commission or a representative designated by the commission. [1971 c.203 §2; 1975 c.253 §31]

508.710 Grounds for denial of permit. No permit shall be issued:

(1) Which may tend to deplete any natural run of anadromous fish or any population of resident game fish.

(2) Which may result in waste or deterioration of fish.

(3) If the proposed operation is to be located on the same stream or river or tributary thereof on which a state or federal fish culture facility is established or is planned to be established.

(4) If the proposed operation is not consistent with sound resource management and is not in close proximity to the ocean.

(5) If the commission determines the applicant does not have the financial capability to successfully construct and operate the hatchery or may not properly conduct the operation authorized under the permit. [1971 c.203 §3]

508.715 Conditions of permits. Any permit granted by the commission pursuant to ORS 508.700 to 508.745 shall contain at least the following conditions:

(1) All propagated fish released into state waters shall be marked annually at no less than the level of marking of the same species of fish by hatcheries operated by the commission for the purpose of determining contributions to ocean fisheries.

(2) All propagated coho and chinook salmon released into state waters shall be marked annually, consistent with subsection (8) of this section, at a minimum level necessary to determine the proportion of straying of hatchery coho and chinook salmon into the spawning beds of natural and

hatchery produced native stocks of salmon. However, the commission shall not require private hatcheries to meet marking standards that the commission would not apply to its own operations in similar circumstances.

(3) Prior to release into state waters, the fish must be subject to examination by a qualified fish pathologist approved by the commission to determine that they are not diseased or infected with any disease which in the opinion of the commission may be detrimental to the state fishery resources. Cost of such examination shall be paid by the permittee. No fish shall be released without written approval from the commission. The commission may require diseased fish to be destroyed. The commission shall not suffer civil or criminal liability for any fish destroyed under this section.

(4) The permittee may be authorized by the commission to divert all fish returning to the stream to an inspection area, the location of such area to be approved by the commission, to examine all fish for the purpose of identifying propagated fish.

(5) Notwithstanding the provisions of ORS chapters 509 and 511, the permittee shall have the right to take for commercial purposes, only those fish the commission determines were propagated by the permittee, and the commission's decision is final.

(6) It shall be unlawful for the permittee to select stocks of fish or to genetically alter the life history or habits of propagated fish in a way the department determines is inconsistent with the provisions of ORS 496.012 or 506.109.

(7) It shall be unlawful for the permittee to conduct any activity not authorized by the permit or fail to conduct activities required by the permit without approval of the commission after public hearings.

(8) The permittee shall pay all reasonable costs incurred by the commission as a result of the operation of the private hatchery. [1971 c.203 §5; 1979 c.556 §5; 1985 c.529 §1; 1989 c.817 §1]

508.718 Program for protecting natural runs and genetic diversity of anadromous fish stocks; findings. (1) The Legislative Assembly finds that protecting the natural runs and genetic diversity of anadromous fish is essential to the long-term health of Oregon's natural resources and sport and commercial fisheries.

(2) Not later than January 1, 1990, the department shall:

(a) Develop and implement monitoring programs, consistent with ORS 508.715 (8) at a minimum level necessary to determine the proportion of straying of hatchery fish into

the spawning beds of natural and hatchery produced native stocks of salmon.

(b) Utilizing the best available scientific evidence, adopt rules, after public hearing, that determine the proportion of straying that by indicator stock is likely to cause deterioration of the genetic diversity and habitat necessary to maintain long-term species viability or that causes a deterioration of natural or native stocks of salmon.

(3) The Legislative Assembly further finds that private hatcheries are a significant part of Oregon's salmon resource and that the Legislative Assembly relies on the commission to monitor and regulate private hatcheries in a way that will optimize their long-term contribution to Oregon's salmon resource in conformity with the findings under subsection (1) of this section. [1989 c.817 §5]

508.720 Altering terms of permits; findings; hearing; restoration of fish population. (1) If the commission finds that the operation described in the permit is not in the best public interest, it shall alter the conditions of the permit to mitigate such adverse effects or may cause an orderly termination of the operation under the permit. Proceedings to cause such alteration or termination shall be conducted in accordance with ORS 183.310 to 183.550. An orderly termination shall not exceed a four-year period and shall culminate in the revocation of the permit in its entirety. During this period the permittee may continue to examine and take specified propagated chum salmon, chinook salmon, silver salmon or pink salmon according to the provisions of the permit but may not release additional fish.

(2) If the commission finds the operation has caused deterioration of the natural run of anadromous fish or any population of resident game fish in the waters covered by the permit, it may require the permittee to return the fish populations to the same condition that existed prior to issuance of the permit. If the permittee fails to take appropriate action, the commission shall take such action and the permittee shall bear any cost incurred by the commission. [1971 c.203 §6; 1973 c.356 §2; 1975 c.253 §32; 1979 c.556 §2; 1989 c.817 §2]

508.725 Released fish as state property; consideration by commission of adverse economic impact on hatcheries. (1) All fish released under ORS 508.700 to 508.745 during the time they are in the wild will be the property of the state and may be taken under angling or commercial fishing laws of this state until they return to the private hatchery.

(2) In carrying out the provisions of ORS 496.162 or 506.129, the commission shall not

consider evidence of or argument regarding the prospect of adverse economic impact on the activities of hatcheries for which permits have been issued unless the commission determines that it is necessary in order to comply with the policies set forth in ORS 496.012 or 506.109. [1971 c.203 §4; 1979 c.335 §1]

508.730 Disposal of salmon products. (1) Notwithstanding any other provision of the commercial fishing laws, it is unlawful for an individual to operate a vessel in the Columbia River gillnet salmon fishery without first obtaining a vessel permit issued pursuant to ORS 508.775 to 508.796. However, an individual who holds valid commercial fishing licenses and vessel permits required by and issued pursuant to the laws of the State of Washington for commercial salmon fishing in the Columbia River may land salmon in this state that were taken in the Columbia River gillnet salmon fishery

without the permit otherwise required by this subsection.

(3) The permit required by subsection (1) of this section is in addition to and not in lieu of the boat license required by ORS 508.260. [1979 c.679 §2; 1981 c.365 §1]

508.778 Limitation on issuance and renewal of permits. Except as provided in ORS 508.792, no new vessel permits shall be issued. Only those vessel permits issued under ORS 508.792 or issued prior to May 15, 1989, may be renewed. [1979 c.679 §3; 1981 c.365 §40; 1989 c.940 §3]

508.781 Renewal of permit. An individual who obtained the permit required by ORS 508.775 for a particular calendar year is eligible to obtain renewal of the permit in a subsequent calendar year, upon application and payment of the fees therefor, if during the preceding calendar year the vessel for which permit renewal application is made was used in the Columbia River gillnet salmon fishery to take salmon which were lawfully landed in this state or the State of Washington. [1979 c.679 §4; 1981 c.365 §12]

508.784 Considerations in determining eligibility for permit. In making determinations regarding renewal of the permits required by ORS 508.775, the department and the Commercial Fishery Permit Board may consider as evidence of permit qualifications or requirements department records and such receipts, accounts, contracts and other business records of private parties as the department or the board consider reliable evidence of the qualifications or requirements in question. [1979 c.679 §5; 1989 c.940 §4]

508.790 Fee; application form. (1) The annual fee for the vessel permit required by ORS 508.775 is \$1.

Note: See note under 508.285.

year so that the number of permits issued to those individuals falls below 300, the department shall issue permits by a lottery system for vessels that do not meet such requirements. However, the number of permits issued pursuant to any such lottery system shall not increase the number of permits issued to a total number greater than 300. [1989 c.940 §5b]

(1) The vessel permit required by ORS 508.775 is transferable:

(a) To a replacement vessel of the permit holder.

(b) To the purchaser of the vessel when the vessel is sold.

(2) Notwithstanding subsection (1) of this section, upon request of a permit holder, the department may authorize transfer of a permit to a replacement vessel owned by an individual other than the permit holder. However, any transfer of a permit away from a vessel without the written consent of each person holding a security interest in such vessel is void. [1979 c.679 §9; 1981 c.365 §14]

(1) An individual whose application for renewal of the permit required by ORS 508.775 is denied by the department may make written request to the Commercial Fishery Permit Board for review of the denial. The request shall be in such form and shall contain such information as the board considers appropriate.

(2) In accordance with any applicable provision of ORS 183.310 to 183.550, the board shall review the eligibility of individuals whose application for renewal of permits was denied by the department. Orders issued by the board are not subject to review by the commission, but may be appealed as provided in ORS 183.480 to 183.500. The board may waive eligibility requirements for renewal of permits if the board finds that the individual for personal or economic reasons chose to actively commercially fish in some other fishery during the Columbia River gillnet salmon seasons or if the board finds that the individual fails to meet the requirements as the result of illness, accident or other circumstances beyond the individual's control.

(3) In accordance with any applicable provision of ORS 183.310 to 183.550, the board may promulgate such rules as it considers necessary to carry out its duties, functions and powers.

(4) The board may delegate to the department its authority to waive eligibility requirements for renewal of permits.

(5) Notwithstanding any other provision of law, without the prior approval of the Commercial Fishery Permit Board, a Columbia River gillnet salmon vessel permit acquired as a result of a waiver of eligibility pursuant to subsection (2) of this section may not be transferred to another vessel until the vessel for which the permit was issued has been used in the Columbia River gillnet salmon fishery for two or more calendar years. [1979 c.679 §10; 1981 c.365 §15; 1989 c.940 §5]

(2) Notwithstanding any other provision of law, an individual who permanently loses the services of a vessel through capsizing, fire or collision has a period of two years from the date of loss to replace the vessel without losing eligibility to renew the vessel permit. [1979 c.613 §4; 1981 c.43 §5; 1987 c.912 §1]

(b) The vessel landed fish in no other port during the preceding three years in which an ocean troll salmon season of more than 20 days' duration existed in the management area adjacent to that port.

(2) Notwithstanding ORS 508.807 or 508.816, an individual who renewed the boat license as required by ORS 508.807 during calendar year 1992 or other subsequent year but did not fish shall have those fees paid for the boat license applied to the fees to be paid in the next calendar year if:

(b) The vessel landed fish in no other port during the preceding three years in which an ocean troll salmon season of more than 20 days' duration existed in the management area adjacent to that port. [1993 c.227 §§2,3]

508.810 Considerations in determining eligibility for permit. In making determinations regarding renewal of the permits required by ORS 508.801, the department and the Commercial Fishery Permit Board may consider as evidence of permit qualifications or requirements department records and such receipts, accounts, contracts and other business records of private parties as the department or the board considers reliable evidence of the qualifications or requirements in question. [1979 c.613 §5; 1989 c.940 §7]

508.813 Permit revocation procedure. The Commercial Fishery Permit Board may revoke and refuse subsequent issuance of a permit required by ORS 508.801 in the manner provided in ORS 508.485 and 508.490. [1979 c.613 §6]

Note: See note under 508.285.

508.819 Lottery system for permit issuance. If all individuals with vessels meeting the requirements of ORS 508.807 fail to obtain a permit during a particular calendar

year so that the number of permits issued to those individuals falls below 1,800, the department shall issue permits by a lottery system for vessels that do not meet such requirements. However, the number of permits issued pursuant to any such lottery system shall not increase the number of permits issued to a total number greater than 1,800. [Subsection (1) enacted as 1979 c.613 §8; 1981 c.365 §2; subsection (2) enacted as 1983 c.797 §4; 1987 c.912 §3; 1993 c.555 §1]

(b) To the purchaser of the vessel when the vessel is sold.

(2) Notwithstanding subsection (1) of this section, upon request of a permit holder, the department may authorize transfer of a permit to a replacement vessel owned by an individual other than the permit holder. However, any transfer of a permit away from a vessel without the written consent of each person holding a security interest in such vessel is void.

(3) Notwithstanding any other provision of this section, a vessel permit is transferable to a vessel of greater capability only if:

(a) The individual who owns the vessel to which the permit is transferred was the holder of a vessel permit required by ORS 508.801 prior to August 8, 1983; and either

(c) The vessel to which the permit is transferred is one for which a vessel permit required by ORS 508.801 has been issued prior to August 8, 1983.

(4) In addition to any other requirement of this section, except for transfer to another vessel owned by the current permit holder, a vessel permit may be transferred to a vessel over 30 feet in length only if, in each of the two calendar years prior to transfer, the vessel from which the permit is being transferred was used in the ocean troll salmon fishery in Oregon, Alaska, Washington or California to take 100 pounds of salmon. The department, by rule, may require proof of vessel ownership prior to the transfer of a permit away from any vessel.

(5) Notwithstanding any other provision of this section, the vessel permit required by ORS 508.801 may not be transferred to a replacement vessel or to another individual more than once in any 12-month period. However, the Commercial Fishery Permit

Board may waive the 12-month waiting period if the board finds that strict adherence to the waiting period would create undue hardship for the individual seeking transfer of the permit.

(6) The Commercial Fishery Permit Board may specify a formula for determining the capability of a vessel using any or all of the following factors:

- (a) The size of the vessel.
- (b) The horsepower of the vessel engine.

(2) In accordance with any applicable provision of ORS 183.310 to 183.550, the board shall review the eligibility of individuals whose application for renewal or transfer of permits was denied by the department. Orders issued by the board are not subject to review by the commission, but may be appealed as provided in ORS 183.480 to 183.550. The board may waive eligibility requirements for renewal or transfer of permits if the board finds that the individual fails to meet the requirements as the result of illness, accident or other circumstances beyond the individual's control.

508.852 Considerations in determining eligibility for permit. In making determinations regarding renewal of the permits re-

[1981 c.365 §33]

508.867 Review of permit denial; procedure. (1) Notwithstanding ORS 508.920 (6)(b) and (c), an individual whose application for renewal of the permit required by ORS 508.840 is denied by the department may make written request to the Commercial Fishery Permit Board for review of the denial. The review provided in this subsection is in lieu of any such review by the department or the commission. 508.889 Issuance and renewal of permits limited. Except as provided in ORS 508.904, no new vessel permits shall be issued. Only those vessel permits issued under ORS 508.904 or issued prior to May 15, 1989, may be renewed. [1979 c.613 §15; 1989 c.940 §12]

508.892 Renewal of permit. (1) An individual who obtained the permit required by ORS 508.880 for a particular calendar year is eligible to obtain renewal of the permit in a subsequent calendar year, upon application and payment of the fees therefor and upon obtaining the annual boat license referred to in ORS 508.285 not later than December 31 of each year, if during the preceding calendar year the vessel for which permit renewal application is made was used in the ocean pink shrimp fishery to take at least 5,000 pounds of pink shrimp which were lawfully landed in this state.

(2) A permit shall be renewed upon application if the vessel is used primarily for educational purposes even though it fails to meet the catch requirement. [1979 c.613 §16; 1981 c.365 §6; 1985 c.453 §1; 1987 c.912 §8]

508.895 Considerations in determining eligibility for permit. In making determinations regarding renewal of the permits required by ORS 508.880, the department and the Commercial Fishery Permit Board may consider as evidence of permit qualifications or requirements department records and such receipts, accounts, contracts and other business records of private parties as the department or the board considers reliable evidence of the qualifications or requirements in question. [1979 c.613 §17; 1989 c.940 §13]

508.898 Permit revocation procedure. The Commercial Fishery Permit Board may revoke and refuse subsequent issuance of a permit required by ORS 508.880 in the manner provided in ORS 508.485 and 508.490. [1979 c.613 §18]

508.901 Fee; application form. (1) The annual fee for the vessel permit required by ORS 508.880 is \$75.

508.904 Lottery system for permit issuance. If all individuals with vessels meet-

ing the requirements of ORS 508.892 fail to obtain a permit during a particular calendar year so that the number of permits issued to those individuals falls below 187, the department shall issue permits by lottery systems for vessels that do not meet such requirements, first among those individuals who landed pink shrimp pursuant to a single delivery license referred to in ORS 508.285, and then among all other individuals making application therefor. However, the number of permits issued pursuant to any such lottery system shall not increase the number of permits issued to a total number greater than 187. [1979 c.613 §20; 1981 c.365 §7; 1987 c.912 §6; 1989 c.940 §15]

508.907 Permit transfer restrictions. (1) The vessel permit required by ORS 508.880 is transferable:

(a) To a replacement vessel of the permit holder.

(b) To the purchaser of the vessel when the vessel is sold.

(2) Notwithstanding subsection (1) of this section, upon request of a permit holder, the department may authorize transfer of a permit to a replacement vessel owned by an individual other than the permit holder. However, any transfer of a permit away from a vessel without the written consent of each person holding a security interest in such vessel is void. [1979 c.613 §21; 1981 c.365 §8]

508.910 Review of permit denial; procedure; limitation on transfer of certain permits. (1) An individual whose application for renewal of the permit required by ORS 508.880 is denied by the department may make written request to the Commercial Fishery Permit Board for review of the denial. The review provided in this subsection is in lieu of any such review by the department or the commission. The request shall be in such form and shall contain such information as the board considers appropriate.

(2) In accordance with any applicable provision of ORS 183.310 to 183.550, the board shall review the eligibility of individuals whose application for renewal of permits was denied by the department. Orders issued by the board are not subject to review by the commission, but may be appealed as provided in ORS 183.480 to 183.550. The board may waive eligibility requirements for renewal of permits if the board finds that the individual for personal or economic reasons chose to actively commercially fish the permit vessel in some other ocean fishery during the pink shrimp season or if the board finds that the individual fails to meet the requirements as the result of illness, accident or other circumstances beyond the individual's control.

(3) In accordance with any applicable provision of ORS 183.310 to 183.550, the board may promulgate such rules as it considers necessary to carry out its duties, functions and powers.

(4) The board may delegate to the department its authority to waive eligibility requirements for renewal of permits.

(5) Notwithstanding any other provision of law, without the prior approval of the Commercial Fishery Permit Board, an ocean pink shrimp vessel permit acquired as a result of a waiver of eligibility pursuant to subsection (2) of this section may not be transferred to another vessel until the vessel for which the permit was issued has been used in the ocean pink shrimp fishery for two or more calendar years. (1) The Commercial Fishery Permit Board is authorized to receive applications and issue ocean pink shrimp vessel permits for 1982 to trawl vessel owners for those vessels that did not qualify for or receive an ocean pink shrimp permit in 1980, if the board finds that the vessel has been actively engaged in Oregon's groundfish fishing since January 1, 1974, or entered that fishery subsequent to January 1, 1974, but prior to July 1, 1979, and has continued to be actively engaged in that Oregon fishery.

(2) Notwithstanding any other provision of law, without the prior approval of the Commercial Fishery Permit Board, an ocean pink shrimp vessel permit acquired pursuant to subsection (1) of this section may not be transferred to another vessel until the vessel for which the permit was issued has been used in the ocean pink shrimp fishery for two or more calendar years. [1981 c.365 §22]
